## Incident Summary

On July 26, 2022, at approximately 6:00 p.m., I, New Mexico State Police (NMSP), Auto Theft Suppression Unit (ATSU) Agents located a suspected stolen Hyundai Elantra at the Maverick Gas Station, 650 Juan Tabo Blvd NE, Albuquerque, NM. The vehicle was driven by a male who was later identified as Joel Ramirez, and a female passenger, later identified as Ms Jasmine Dabbs

Agents attempted to contact the vehicle but Joel immediately attempted to flee by reversing back and ramming into Agent's vehicles. Joel and Jasmine refused to exit the vehicle and Agents used less lethal tools to place them into custody. The vehicle was confirmed stolen and Joel and Jasmine had felony warrants for their arrest.

Refer to attached reports for full details.

## Incident Summary

On Wednesday, August 10, 2022, I was assisting with a vehicle pursuit on a suspect in a aggravated assault with a deadly weapon on a police officer. I used vehicle to vehicle contact to contain the suspect vehicle after a PIT maneuver was executed by Officer Yazzie. The driver of the vehicle fled on foot and was taken into custody after a short foot pursuit. A leverage takedown and wrist manipulations were used to gain compliance from the suspect.

## Incident Summary

On Wednesday, August 10, 2022, I assisted in a vehicular pursuit on a suspect in an aggravated assault with a deadly weapon on a police officer. While pursuing the vehicle, I contacted a curb. I used a Pursuit Intervention Technique (PIT) on an unnamed private drive. After initiating the PIT, I contacted a barbed wire fence

## Incident Summary

On Wednesday, August 10, 2022, I was assigned to work at an approved DWI sobriety checkpoint, located at County Road 6100 at the 7 mile marker, Prior to the checkpoint a briefing was conducted with participating NMSP personnel. During the check point, I observed a silver in color Chevrolet Impala drive through the checkpoint I noticed the vehicle was bearing an Arizona license plate As the vehicle drove east on the county road, I observed that the same vehicle passed another vehicle in a no passing zone. At that time Sgt. Schake directed other New Mexico State Police officer's working the check point to attempt to stop the vehicle Monitoring the police radio, the vehicle did not stop and led New Mexico State Police Officer's on a vehicular pursuit.

At that time Sgt. Schake advised me to attempt to get ahead of the pursuit in attempts to apprehend the occupants of the vehicle. At that time, I entered my marked New Mexico State Police unit and drove towards Shiprock, NM Upon my arrival in Shiprock, I observed the same vehicle that fled the checkpoint driving north on US Highway 491. The vehicle made a "u-turn" and immediately drove south on US Highway 491, when it observed my location. At approximately the 22 mile marker on US HWY 491 I caught up to the vehicle and successfully initiated a pit maneuver Two subjects were in the vehicle, a male in the right front passenger seat gave himself up immediately.

The female driver exited the vehicle and began running east on US HWY 491. The female was carrying a small handbag/purse. Officer N. Oliver and I caught up to her and attempted to take her into custody. The female resisted arrest and attempted to get into her purse several times Arm controlling techniques were

applied and she was handcuffed behind her back. I used as much force I thought was necessary to pull her arms behind her back. After she was handcuffed, she was searched and placed in my police unit.

## Incident Summary

On August 28, 2022 at approximately 09 22 AM I, Officer Jonathan Torrez, was in the San Miguel County in my fully marked patrol vehicle displaying my badge of office. New Mexico State Police (NMSP) dispatch called out a reckless driver on Interstate 25 passing milepost 323 northbound. NMSP dispatch advised that the reporting party was experiencing a road rage driver in a silver in color van with California license plates partial license plate "91B" that was driving fast, tailgating, making abrupt stops, and almost ran the reporting party off the roadway. The reporting party also advised the incident had been going on for 10-15 minutes and the driver of the van was "flipping" reporting party off.

