Incident Summary

On Saturday February 26, 2022, at approximately 11 12 a m , I Officer James Jeantete was notified by New Mexico State Police Communications to respond for a call for service for a disorderly male at St. Anthony's Catholic Church. NMSP informed me Clyde Sandoval showed up to his daughters funeral and was causing problems, cussing people out and causing a scene

Upon arrival to the church, I observed a Taos County Sheriff's Deputy with his taser drawn directed at a male as what appeared to be a show of force near the entrance to the church. As I exited my patrol, I could hear loud shouting from two Sheriff's Deputies and the male who later identified as Clyde Sandoval. Clyde was attempting to enter the church without the family's consent, as he was making threats of strangling his son. While I attempted to separate Clyde from the Taos Deputy's to speak near the patrol unit, he's demeanor was violent and disorderly, disturbing the peace at his daughter's funeral including family members being outside the church. While guiding Clyde back to the patrol unit, Clyde became uncompliant, non-responsive to my lawful commands, as I attempted to diminish his aggressive behavior I had my left arm on Clyde's chest guiding him towards my unit, attempting to gain his attention away from the Deputies. As we were walking towards Clyde's vehicle, he turned and struck my arm away from his persons, I witnessed his stance become bladed in an aggressive manner. Due to his continuous aggressive demeanor, knowing the Deputies were showing force ready to deploy a taser on Clyde, I feared he was positioning himself in attempt to strike me. I assisted Clyde to the ground by utilizing a leg sweep technique, NMSP Officer Dominic Garcia secured

Clyde's legs from striking us.

While attempting to handcuff Clyde, he continued to resist, refusing to allow us to place handcuffs.

Incident Summary

05/29/2021 Attempted traffic stop by NMSP IB Agent Lawrence Guzzardo led to high-speed vehicle pursuit which started in Valencia County and ended in Bernalillo County after a short foot pursuit. The male driver fled on foot northbound through the University of New Mexico Hospital parking lot. As I approached I observed the male stop running, and walk back towards Officer Guzzardo who was chasing on foot I used a show of force and instructed the male to get on the ground. He stopped advancing on Officer Guzzardo and went down to his knees. I know that being on your knees is still an effective position to use locks and trips so as I made contact I used a modified arm bar take down grabbing his right arm and applying pressure to his arm and back to prone him flat on the ground. At this point he became completely compliant for the remainder of our contact.

Incident Summary

On April 26, 2022, I responded to a delayed report domestic violence call for service. During the course of this investigation, I met with a male individual identified as Joseph Rodarte ([REDACTED]/1982). After speaking with the reporting party, a female identified as Anette Marez ([REDACTED]/1987), I learned her father Carl Marez ([REDACTED]/1962) called her and told her he was bleeding due to injuries caused by Joseph. Upon arriving to the residence, I first met with Mr. Marez who walked to the door and stated his son Mr. Rodarte was inside the home sleeping. Mr. Marez went inside the home and woke Mr. Rodarte up, Mr. Rodarte walked onto the porch and immediately became aggressive and began to ignore verbal commands to get off the porch. Mr. Rodarte then began taunting Officer Julian Lucero and I telling us "Come up here! come up here!", and continued yelling "this is fucking private property bro!" Mr. Rodarte continued to posture in an aggressive manner in an apparent attempt to instigate a physical altercation towards myself and Officer Lucero. Mr. Rodarte eventually tried to flee inside his residence when I gave him the command to stop, Mr. Rodarte faced me and was told not to take another step towards me which he ignored. I deployed my department issued TASER, striking Mr. Rodarte with both prongs in his chest. Mr. Rodarte dropped to the ground where he continued to resist my efforts to arrest him. Mr. Rodarte was eventually placed in handcuffs with hands secured behind his back.

Incident Summary

On April 8th, 2022, at approximately 8:15 P.M. I was assisting Officer Esquivel-Mata escort his highly intoxicated and combative detainee, Alexandra Charleston with transport and booking to the Taos County Adult Detention Center. I accompanied Officer Esquivel-Mata with his arrest because she had struck him in the face at the hospital and was intoxicated, emotionally distressed and highly irate. When I arrived at ADC, I was asked by the ADC Corporal Joe Lopez to assist Cadet Bianca Gonzales with a changing Ms. Charleston into a suicide smock. I agreed to accompany Cadet Gonzales with changing Ms. Charleston into the appropriate attire for incarceration. Ms. Charleston was observed aggravated, uncooperative, and unable to maintain her balance standing on her own. During the change over Ms. Charleston initially was cooperating with my commands to change over, until I discovered a pack of cigarettes wedged between her bra and right breast. I removed the cigarettes and provided them to the corrections staff. Once I removed the contraband from Ms. Charleston immediate possession, she became aggressive and attempted to strike me, by swinging her right arm towards the direction of my face but missed. I secured Ms. Charleston's arm and advised her to stop. As I secured Ms. Charleston's arm, I could feel her tensing up and actively trying to pull away from me. As I repeated myself and instructed Ms. Charleston to stop resisting and to allow us to continue, she tensed up further, therefore, to reduce the risk of her striking Cadet Gonzales or myself I positioned myself in a manner to use a single arm take down maneuver. As I restrained Ms. Charleston, I held her in a "c clamp" type of manner with her right wrist and elbow in my control. I provided Ms. Charleston with the opportunity once more to stop resisting and to comply with changing over into the issued smock. Ms. Charleston was too intoxicated to hold her own weight in this standing position that she shifted her weight forward away from me and lost balance. Ms. Charleston fell to the ground and her head was observed colliding with the concert flooring. Ms. Charleston was immediately provided a support for her

head and neck as she laid on the floor Cadet Gonzales and I successfully changed her clothing. Following the change, Ms. Charleston was provided medical attention by the Taos County Adult Detention Center nurse and staff which she refused and did not complain of any injury. Ms. Charleston continued to be irate by hitting the cell door, screaming homicidal and suicidal ideations.

This is the end of my involvement.

Incident Summary

On January 30, 2022, at approximately 11 50 p m , I, John Cunningham was assigned as "swing shift" supervisor (Sergeant) I was advised of a vehicle pursuit that was initiated by Officer Estevan Trujillo (Primary officer) when he was assisting Espanola Police with the apprehension a wanted felon (Jordan Deaguero) through State Probation and Parole The pursuit left the city of Espanola and proceeded north on US 84/285 I was then able to join the pursuit at the crossroads of US 84 and US 285. The pursuit continued north on US 285 for 25-30 miles at low to moderate speeds, with little to no traffic, and clear roadways. The other officers involved were (FTO) Officer Miguel Flores, Officer Andrew Sanchez, and Officer Kevin Guillen, all officers attempted unsuccessfully deployment of "spike strips" through the course of the pursuit. Officer Anthony Manzanares successfully deployed "spike strips" to bring the offender vehicle to a stop Officer Trujillo then performed a Pursuit Intervention Technique at or below the 35 mph. The secondary officer (Flores) assisted with containment of the vehicle, and then I was third officer in the scene. I swung far right as to avoid contact with officer(s) Trujillo and Flores' police units I then made vehicle to vehicle contact with offender vehicle's driver side door. This was done at speed of 8-11 mph. This allowed for a partial containment of the offender vehicle. A "felony stop" was conducted and the offender/driver (Deargero) was taken into custody with out incident of injury to himself or the responding officers.

Please refer to attached police report for full and complete detail on my portion of this case

Incident Summary

On Monday May 16, 2022, at 02 32, while stationary on US Highway 70 near the 151 mile post I observed and measured a vehicle traveling west in the left lane traveling at a speed over 80 miles per hour in a posted 45 mph speed zone. I attempted to catch up to the vehicle and conduct a traffic stop. I activated my emergency equipment and tried to catch up to the vehicle. The vehicle seemed like it was going to stop and pull over. But when I began to get behind the vehicle it accelerated. As I was trying to catch up to the vehicle, I let New Mexico State Police Dispatch know the vehicle I was trying to stop was failing to yield. The vehicle changed lanes as if it was going to exit on Interstate 25. The vehicle then changed lanes back and continued west on US Highway 70 (Main Street). I was not able to get a license plate number as the vehicle passed me at a high rate of speed prior to trying to catch up. I was only able to see that it was a paper temporary tag. The vehicle was a white Cadillac CTS sedan. As the vehicle approached the intersection of US Highway 70 and Elks Drive it failed to stop at the "RED" light and continued west. As I approached the intersection, I slowed down to make sure it was clear. I only continued about another few blocks and called in to New Mexico State Police Dispatch that I was going to terminate the pursuit due to the high rate of speed the vehicle was traveling.

I turned off my emergency equipment near the Shell Gas Station at the intersection of Main Street and Temple Street and could not see the vehicle any longer as it had gained distance from me. I continued west at a normal speed to try and see if the vehicle maybe stopped into a business or a side road. I advised

NMSP Dispatch to BOLO the vehicle to Mesilla Valley Regional Dispatch (MVRDA) to see if units could BOLO for the vehicle. As I continued passed the intersection of Main Street and Camino Del Rex, I still did not see the vehicle. As I continued west, I approached the intersection of Main Street and Solano Drive. I was still not able to locate the vehicle. I continued west and saw a lot of dust. As I neared the intersection of Main Street and Madrid Drive, I saw a white Cadillac matching the vehicle I had previously attempted to stop. It appeared to have heavy damage to the entire under carriage of the vehicle. All the occupants were out of the vehicle and trying to walk away. I called them back to my unit and requested Las Cruces Police Department to see if they could send a unit to assist me. While trying to talk to one individual he was holding a beer in his hand telling the other occupants to leave. They started to argue but the three (3) occupants were following my commands to come back to the vehicle so I could investigate what happened.

As I began to talk with the subjects about the crash, I asked them to come in front of my unit and a male subject who was believed to be the driver shoved them out of the way and told me "Don't touch them" and tried to push me out of the way. As he closed distance on me, I grabbed his right hand and tried to escort him in an arm bar to his vehicle to stop his movement. He pulled his hand away from and I reached out and grabbed it again. At this time, I saw Las Cruces Police Department had arrived on scene and we were able to place him on the trunk of his vehicle and restrain his hands behind his back. He was detained in handcuffs at this time for obstructing my investigation.

The male subject who I was trying to talk to became aggressive and combative when he was told he was going to be detained.

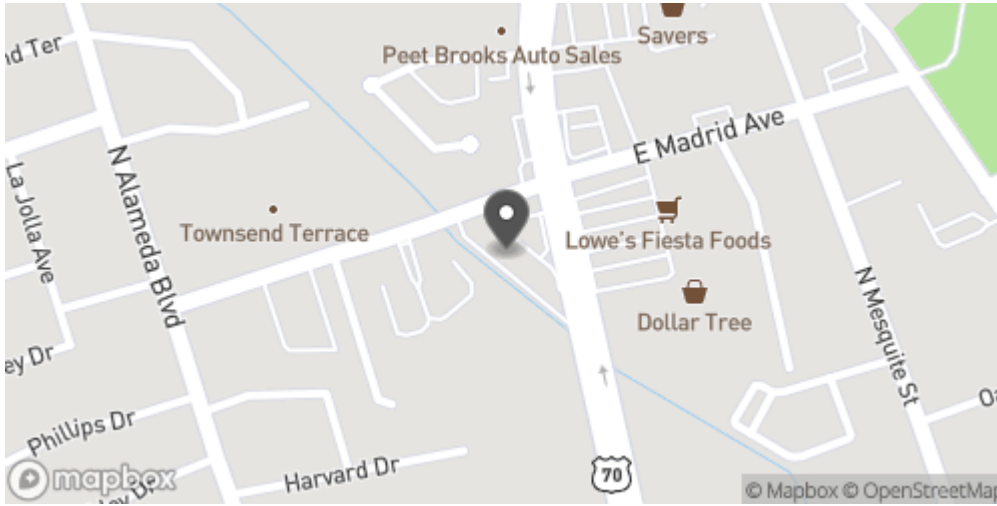

I escorted him back to my unit to secure him in the rear seat of my patrol car and he wanted to speak to a supervisor. I advised him there was not a supervisor on duty at the time. He stated his name was Victor Corona and that he was already in the system. I stopped at the front of my unit where I was going to pat him down prior to placing him in my unit. He allowed me to search him. After removing the items from his pockets I tried to place him in the rear seat and he was resisting and while I was trying to place him in I was unable to keep my hand placement on his chest and my hands came to the base of his neck. Once I realized my hand placement, I removed my hands and placed them on his legs to try and keep control of his movements. An LCPD officer tried to reach in from the other side and we were unsuccessful in trying to pull him in due to his size and positioning. I asked if LCPD had their prisoner transport van available and they stated they did not. The driver kept saying he wanted to speak to a supervisor.

After trying to deescalate the situation and calm Mr. Corona down nothing was working. We were able to get him to put one foot inside of the unit. Once we tried again to place him in the unit, he was making threats to me and the other officer. At this time, I turned on my taser and placed it on Mr. Corona's left leg. I advised him if he did not get in the vehicle I would "Drive Stun" him. He complied and we were able to close the door and secure him.

Incident Summary

On July 13th, 2022 hours I contacted a vehicle called in as a possible DUI. The driver was uncooperative and attempted to flee in the vehicle. I was able to prevent the vehicle from fleeing then attempted to remove the driver from the vehicle to place him under arrest. The suspect was able to flee the scene on foot where he sustained injuries fleeing into the hills and fell down a cliff according to him. The suspect received no injuries from the Use of Force incidence. See Offense Incidence report for details.

Incident Summary

On May 28th, 2022, at approximately 11 45 PM I, Officer Jarod Escareno was on duty in full uniform displaying my badge of office #369. I was patrolling in marked unit #313 in the Community of Red River, Taos County, New Mexico.

I was conducting a bar check at the "Motherload bar," located on 406 West Main Street, in the Community of Red River, during the Annual Red River Bike Rally. Two of the bar's security officers advised NMSP officers a male identified as Cruz Padilla was refusing to leave the property and acting disorderly.

Officer Adrian Lucero (NMSP) made the decision to place Cruz under arrest for disorderly conduct. Officer Lucero attempted to place Cruz under arrest by attempting to grab his wrists for the handcuffing process. Cruz began to push Officer Lucero's hands away and backup from Officer Lucero to prevent him from securing the handcuffs. At this point, Officer Andrew Sanchez (NMSP) began to assist Officer Lucero in attempting to handcuff Cruz. I observed Cruz attempting to resist both officers, I intervened by grabbing Cruz's legs, taking him down to the floor in order to gain a tactical advantage in securing him into handcuffs.

Incident Summary

On July 12, 2022, at approximately 7:00 p.m., I, New Mexico State Police (NMSP), Auto Theft Suppression Unit (ATSU) Jerry Santana (Albuquerque) was on duty, in my official capacity. I was in my assigned New Mexico State Police unit. I located a stolen Audi SUV, the vehicle was bearing a New Mexico License plate BGXR77 The Audi was parked at 112 Indiana St SE, Albuquerque, NM

A high-risk traffic stop would be conducted and using a Vehicle Blocking Maneuver (VBM) we would use my police unit as a front blocking technique and ATSU Sergeant Ron Wood's police unit as rear vehicle blocking technique.

ATSU Agents engaged our emergency equipment and conducted a high-risk felony stop facing Gabriel. ATSU Sergeant Wood approached from the rear of the stolen vehicle and contained the rear of the vehicle. Immediately I saw Gabriel drop his head and mouth the word "fuck"

Gabriel did not comply with commands and attempted to flee by driving backwards but was contained by Sergeant Wood's police unit Agent DeTavis and I observed Gabriel's attempt to flee the high risk felony stop by driving the vehicle backwards, ramming into Sergeant Wood's police unit. Once I observed this, I contacted the front of the stolen vehicle with the front of my police unit. At the same time Agent DeTavis contacted the front driver's side of the stolen vehicle with the front of his police unit, assisting in containing the stolen vehicle from fleeing.

Gabriel continued to passively resist by not exiting the stolen vehicle and yelled at Agents, "fucking shoot

mother fuckers". After a few more verbal commands to exit the vehicle and surrender to arrest Gabriel complied with all commands and was taken into custody without further incident.

Refer to the attached reports for full details.

Incident Summary

On 05-29-2022 at about 1635, Agent Belyeu and I were working the Red River Motorcycle Run in a plain clothes capacity. Both Agent Belyeu and I were wearing plain clothes with our badges of office, police commission cards and duty side arms concealed on our person.

