RN requested offender to be assessed due to complaints of major pain on my upper body and temperature keeps going up and down giving body chills and headaches, can't stop shaking." RN assessed wounds red, tender warm to touch and swollen. RN spoke to Dr. Brooks concerning vitas, complaints and wound appearance. Per Dr. Brooks, custody transport to the hospital for further assessment.

0815

RN notified HSA Sedler of ER transfer.

CHANZLIK RN

0820

RN provided verbal report to Joy and Dr. Chiappone at MCV.
