Visitors Involved:	Others Involved:	
Type of Incident: Canine present - force used/engaged		
Location of Incident: GP Dayroom - C-2		
Gang Related: No	Confidential: No	PREA: No
Description of Incident: On August 7th 2020 at approximately 1:30 pm, I Canine Sergeant J. Robinson with my assigned canine Tom #888-02-0414 was patrolling the boulevard during outside recreation when C control called for canine assistance in C 2 via security radio. I Canine Sergeant J. Robinson immediately responded to C 2, upon entering the building I began issuing several verbal warnings of "State Canine, stop fighting or I will use the dog". I then entered the pod, I observed the audible alarm being utilized and shots had been fired. I was then directed to the ice machine area by Sergeant Evans where I observed Offender T. Rose #1434775 on top of Offender L. Dodson # 1394201 striking him, I then gave one more warning of "State Canine, stop fighting or I will use the dog". Offender T. Rose #1434775 continued to strike Offender L. Dodson #1394201, I then gave my assigned canine Tom #888-02-0414 the command to engage, Tom immediately engaged Offender T. Rose # 1434775 on the lower right leg. I then instructed Offender T. Rose #1434775 to lay down on his stomach and to put his arms out to the side with his palms up. At this time Offender T. Rose #1434775 complied, I then gave my assigned canine Tom #888-02-0414 the command to disengage and he did so immediately. I then instructed responding staff to escort Offender T. Rose #1434775 to medical to be assessed by medical staff. I then remained in the pod to support responding staff in Offender searches and remained in the pod till all Offenders were locked down. I was relieved by Canine Officer M. Garcia and I immediately exited the facility. No injuries to myself or my assigned canine. End of Report.
