I have consulted with Leader McConnell and conferred with his neurology team. After evaluating yesterday's incident, I have informed Leader McConnell that he is medically clear to continue with his schedule as planned. Occasional lightheadedness is not uncommon in concussion recovery and can also be expected as a result of dehydration.

Very truly yours,

A handwritten signature in black ink, appearing to read "B.P. Monahan, MD". The signature is fluid and cursive, with the letters "B.P." being particularly prominent and stylized.
