Mrs. Evelyn Flynn 1286 Grant Street Lincoln Park, Michigan 48146

Mrs. Flynn called about the ignorant remarks Sec. Watt made. He should be out of politics because this time he went one step too far. She is both a woman and a cripple, she has lupus disease.

Thank you for your DO check. I called Mrs. Flynn and left a message on her answering machine. Secretary Watt's comments have been unfortunate. Cannery employee + Reagan fan as well as Republican Sec.