Both Agent Belyeu and I were standing in front of a T-shirt vendor when I heard Agent Belyeu ask, "Did he just steal those T-shirts"? Agent Belyeu then quickly started walking east along the sidewalk. Agent Belyeu took off after the offender and made contact with him about 25 yards from my location

I started making my way towards Agent Belyeu and saw Agent Belyeu was speaking to a male individual who was wearing a grey t-shirt and blue jeans. I also saw Agent Belyeu had his badge of office in his right hand and placed it about 10 inches in front of the male's facial area where he could clearly see it.

I engaged my watchguard body worn camera as I began heading to Agent Belyeu's location. As I arrived at Agent Belyeu's location, I heard him telling the male offender (later Identified as Lance Edward Archuleta) he was going to escort him back to the vendor he took the items from Archuleta said he was not going and began walking away. Agent Belyeu stood in front of him and placed his right forearm in front of him to prevent him from leaving at which time I saw Archuleta grabbed the front left portion of Agent Belyeu's shirt with his right hand, and Agent Belyeu's left wrist with his left hand. As Archuleta grabbed Agent Belyeu's shirt and wrist, I saw it was done in a rude and insolent manner to the person of a police officer.

I placed my right arm under Archuleta's right bicep and pulled him away from Agent Belyeu. Agent Belyeu

then tried to get a hold of Archuleta's left hand (to place him in custody) but Archuleta continued to resist and pushed Agent Belyeu away. Agent Belyeu tried to get a hold of Archuleta 's left hand, but Archuleta grabbed Agent Belyeu's chest and clinched on to his shirt with white knuckle intensity. I told Archuleta to let go of Agent Belyeu several times but he would not. I then let go of his right arm to try and remove his left hand from Agent Belyeu's chest and saw he grabbed Agent Belyeu with the right hand as well I tried several times to pry Archuleta 's hand off of Agent Belyeu but could not get him to release his grip. Due to Archuleta holding on to Agent Belyeu and refusing to let him go, I conducted a foot sweep on Archuleta to get him to let go of Agent Belyeu and Archuleta could be taken into custody

As I took Archuleta down to the ground, he quickly placed both hands on the ground and tried to get back up. I grabbed his left wrist and was able to place his left hand behind his back. As I was holding Archuleta's left hand behind his back, Archuleta tried rolling to his right side towards me. I used my right hand to push his body back to the right and placed him on his stomach I then placed my handcuffs on Archuleta and quickly rolled him towards me to get him off his stomach and chest. As I rolled him towards me, I saw Archuleta kicked Agent Belyeu on his left shin with his right foot in a rude and insolent manner.

I used my right hand to pull his right foot back towards me and secured it by placing the instep portion of his right foot against my thigh to prevent him from kicking again. I then saw Archuleta began trying to get up and was trying to kick with his left foot. I positioned Archuleta flat on his stomach again, crossed his ankles, pushed them towards his back and positioned my shin up against his ankles to prevent Archuleta from kicking or getting up I then looked down at my watchguard and saw it was not recording at which time I hit the button again. About 40 seconds later, I asked Archuleta if he was going to kick again, which he said no. I advised Archuleta I was letting his feet go and was going to stand up and again advised him not to kick. I released Archuleta's feet, tapped him on his back to get up and helped him up to standing

I then escorted Archuleta to the command post (Red River City Hall) and saw he had bloodshot glassy eyes, was extremely unsteady on his feet, he had slurred and thick tongued speech and I could smell a strong odor of an alcoholic beverage coming from his breath as he spoke.

Incident Summary

On Friday, January 14, 2022, I was patrolling Espanola looking for a BOLO that was aired from central over radio. I was able to locate the vehicle and attempted to conduct a traffic stop with it. During the traffic stop, the vehicle fled initiating a pursuit. The vehicle was spiked by NMSP Officer Trujillo and was shortly PIT. The driver was arrested and charged No injuries to any officers or individuals involved

Incident Summary

On June 30, 2022 Officer Chavez and I were dispatched to a reckless driver on I-25 mile post 330 in the northbound lane of travel. I observed the vehicle near mile post 347 where I observed the driver side turn signal on for approximately a mile and a half. I attempted a traffic stop near mile post 347 with the vehicle. The vehicle began driving in the middle of the road blocking lanes 1 and 2. The vehicle then traveled onto the shoulder traveling approximately 55 miles per hour. I attempted to pull over the vehicle for approximately two miles where I advised I was actively pursuing the vehicle. I had reason to believe the driver of the vehicle was intoxicated based on the call for service and of the observed erratic driving. Officer Chavez became the secondary unit where he began advising dispatch of the driver's actions. Officer Martinez was also involved in the pursuit where he attempted to place stop sticks on the roadway however the loaner unit did not have any. Officer Martinez became the secondary unit while Officer Chavez traveled around the pursuit in lane 1 to try to use stop sticks. The first attempt at stop sticks was at mile marker 365 where it was a failed attempt. After the attempt I observed the fleeing vehicle travel from lane 1 into lane 2 where it nearly crashed into a semi. The vehicle continued north where it began traveling behind a silver SUV where it nearly rear ended it approximately four times. I was unable to perform a PIT maneuver due to the unsafe location of the roadway and of the unsafe shoulder conditions. Officer Chavez staged approximately at mile marker 373 where the second attempt was unsuccessful. I performed a PIT maneuver traveling approximately 40 miles per hour where the vehicle traveled into the median near mile marker 375 where it came to rest. A felony stop was performed where the driver was not obeying commands. Approximately 20 minutes had passed where the driver stepped out of the vehicle and an elderly gentleman was observed. The man appeared to have been suffering from a medical episode. Officers Chavez, Martinez, Bazan and I approached the vehicle in a tactical manner where the male was taken into custody.

Incident Summary

On Thursday, July 7th, 2022, at 21 01 hours, I initiated a traffic stop at 1440 W Picacho Avenue in the Tractor Supply parking lot after I observed a red 1998 Oldsmobile sedan bearing NM #BFMG55 driving with an inoperable tail lamp.

I made a passenger-side approach and asked the female driver to exit the vehicle and to meet me in front of my patrol vehicle.

The female driver then concealed her identity by providing me with her sister's information. The female driver was later identified as Davina Egan Ms Egan fled the traffic stop by running westbound on W Picacho Avenue toward a Mobile Home Park. A short foot pursuit ensued, and I immediately caught up with Ms. Egan. I gave Ms. Egan verbal commands to stop running and to place her hands behind her back. Ms. Egan complied, and I escorted her back to my patrol vehicle

Once back at my patrol vehicle, I asked her to stand by the right front corner of my patrol vehicle. I attempted to place Ms. Egan in handcuffs. Ms. Egan began to actively resist by tensing both arms and pulling away toward the direction of the roadway. Ms. Egan made numerous statements that she wanted to kill herself and asked me if I was going to shoot her Ms Egan continued pulling away while I grabbed her left arm to prevent her from running into the roadway. Ms. Egan continued pulling away and getting closer to the road. I

used the amount of force necessary at the time to regain control of the situation and to prevent her from running into the roadway and getting struck by a car. The method used was a leverage takedown (Straight Arm Bar Takedown) applied to the rear elbow area of Ms. Egan's left arm. Ms. Egan and I fell to the ground on the sidewalk, where she continued to resist by tucking both arms and hands under her body. I told Ms. Egan to stop resisting and to place her hands behind her back. However, Ms. Egan kept moving and sliding her body closer to the roadway. Ms. Egan continued screaming that she wanted to die and kept asking me to kill her. I regained control of Ms. Egan and placed her in handcuffs. Shortly after, Officers from the Las Cruces Police Department arrived on the scene and assisted me by helping Ms. Egan get back on her feet. I escorted Ms. Egan back to my patrol vehicle and secured her in the back seat.

Ms. Egan was arrested at 21:15 hours for concealing identity, resisting evading, or obstructing an officer (arrest), no insurance, suspended driver's license, and improper equipment (Tail Lamps). Additionally, she was served with two outstanding warrants.

While in the back seat, Ms. Egan repeatedly kept hitting her head against the cage and plastic separating the back and front seat. I asked her to stop hitting herself, and again she stated she wanted to kill herself. Shortly after AMR arrived on the scene, paramedics informed me Ms. Egan's vitals were fine. Ms. Egan refused medical assistance and refused to be transported to the hospital.

Due to Ms. Egan having suicidal thoughts, I transported her to Mountain View Regional Center in Las Cruces. Ms. Egan was admitted to the hospital and was later transported to a psychiatric hospital. I called the on-call Dona Ana County Magistrate Judge and briefed Judge Osborne on the circumstances. Ms. Egan was released on her own recognizance at 22:58 hours.

Refer to the CJIS incident report for further details.

Incident Summary

On July 3, 2022, at approximately 2105 hours I was on duty in a marked New Mexico State Police unit. I was in uniform with my badge of office clearly displayed. I was on patrol in San Miguel County, State of New Mexico.

I was dispatched to a vehicle traveling the wrong way on Interstate 25 near mile post 339. I was notified that the vehicle was traveling southbound in northbound lanes.

Upon making contact with the vehicle, I observed it traveling the wrong way on the Interstate near mile post 319. The vehicle traveled approximately 20 miles the on the wrong side of the roadway before being pit maneuvered. The driver Ms. Ginger Cruz appeared to be extremely intoxicated when making contact with her. While standing face-to-face with the driver and discussing the incident, I detected an obvious odor of alcoholic beverage on her breath Her eyes were watery and bloodshot Her speech seemed to be slurred When asked, the driver admitted drinking prior to driving as well as smoking marijuana. I proceeded to conduct a DWI investigation.

I asked Ginger if she had any injuries that would keep her from being able to walk or complete the tests. She advised she had a head injury in 2003 and a fake hip and knee.

The first field sobriety test was the Horizontal Gaze Nystagmus. During this test I observed Ginger to have a lack of smooth pursuit, distinct and sustained nystagmus at maximum deviation, and onset of nystagmus prior to forty-five degrees.

The next test performed on Ginger was the Walk and Turn. I had her picture a straight imaginary line in front of hers that she advised he could. I advised her she was going to place her right foot in front of her left foot (heel to toe) with his arms at his side standing on that line. She got into this position and was advised to stay in this position until I advised him otherwise I demonstrated this test to her and asked her if she had any questions. I instructed her how to do the test and she advised she understood. During this test Ginger had difficulty balancing, missed heel to toe steps, turned improperly, and showed lack of balance. Ginger took nine heel to toe steps, turned around, and did not complete the other nine steps

I then advised her she was going to do the One Leg Stand Test. I demonstrated the test and instructed her how to properly complete the test. During this test Ginger swayed and showed difficulty balancing, used her arms to balance, put her foot down, and ultimately did not finish the test.

Ginger advised she had gone to college and received her high school diploma. She advised she knew how to count to one hundred and knew the alphabet. I advised Ginger to say the alphabet starting at H and stop at Z. Ginger was able to complete this test

I then asked Ginger to count backwards which she advised she could. I advised her to start at 59 and stop at 28. Ginger began counting backwards and had difficulty when getting to 54. She stated, "55, 54, 53, 54. She noticed her mistake and said sorry at this time. She paused at 50 and had difficulty continuing. Ginger then completed the test

After administering a series of SFST's, I determined the driver performed poorly on the field sobriety tests administered I believed the driver was too impaired to safely operate a motor vehicle I placed her under arrest for DWI. I read her the New Mexico Implied Consent Advisory, to which consent was granted and her vehicle was towed.

Upon arrival at the State Police office, I administered a breath test using a certified IR8000 after confirming a 20-minute deprivation period had been completed. The breath test results 0.16 and 0.16. After completing booking paperwork, the driver was booked into San Miguel County Detention Center.

I observed several alcoholic beverages in her vehicle while on scene. There was an open container that Ginger admitted to drinking while driving. All evidence was photographed.

No further information is available at this time.

Incident Summary

On Sunday, December 18, 2022, at approximately 12 08 A M after a brief vehicular pursuit, the driver of the vehicle opened the driver's side door and started to bail out on foot. I exited my unit and began to pursue on foot. The suspect ran through the backyard of 1312 Hoagland St. The male jumped over a chain link fence and continued running. The suspect then proceeded to jump over a second chain link fence. At this time, we reached the front of the residence and ran through the driveway, he ran eastbound on Hoagland St. and tried jumping the fence of 1316 Hoagland St. At this time, I was able to get a hold of the suspect and prevented him from jumping over. I assisted the suspect to the ground and placed him in handcuffs; which were double-locked for his comfort. I was able to identify the driver of the vehicle as Xavier I. Lujan.

Incident Summary

On December 23, 2021, at approximately 3 20 PM I Officer Johnathan Sanchez am a full time salaried law enforcement officer employed by the New Mexico State Police (NMSP). I was on duty in full uniform displaying my badge of office #498. I was patrolling in a marked unit #326 in Espanola, New Mexico, and County of Rio Arriba I was advised by NMSP Communications of a stolen vehicle that was seen traveling eastbound on highway 96 near milepost 20.

At approximately 5:45PM, New Mexico State Police Officer Salazar proceeded down forest road 103 and was able to locate the vehicle at a residence. NMSP Communications advised units in the area that the officer Salazar appeared to be in distress over the radio NMSP Officer Quintana proceeded to Officer Salazar's location to assist along with myself and NMSP Officer Ogaz who was in my unit in the passenger seat. NMSP Dispatch advised responding officer's the male suspect was able to evade Officer Salazar and was operating the stolen vehicle

I was stationary in my unit on forest road 103. I was able to hear the vehicle's exhaust revving which appeared to be traveling at high rate of speed. Shortly after the vehicle passed me at a high rate of speed traveling northbound on forest road 103. I visually confirmed it was the stolen vehicle as the red in color Dodge pickup matching the description of the "BOLO" be on the lookout for

I engaged my emergency equipment lights and sirens attempting to conduct a traffic stop on the vehicle, but the vehicle failed to acknowledge my visible lights and loud sirens continuing to evade. Officer Quintana took the role of the secondary vehicle during the pursuit assisting with relaying communications of the active pursuit. The vehicle continued traveling at a high rate of speed turning westbound on high 96. The vehicle reached speeds of up to over 100MPH The vehicle continued traveling westbound on highway 96 The vehicle began driving erratically and was driving on the opposite lane of travel on the eastbound lane. When citizens in their vehicles were traveling eastbound on highway 96, the suspect would intentionally drive on the eastbound lane nearly going head on with vehicles multiple times with no regards towards the public's safety.

At this time, the vehicle continued traveling westbound on highway 96. The vehicle then turned right onto highway 595. The vehicle continued traveling at a high rate of speed going northbound for several miles. The vehicle then made a sudden right turn proceeding onto forest Rd 808B The vehicle then began traveling northbound down a dirt road where it encountered a private property gated residence which had a steal automatic gate to gain access onto the property. The suspect utilized the vehicle to force open the gate by striking it with the vehicle and causing heavy damage to the gate The vehicle continued traveling at a high rate of speed and once again utilized the vehicle to gain access through another closed gate striking it with the vehicle also leaving that gate with heavy damage.

The vehicle continued northbound on the dirt road. The vehicle continued driving erratically causing loss of control At this time, I utilized a "PIT" Pursuit Intervention Technique Maneuver The PIT was successful making vehicle to vehicle contact, disabling the vehicle from evading. Officers Ogaz and Quintana along with myself exited our units. The driver exited the vehicle and fled on foot. Officers then began conducting a perimeter search for the suspect The suspect was located and placed into handcuffs behind his back with no issues. The suspect was identified as Elemin Gallegos by his name and date of birth.

Incident Summary

At around 1208 hours dispatch advised me of a wrong way driver call and advised K9 officers were assisting, and they had a Grants unit enroute from state road 53. I left to assist with stop sticks as well from the Milan State Police office. Their current location was at the 104 westbound in the eastbound lanes. I set up just east of K9's location at the 89 ahead of the stopped traffic. The subject crossed the median due to either observing us or the piled-up traffic. I grabbed my stop sticks and threw them to the other side of the roadway where the subject was about to pass, but they fell in a parallel manner to the lane of travel and the driver was able to avoid them. I turned around and proceeded behind all other units until he cut across the interstate, I cut through the median dividing the on ramp and interstate of the eastbound lanes.

I proceeded to the end of the on ramp and drove a short distance up and to the right of the onramp. The subject was now heading down the ramp and veered towards my unit though I had positioned myself to the right as I cannot block him but was hoping to slow him down or get him to stop since he was surrounded. He still proceeded towards me, and I had to swerve further off the roadway onto the shoulder to avoid being hit. I turned around and proceeded eastbound and had dispatch check with Cibola County Sheriff's office if they would be trying to PIT if not, we would assist and take over as we tried to utilize the PIT maneuver.