I located the silver in color van with California license plate in the front of the vehicle on Interstate 25 near milepost 355 northbound traveling at 99 miles per hour. I attempted to initiate a traffic stop on the 2022 Chrysler van. The driver, later identified as Mr. Harrison Mcneely, began speed up and wave his hands. Mr. Mcneely began to hit his brakes and swerve to the left and right lanes of travel Mr Mcneely was making threats of killing officers and throwing stuff out the window to the NMSP dispatch. Mr. Mcneely was waving his left hand out the driver side window with what appeared to be a phone. Mr. Mcneely would stop his vehicle in the I-25 northbound lanes of travel then swerve left and right, and onto the shoulder of roadway, causing me to move out the way and hit my brakes to avoid contact. Mr. Mcneely was traveling up to vehicles close behind at high speeds and would pull to the left or right of them causing them to move out of the way. Mr.

Mcneely traveled to I-25 northbound milepost 412 in the left lane, swerved to the right lane, then over onto the Springer exit.

Mr. Mcneely proceeded into the town of Springer on Maxwell Avenue where he was exceeding 90 miles per hour. Vehicles were moving out of the way due to Mr. Mcneely's aggressive driving behavior. Mr. Mcneely turned right on US 56 and proceeded with high speeds and aggressive driving eastbound. Mr. Mcneely was swerving onto oncoming traffic and stopping abruptly on lanes of travel. Traffic was light but when traffic was present Mr. Mcneely would pass in no passing zones at 100 miles per hour if not more. Due to Mr. Mcneely's driving behavior, Mr. Mcneely was a danger to the public and officers who come in contact with him.

Mr. Mcneely did attempt to turn around in the westbound lanes of travel. NMSP Officer Conrad Mares attempted to block him in to stop his actions by pinning Mr. Mcneely's left rear side of his vehicle with his front left side of his police vehicle. Mr. Mcneely proceeded eastbound with aggressive driving behaviors by purposely traveling into oncoming traffic and right before contact he would move out of the way. Other vehicles would move to the shoulder or slow down so they would not hit Mr. Mcneely's vehicle.

On US 56 near milepost 36 eastbound Mr. Mcneely was traveling at 108 miles per hour and made an immediate stop. I could not stop in time and Mr. Mcneely began to turn to the right at my unit and I was passing by. I turned to the right lane of travel causing Officer Mares' vehicle to collide into mine due to avoid Mr. Mcneely's vehicle to hit me. Mr. Mcneely turned to the right and began to travel west on US 56.

Mr. Mcneely began to swerve left and right in both lanes of travel aggressively towards a pickup truck and trailer. Due to Mr. Mcneely's dangerous driving behavior and unpredictable actions throughout the pursuit, I pursued Mr. Mcneely and performed a pursuit intervention technique (PIT) maneuver to stop his actions from hitting the pickup truck and trailer at 68 miles per hour with my front left bumper area on his right-side rear tire area. Mr. Mcneely's vehicle turned to the right and went in front of my vehicle then on the north side of the roadway. Mr. Mcneely's vehicle rolled and laid to rest on its driver side. Mr. Mcneely exited the vehicle from the front passenger side with his hands up and Officer Mares gave his commands to get on the ground. Officer Mares placed handcuffs on Mr. Mcneely behind his back and placed him in his patrol vehicle.

### Incident Summary

The foot pursuit entered 5 Brazaro where Abelardo attempted to jump a fence into the back yard. At this point, Officer Guzzardo deployed his taser striking Abelardo and causing him to fall. Officer Guzzardo kept giving commands to place his hands behind his back which were ignored. Officer Guzzardo used the taser, baton, and elbow strikes attempting to gain control of Abelardo.

As a result of Abelardo not obeying commands, Officer Guzzardo deployed both cartridges from his taser. Throughout the incident, Abelardo managed to take the prongs off. Officer Guzzardo now could not use the taser and pulled out his baton. Officer Guzzardo kept giving Abelardo commands to put his hands behind his back. The commands were ignored. Officer Guzzardo used his baton and delivered a few strikes at Abelardo. During this time, Abelardo was able to catch the baton and disarmed Officer Guzzardo. Abelardo stood up with baton in hand and walked towards Officer Guzzardo.

