Affidavit

I, Jose Duran, do hereby state that the following event took place and that this affidavit is made of my own free will and under the penalty of law.

On or about, 4-5-2022, I was standing at the door of my cell, which is located in A123 top tier. From my cell, which faces cells A118 & A119 that are located on the bottom tier, I saw a fight take place between those two cells.

While the fight took place a 10-33 was called. K9 officers responded to the 10-33 call. However, by that time offender Jawan Lee was already trying to get away from the altercation and was trying to lay flat on his stomach.

Offender Jawan Lee wasn't being no threat, had already been shot and mased by the officers and was trying to lay flat on the floor. But the K9 officer still threw his K9 on offender Jawan Lee to viciously attack him when the force wasn't needed.

I, Jose Duran, certify under penalty of perjury that the foregoing is true and correct. Executed at Pound, Virginia on May 20, 2022 at Red Onion State Prison.