They advised no and I set up to attempt the P.I.T. but he was trying to run me off the roadway numerous times or run into me. Shortly after I was able to set up and catch his bumper but he accelerated and I slipped off the corner of the suspect's bumper. The subject lost control just enough to drive to the right side of the roadway and into a field where he ran through a barbed wire fence. Shortly after I lost visual and proceeded to the back roads to attempt to locate the subject. The subject was reengaged by Laguna/ Cibola County

Sheriff's office as he entered back onto the highway and then back into the field where he was later apprehended.

Incident Summary

On May 13, 2022, I was assisting the Albuquerque Police Department with an armed and barricaded subject who was armed with knives and had a felony warrant for Aggravated Assault.

At approximately 1443 hours, the suspect identified as Ulysses Miranda was still inside the residence near a window in the three side of the residence. Multiple methods including throw phone, robots, Noise Flash Diversionary Devices, and chemical munitions were attempted to get Miranda to exit the residence and surrender to law enforcement peacefully

After the bedroom where Miranda was barricaded became saturated with gas from a tri-chamber munition, he attempted breaking a window but got stuck and was cutting himself with glass from the window. Miranda was heard yelling and screaming for help. At that point, I made a decision to approach the window with other officers to assist in getting Miranda placed in custody. As we stood by the window, the frame fell into the residence and a female later identified as Angelique Lents was helped to get out of the window. Miranda was now leaning through the window but was not exiting the residence. I proceeded to grab both of his wrist and told him to jump out through the window. Miranda responded by stating, "let me get my elbow in". With the fact that Miranda was armed with knives inside residence and had refused to exit with all prior attempts, I applied De Minimis Force by pulling on his wrists and arms to drag him out of the window. Once out of the window, I stopped pulling him and placed handcuffs on him. The use of force was successful as it got Miranda out of the residence and were able to place him in custody. Miranda had lacerations on his head, hands, and torso sustained by the broken glass as he had attempted jumping out of the window but got stuck. Miranda was later treated by medical personnel prior to being transported to the detention center.

Incident Summary

On Monday, March 21, 2022, at approximately 0830 hours, STIU and TAC Team members met at the Special Operations building for a high-risk arrest warrant service briefing. I gave a background on the suspect advising he was currently wanted for a probation violation for charges of battery on a peace officer. He possessed a second warrant out of California for probation violation stemming from charges of a stolen vehicle where he was considered an out of state fugitive. The California warrant was confirmed as extraditable.

A workup was conducted on Mr. Rivas where it showed an extensive violent criminal history to include past charges of battery, out of state fugitive, battery on a peace officer, burglary, escape from custody, firearm violation, aggravated fleeing, resisting/ evading law enforcement, assault, drug possession, and battery with injury.

I gave members an operational plan where we would conduct surveillance on the residence to see if the suspect exited. Should he exit team members would move in for a take down. If the suspect was positively identified and remained inside the residence a surround and callout would take place where a full team activation would be made.

After briefing, members and I got into our assigned vehicles and proceeded to the target address. At approximately 0900 hours, all personnel got into a surveillance position. Surveillance was held till approximately 1100 hours with no movement from the residence. A plan was put in place to have STIU make contact at the mothers to see if information could be obtained on the suspects whereabouts.

As the plan was being developed, STIU members watching the girlfriend's residence advised a male and female had stepped out the front door and went to a parked black Mazda in the driveway. The suspect was positively identified and then went back inside the residence.

With new intel of the suspect confirmed inside the residence, members got into their ballistic plate carriers with full "Police" markings.

TAC members repositioned focusing on the girlfriend's residence and were advised if the suspect exited again, we would move in for the take down. At approximately 1105 hours, STIU advised the suspect was stepping back out of the residence carrying a shotgun. I observed the suspect out our front window walking in an assertive manner northeast on the street towards the STIU UC vehicle.

With it believed STIU members were compromised by the suspect and potentially about to be fired upon, I gave the execute command to team members to move in and take the suspect down. We moved our vehicle traveling west approximately twenty yards from the suspect. I dismounted from the front passenger where I identified myself as law enforcement and began to observe the suspect turn to run towards the girlfriend's residence still armed with the shotgun. I deployed a Noise Flash Diversionary Device (NFDD #F301198) in proximity of the suspect. The NFDD was deployed to attempt a diversion in the suspect choosing to raise the shotgun and fire upon officers. Due to the suspect appearing to want to evade it would also allow time for officers to close distance safely.

The NFDD had the desired effect making the suspect jump. He then proceeded to run back towards the girlfriend's residence with the rifle still in his right hand. With the suspect armed and non-compliant to law enforcement commands, I feared he would make it back into the residence where harm could be inflicted to other occupants within. I began to chase him where he was observed coming up to the residence perimeter fence and gate.

He dropped the rifle outside the fence by the parked Mazda and then attempted to jump over the gate where he fell on the other side of it. I jumped over the gate holstering my pistol where the suspect was able to make it back to his feet before I contacted him. He then began to run west on the right side of the residence through the yard where I drew out my pistol again. The suspect was observed having his weight ahead of his feet while running where he fell forward on his own regard to the ground.

With the suspect on the ground, I caught up to him where he was face down attempting to push himself back up to further evade. I proceeded to place my body weight on top of his back and waist, straddling over him for control where he rolled over onto his back with me now over his stomach and chest. He continued to push against me with his waist and hands as to attempt gaining control over me. I gave him commands to get on the ground.

The suspect complied in stopping the resistance with his waist pushing on me but continued to move his hands around where I ordered him several times to stop moving. With it unknown if he possessed a second firearm, I was in fear he would move his hands to a concealed area presenting a weapon on me. I maintained

with my pistol out until the suspect complied with my orders and stopped moving his hands.

Other members and STIU moved to my location where the suspect was placed back onto his stomach for a cuffing position. I moved his left arm out from under him to his back where STIU moved his right arm to his back and placed him into handcuffs. The suspect was rolled over to a seated position and stood up where I escorted him out of the yard to a UC vehicle without further incident.

He was asked if he needed medical attention to which he refused. The suspect was examined and photographed where no apparent injuries were present.

The incident was documented with my body worn camera "WatchGuard" and uploaded into the server.

Incident Summary

On July 29th, 2022, I was on duty in a marked New Mexico State Police unit. I was wearing a State Police uniform with my badge of office clearly displayed. I was on patrol in the County of Santa Fe, State of New Mexico. On this day I was working overtime for a saturation patrol conducting traffic enforcement. At approximately 1 42pm Officer Johnathan Sanchez with NMSP had said over the radio that he will be attempting to conduct a traffic stop with an older green model Honda, which was just involved in a hit and run, Officer J. Sanchez advised the vehicle was on US 84/285 around milepost 183 and was not stopping.

I was stationary on an overpass on US 84/285 when Officer J. Sanchez advised the vehicle was not stopping, I attempted to go onto the Northeast side of the Off ramp to set up on a good position to deploy department issued Spike strips. Upon reaching the bottom of the off-ramp Officer J. Sanchez advised that the suspect vehicle was approaching me on the number 1 lane. I safely looked out my driver side mirror to merge onto US 84/285, in doing so, I became the primary unit in the pursuit My emergency equipment (Lights / Sirens) were activated, the vehicle was continuing to flee northbound failing to come to a complete stop, the vehicle was identified as a green in color Honda that had heavy front-end damage and no license plate displayed. I reached a top speed of 97 miles per hour with moderate traffic The Suspect vehicle began to pass vehicles on the eastside shoulder of the road, no due regard to the public safety, as I slowed down, due to the totality of the circumstances I feared for the public's safety, so I followed the vehicle so my lights and siren's we be a deterrence for other motorist to safely move.

While traveling northbound passing milepost 184, the front end of the suspects' vehicle had white smoke and debris began hitting my unit windshield. He's speed started to decrease, as he continued driving around

40 miles per hour and slowing down close to the US 84/285 and La Puebla turn off. He made an abrupt right turn on La Puebla, I was safely able to follow, I witnessed the vehicle was still refusing to stop and made the decision to safely disable the vehicle to prevent him from harming the public once again. I accelerated my patrol unit, positioned myself and conducted a successful Pursuit Intervention Technique Maneuver (P.I.T Maneuver) The suspect's vehicle was then contained and immobilized With multiple Officers and agencies, we were able to apprehend the driver and the passenger of the vehicle. After further investigating the driver was identified as Cecilio Vigil who had an outstanding, active, extraditable warrant. The passenger was identified as Naomi Torres who had no warrants and was later released after both individuals were checked out by EMS. The suspects' vehicle returned to a Green 1997 Honda with Suspended registration; The registered owner returned to Frances Archuleta who was not present at the scene.

Incident Summary

On Friday the 22nd I was in Espanola when RASO deputy advised there was a male walking into oncoming traffic with a machete and needed backup. Approaching the scene I noticed a male walking south in the northbound lane with Officer Pacheco drawn out on the male. Officer Pacheco advised he did not have a taser and that the male would not follow commands. I attempted to speak with the male, but the male began walking towards oncoming traffic heading south. Before the male was able to enter the street I deployed my taser which dropped the male briefly. I attempted to close distance to detain the male, but he grabbed the machete and began swinging it. Officers on the scene attempted to taser the subject again to detain the male but were ineffective. The male finally followed commands and put the weapon down. The male was transported to Espanola Presbyterian to be further evaluated. Primary Supplemental will be documented by RASO deputies. No injuries to any officers.

Incident Summary

On Friday July 1st, 2022, at approximately 9 30 p m , I Officer James Jeantete notified New Mexico State Police Communications to I would be assisted other responding units for a call for service regarding shots fired in Dixon. NMSP Communication informed NMSP units, a male shot his gun and was banging on the door

While enroute to Highway 75, NMSP Communication advised the reporting party stated the male broke her windows to the residence. After breaking windows, the male who was later identified as Michael Baca fled on a red in color Harley. While on Highway 68 passing milepost 16, responding units passed Mr. Baca on a red Harley traveling southbound As I started to slow down, a red in color motorcycle with one male occupant passed me traveling southbound. NMSP Officer Mario Herrera attempted to conduct a traffic stop of the Harley, the driver failed to stop and fled southbound towards Espanola on Highway 68. I informed NMSP Dispatch and other NMSP units I would bolo the area, while on County Road 49, NMSP Officer Kyle Gonzales reported he located the red Harley on County Road 41. NMSP Officer Gonzales reported he was traveling westbound back towards Highway 68, I immediately turned around and started to travel towards Highway 68. As I was approaching Highway 68, I witnessed a motorcycle traveling southbound on Highway 68 and NMSP Officer Gonzales following. I informed NMSP Officer Gonzales I would be right behind him, as the motorcycle then entered a private drive what appeared to be at a high rate of speed We followed and initiated our emergency lights and sirens, the motorcycle came to a complete stop in a carport to an

unknown residence.

I immediately exited my patrol vehicle and proceeded to give verbal commands to the male as he was trying to enter the residence. The male started to follow verbal commands, once the male exited the front deck and proceeded near my direction, he stopped following verbal commands. I started to give him verbal commands to get on his knee's and lay on his stomach, Michael then got down on his knee's but refused to lay on his stomach. I provided verbal commands to cross his feet and bring them to the small of his back, I continued to give verbal commands to place his hands on the top of his head and lay flat on his stomach. Michael refused to comply with commands, while NMSP Officer Gonzales provided cover, I tactfully approached Michael and placed my right foot between his knee and secured his feet in the attempt he would try and kick. I performed a c-clamp on his left wrist, as I secured his left wrist he continued to resist, attempting to make his arm stiff and pulling his arm back towards the center of his chest. As I attempted to secure Michael arms behind his back to place him in handcuffs, he was forcefully pulling his arm back towards his chest.

Incident Summary

On June 29th, 2022 at 12:40 P.M. I was patrolling on State Road 30 with my field training officer E. Rodriguez, attempting to locate a stolen vehicle that had just been used in shoplifting. We observed the suspect vehicle and conducted a traffic stop. Once the vehicle came to a stop a male occupant of the vehicle fled on foot towards La Cocina on US 84 285 I gave chase after the male and was able to apprehend him using an arm bar takedown technique. The male was later identified as Martin Palacios. During the incident my body worn camera did not record entirety of incident due to double pressing of the record button.

Incident Summary

This Use of force occurred on Monday, May 30, 2022, at approximately 1806 hours

I contacted the suspect Kena, and when I asked her to come to me, she started to run away from me. I began running after her southbound onto the middle of Hidalgo Rd As I was about to catch up to Kena, she decided to make a sudden stop and turn eastbound. At that point, I tried grabbing her left arm and she fell towards her right side scraping her knee during the fall. I then grabbed her right wrist attempting to handcuff her and she resisted arrest by rolling towards her left side and pulling away while she was on her back. I gave Kena several verbal commands for her to get on her stomach and she still resisted by not listening to me. After Kena failed to comply, I wanted to place her under arrest as fast as possible due to us being on the road, therefore I began to apply pressure on her wrist by folding her palm downwards towards her forearm. As soon as I applied pressure, Kena submitted herself and allowed me to place handcuffs on her behind her back double locked

Incident Summary

On May 10, 2022, at approximately 10 28 PM I Officer Johnathan Sanchez am a full time salaried law enforcement officer employed by the New Mexico State Police. I was on duty in full uniform displaying my badge of office #294. I was patrolling in a marked unit #655 in Espanola, New Mexico, and County of Santa Fe I was dispatched to assist NMSP Officer J Martinez in reference to a Trespassing that progressed to a Domestic in Progress at house 4 Gould Lane.

While units were in enroute to the residence, dispatch advised officers the suspect was identified as Robert Santiestevan by his ex-wife Juliana Sanitestevan. Juliana advised dispatch Robert was highly intoxicated and did not have permission to be at the residence Juliana said, Robert was arguing with her son Therefore, Juliana walked away to the bathroom to call 911 to get Robert removed from the residence. Robert followed her and pulled her by the back of her hair in attempt to take her phone away to stop her from calling 911. Juliana advised dispatch since Robert was aware law enforcement was enroute he fled the scene in a pedal bike.

As officers were approaching the residence, I observed a male traveling westbound on La Puebla road and Gould Lane in a pedal bike matching the description as Robert Santiestevan. At this time, I activated my patrol unit's emergency equipment well before Robert got closer to my unit giving him ample time to stop I put my unit in park as Robert continued to travel on the roadway. I directed Robert to hold on and to stop,

giving him loud and clear commands but to no avail. Robert looked at me and continued to pedal towards my direction in his pedal bike refusing to stop. As Robert closed distance with my unit and I was attempting to exit my unit. Robert struck my driver side door while I was standing in the threshold of my door.

I then placed my hands on Robert's chest while he was still on his pedal bike to stop him from fleeing and pedaling past me due to being involved in a Domestic and ignoring my directives to stop causing him to be unbalance falling to the ground.

Once on the ground, I stood back up and took control of Robert's right hand. I directed Robert to stand up to place him in handcuffs. Robert ignored my commands stiffening his body. I was able to place a handcuff on Roberts right wrist, Robert was directed to lay on his stomach but refused my commands tensing his body laying on side. Officer J. Martinez was able to assist and get control of Robert's left wrist and both handcuffs were secured behind his back which were doubled locked Robert was then assisted to his feet with no issues and escorted to my patrol unit.

Incident Summary

On April 20, 2022, I Officer Mario Villanueva of New Mexico State Police was on duty in full uniform displaying my badge of office. I was patrolling the Village of Chama, County of Rio Arriba, State of New Mexico in a marked New Mexico State Police Unit. At approximately 1053 hours as I was patrolling, I observed a male individual, who resembled Terrance Garcia, walking through the parking lot of Chama Trails Inn Motel. I had previous knowledge Terrance Garcia having an active felony arrest warrant. I entered the Chama Trails Inn Motel parking lot and confirmed the male was in fact Terrance Garcia. I recognized Terrance and can confirm who he is based off pervious encounters with Terrance. I notified New Mexico State Police Communications I would be out at the Chama Trails Inn attempting to serve an arrest warrant. I drove my patrol unit towards Terrance, who was speaking to an unknown male individual near a motel room on the north end of the motel. As I exited my patrol unit Terrance recognized I was there for him, turned around and began walking away from me. I gave Terrance a verbal command to stop walking away from me, when he began to run away from me I began pursuing Terrance on foot north of the Chama Trails Inn Motel through the Rio Arriba County Magistrate Court parking lot.