Officer Guzzardo resorted to drawing his duty weapon and pointed at Abelardo. Abelardo stopped advancing and tried fleeing. Officer Guzzardo circled around him and stopped his fleeing. At this point Abelardo was asking Officer Guzzardo if he was going to shoot him. Officer Guzzardo kept giving Abelardo commands to get on the ground and to put his hands behind his back. Officer Guzzardo also told Abelardo he did not want to shoot him. Officer Guzzardo holstered his duty weapon and delivered kicks at Abelardo which made him fall to the ground. Dazed, Officer Guzzardo was able to retrieve his baton.

Abelardo eventually got back up. Abelardo made his way to 16 Brazaro, which was his residence. Officer Guzzardo was able to tackle Abelardo to the ground before he had a chance of entering the residence. Officer Guzzardo got on his back and wrestled with Abelardo until he was able to get one cuff on Abelardo's left hand. Abelardo clenched his right hand and resisted from giving it to Officer Guzzardo. Abelardo's family members were watching and recording the struggle

Eventually a Sheriff Deputy arrived and helped Officer Guzzardo in placing Abelardo in handcuffs. After Abelardo was in handcuffs, he was sat up and then escorted to a patrol unit. A search of Abelardo revealed a baggie with suspected meth in Abelardo's right front pocket

Abelardo was transported to the NMSP station in Los Lunas.

Abelardo received minor injuries to his facial area. He refused medical on scene but was transported for a med clearance. Officer Guzzardo had minor scrapes to his hands which were cleaned by EMS

Policy violations noted:

1 Officer Guzzardo was not wearing his cover outside of his vehicle. At the time, Officer Guzzardo was in a volatile situation and his cover was the least of his worries. Officer Guzzardo will be verbally counseled on this violation of policy.

ADM:24 Uniform, Grooming and Equipment

Cap Regulation cap will be made of the same material as the trousers. The regulation cap has eight (8) points. The regulation "Droop" visor is 1 7/8 inches wide. The cap (shield, band, braid, visor, and material) shall be kept clean at all times. The cap will be worn at all times, no exceptions, while in uniform outside of buildings and cars, straight on the head, with the visor two (2) finger width above the bridge of the nose. The summer or winter style cap may be worn year round.

I did not note any other policy violations. Officer Guzzardo did the best he could with all his tools on his belt at the time. The suspect was bigger than Officer Guzzardo and most of the de-escalation tactics did not work. Officer Guzzardo stayed in the fight for several minutes until backup arrived.

I recommend no further discipline needed.

## Incident Summary

On August 15, 2022, at approximately 19:50 hours, I used my vehicle to contain a fleeing suspect who was reported to be intoxicated and fleeing from a domestic violence scene and was traveling towards Tuscany Way in Farmington NM. The fleeing vehicle entered Tuscany Way from off road and traveled westbound. I was traveling eastbound on Tuscany Way. The vehicle drove by me after I had initiated my emergency equipment. Once the vehicle stopped fully, Ofc. Cloyd used his unit to contain the vehicle from moving forward and I utilized the passenger side front panel of my vehicle to contain the driver's side door. Once stopped, the driver was not compliant with verbal commands to exit the vehicle. Through the open window the driver's left arm was grabbed and a slight tug was given to the arm. Recognizing that the driver was not able to be removed, my unit was moved and the driver was helped to the ground as he fell out of the door as it opened. The driver fell under his own weight, no force was used to bring him to that location. No further force was used in the incident. The driver was arrested with no injuries reported.

