Sir,

Sorry for the delay in getting back with you on this, in accordance with Executive Order 12600, dated June 23, 1987, and applicable regulations of the Department of Defense, I was required to give Crawley notice of 20 federal business days from the date of the notice to present any objections to the release of the enclosed contracting documents responsive records. I have made this my top priority, once I have everything completed, I will need to send the package to DoD leadership for review before release. At this point in time, I estimate an early October release.

v/r Patti