I retrieved my Electronic Control Device (Taser) and informed Terrance I was going to deploy it, in attempt to get Terrance to stop running, however Terrance kept running. I yelled out "Taser" three times and deployed the Electronic Control Device unsuccessfully. I observed the deployment was unsuccessful, so I continued running after Terrance A short time later I deployed my Electronic Control Device a second time, which was successful and full neuromuscular incapacitation was achieved causing Terrance to fall to the ground. The

Electronic Control Device prongs entered Terrance's back as this is what was available to me as Terrance was fleeing.

Terrance was placed in hand restraints behind his back successfully with no further incident. La Clinica De Pueblo EMS was contacted and requested to evaluate Terrance. La Clinica De Pueblo EMS arrived on scene and cleared Terrance from any injuries. La Clinica De Pueblo EMS removed the Electronic Control Device prongs out of Terrance's back. Terrance was read his Miranda Rights and agreed to speak with me on why he ran. Terrance advised he knew law enforcement was looking for him, and when he saw a patrol unit drive up he knew it was for him. Terrance advised he ran because he thought he would be able to successfully outrun the officer who was going to attempt to arrest him. While on scene Terrance was afforded the opportunity to drink water.

It was extremely windy at the scene of the incident, however six AFID's were successfully located. The spent electronic control device cartridges, as well as AFID's were photographed, secured, and entered into evidence.

Terrance was placed in the rear seat of my patrol unit and transported to the Rio Arriba County Detention Center where he was booked for the felony arrest warrant and for resisting, evading, or obstructing an officer.

Incident Summary

On Friday August 5, 2022, at approximately 10 58 p m , I, New Mexico State police (NMSP) Officer James Jeantete a full-time salaried law enforcement officer employed by the NMSP. I was on duty in full uniform displaying my badge of office #315. I was patrolling in a marked unit #228 in Espanola, New Mexico, and County of Rio Arriba with New Mexico State Police On this evening, it was broadcasted over the Espanola Central Dispatch, an Espanola Police Department (EPD) Officer was in pursuit of a vehicle that had just shot at his patrol vehicle.

As I continued to listen to the radio, the Officer was Sergeant Cody Martinez with EPD. Sgt. Martinez was reporting a red in color Pontiac had just shot at his unit, he attempted a traffic stop, the vehicle was failing to yield and fleeing north on Highway (Hwy) 291. I notified NMSP Communications to create a call for Assist Agency and would be assisting EPD with the shots fired call. While enroute, NMSP Officer Kyle Gonzales aired he was attempting to catch up to the vehicle and Sgt Martinez as they were merging onto Hwy 68 from Hwy 291.

Sergeant Martinez informed Central Dispatch of a single male occupant had exited the vehicle near the intersection of Hwy 68 and Hwy 291 by the ALON gas station, the vehicle merged onto Hwy 68 continuing to flee northbound EPD Sgt Cody Martinez was primary in the pursuit as NMSP Officer Gonzales was attempting to catch up to assist and give updated direction of travel. At around mile post 8 on Hwy 68, the

Pontiac conducted a U-Turn and was now traveling southbound on Hwy 68. NMSP units were getting into a position to deploy spike strips in the construction zone near the jersey barriers. The driver witnessed the units and attempting to conduct another U-Turn on Hwy 68, at this time Sgt. Cody Martinez merged into the northbound lane stopping the vehicle. I witnessed the vehicle slow down and attempt to conduct another U-Turn, I proceeded back in my unit northbound when I witnessed an EPD and Rio Arriba Sheriff's Office (RASO) police units at a complete stop.

As I drove up to the scene, I witnessed, RASO Sgt Vigil and EPD Sgt Martinez were currently fighting with a male subject attempting to detain him, the male was laying on his back refusing to listen to commands. I attempted to secure the males left wrist with a c-clamp, I gave verbal commands to turn around on his stomach so I could place him in handcuffs, he was actively resisting, I felt his arms stiffing up and pulling away, he was failing to comply, and attempting to stand up. Based on the totality of the circumstances and the initial information we received that he was possibly armed, I performed two knee strikes attempting to regain compliance and prevent him from securing a weapon from his persons. As he continued to resist, Officer Gonzales arrived on scene and started to assist. The male was actively resisting, kicking, and still tensing his arms as he was pulling away, NMSP Officer Gonzales conducted a contact dry stun with this department issued taser on the suspects back, the force was successful, I was able to secure the left arm behind his back and place the male in handcuffs.

As Mr. Lopez was secured and placed into handcuffs, I conducted a pat down of his persons, to ensure he did not have any firearms or weapons RASO took primary of the investigation, and he was handed over to Deputies.

Due to the male being uncooperative and irate, we attempted to photograph his persons, he was refusing to take pictures and he refused medical attentions.

Incident Summary

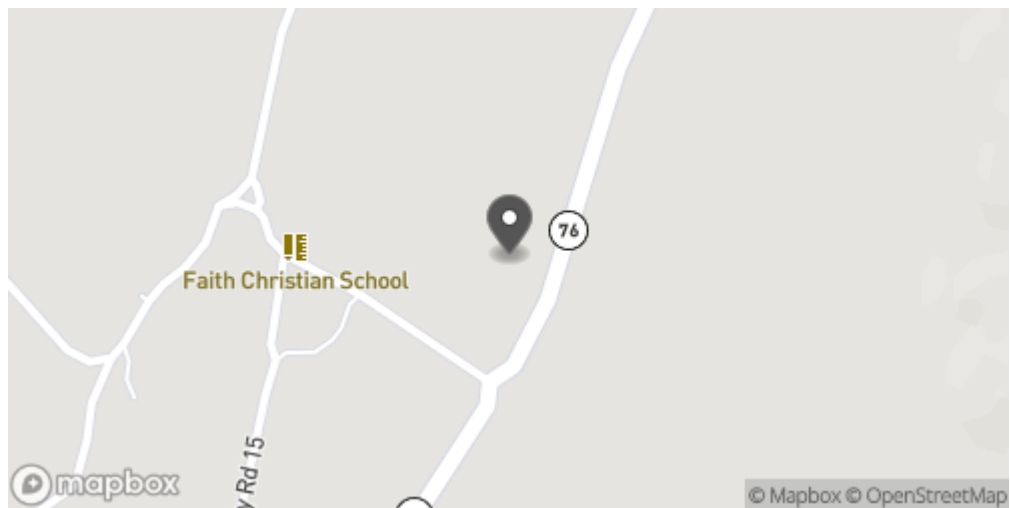

On Sunday, May 15th, 2022 at approximately 11:42 a.m. I was dispatched to residence #2736 State Rd 76 in reference to drug overdose. Reporting individual was identified as Elsie Rodarte who advised her 21-year-old granddaughter, Athena Serrano was behaving abnormally. Mrs. Rodarte explained Athena was unconscious, unresponsive, and not breathing. Upon my arrival I observed Athena laying on the living room couch exactly as Mrs. Rodarte described. I addressed Athena numerous times with no response, I checked for pulse which was slow and faint, with very shallow breathing and her pupils were constricted/ unresponsive. Athena continued to not respond verbally therefore I performed a sternum rub to her chest approximately three times with no response. Following the sternum rub I administered the first dose of Narcan which after several seconds, she responded with swinging her arms but her breathing and pulse remained the same. I placed handcuffs to the front of Athena to refrain her from hitting Mrs. Rodarte or myself, a precautionary measure I felt was necessary since I was alone. I administered the second dose of Narcan on Athena and continued sternum rubs to the chest. Officer Archie arrived and continued to address Athena and performed more sternum rubs to the chest until she was conscious. Athena immediately became irate and appeared to be confused, any attempts to console her panic resulted her being combative and irate. Athena continued to be uncooperative to the extent I was unable to remove her front cuffs. Athena at one point decided she was going to leave the residence before EMS was able to examine her. I assisted Athena from the kitchen back to the living room couch for medical staff to examine her. At which time Athena began screaming, pulling away from me and kicking forcefully. Athena's strikes made contact with me approximately four times before I was forced to place Athena to the floor using single arm pressure point maneuver to restrain her from swing or kick. I held Athena in a restraint position until Officer Archie was able to assist me in placing her in handcuffs to the rear, which at this point was for arrest. Athena was read her rights and her father, Phillip Stuartz

assisted me with escorting Athena to my patrol unit. Athena's legs were restrained by crossing her legs and applying pressure to her ankles, during the seat belt process as she continued to attempt to kick. At this time Penasco Medical Volunteers arrived on scene and were unable to treat Athena due to her irate state of mind. Therefore, I transported Athena to the Holy Cross Hospital for a medical clearance for incarceration. During the transport I observed Athena irate but as I drove and without notice she became unconscious and unresponsive. I stopped mid route to the hospital to offer aid and check for a pulse. Athena's heart rate had drastically dropped, which to my training and experience I considered displaying additional symptoms of drug overdose. Athena's slow heart rate and faint breathing alarmed me to request for a medical transport to HCH. Unfortunately, there was no emergency medical personnel available therefore I expedited Athena to the Holy Cross Hospital. Upon arrival Athena regained consciousness and continued to be irate with not only myself, but medical staff. After several hours in the ER with Athena, her vitals were observed to be abnormal and not stabilize enough for incarceration. Therefore, I spoke with the HCH counselor Amy Williams who felt it was appropriate for the HCH to place Athena on a medical psychiatric hold, the ER Doctor agreed and placed Athena on a 7-day hold. I consulted with Assistant District Attorney Marco Serna who advised to provide him a report so they can criminally summons Athena on battery (Peace Officer) charges after her medical hold is complete

Incident Summary

On November 3rd, 2022 I arrested Jaleesa Perez for DUI. While placing her under arrest she resisted by attempting to pull away from and I had to use minimal force to restrain her. She attempted to push herself out of my patrol unit and minimal force was used to get her back into the unit. She slipped her handcuffs and Sergeant J Schake assisted me in placing her back in handcuffs. She physically resisted again and we had to use minimal force to restrain her again. Once she was transported to the jail she refused to get out of my unit and we had to use minimal force again to retrieve her from the unit and escort her into the jail.

Incident Summary

On Monday, August 8, 2022, at 10 17 AM I was patrolling on Fairview Avenue in the County of Rio Arriba when I noticed a gray in color passenger vehicle with no registration displayed. I initiated a traffic stop and later observed the vehicle had a temporary tag that was not readable from the outside of the vehicle. The male driver later identified as Jared Tafoya stated he had no identification on his person I advised Jared to exit the vehicle to identify him through NMSP dispatch. Running Jared's information through dispatch I noticed Jared's nervous body language as he began giving his belongings to his girlfriend. Hearing Jared possibly had two active warrants for his arrest, I attempted to put Jared in handcuffs. Jared began running north in the parking lot and was avoiding being detained. I was able to grab Jared and was giving him verbal commands to stop resisting, which he ignored and kept resisting I performed a leverage takedown to take Jared to the ground and gain compliance to put him in handcuffs. Jared was arrested for his 2 active warrants and was charged with resisting evading an officer. During the scuffle I received slight bruising and swelling to my right eye area, which did not require medical treatment Jared was medically evaluated on scene and was later taken to the Presbyterian hospital for further evaluation and for a medical clearance. Jared did not receive any injury. He was transported to and incarcerated at the Rio Arriba Detention center.

Incident Summary

I made contact with a male subject during a traffic stop. As I attempted to identify the male subject, he ran towards the street away from me and my unit. I then called out a foot pursuit and closed my passenger side door. Mr. Colvin was running West bound on South Bypass and turned north bound toward the desert area. Mr. Colvin then ran through the middle of a barbed wired fence as I gave commands to stop running or he would be tased. I proceeded to chase after Mr. Colvin on foot unholstering my standard issued taser. I deployed my taser striking Mr. Colvin in the back right shoulder and right thigh. As prongs made contact Mr. Colvin was immobilized falling to the ground I instructed Mr. Colvin to put his hands behind his back. I then placed Mr. Colvin in handcuffs. I instructed Mr. Colvin to sit down. I helped Mr. Colvin to his feet and escorted him towards my unit.

Incident Summary

On August 2, 2022, at approximately 1100 hours, I was patrolling the area of El Cerro Loop and Florian Ln. in Los Lunas, NM in Valencia County. On this day I was wearing my Class A uniform and driving my marked patrol unit, I was working day shift. I was driving East on El Cerro Loop when I observed a black motorcycle facing west broken down on the side of the roadway I observe a male standing next to the motorcycle holding a broken motor chain. I turned around because I wanted to do a welfare check on the driver.

I observed the vehicle not displaying a license plate. I asked the driver what happened to his license plate, and he said he was about to go to MVD and get it fixed. I asked the male for his social security number, which returned to David Gillman out of Albuquerque, NM. Mr. Gillman came back with several felony warrants out of Bernalillo County. I observed Mr. Gillman getting nervous indicating he was going to run. I advised Mr. Gillman to sit down and lean on a fence right next to him Mr Gillman looked around and took off running

Mr. Gillman did take off running in an empty lot. I advised Mr. Gillman to stop several times. I chased Mr. Gillman for several feet and was able to catch up to him When I caught up with Mr Gillman he resisted even more and decided to fight with me. I attempted to gain control of Mr. Gillman but I struggled to get ahold of him due to being slippery from his sweat. We struggled for about five minutes. Mr. Gillman punched me a few times on my face. After a few minutes I was able to subdue Mr. Gillman and arrest him.

The motorcycle he was driving was reported stolen from Albuquerque

Incident Summary

On July 12, 2022, at approximately 1615 hours, Lt. Ruben Aguirre and I were patrolling in an unmarked New Mexico State Police unit in Roswell, NM, Chaves County. Lt. Aguirre and I were in plain clothes with our tactical outer carrier vests that displayed in white lettering that "New Mexico State Police" and our badge of office was clearly displayed. I was armed with my duty issued side arm, which was holstered.

I was traveling westbound on Wildy Street from South Main Street when, I observed a blue SUV failed to stop at the stop sign at the intersection of Richardson and Wildy Street. I initiated my emergency equipment as the SUV was turning westbound from Richardson onto Wildy. The driver of the SUV did not come to an immediate stop and continued to travel westbound on Wildy. As the vehicle continued to travel, I observed the passenger throw a small object outside the passenger side window. The driver then came to a complete stop on Wildy and Kentucky, which is a full block away from when I initiated my emergency equipment.

While I approached the driver on the driver side of the vehicle. I observed the male driver using his left hand reaching for the vehicle's floorboard. I then advised the driver to let me see his hands and placed them on the steering wheel. I advised the driver the reason for the stop and introduced myself as Agent Alvarado with New Mexico State Police. The driver stated his name was Mario Vigil and he didn't have a driver's license with him. As I was speaking to Mr. Vigil, I observed he had bloodshot watery eyes, and he was possibly under the influence and impaired from a drug.

I asked Mr. Vigil to step out of the vehicle and to walk to the front of my unit. Mr. Vigil opened the driver door and while he was exiting his vehicle, I observed Mr. Vigil reach with his right hand towards the floorboard and

retrieve a small round blue pill. Thru my training and experience, I was able to relate the small blue pill as fentanyl from prior experiences. I instructed Mr. Vigil "Don't reach for the pill!". While Mr. Vigil was getting up from the driver seat, he obtained the pill in his hand. I reached through the driver window for Mr. Vigil's wrist. Mr. Vigil then pulls his hands away from me and drops the pill on the street and attempts to stomp on it. At this time, I was going to arrest Mr Vigil for tampering with evidence As Mr Vigil fully exited the vehicle, I was able to gain control of Mr. Vigil's right wrist. With Mr. Vigil outside his vehicle, he appeared to be the same size as me.

I pulled Mr. Vigil away from the pill as he stated, "That pill wasn't even mine." I was attempting to place Mr. Vigil's right hand behind his back when Mr. Vigil aggressively pulled away from me and turned to face me in an attack manner with his left hand clinched in a fist. Showing his intent, he wanted to harm me. Also, Mr. Vigil had the ability to harm me with no visible conditions that would restrict his ability to harm me. Mr. Vigil had the opportunity to harm me, due to the fact I was in close contact with him and had no cover to take I had Mr. Vigil's right arm controlled in an escort position with my right hand controlling his wrist and my left-hand controlling Mr. Vigil's elbow. Once Mr. Vigil pulled away and turned to face me, I attempted to perform a spinning arm takedown I was able to make Mr Vigil lose his balance and take him to the ground However, due to the dynamics of the movement, once Mr. Vigil hit the ground, I lost control of his right hand. I was able to gain control of Mr. Vigil's right hand and turn him onto his stomach. I placed my knees on his back pinning him to the ground while I was attempting to place handcuffs on him. I requested multiple times to Mr. Vigil to give me his hands and he would not comply with my request. After a short struggle, I was able to place handcuffs on Mr Vigil

I assisted Mr. Vigil to his feet and advised him he was going to be charged. I place him in front of my unit and conducted a pat search on his person Mr Vigil was complaining of road rash on his chest, due to the struggle that occurred during my attempt to handcuff him, and Mr. Vigil not wearing his shirt properly. I observed Mr. Vigil had sustained road rash on his stomach, chest, and right knee. I did not observe any other injury on Mr. Vigil.