### Incident Summary

On August 15, 2022, at approximately 19:50 hours, I used my vehicle to contain a fleeing suspect who was reported to be intoxicated and fleeing from a domestic violence scene and was traveling towards Tuscany Way in Farmington NM. The fleeing vehicle entered Tuscany Way from off road and traveled westbound. I was traveling eastbound on Tuscany Way. The vehicle attempted to steer off the roadway and braked coming to a full stop. Once the vehicle stopped fully I positioned my patrol unit to the front of the fleeing vehicle and used my push bumper to prevent the suspect from driving forward any farther. I exited my patrol unit and proceeded to conduct a felony stop. The suspect was not complying with out verbal commands to exit the vehicle through the driver side window or crawl out of the passenger side. Ofc. Avery and I approached the driver window. Ofc. Avery took positive control of the suspects left wrist. I reached in through the driver side window and took positive control of the suspects right wrist. The suspect still would not exit out of through the driver window. I took control of both of the suspects arms, so the driver door could be opened. While I had control of both arms of the suspect, I placed the right arm into the bend of the left arm and bent the left up at the elbow using the B pillar and the left arm as leverage. The driver door was opened, and the suspect was removed from the vehicle without further incident and taken into custody by Farmington PD.

## Incident Summary

On September 15th, 2022 I was contacted to assist a US Marshall with the felony warrant service of Kirk Castor. When we attempted the warrant service the suspect threatened to commit suicide by cutting his throat. Officers tried to talk the subject out then sounds came from inside his trailer that indicated the suspect was cutting his throat I entered the residence to try and intervene and prevent the subject from committing suicide. The subject was holding a knife to his throat and making cutting motions. I could see blood on his throat indicating he was cutting his throat. I gave verbal commands for the suspect to drop the knife but he failed to comply I determined the best course of action I had to intervene was to deploy my Tazer. I made announcements and successfully deployed the Tazer successfully stopping the action. The suspect was taken into custody without further incident.

## Incident Summary

On January 7, 2020, at approximately 0830, I was patrolling the Meadow Lake area of Valencia County, NM.

I was patrolling near Meadow Lake Rd. when I heard on the radio, a Valencia County Deputy requesting assistance due to a suspect running away from him. The initial encounter was due to a stolen vehicle.

The deputy gave a description of a dark hoodie and hispanic thin male and direction of travel was north by 47 Carmel.

I traveled to Carmel Rd and a civilian told me the suspect was behind Carmel.

I drove to Bonita Vista Rd. and observed a matching individual running from the hot zone.

I took off running after the individual and told him to stop. The individual refused to stop and kept running. I realized the suspect was inside a property that did not belong to him (I know the owners of the property we were in). I shot the suspect with my taser and was able to incapacitate him.

At this time I placed the suspect in handcuffs and under arrest.

After running the suspect's information (Jose Nevarez-Olivas AKA Psycho) I found he had several violent felonies warrants under his name.

Mr. Nevarez was transported to Lovelace hospital for a medical clearance and then booked in Valencia County Detention Center.

## Incident Summary

On Wednesday, August 10, 2022, I, was assisting NMSP Officer Fernando Gonzalez with a Public Affray at 1940 South Espina in Las Cruces, NM.

As I arrived on scene, there was multiple females actively fighting. I approached two females who were still fighting on the ground and due to multiple others in near proximity circling around the fight, I proceeded to use a leverage technique by grabbing one of the females by her left wrist and left arm. As I pulled her away, I could still feel moderate resistance from her. I proceeded to place my right hand on her left shoulder and applied a slight amount of pressure. This technique was effective as she stopped tensing up after the leverage technique. I then helped her stand up and create distance from the other party they were fighting.

This female was later identified as Isabel Hernandez.

Hernandez and all other females were released and issued non-traffic citations for Public Affray by officer Gonzalez.

## Incident Summary

On Wednesday, October 12, 2022, at approximately 0153 hours I, New Mexico State Police Sergeant William Radasa attempted to conduct a traffic stop on a vehicle near the intersection of Carlisle Blvd and Menaul Blvd in the City of Albuquerque, County of Bernalillo, within the State of New Mexico. Prior to the initiating the traffic stop on vehicle I observed the vehicle fail to maintain its traffic lane (Roadways laned for traffic) and driving in between lanes # 1 and # 2 of the roadway. Vehicle further made an improper turn while turning onto Menaul Blvd east from Carlisle Blvd south. Through my training and experience with the traffic violations I observed prior to attempting to catching up to the vehicle and conducting a traffic stop on said vehicle were indicators of impaired driving. I attempted to conduct a traffic stop on vehicle activating my emergency equipment fully engaging my lights and sirens. Vehicle failed to yield and didn't stop. I disengaged my emergency equipment and followed fleeing vehicle from afar until additional units arrived to assist with fleeing vehicle.

