

## OVERVIEW

The study was conducted for CNN by SSRS, an independent research company. Surveys were obtained **July 1-31, 2023** with a representative sample of **n=1,279** respondents. By implementation of a full probability design via **Address-Based Sampling (ABS)**, U.S. households were randomly selected to participate and were first reached via mail. Adults ages 18 or older completed the survey via web (n=1160) or phone (n=119). The margin of sampling error for total respondents is **+/- 3.7** at the 95% confidence level. The design effect is **1.81**. For results among the **n=1,047** registered voters, the margin of sampling error is **+/- 4.1**. More information about SSRS can be obtained by visiting [www.ssrs.com](http://www.ssrs.com).

**EMBARGOED FOR RELEASE:  
Tuesday, August 8 at 12:00 p.m.**

## NOTE ABOUT RESULTS

Unless otherwise noted, results beginning with the August 3-6, 2017 survey and ending with the April 21-26, 2021 survey are from polls conducted by SSRS via telephone only. For more information about other trend data included in this topline, please see the "More on Methodology" section at the end of this document.

Results beginning with the March 31-April 2, 2006 survey and ending with the April 22-25, 2017 survey are from telephone surveys conducted by ORC International. Results before March 31, 2006 are from telephone surveys conducted by Gallup.

Question text noted in parentheses was rotated or randomized. Values less than 0.5 percent are indicated by an asterisk (\*).

## NOTE ABOUT CROSSTABS

Surveys were conducted among a representative sample of the adult population, ages 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum N=125 unweighted cases. Results for subgroups with fewer than N=125 unweighted cases are not displayed and instead are denoted with "SN" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.

A2. Do you approve or disapprove of the way Joe Biden is handling (INSERT ITEM)? [ITEMS ASKED IN RANDOM ORDER]

Abortion policy	Approve	Disapprove	No opinion
July 1-31, 2023	40%	58%	2%

Q18. Do you think the laws governing abortion in your state are currently too (restrictive), too (permissive) or about right?

	Too restrictive	Too permissive	About right	No opinion
July 1-31, 2023	35%	20%	45%	1%

COMPARE TO:

	More restrictive	More permissive	No opinion
May 3-5, 2022	42%	58%	*
January 13-18, 2022	40%	59%	1%

QUESTION WORDING: If Roe vs. Wade were overturned, each state could set its own laws on abortion to be as (restrictive) or as (permissive) as they wanted. If this happens, would you prefer that your state set laws which are more (restrictive) toward abortion or more (permissive) toward abortion?

Q19. Last year, the Supreme Court overturned the Roe vs. Wade decision and ruled that women do not have a constitutional right to an abortion. How do you feel about the Court overturning Roe vs. Wade? **[RESPONSES ROTATED IN ORDER FOR HALF/IN REVERSE ORDER FOR HALF]**

	NET Approve	Strongly approve	Somewhat approve	NET Disapprove	Somewhat disapprove	Strongly disapprove	No opinion
<b>July 1-31, 2023</b>	<b>36%</b>	23%	13%	<b>64%</b>	14%	50%	<b>1%</b>
<b>July 22-24, 2022**</b>	<b>37%</b>	22%	14%	<b>63%</b>	12%	51%	<b>0%</b>

\*\*QUESTION WORDING: Earlier this year, the Supreme Court overturned the Roe vs. Wade decision and ruled that women do not have a constitutional right to an abortion. How do you feel about the Court overturning Roe vs. Wade?

COMPARE TO:

	Yes, overturn	No, not overturn	No opinion
<b>May 3-5, 2022</b>	34%	66%	0%
<b>January 13-18, 2022</b>	30%	69%	1%

QUESTION WORDING: The 1973 Roe vs. Wade decision established a woman's constitutional right to an abortion, at least in the first three months of pregnancy. Would you like to see the Supreme Court completely overturn its Roe vs. Wade decision, or not?

## MORE ON METHODOLOGY

A total of n=1,279 adults were surveyed by web and telephone nationwide using an Address-Based Sample design. To invite potential respondents for the new poll, researchers mailed letters to each randomly selected address, asking an eligible adult, age 18 or older, in the household to take part in the survey. Those receiving the letters had the choice of taking the survey online or calling a dedicated phone number to take the poll with a live interviewer. For a subset of those addresses, phone calls were made later into the data collection period to attempt to complete the interview with those who had not yet taken the online survey or called in to take the survey. Surveys were conducted in English and Spanish.

Results for the full sample have a margin of sampling error of +/- **3.7** percentage points. Results for the sample of 1,047 registered voters have a margin of sampling error of +/- **4.1** percentage points.

Among the entire sample, 32% described themselves as Democrats, 32% described themselves as Republicans, and 36% described themselves as independents or members of another party.

All respondents were asked questions concerning basic demographics, and the entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, and population density, and Pew Research Center's NPORS figures for frequency of internet use. The sample was also weighted among self-reported 2020 voters for recalled 2020 vote within counties, grouped by county vote share for Biden and Trump. The benchmark for recalled 2020 vote was taken from county-level National Election Pool (NEP) presidential election results provided by CNN. The party identification numbers reported above are self-reported and have not been weighted to a specific parameter.

Surveys were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum n=125 unweighted cases. Results for subgroups with fewer than n=125 unweighted cases are not displayed and instead are denoted with "**SN**" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.

**NOTE ON TRENDS**

All included trend points were based on surveys conducted using probability-based sampling methods. Some surveys included as trend points in this document were conducted using different methodologies, or with different combinations of sponsors. Unless otherwise noted, results beginning with the August 3-6, 2017 survey and ending with the April 21-26, 2021 survey are from polls conducted by SSRS via telephone only. Here are more details on the methodology behind each CNN poll conducted by SSRS using other methods.

Question 19/21B COMBO TABLE

19. Last year, the Supreme Court overturned the Roe vs. Wade decision and ruled that women do not have a constitutional right to an abortion. How do you feel about the Court overturning Roe vs. Wade?

21b. Do you think politicians in the federal government who support legalizing abortion are or are not doing enough to ensure abortion access?

Base: Total Respondents

	Total	Demo- crat	Indep endnt Other	Repub lican	Lib- eral	Mode- rate	Con serva tive