I proceeded to collect the blue pill from the street from underneath the driver door, where I observed Mr Vigil drop it and attempt to step on it. Mr. Vigil admitted the blue pill was fentanyl and that it was his, while we waited for MEDIC 65 to come and check him out. Mr. Vigil was checked out by EMS and released on scene.

Mr. Vigil's vehicle was towed by Tom's Towing of Roswell to their yard, due to Mr. Vigil not wanting to release the vehicle to the passenger. The passenger was released and no charges against him are pending. Lt. Aguirre and I walked the entire block in attempt to recover what the passenger had thrown out during the traffic stop, but we did not discover any items. Mr. Vigil was transported to the New Mexico State Police office by Officer Reyes to conduct his booking paperwork Mr Vigil was transported to Eastern New Mexico Medical Center for Med Clearance prior to booking him into Chaves County Detention Center. Mr. Vigil's injuries were also photographed for documentation.

Incident Summary

On 11/14/2022, NMSP Officer Bartmann and I assisted Navajo Police Department with a non native suspect who was in possession of a stolen vehicle . After the suspect was arrested, he began kicking my units rear door. While attempting to seatbelt him again, he pushed himself out of my vehicle causing me to grab him and pull him to the ground so Officer Bartmann and I could put leg restraints on him

Incident Summary

On August 6, 2022, I Officer Angel Moreno of New Mexico State Police was on duty in full uniform displaying my badge of office. I was patrolling the town Espanola, County of Rio Arriba, State of New Mexico in a marked New Mexico State Patrol Unit. At approximately 10:55 PM New Mexico State Police Communications dispatched me to a Battery that just occurred at 7 Private Dr 1095 New Mexico State Police Communication advised female Selina Borrego got assaulted by her brother named Miguel Borrego. It was advised that Miguel hit Selina and left the area.

Upon my arrival I made contact with Selina Borrego who was sitting down with a bag of ice on the left side of her face. I observed her left side of the facial area to be swollen and Selina stated she got into physical altercation with her brother Miguel who was later Identified as (Lucas Corvatta), and he left the area. I and Officer Alsherdan Lopez of the New Mexico State Police searched the area but were unable to locate Lucas. Lucas's father advised Lucas resides at a house on the property Lucas's father gave permission to enter the residence Lucas possibly may be at. Lucas's father attempted unlock the front door of the house with a key for the house. The door was locked from the inside which prevented entry into the residence. Lucas's father then proceeded to the back of the house to a window that is in Lucas's room Lucas's father then made contact with Lucas and stated for him to come outside.

I made contact with Lucas. Lucas was inside the residence talking to me through the window that was separating us. Due to prior knowledge of other officers, Lucas is known to barricade himself inside the residence with what was told with a 22 caliber weapon no other description During contact with Lucas there was a strong odor of alcoholic beverage emitting from his person and slurred speech. I then told Lucas to

come out to speak with me. Lucas refused and walked back up behind the blinds on the window that's when I attempted to secure Lucas's wrist to prevent him from going back into the residence. I entered the residence through a window to restrain Lucas from barricading himself with possibly a .22 caliber weapon on the residence.

When making entry into the residence I secured Lucas's right wrist and gave commands to put his hands behind his back. Lucas resisted by tensing up his right arm and pulled it away from me towards his stomach and stated he won't put his hands behind his back Lucas then attempted to push me away, I then proceeded to restrain Lucas by putting my hand behind his back to get him to the ground. Lucas resisted and pushed his weight against mine. I then escorted Lucas to his bed to restrain him. Lucas then laid on the bed facing upwards, I told Lucas to turn on his stomach and place his hands behind his back. Lucas then stated no, and I then pushed Luca's elbow up to gain pain compliance. Lucas then attempted to pull his elbow toward his stomach and Officer Jacob Pino of the New Mexico State Police rolled him over onto his stomach Lucas pulled his left arm under his body refusing to put it behind his back. Officer Pino then grabbed his wrist and Lucas then resisted by pulling against Officer Pino's grip on Lucas's wrist. Officer Pino then assisted Lucas wrist behind his back and was placed in hand restraints with double lock mechanism engaged I then assisted Lucas up to his feet and he was refusing to walk and pushed back when attempting to escort him forward.

Lucas was then placed in the rear seat of my patrol unit with the seatbelt secured and double locked hand restraints behind his back

When finishing up the investigation I observed the rear driver side door open of my patrol unit's and observed Lucas opening the door I then grabbed Lucas's wrist and pushed on his elbow escorting him to the floor

Incident Summary

I ordered him to place his hands behind his back to effect the arrest. Mr. Alvarado Marquez refused to put his hands behind his back and began yelling. I grabbed his left wrist with my left hand and continued to order his hands behind his back. Mr. Alvarado Marquez crouched near the left headlight of my unit and continued to yell "no" and refused to put his hands behind his back. I grabbed the back of his shirt with my right hand and forced him to stand upright. I continued to order him to place his hand behind his back. After his refusal, I forced him to the ground to effect the arrest. He grabbed the back of my leather shoulder strap and attempted to pull me off him. He stood back on his feet and shoved me into the front left headlight of my unit. During this time, I could feel his left hand raking my gun and gun belt. I lifted his arm off my belt and gun belt by placing my right arm under his and lifting it. I notified New Mexico State Police Dispatch that I was in a fight. I attempted to put my left arm over his head to pull him to the ground. He pushed me away, shoving my chest. He then pressed his left arm against my face and head, knocking off my uniform cover. He then grabbed the back of my neck. After this, I swept his feet from under him and forced him to the ground. He landed on his back and left side. I forced him to roll over and placed his right hand in one handcuff. He continued to hide his left arm and refused to put it behind his back after continuously being ordered to. I gained control of his left arm and placed both hands behind his back in handcuffs.

Incident Summary

On May 25, 2021, at approximately 1600 I was patrolling the area of Los Lunas, NM in Valencia County near the area Monterrey Blvd.

I was monitoring the radio and heard New Mexico State Police Officer Elizabeth Ogaz requesting assistance with a pursuit. she was around the area of Bonita Vista and North Rio del Oro. At this time proceeded to assist Officer Ogaz since I knew the topography of the area.

I was able to catch up to Officer Ogaz around the area of Manzano Expressway and South Rio Del Oro. At this time I was the secondary unit in the pursuit and took over communications. I advised Officer Ogaz to PIT the vehicle only if the vehicle was traveling around 35 mph or lower. Officer Ogaz attempted to PIT the vehicle but was unsuccessful.

Vehicle kept traveling south on Manzano Expressway and turned East on Hill and Dale. Hill and Dale is residential area with pedestrian and heavy residential traffic.

Due to the immediate danger to the community I decided to PIT the vehicle. The vehicle was traveling at a low rate of speed at this time.

I over took Officer Ogaz and PIT the vehicle successfully.

New Mexico State Police Officer Joe Najera became rear containment, while I blocked the front.

The driver of the vehicle was arrested by Officer Ogaz.

Incident Summary

On August 1, 2022, at approximately 8 00 PM, I officer Juan Parra Medina with the New Mexico state Police, was on duty in full uniform displaying my badge of office #421 patrolling in the County of San Miguel, State Of New Mexico.

I was advised by New Mexico State Police Dispatch about a domestic in progress at 5 Monte Ver Rd in Rowe, County of San Miguel. Upon arrival I made contact with Mr. John Joe Inez Padilla who stated that his brother Isidorio Hilario Padilla struck him in the face multiple times, brought him down to the ground and continued on striking him. Mr. John Padilla stated that his brother took off on foot wearing a black top and gray pants. Myself and other officers looked around the area of Monte Ver and Frontage Road 2116 for Mr Isidorio Padilla but were unable to find Mr. Isidorio Padilla.

Shortly after, I was advised by New Mexico State Police dispatch about a male wearing a black tank top and grey pants on the shoulder of Interstate 25 milepost 314. Upon arrival I made contact with Mr. Isidorio Padilla who was sitting in the reporting parties vehicle. I asked Mr. Isidorio Padilla to step out of the vehicle to which he did. As I asked him to walk towards my unit he began getting verbally aggressive. Once I attempted to handcuff Mr. Isidorio Padilla he pulled away and opened the door to the back of my unit and sat in the backseat of my unit and continued being verbally aggressive I asked Mr Isidorio Padilla to step out of my unit so that I could handcuff him and pat him down for weapons.

Mr. Isidorio Padilla exited the backseat of my fully marked patrol unit and continued being verbally aggressive. I then attempted to grab a hold of Mr. Isidorio Padilla's wrist to which he pulled away striking my forearms. He continued towards the busy lanes of travel on the Interstate at which point I grabbed Mr. Isidorio Padilla's arm and shirt and was able to pull him away from the busy lanes of travel Mr Isidorio Padilla ended on the ground and I attempted to handcuff him to which he began being verbally and physically aggressive.

I gave Mr. Isidorio Padilla multiple chances to comply which he refused. Shortly after, Mr. Padilla trapped my leg and pulled my arm, causing me to lose balance and end up on the ground with a scuffle ensued as Mr. Isidorio Padilla was attempting to grab my department issued handgun out of the holster. As a result, Mr. Isidorio Padilla was dry stunned with my Department issued taser.

Shortly after backup arrived Mr. Isidorio Padilla was taken to the New Mexico State Police Sub-station in Pecos where he continued being verbally and physically aggressive. Upon arrival to the New Mexico State Police Sub station I had to drag Mr Isidorio Padilla out of the backseat of unit because he was refusing to exit my unit by himself. I then put Mr. Isidorio Padilla in the holding cell and gave him access to water and the toiletry.

Once I finished the necessary paperwork, Officer Rogelio Esparza and I went into the holding cell to notify Mr. Isidorio Hilario Padilla that we were going to transport him to the San Miguel Detention Center in Las Vegas, New Mexico. Mr. Isidorio Hilario Padilla slid the handcuff on the bench rail all the way to the back and began curling up and tensing his body, making it difficult to access the handcuff on the bench rail. After several minutes of giving Mr Isidorio Hilario Padilla commands to stop resisting and cooperate, he refused to listen He kicked me with his left leg and attempted to bite my right-hand multiple times. As a result, I had to apply pressure with my left hand by pushing his head away from my right hand. However, he continued being verbally aggressive and very tense, making it difficult to remove the handcuff cuffed to the bench rail. Finally, Mr. Isidorio Hilario Padilla stated, "I'm going to pee myself," and proceeded to rub his urine on his pants onto his arms and hands Officer Rogelio Esparza and I retreated, called for additional backup, and notified the on duty supervisor.

While waiting for additional backup, I observed Mr Isidorio Hilario Padilla begin to tie his shoelaces onto the handcuffs. He attempted to make it more difficult for us to get him out of the holding cell. Medics were called again to come give Mr. Isidorio Hilario Padilla medical attention, to which he refused and was verbally aggressive towards the medics. The assisting officers and I went into the holding cell, and five of us held Mr. Isidorio Hilario Padilla while one officer uncuffed him from the bench rail and cut his shoelaces tied to the handcuffs Mr Isidorio Hilario Padilla was continuously tensing up and pulling his arms inward Multiple commands to relax and quit resisting were given to Mr. Isidorio Hilario Padilla, but he ignored the commands and continued fighting. Once outside of the building, we put Mr. Isidorio inside the backseat of Officer Rogelio Esparza's fully marked patrol unit Again, Mr Isidorio Hilario Padilla began kicking and tensing up, making it challenging to handcuff and restrain Mr. Isidorio Hilario Padilla fully.

The assisting officers and I assisted Mr. Isidorio Hilario Padilla out of the backseat of the unit onto the

ground, placing him in a prone position. Mr. Isidorio Hilario Padilla was attempting to put his hands underneath his body and tensing up, making it difficult to retrieve his hands. I then got a hold of his left arm, which had one handcuff on at the time, and had another officer assist with reaching for Mr. Isidorio Hilario Padilla's right arm. Multiple commands were given to Mr. Isidorio Hilario Padilla to quit resisting, but he refused to listen to the commands. Finally, one of the assisting officers was able to handcuff Mr. Isidorio Hilario Padilla with his hands behind his back. After Mr. Isidorio Hilario Padilla was handcuffed, the assisting officer and I assisted Mr. Isidorio Hilario Padilla off the ground and proceeded to place him in the backseat of Officer Rogelio Esparza's fully marked patrol unit.

I then advised that a spit mask was needed for Mr. Isidorio Hilario Padilla because he was attempting to bite and spit at me earlier in the holding cell. Mr. Isidorio Hilario Padilla requested a cup of water which Officer Noah Valdez provided. Once a cup of water was provided to Mr. Isidorio Hilario Padilla, he pretended to drink the water. Once the cup was removed from him, Mr. Isidorio Hilario Padilla spit the water out, hitting Officer Noah Valdez in the face.

Incident Summary

On Monday February 15, 2022, at approximately 00:07AM. I was assisting APD with a stolen motor vehicle. APD air support was following the vehicle in the area and officers had successfully stop-sticked the vehicle near Academy and Tramway.

I was not engaged with the vehicle initially. The vehicle went into opposing lanes of travel into oncoming traffic going southbound in the northbound lanes of tramway Blvd. There was traffic coming toward the suspect vehicle I executed a "PIT" maneuver to stop the vehicle causing damage to my unit and the suspect vehicle.

Incident Summary

On August 16, 2022, at approximately 3:00 p.m., I, New Mexico State Police (NMSP), Auto Theft Suppression Unit (ATSU) Jerry Santana (Albuquerque) was on duty, in my official capacity. ATSU Agents located stolen Dodge pickup bearing Minnesota license plate 509PNW.

I located the above stolen pickup being driven by a male, who was later identified as Mr. David Crespin. Agents and I observed David driving the vehicle throughout the Southeast part of Albuquerque in a dangerous/reckless manner He would accelerate, spin his tires and drive through stop signs ATSU covertly followed David to the above address where he entered a Metro by T-Mobile store.

Agents devised a plan to contact David when he exited the store and arrest him for the stolen vehicle. ATSU Agents and I engaged our emergency equipment, David looked directly at me inside my police unit and immediately fled on foot

David immediately resisted arrest and did not surrender to arrest. David first ran north away from the vehicle and then circled back towards the stolen vehicle He eluded other Agents, but I was able to take him to the ground where other Agents assisted in arresting David.

Incident Summary

On Wednesday, July 20, 2022, Officer Avery and I responded to a Domestic Violence call at #8 CR 5068. Some of the information given to us from dispatch was also that the male became suicidal and had a knife. When we arrived there was already a San Juan County Sheriff's Deputy in the house with the male suspect. When Officer Avery and I walked in the door, we saw the suspect try to walk past the deputy as he told him to stop. The deputy then grabbed the males arms pinning him against the wall. As we moved in to help I could see in the suspects right hand, a blue folding knife.

We continued to give commands to the male to drop the knife, which though he said it was trying to, he kept his hand clenched shut around the knife. I attempted to pry his fingers open and he continued to resist my efforts by continuing to close his hand. I handcuffed his right arm, and that is when he finally opened his grip and Officer Avery removed the knife. Officer Avery and I brought his right arm behind his back, using downward pressure on his forearm. Once his right arm was behind his back we were able to bring the left arm behind his back and bring him into custody. After this, he was searched for weapons and sat on the couch to continue the investigation.

Incident Summary

On 7/20/2022, at approximately 1307 hours, I responded to 8 Road 5068 Bloomfield, NM 87413 regarding a domestic violence call being reported. Upon arrival at the address, Officer B. Hobbs and I made our way into the residence as we were informed the male suspect, Jimmie Begay Jr. was inside with a knife; it was also noted that, when we arrived, Corporal F Foutz with the San Juan County Sheriff's Office was already inside. As I entered, I saw Cpl. Foutz across the dining room table from Jimmie who was holding a folding knife in his right hand. Cpl. Foutz could be heard telling Jimmie to drop the knife as Jimmie began to maneuver around the table not responding to commands. Cpl. Foutz then quickly grabbed Jimmie's hands and pushed them over his head while moving Jimmie backwards into a wall.

Seeing this, Ofc. Hobbs and I moved in and took a hold of Jimmie's right hand. As we did this, we ordered Jimmie to drop the knife, to no avail. Eventually, after several seconds and the use of trying to pry Jimmie's hand open, Jimmie dropped the knife but continued to resist being placed into handcuffs behind his back. This resulted in me pulling Jimmie from the wall by his right arm before moving his arm behind his back as his muscles continued to tense and resist the detention. Jimmie was ultimately placed into handcuffs without injury.

Incident Summary

On February 5, 2022, I conducted a welfare check on a silver jeep SUV on interstate 40 near mile marker 175 west bound. I observed two occupants in the vehicle. I observed a female in the right front passenger seat, and a male subject on the rear passenger seat. I had dispatch run the vehicle identification number which returned stolen out of Albuquerque police department. I had the female occupant later identified as Pamela Contreras exit the vehicle, and she was placed on the right rear passenger seat of my patrol unit, so she could warm up. I had the male subject exit the vehicle, and I placed handcuffs on him behind his back, double locked and checked for proper spacing. I informed him he was being placed in investigative detention. I escorted the male subject later identified to me as Ricardo Olguin to the right front tire of my patrol unit. Mr. Olguin continued to try and conceal his identity, until interviewed at the NMSP Albuquerque office. While at my patrol unit, I told Mr. Olguin to sit down next to the tire so he could warm up next to the engine, and this would help prevent him from trying to flee into the busy interstate. Mr. Olguin began to verbally state he was not going to sit down. I gave Mr. Olguin several verbal commands to sit down, and he continued to state he was not going to comply. I grabbed his left arm and left side clothing, when I did this Mr. Olguin began to actively pull away from me. Due to the heavy traffic, and his ability to run into the roadway, I pulled Mr. Olguin toward me, which took him off balance, and he was placed on his buttocks next to the right front tire of my patrol unit. Once seated I asked if he needed any emergency services, and he said yes, and EMS was dispatched. Mr. Olguin was evaluated for any injuries and was subsequently released by EMS for booking and incarceration. Mr. Olguin did not sustain any injuries from the force used to sit him down.

Incident Summary

On February 01, 2022, at approximately 18 53 hours, I was on patrol, stopped at a red traffic light on eastbound Menaul Boulevard at Carlisle Boulevard. I was in the City of Albuquerque, County of Bernalillo, State of New Mexico.

When the red traffic light on Menaul Boulevard at Carlisle Boulevard turned from red to green, eastbound traffic on Menaul began to proceed to travel eastbound through the intersection. As a Nissan 4 door, who was traveling eastbound in the inside lane started to enter the intersection, a black Lexus 4 door proceeded to make a left turn from westbound Menaul Boulevard, disregarding the red turn traffic signal, striking the Nissan 4 door

The black Lexus 4 door proceeded to reverse eastbound in the intersection, picking up speed, then making a turn to position his vehicle towards eastbound Menaul Boulevard, attempting to flee the scene As I observed the vehicle attempting to flee the scene, I conducted a pursuit intervention technique in attempts to stop the vehicle from fleeing while it was in motion. The pursuit intervention technique was successful in stopping the vehicle, disabling the vehicle from fleeing.

Incident Summary

I was sent to a call in reference to a suspect making verbal threats to his probation officer over the phone and stating that he refuses to go back to jail.

When making contact with Probation Officer Chris Balkcom, he advised they confirmed Jaramillo was at the residence of 1011 Spruce Court in Los Lunas. Officer Balkcom advised Jaramillo has violent tendencies, known for fleeing law enforcement, and had a warrant for receiving and transferring firearms, aggravated burglary, and aggravated assault with a deadly weapon. Officer Balkcom requested, New Mexico State Police Officer Wilson Silver and New Mexico State Police Officer Chris Romero, and myself to stage at Carson and Spruce.

When we approached the front of the residence, I immediately heard an officer from the back of the residence advise he was on foot. I then got into my unit to search for Jaramillo and was able to locate him on Los Lentos running towards Mountain View Lane towards a residential.

While in my unit Jaramillo attempted to jump a brick wall. When I got out of my unit, I immediately gave verbal commands to place his hands above his head while he was on the sidewalk. Jaramillo did not comply with my verbal commands and started walking on the sidewalk behind my unit. When I approached him, I gave verbal commands again to get on the ground to be detained. Jaramillo started walking backwards and refusing verbal commands. At this time, I successfully deployed my taser, making impact to his left arm and the left side of his abdomen.

A probation officer on scene was attempting to restrain Jaramillo on the ground and he continued to resist. Officer Romero then assisted with restraining Jaramillo.

Incident Summary

On February 17, 2022 at 2240 hrs Officer Lujan initiated a vehicle pursuit on Interstate 25 southbound ABLE7 was overhead and took over tracking the suspect vehicle as Officer Lujan disengaged his emergency equipment. The vehicle exited at the Sunport and stopped at a red light. Sgt Wright then attempted to PIT the vehicle at the stop sign. The PIT failed and the driver counted traveling the wrong direction on Sunport Blvd and University Blvd. The vehicle came to a stop when it crashed off the roadway. A foot pursuit ensued and two males were arrested.

No damage to any patrol units.

Incident Summary

On September 16, 2022, I New Mexico State Police Officer Marcos Cordero was on duty in full uniform (Class A's), displaying my badge of office in a marked New Mexico State Police unit # 765, within the County of Cibola, State of New Mexico. New Mexico State Police Central Communications Center (Cencomm) put an attempt to locate a brown in color/tan Dodge Caravan with possible Arizona License Plate "CGB3556" that was swerving all over the roadway and almost rear ended a semi-truck. Cencomm advised the vehicle was last seen on Interstate 40 (I40) west near mile post 114. I made my way towards I40 from Grants exit 85 east to locate this vehicle. Cencomm kept updating with this vehicle's location.

The van matching the description passed me at approximately mile post 93 I turned around to follow van and observed its driving behavior. It was driving at a slow speed on the passing a lane and also crossed the center lane two times. I engaged my emergency equipment and made a traffic stop on the vehicle. Vehicle entered the Sky City Express Travel Center and stopped there i conducted a driver side approach on the vehicle and made contact with the driver identified as Jaycee Lee Charley. I could smell alcohol beverage coming from the vehicle. Mr. Charley appeared to have slow reactions and was slurring his speech. I also observed Mr. Charley having difficulties obtaining his insurance and registration.

I asked Mr Charley to step out of the vehicle and asked him how much he had consumed Mr Charley stated he had 4 beers about an hour ago. I asked Mr. Charley to submit to standardized field sobriety test and

verbally refused. I told Mr. Charley several times to turn if not I was going to make him turn around. I grabbed Mr. Charley, right wrist and tricep and he began to tense up, pushing my hand away. I was able to put a handcuff on his left wrist and Mr. Charley was still tensing up and was pushing me off with his other hand. I used the handcuff that was on him to get pain compliance but was not successful. I pinned Mr. Charley against the hood of my patrol car, and kept telling him multiple times to give me his other hand, but he kept on resisting. I made the decision to take down Mr. Charley to the floor. Mr. Charley landed face first on the asphalt. At this time Deputy Porter from Cibola County Sheriff's Office arrived on scene and assisted me to handcuff Mr Charley

Mr. Charley sustained a laceration above his left eye and his left wrist was swollen. Mr. Charley was checked by Lieutenant Edward Nieto, Richard Arkie, and Jocelyn Garcia of Pueblo of Acoma EMS #3217.

Incident Summary

On July 26, 2022, at approximately 16:08 hours, I assisted with the vehicle pursuit and use of force of a fleeing violent felon. I positioned my patrol unit in the intersection of Pinon and Bloomfield HWY (Murray Dr.) facing in a west direction. My emergency equipment was engaged. I observed a black fleeing vehicle approaching my location, traveling westbound on Murray Dr at a high rate of speed. The vehicle failed to stop for my emergency equipment and proceeded to turn southbound onto NM371 then turned westbound onto N36. I did not observe other officers directly behind the fleeing vehicle. I initially took lead pursuit vehicle behind the fleeing vehicle. Once on N36 I reached a top speed of 121mph to catch up to the fleeing vehicle and kept an average speed of 107mph pursuing the vehicle. The vehicle attempted to turn north onto N365 HWY. I attempted stop the vehicle by ramming it but I was unsuccessful, and the suspect continued westbound onto N36. At approximately the 16-mile marker, I was able to attempt a PIT maneuver successfully stopping the vehicle. PIT attempt was conducted at a speed of 40mph the roadway was straight, clear, with no traffic. My patrol unit sustained slight damage to the PIT bumper and front left corner of the unit.

Incident Summary

At approximately 1450 hours., I was given information by NMSP District 5 dispatch a subject by the name of Josh Hall had taken a black prisoner transport van from a McKinley County Sherriff Deputy. Dispatch stated the Deputy was having a medical episode, and Mr. Hall left him at the Route 66 Casino. They also said there were two other inmates inside of the transport van

At approximately 1544 hours, I gained visual contact of the black van. I activated my emergency equipment and initiated a pursuit The suspect drove west on Interstate 40

NMSP Officer Joe Najara was stationed on Interstate 40 just west of the 131 exit. Once the suspect turned from Canoncito School Road to merge onto Interstate 40 westbound, Officer Najara became the primary pursuing officer as I became secondary where I took over for communications through NMSP D-5 Dispatch.

The pursuit continued westbound for approximately 27 miles reaching speeds up to 105 MPH. It appeared a Pursuit Intervention Technique (PIT) had been conducted on HWY 124. I exited my patrol unit and received information from Cibola County Sheriff's Office all three suspects had been arrested and accounted for

Incident Summary

On September 10, 2022, at approximately 10 00 pm, I Officer Anderson Ration of the New Mexico State Police was on duty, in full duty uniform, clearly displaying my badge of office. I was self dispatched to 300 San Pedro Albuquerque, NM in reference to a disorderly male subject inside Tingley Coliseum near the front of the concert stage This incident occurred in the County of Bernalillo

I was assigned to the west side concert stage when a New State Police Officer, located on the stage, noticed a large gathering in the middle of the crowd near the front of the stage. I made my way into the crowd and saw a male wearing a straw cowboy hat disrupting other bystanders in the concert bumping and shoving into them I observed the male subject being verbally aggressive by pointing and shouting at the bystanders I made contact with the male to escort him out of the Coliseum. I started to escort the male subject and identified myself when he started to resist.

The male continued to resist while being escorted out I had to do an armbar takedown to gain control

After executing the armbar takedown method, the male still was not complying with any verbal directive to stop resisting. I drew out my duty-issued Axon Taser and dry-stunned the male a total of three times in the middle of his back to regain control. After the male was dry-stunned I was able to put him into handcuffs without further incident He was then escorted out of Tingley Coliseum and transported to the New Mexico State Police State Fair Station (Station A).

The male was later identified as Jimmy Caldwell and he was taken to Lovelace Hospital to be medically cleared for incarceration. Following the medical clearance, Mr. Caldwell was booked into Metropolitan Detention Center. If any further information becomes available, it will be documented in a supplemental report

Incident Summary

On August 18, 2022 at approximately 11 15 AM I, Officer Jonathan Torrez, was in my fully marked New Mexico State Police (NMSP) vehicle in uniform displaying my badge of office in San Miguel County. I was advised on August 11, 2022 that Mr. Jeremy Lucero from the San Juan, NM area had an active Felony warrant out of Fourth Judicial District Court in San Miguel County The felony warrant was for failure to turn himself in for Aggravated Assault on a Peace Officer X10, Resisting and Evading an Officer X2.

I was driving in the San Juan area and spoke to a Mr. Jesse Torrez at 21 Collins Drive. Mr. Torrez told me that Jeremy Lucero was down the hill at Mr. Junior Gonzales's residence (20 Collins Drive). I walked down to the residence and noticed Mr Lucero, (identified by personal encounters) was on the back of Mr Gonzales's trailer loading large moss rock. I let Mr. Lucero finish his work before I spoke to him on the north side of the trailer.

I asked Mr. Lucero if he knew why I was there, which he replied he wasn't going to go with me because he doesn't want to go to prison. Mr. Lucero than told Mr. Gonzales he needed to talk with him, which he did, then he began to walk towards the other side of the trailer (the south side). I advised Mr. Lucero that I did not want any problems with him and that I have to do my job. I began to go to the south side of the trailer, as I began to approach Mr Lucero began to run north of our location Mr Lucero ran towards and behind an unoccupied residence (4 El Cajete Road) looking back towards me. I began to pursue Mr. Lucero, catching up to him after

passing through 4 El Cajete Rd. During the foot pursuit I told Mr. Lucero to stop. Mr. Lucero stopped and turned around on El Cajete Road which I told him to get down. Mr. Lucero told me he cannot go back to prison and that I should pull out my gun and shoot him. I told Mr. Lucero that I wanted him to just comply peacefully multiple times. Mr. Lucero continuedly backed up towards my patrol vehicle (located at 21 Collins Drive) and was yelling he was not going to comply

Mr. Lucero lit his cigarette and began to walk south up the hill on El Cagete Road to 21 Collins Drive. Mr. Lucero was walking backwards up the hill yelling in an aggressive manner lowering his body "IM NOT GOING TO PRISON". I told Mr. Lucero to stop and let me do my job, which I have to do. I told Mr. Lucero he can finish his cigarette and then I can do what I need to do. I tried to peacefully have Mr. Lucero comply with demands. Mr. Lucero walked backwards, in front of my vehicle towards a truck in the front of 21 Collins Drive and began to go behind it. Mr. Lucero ducked behind the other side of the truck and began to run again north across Collins Drive back toward El Cagete Rd Mr Lucero yelled "IM NOT GOING TO PRISON" while still running.

I pursued Mr Lucero, and I pulled my issued taser X2 out of the holster and yelled "taser, taser, Taser" Mr Lucero began to turn towards me as he was running appearing to stop and turn towards me. Due to Mr. Lucero's felony warrant charges, evasive, and aggressive behavior I initiated the taser striking Mr. Lucero in the back area. Mr. Lucero was standing for the initial contact of the taser deployment and began to lower his body at the knees, rolling on and to his back on the ground.

I ran toward Mr. Lucero trying to gain control. I tried to turn Mr. Lucero over, which he resisted. I was able to get gain control of his left hand, putting my handcuff on it. I told him to give me his other hand, which he resisted I was able to handcuff his other hand in front of his person I assisted Mr Lucero to his feet and placed him in the back of my unit with his hands placed in front of his person. I asked Mr. Lucero if he needed any medical attention which he told me "no"

I read Mr. Lucero his "Miranda Warning Advisory" from the card I carry, which he said he understood.

NMSP Officer Ralph Marquez arrived on scene, and we placed Mr. Lucero in the front of my unit to place his hands behind him for handcuffing. I searched Mr. Lucero before placing him behind my vehicle.

I noticed one prong from the taser on his right-side shoulder blade area of his back. I pulled the taser prong off his body and placed Mr. Lucero in the back of my unit.

I transported Mr. Lucero to the Alta Vista Regional Hospital where he was medically cleared by personal.

I transported Mr. Lucero to the Las Vegas State Police office while I finished paperwork. Mr. Lucero had access to water, bathroom, and telephone.

I transported Mr. Lucero to the San Miguel County Detention Center where he was booked with no further incident.

Incident Summary

On July 31, 2022, I was conducting a DWI investigation on Roxanne Duran at the intersection of Interstate 25 and Tramway Boulevard. During the investigation, Ms. Duran began to walk away. I attempted to grab Ms. Duran's left and right arm in attempts to conduct a leverage maneuver and takedown while she kept walking in order to bring both her arms behind her back to place her hands into handcuffs. Immediately Ms. Duran began to tense up and pull away, starting to resist. I used pain compliance on her left arm to encourage her to comply with the arrest process. After she was cuffed, she continued to push backwards into me at one point falling onto the ground.

Incident Summary

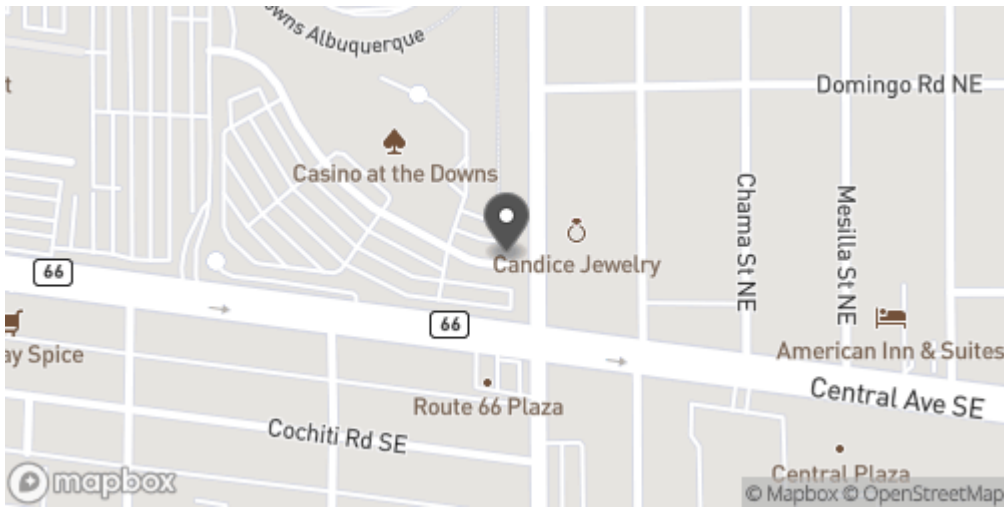

On June 4th, 2022 at 1853, Officers were dispatched to a stabbing at the Casino at the Downs. Upon arrival, Officers located a male with non life threatening wounds consistent with being stabbed. He provided a description of 2 male suspects. Sergeant Smith located those 2 males near the KFC across the street. Upon making contact, 1 male walked away. The primary suspect refused to show hands and comply with a terry pat. A show of force was attempted with a taser but was ineffective. Suspect moved from verbally resistive to verbally aggressive, threatening to throw Sergeant Smith against a wall. He was grabbed in a wrist lock and physically resisted being taken into custody. An armbar takedown was used and suspect was effectively taken into custody. Suspected weapon located on his person.

All Watchguard video saved under case number NMSPR2205470.

Incident Summary

On June 05, 2022, at approximately 00 18 hours, I assisted Officer Ramon Roybal with a motor vehicle pursuit. During the pursuit, the vehicle rammed my patrol vehicle head on, continuing to actively flee. The vehicle later crashed in a ditch bank, with the driver fleeing on foot. I immediately pursued the driver on foot. As I attempted to gain control of the males hands, I felt the male tense up, and conducted a leverage takedown. The male was taken into custody.

Incident Summary

On Monday, May 30, 2022, I heard over the Sandoval County radio channel that a unit was requesting back up. The vehicle fled from him and parked at a residence on State Road 126 near U.S. Hwy 550 and impacted a four-wheeler. I am familiar with this area and the residence of that residence, so I turned around and drove to the deputy's location. The location was house number 9 on State Road 126, county of Sandoval, state of New Mexico.

I stayed back and monitored the surrounding area to keep the deputy and occupants of the vehicle safe. As I was doing so, a male subject by the name of Brannon Sturdevant was yelling saying we could not be on this property, and they (meaning occupants of the vehicle) did nothing wrong. I told him to stay back and not to approach the vehicle due to it being an active police investigation. In my history with this subject, he has been known to run his mouth, but not violent. He backed off, and had choice words to say about me.

As the deputy conducted his business, I continued to monitor the area. The deputy had the two occupants of the vehicle do Standardized Field Sobriety tests. The first one was in the driver's seat, and she said she switched seats with her daughter once they were at the residence, and the daughter was actually driving.

Brannon continued to run his mouth and say we cannot arrest anyone and wanted us off the property and so forth. One the female was in the patrol vehicle, I noticed Brannon walk other subject walk towards it and try to speak to the arrestee, and I told him to go back to the front of the residence or he could leave. Brannon was also yelling at Geno who was a male subject across the street. They were starting to get very agitated. Brannon said he would hit Geno with a stick as Geno did to Levern (another occupant of the vehicle).

Brannon also made a lot of threats towards Geno; however, Geno did not say much, and did not come over to file a report or ask for one. Furthermore, I had my hands full with what was going on.

This continued for some time, and Brannon seemed to get more and more agitated. I also noticed he was drinking clear liquid which appeared to be an alcoholic beverage

I gave Brannon several warnings that if he came to the vehicle or the deputy's vehicle, he would be arrested for interfering with a police investigation (obstructing an officer)

Deputy Reyes arrived on scene to help secure the perimeter. A short time later, Deputy Ortega took the female whom he arrested to the office to do paperwork. Deputy Reyes and myself stayed and waited for a tow truck to come and remove the vehicle from the property, since this property was not Vicorio's nor Leverns, nor where either of them the registered owner

A while later, as I was waiting for the tow truck, Brannon appeared to be even more agitated. Came outside, opened the small chain link fence gate. He had done this several times in the past, and did not go close to either vehicle, so I was hopeful he would just walk away. He did not, instead he decided to pick up a 2x4, walked to the white vehicle. I was afraid he was going to damage the vehicle; however, he said no one is taking this vehicle off the property.

Since the vehicle was still in police custody and we were responsible for any damages to it, and the vehicle was still part of a police investigation, I walked towards Brannon and told him to turn around. I had my taser out since he had a 2x4 in his hand and he was agitated. He stood up, advanced towards me and dropped the 2x4. I then put the taser away without deploying it and told him to put his hands behind his back he was under arrest. I grabbed his hands and put them behind his back. Since there were a lot of people around and the area was still hostile, I escorted him to my patrol vehicle for cover.

As I was escorting him, he pulled away a few times. I lost grip of one of his arms, and he pulled away in a manner to create distance and to face me. This was a sign of aggression, and I took it as such. I was concerned he was going to swing and cause physical harm to me, so I utilized use of force in the form of an arm bar take down. This technique was useful, and I did not have to use any other use of force. Once Brannon was on the ground, I put my knee in the middle of his back to prevent him from rolling and hurting me.

Once he was on the ground, Deputy Reyes came over and helped secure an arm. I handcuffed the subject with his hands behind his back while monitoring the area for additional threats. I then searched him incident to arrest, and located a clear bottle of Vodka, an alcoholic beverage in the back pant pocket of the subject. I also located a broken syringe and needles in the front right pants pocket of the subject, along with other random items.

He was then assisted to his feet, escorted to the right rear seat of my patrol vehicle and seat belted in for his safety.

Incident Summary

On May 4, 2022, at approximately 10 12 pm, I Patrolman R Lujan III was assigned to a DWI Sobriety Checkpoint on northbound Pan American near Mountain. During the checkpoint, a blue in color Honda passenger vehicle failed to stop at the designated stop sign, which resulted in two (2) spike strips being deployed. The vehicle struck the spike strips and ultimately came to a stop beyond the stop sign. Once vehicle stopped, I approached the vehicle and met with the male driver of the vehicle. I requested the driver to exit the vehicle, which he did not initially comply with my requests. The driver then exited the vehicle and once outside, I began placing the driver in handcuffs. The driver began resisting by attempting to pull away from me. With the assistance of other officers on scene, the driver was then placed in the prone position and was taken into custody at approximately 10 15 pm. The driver was ultimately transported to the hospital for an unrelated medical condition and upon being medically cleared, he was booked into the county jail of multiple charges related to this incident.

Incident Summary

At approximately 7:31 PM, I saw the male who was identified as the aggressor in the earlier altercation walking back towards the Midway on the State Fair Grounds. I attempted to catch up to the male as he was walking, while catching up to the male he did make stretching gestures with his arms, stretching his neck side to side. In my training and experience this indicated he was preparing for a physical altercation.

To prevent him from confronting the other male I tugged on his left arm to get his attention and have him turn around towards me. I explained to him that I had already asked him to leave the fair grounds. The male which was later identified by his New Mexico Drivers License as Mr. Fabian Hernandez stated he was looking for his girlfriend. I explained to Mr. Hernandez that he will be escorted off the fair grounds due to him instigating a fight. I grabbed Mr. Hernandez by his right arm, placing him in an escorting position by holding his bicep with my left hand and his wrist with my right hand. Officer David Herrera with New Mexico State Police also grabbed his left arm and placed him in an escort position.

Mr. Hernandez was compliant at first and was walking on his own. Mr. Hernandez then began to refuse to walk and was told to keep walking multiple times trying to de-escalate the situation. Mr. Hernandez then began tensing his body up while refusing to walk, he also began clinching his fist, attempted to pull away and turn towards me in an aggressive manner. For my safety and everyone else's safety, I performed a straight arm bar take down and placed Mr. Hernandez on the ground to secure him in handcuffs. Mr. Hernandez was rolled over on to his stomach. He had his right arm tucked under him and was told twice to place his arm behind his back to which he refused.

Officer Herrera and I grabbed his right arm and placed it behind his back without further resistance. Officer Herrera placed handcuffs on his right wrist and attempted to place the other handcuff on his left wrist but could not do so due to the handcuff being double locked. I grabbed my handcuffs and linked the two handcuffs together to place him in handcuffs safely. The handcuffs were double locked and checked for fit. Mr Hernandez was immediately assisted to a sitting position and then assisted to his feet

Mr. Hernandez was placed in an escort position to be escorted to Station A for completion of his trespass warning. He began tensing his body up again and stated, "was I causing anything fuck nigga" I told Mr Hernandez to relax multiple times. Mr. Hernandez continued to tense his body up in an attempt to resist being escorted to Station A.

Incident Summary

On September 10, 2022, I, New Mexico State Police Officer David Savage, was working security for the Dwight Yoakum concert during the New Mexico State Fair.

Officer Lawrence Sanchez and I were assigned to the stage detail personally assigned to Dwight Yoakum for the duration of the concert. During the assignment, at approximately 2215 hours, I observed a male wearing all black approaching the stage in an aggressive manner from a few rows back in the pit area. The male was shoving his way through the crowd and stepping on individuals to gain elevation to the stage. I noticed the male place one hand on the stage and use his back foot to push off the public to climb closer to the main performer, Dwight Yoakum.

From my perspective I was unsure of the male's intentions until he made it to the stage top, I made the decision to grab the male's right shoulder and left arm/ torso, simultaneously, and pushed the male to the ground using my body weight to apprehend the subject. During the incident I used an Arm Bar to gain leverage on the male for apprehension. Officer Sanchez approached at this time and gained access to the male's left arm as I grabbed his right. Officer Sanchez and I escorted the male to the back of the stage where he was placed into steel handcuffs, behind his back, that were checked for tightness. The male was handed off to NMSP Officer Bencomo for detention and escorted back to Station A (State fair, State Police Office).

Due to the immediate action taken my watch guard lapel camera was not activated and did not capture any of the event. My intention was to apprehend the subject and have him off the stage as quickly as possible as the concert was still going on at this time.

I returned to my post until the completion of the event and escorted Dwight Yoakum back to his tour bus for departure. No further incidents occurred.

Synopsis:

By Sgt. Lucero

On Saturday September 10, 2022, Officer Savage and Officer Sanchez attended a briefing regarding Dwight Yoakum security detail for the duration of the Concert. Both officers were assigned to personally guard Dwight Yoakum at his bus, on stage and escort him back to his bus at the conclusion of the concert. A male subject made his way onto the stage and was apprehended and removed from the concert.

Incident:

At approximately 2214 hours a male subject from the crowd in the pit area made his way through the crowd and on to the stage in attempt to contact Dwight Yoakum. Officer Savage witnessed the individual making his way through the crowd and onto the stage. Officer Savage was able to grab the subject and conducted an impact takedown before he contacted Dwight Yoakum. Officer Sanchez shortly after made his way to assist Officer Savage. Within 10-15 seconds the subject was secured and removed from the stage without further incident.

Review:

Lieutenant Figueroa was provided a video by an attendee of the concert. I reviewed the video due to the use of force used to apprehend the subject. Officer Savage grabbed control of the subject by placing his right arm across the upper chest to the subjects left shoulder. He used his left hand to grab the subjects left arm/torso area as he was taken down to the floor. The subject attempts to break the hold briefly but is held down. Officer Sanchez took control of the subjects left arm and Officer Savage took control of the right arm. Once control was taken, they removed the subject and was escorted out by Officer Bencomo and relayed to other officers assigned outside, to be relayed to the onsite State Police office.

Video IDS:

Event ID: 00:00:00:01:eb:a8-25257653

Findings:

After reviewing the video provided, I observed no issues or violations of policy. The subject was stopped from possibly assaulting performer Dwight Yoakum. There was no excessive use of force used while securing the subject. Once he was secured, he was placed into handcuffs and removed from the arena without further incident. No injuries were sustained to either officer or subject involved in the incident.

Recommendations:

No Recommendations for this incident. The incident was handled in a picture-perfect manner, the Officers did a great job with their assignment and handled it in a quick professional manner.

Incident Summary

On September 9, 2022, at about 2332 hours, Officer Julian Garcia responded to a call at The Downs Casino, reference two intoxicated subjects males who were fighting and getting in a cab. The call came from The Downs security. There was a pistol that came loose and landed on the ground when the males were fighting.

When Officer Garcia and Sergeant Verdugo arrived on scene, they saw two males in the back of the cab. Both males were asked to get out of the cab, one of the males, Calvin Rael did comply while the other male later identified as Joshua Salaz would not obey the officers orders when asked to step out of the vehicle Sgt Verdugo also asked Mr. Salaz to step out of the vehicle. Mr. Salaz again would not comply saying he was being harassed by the officers.

After being asked repeatedly, Sergeant Verdugo grabbed Mr. Salaz right wrist and began pulling as Officer Garcia grabbed Mr Salaz left wrist with his left arm and pulled, then with his right hand, grabbed Mr Salaz left elbow pulling Mr. Salaz left arm across the body and performing a modified vehicle extraction to remove Mr. Salaz from the vehicle. Sgt. Verdugo assisted by grabbing Mr. Salaz right wrist pulling him from the vehicle and placing Mr Salaz on the pavement where Mr Salaz continued to tense up and resist After being handcuffed, Mr. Salaz was transported to Station A for processing. Mr. Salaz stated he needed medical attention and was taken to Lovelace Hospital where he was medically cleared.

Mr. Salaz was then transported by Officer Garcia to Metropolitan Detention Center for booking.

Incident Summary

On Tuesday August 11, 2022, at approximately 09:50 (AM), I, Agent Villanueva with the New Mexico State Police (NMSP) Fugitive Apprehension Unit (FAU), went to 604 W. 1st Street in Deming, New Mexico to attempt to locate Gabriel Gonzales, who had a valid warrant for his arrest issued .

Once Agents/ Investigators arrived on scene, I observed a male who matched the description of Mr. Gonzales. Agent Baca-Ray and I arrived on scene first. I exited my vehicle, announced State Police, and told the male to walk out of the yard towards me The male walked towards me with his hands raised in the air in an aggressive manner. I could see the property was scattered with numerous car parts, yard tools, automotive tools, and household items that could be used a weapon. I explained once again that I was Marcos with State Police. I asked the male if his name was Gabriel and he acknowledged that it was. I explained to the male that he had a warrant for his arrest. The male asked, "for who?" I could see that the male had two pocketknives clipped on his pocket pants The male was medium build, appeared to be in good physical shape and strong.

Once the male asked, "for who?", he immediately looked away from Agent Baca Ray and I and started running towards the residence. At that time, because the male acknowledged his name was Gabriel, he had similar physical characteristics as Gabriel, knew that we were with State Police, he had a valid warrant, had two pocketknives, and was running towards a residence with unknown weapons, I decided to chase the male to apprehend him. The male was actively resisting and was armed with two knives and an unknown object in his hand The male ran approximately twenty feet before running directly into a clothesline piece of rope that was stretched across the property at approximately five feet high. The male ran into the rope, it hit his face,

causing his momentum to be stopped and pushed back into me.

Once the male pushed into me, I tried to avoid the upper body contact and fell to the ground. The male was still moving his feet trying to get away from me. While I was on the ground, I grabbed the male's feet as they were moving away from me and pulled them together. As I was grabbing the male's feet, Agent Baca Ray got upper body control of the male and we all fell to the ground. Once we were on the ground, the male was on his stomach with Agent Baca-Ray having his right arm, Investigator Scarborough having his left arm, and I had his two feet. I placed the male in handcuffs immediately without incident. Once the male was placed into handcuffs, he stated "I'm not even resisting anymore!" The area the male attempted to run was soft dirt and there were no objects on the ground near where he was taken into custody.

The male was identified as Conrad Abel Villegas not Mr. Gonzales. Mr. Villegas said he acknowledged he was Abel not Gabriel.

Please refer to complete offense/incident report for complete and detailed information on this case. This summary does NOT include all important information.

Incident Summary

On Thursday, September 1st, 2022, at approximately 10:25 pm, I was off duty at my residence when I received a phone call from my neighbor (Andrew Sanchez). Andrew stated there was an unknown male driving a U-Haul pulling a trailer in his yard. Andrew stated the male seemed intoxicated and was attempting to turn around in his yard. While doing so, Andrew stated he was tearing up his yard. I then went outside to shine my flashlight in Andrew's yard which is to the north of my residence. I did this with the intent of observing what was going on. As I got to my fence, I could hear a revving of an engine. I then heard yelling which sounded like an argument. I heard a male's voice yelling "stop" multiple times. I then called dispatch and Officer Bustos and advised them of the situation. As the yelling intensified, I walked over to Andrew's residence.

As I got to his residence, I observed a U-Haul box truck with a trailer attached to it which appeared to be jackknifed. I observed Andrew talking to a male outside of the driver seat of the U-Haul. As I walked over, Andrew was telling the male "What are you doing in my yard?" and "You are tearing up my yard." As I walked up to Andrew and the male, I had recognized the male (Stanley Martinez) from previous incidents while on duty. Andrew then handed me the keys to the U-Haul. I then identified myself as a New Mexico State Police Officer and asked the male what was going on. The male did not answer me and kept arguing with Andrew about knowing his parents. As Stanley spoke, I detected a strong odor of alcohol coming from his person. I repeatedly tried to calm down Stanley, but he was not calming down due to his level of intoxication. I told Stanley that officers were coming, and he was going to wait for them. Stanley started to yell obscenities towards me and would not calm down. As I was standing near the trailer connected to the U-Haul, Stanley approached me in an aggressive manner and got within inches of my face yelling obscenities. I then extended my arm out and got him away from my face and told him to back up. Stanley continued to yell and

stated, "push me mother fucker, push me". Stanley then picked up a rock and threw it at the U-Haul truck which was in the vicinity where I was standing. I then approached him cautiously because I did not want him to pick up another rock. At this point, I did not use force and continued to approach him to remain in close proximity to ensure he did not pick up another rock. I continued to try to calm him down and buy time for the officers to arrive Stanley then walked around the trailer where Andrew was standing Stanley then started to argue with Andrew and picked up another rock. Andrew turned his head for a brief second and I observed Stanley throw a rock towards Andrew and I heard the rock contact Andrew's head. I observed Andrew crouch down and grab his head As the situation escalated and rapidly evolved, I had to make the quick decision to stop Stanley. I quickly made the decision to run towards Stanley and push him to the ground to ensure he did not throw more rocks and injure more people. As Stanley fell to the ground, I placed my knee on his lower back and got one arm behind his back. Andrew then came and assisted me with holding Stanley down to ensure he did not get any more rocks. I then told Stanley to calm down and he finally started to calm down. I then allowed Stanley to roll over on his back to ensure he could breathe Shortly after officers arrived on scene and detained Stanley.

Incident Summary

While patrolling on El Paseo Road I observed a female acting disorderly at the Sunoco Gas Station located at 1260 El Paseo Road. I observed her hitting the service window and trying to open the front door which appeared to be locked. I turned around into the gas station and attempted to speak with the female. As I entered the gas station, I activated my emergency lights and the female started to walk away towards the back of the store but quickly turned around and began to walk aggressively towards me yelling she wanted to kill herself. As she closed distance it seemed like the female was going to place her hands on me. As she placed her hands on me, I told her to stop, to try and de-escalate the situation, and pushed her back to create distance between us. She continued to aggressively walk towards me, and I immediately moved out of the way and grabbed her arm and used an intermediate use of force by placing her in an arm bar control hold and placing her against the front of my unit to attempt to restrain her. She kept pulling her arms away from me and was being evasive as I placed one handcuff on. I continued to advise her to stop to continue trying to de-escalate the situation. She was able to slip her hand out of the handcuff and I restrained both her hands again behind her back and readjusted the hand cuffs to place them on her. I kept her pinned against the front my unit with my leg. I was able to put both hand cuffs on her and tried to communicate with her to try and de-escalate the situation. I recognized the female from a prior call the night before. She was identified to be Jessica Brice and had a license out of Texas. She continued to act disorderly by screaming at myself and the other officers who arrived on scene to assist me. I was able to sit her on the ground and have EMS come on scene to see if she still wanted medical attention. She refused to be checked out by EMS.

on scene. While she was seated on the floor, she was spitting on me and the other officers on scene. She continued to spit at us repeatedly after I told her to stop. Another officer on scene provided a spit mask and we placed it over her head to prevent her from spitting on us.

Incident Summary

On Wednesday, August 10, 2022, I, New Mexico State Police (NMSP) Officer Fernando Gonzalez, was working on a multi-agency saturation patrol operation in Las Cruces. At about 1858 hours, I was traveling north on South Espina Street near Farney Lane when I observed a group of females fighting at the Ya Smoke Shop parking lot at 1940 S Espina Street. I visually observed five females actively fighting with each other.

I exited my patrol vehicle, proceeded in the direction of the females, and attempted to separate them from assaulting and battering each other. I gave verbal commands to the group of females to stop fighting, and no one complied. Instead, they continued to ignore commands and fight by punching, kicking, and pulling each other's hair. As I began separating the group of females from fighting, Anastasia continued to actively resist by ignoring all commands. She continued to be assaultive by going around me to batter the other female I was still trying to separate. I used the amount of force necessary at the time to regain control of the situation. I extended my right arm and pushed Anastasia back from her chest to have her gain distance since she had already shown signs of aggressiveness. Anastasia displayed the intent and ability to keep assaulting and battering the other females. Anastasia fell backward and landed on her back.

Later, Anastasia was handcuffed and placed in investigative detention as she continued to show signs of aggressiveness, was loud and kept using profanity. Anastasia stated she did not feel well and started vomiting. EMS arrived on the scene, and Anastasia refused medical treatment.

Anastasia and all other four females were released and issued non-traffic citations for Public Affray.

Incident Summary

IBCS Agents attempted to serve a search warrant at 127 general Arnold St SE Albuquerque NM. One the occupants from the residence, Edgar Montes, failed to obey commands and fled on foot. I was able to locate him just north of the complex. I continued to give him commands, however he slowly continued to stagger away with his hands up I could not clear his waistband Based on the totality of circumstances, I was able to push him to the ground to which I believe was "de minimis force" used and is allowed by policy. Mr. Montes was arrested without further incident. No injuries were sustained.

For full details refer to my WatchGuard Event ID: 00:00:00:01:ec:80-3391725, in-addition to Agent Jerry Santana's report.

Incident Summary

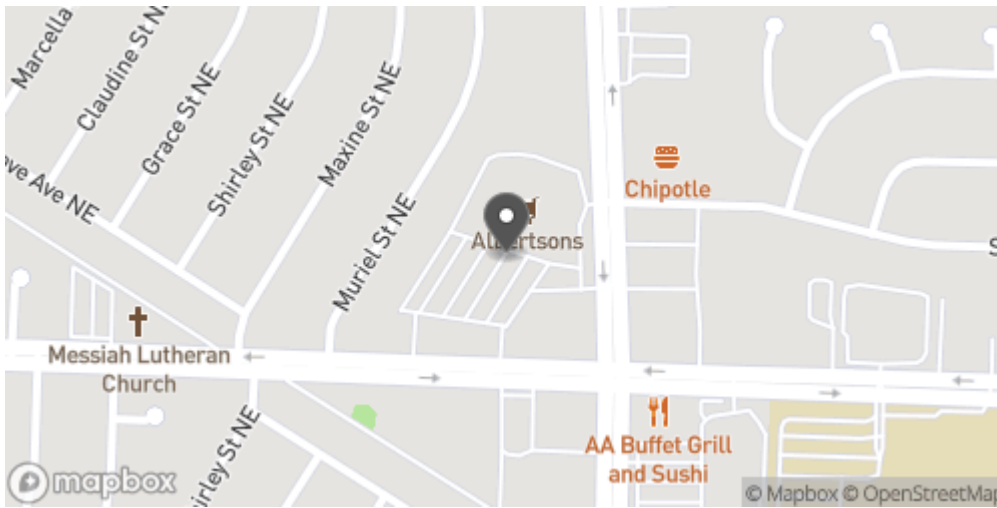

On September 6, 2022, while working an ATSU operation, a planned VBM and takedown of an occupied stolen truck was executed. The male driver refused to exit and placed the transmission in forward and reverse in an attempt to flee. I deployed a bean bag round to the driver side window, shattering the window and stopping the drivers actions. The driver was not struck by the round and was taken into custody. No injuries were reported.

Videos of the incident can be located in Watchguard under case# 2-21-3-0321

Incident Summary

On August 28, 2022, at approximately 0929 while on patrol I was dispatched to Interstate 25 mile post 323 in reference to a reckless driver. Reporting party advised a silver Van was tailgating her, stopping abruptly in the middle of the interstate and almost ran her off the roadway.

I was able to locate the silver van going northbound at approximately 40 mph on the passing lane. I was unable to turn around to make contact with the van because of the cable barrier. Officer Johnathan Torres advised over the radio he located the van near mile post 355 traveling at 99 mph. Officer Torres initiated a pursuit with the van.

I was able to catch up to the pursuit near mile post 397. I took over communications as the secondary unit. I updated dispatch as the pursuit progressed. The pursuit went from Interstate 25 to Highway 56 eastbound. Dispatch advised over the radio that they had communication with the driver, and he refused to stop. The driver advised he has items in the vehicle and he would throw them at officers. During the pursuit the driver would abruptly stop and try to turn around in the middle of the roadway. Driver of the suspect vehicle was going onto on coming traffic lane and swerving last second before hitting vehicles head on. One of the times the driver stopped in the middle of both lanes I made vehicle to vehicle contact with front of my vehicle on the backend of the suspect vehicle. Contact was made with the suspect vehicle in attempt to contain it from fleeing further. Officer Torres was unable to contain the vehicle on the front end and the vehicle fled eastbound again.

The suspect vehicle was traveling eastbound in the westbound lane when the driver stopped and turned

around and headed westbound swerving between both west and east bound lanes. Officer Torres was able to execute a successful P.I.T. Maneuver.

Suspect was later identified as Harrison Mcneely. Suspect was charged with several counts of Aggravated assault, aggravated fleeing, reckless driving, speeding

Incident Summary

On August 25, 2022, at approximately 7:30 p.m., I, New Mexico State Police (NMSP), Auto Theft Suppression Unit (ATSU) Jerry Santana (Albuquerque) was on duty, in my official capacity. I was in my assigned NMSP Unit.

Agents located a stolen pickup truck and attempted a high-risk felony stop. Upon attempting stop vehicle began to ram State Police Units as it attempted to flee. A male, later identified as Mr. Joseph Furst attempted to flee on foot after he exited the stolen vehicle

As Joseph began to flee, I took aim at Joseph's upper right buttocks area and fired one 40mm projectile. I missed Joseph with the 40mm foam projectile and he continued to flee from Agents. Upon firing the one 40mm foam projectile Joseph left my field of view.

Joseph was taken into custody by other Agents after a foot pursuit.

Refer to attached report for full details of my use of force

Incident Summary

Incident Date 08/23/2022

Officers Involved: Officer Juan Parra-Medina & Officer Louie Martinez

Cad#NMSP22162268

Report #NMSPR2208276

Suspect Name DOB: Naima Mota DOB: [REDACTED]/2006

Supervisor who was notified: Sergeant Ricardo Breceda

On Tuesday, August 23, 2022, I, Officer Juan Parra-Medina, was on duty in full uniform, displaying my badge of office 421 I was further in operation of a NMSP unit 368, in the County of San Miguel, Village of Pecos, State of New Mexico.

I was advised by New Mexico State Police dispatch about a domestic in progress at 4 Bobbys park in the Village of Pecos. Upon arrival at approximately 5:00 PM, as I approached the house, I overheard someone screaming and observed Ms. Mota step out of the residence, stating, "I can't, I can't." Next, I heard yelling and screaming from inside Ms. Mota's home and immediately entered the house. I observed two females, later identified as (Naima Mota [REDACTED]/2006) & (Benjamina Quintana DOB: [REDACTED]/2003).

Ms. Naima was standing in an aggressive posture with her arms flared to the sides and yelling at Ms.

Quintana. Ms. Quintana was trying to leave the house, but Ms. Naima was blocking the doorway, preventing Ms. Quintana from leaving. I then advised Ms. Naima to back off to which she stated, "don't fucking touch me." I had to pull Ms. Naima away from Ms. Quintana so that I could prevent a physical altercation between both and to allow Ms. Quintana to leave the residence. Ms. Quintana ran down the stairs to get away from Ms Naima

Ms. Naima began screaming, pulling away, and kicking, stating that she wanted me to let her go. In attempting to handcuff Ms Naima, she threw herself down on the ground and struck my legs with her feet aggressively. I held Ms. Naima's wrists and placed my knee on her stomach to prevent her from moving or going after Ms. Quintana. As I assisted Ms. Naima in standing up, she began yelling, "let me fucking go," and pulling her arms away. At this point I had to pin Ms. Naima up against the wall using my elbow and bodyweight to prevent her from moving and pulling away. I was able to get a hold of both her wrists. During that time Ms Naima continuously attempted to pull away I immediately had Officer Martinez handcuff her with her hands in front. While Officer Martinez attempted to handcuff Ms. Naima, she kept pulling her arms away and yelling, "let me go."

Juvenile Probation Services worker (Jose Marquez) was notified and he suggested that Ms. Naima needed a mental evaluation. Myself and Officer Martinez transported Ms. Naima with both parents consent to the Christus Saint Vincent's Hospital for a mental evaluation. Upon arrival at the hospital, Ms. Naima was crying and refusing to exit the backseat of Officer Martinez's patrol unit. However, she eventually exited the backseat of the patrol unit with her hands handcuffed to the front. She walked towards the back entrance of the hospital, where she was then placed in a room for behavioral health patients. Throughout the time Ms. Naima was at the hospital, she continuously yelled, kicked the room door, and refused to give medical samples when requested by the nurse

Physiatrist Counselor Robert Dune made contact with Ms. Naima, and Mr. Dune stated that Ms. Naima had an ongoing behavioral problem, not a psychiatric one. As a result Mr. Dune said that there were no mental health hospitals to refer Ms. Naima to and he suggested that the issue be forwarded to JPO so they could handle it in house

Incident Summary

At approximately 03:12 hours on August 13, 2022, I Officer G. Gifford attempted to affect an arrest on a male subject, who had been Identified as Robert James Sparks, using his Arizona driver's license. It was confirmed that Mr. Sparks did have a valid warrant for his arrest for unpaid fines on a citation he received on 03/29/2015 Upon trying to take Mr Sparks into custody he verbally and physically resisted me, by shouting profanity, telling me he was going to kick my ass and that I would have to shoot him before he went to jail. I advised Mr. Sparks it did not need to come to that, and I advised him to turn around so I could place him in handcuffs Mr Sparks told me no and he began walking away from me I attempted to grab his left wrist and he pulled away from me and turned around and faced me again, while continuing to yell at me and telling me it was going to be a fight before he went to jail. I then approached Mr. Sparks again and attempted to grab his left wrist. While attempting to secure his left wrist he slapped my lapel camera off my chest during the struggle, that is when I was able to escort Mr. Sparks to the ground after taking my left arm and wrapping it around his upper body, grabbing his left shoulder while turning my body to the right I used my weight and his momentum to take him to the ground face down. I continued giving him verbal commands to put his hands behind his back. At this time, I was able to handcuff Mr. Sparks behind his back without any further incident. Mr Sparks did sustain two minor lacerations to his left arm, just above his left elbow These injuries were bleeding and Mr. Sparks was treated on scene by both EMS and at the Dann C. Trigg hospital in Tucumcari, New Mexico while awaiting a medical clearance for him to be jailed at the Quay County Detention Center.

In the process of arresting Mr. Sparks for his valid New Mexico misdemeanor warrant. He told me he was not going to jail, I verbally commanded Mr Sparks to place his hands behind his back a total of 14 times Mr

Sparks verbally told me we were going to fight, or he was going to kick my ass a total of 3 times, and he verbally told me to pull my gun out because I was going to need it a total of 4 times.