Fleeing vehicle was reengaged at Wyoming and Lomas Blvd by NMSP Sergeant Breceda who engaging his emergency equipment (lights and sirens) and attempted to stop the vehicle once again. The vehicle failed to yield and/or stop to and continued to flee in attempt to elude law enforcement

Sergeant Breceda conducted a vehicle pursuit intervention technique (P.I.T) in attempt to bring the vehicle to a stop. The vehicle was pitted twice and the second P.I.T was successful.

Sergeant Breceda conducted a felony stop on the vehicle's occupants The driver and two occupants within the vehicle surrender without further incident.

### Incident Summary

On Thursday, October 6, 2022, I performed a traffic stop near Delores Drive and Fortuna Road on a silver 2004 Mitsubishi SUV for no license plate. I spoke with the driver and told him the reason for the stop. The male driver identified as Isaac Mathew Cowan did not want to provide a license, insurance, or registration when asked Mr Cowan said he did not have to I tried to talk him into giving me the paperwork but he refused. I asked him out of the vehicle and he refused. I placed stop sticks under the vehicle and called for backup as well as a sergeant. NMSP Sergeant Sharron Duran arrived and attempted to speak with Mr. Cowan Mr Cowan did not comply with her commands to exit the vehicle and give his proper paperwork Sergeant S. Duran told Officer Miles Salmons and me to extract Mr. Cowan and he tried to pull away from us. I attempted to gain better control of Mr. Cowan's left wrist but I was unable to.

I noticed Mr. Cowan was moving his right arm near the steering wheel of the vehicle. in fear he would place the vehicle in drive I tried to shut the vehicle off from the passenger side but the door was closed (During this time NMSP Sergeant Sharron Duran displayed her taser in a show of force) I tried to reach over the steering column but I was unable to reach it. I grabbed and gained control of his right wrist while NMSP Officer M. Salmons had control of his left arm Mr Cowan refused to exit the vehicle and was actively resisting pulling away towards the inside of the vehicle. I tried to perform a gooseneck technique on his right wrist but he was straightening his wrist out. I then squeezed and rotated Mr. Cowan's wrist clockwise for pain compliance to extract Mr. Cowan from the vehicle. After I noticed Mr. Cowan was compliant and he began to exit the vehicle I stopped squeezing and rotating his wrist. Officer M. Salmons and I assisted Mr. Cowan to the roadway onto his stomach I pinched Mr Cowan's right arm between my thighs and placed a slight amount of pressure with my knees on his right shoulder and right ribcage side of his body.

After carefully bringing Mr. Cowan to his stomach we began placing handcuffs on him. Officer Salmons placed a set of handcuffs on his left wrist and I placed a set on his right wrist. The two handcuffs were joined and secured. NMSP Officer Emmanuel Rodriguez assisted Officer Salmons and me with standing Mr. Cowan up to his feet Mr Cowan was escorted to the right rear seat of my patrol vehicle and later transferred to one set of handcuffs. The handcuffs were properly spaced and double-locked. Through a tow inventory of the vehicle, a firearm was located between the center console and the driver's seat. Mr. Cowan was later cleared by Lovelace hospital and booked into MDC photographs were taken of Mr Cowan

Severity of the crime: Misdemeanor

Immediacy of the threat: Mr. Cowan was still behind the wheel of the vehicle and able to place the vehicle in drive or reverse.

Actively resisting arrest Yes, When given commands to exit the vehicle Mr Cowan pulled away from the officers and me.

Attempting to evade arrest by flight: No.

### Incident Summary

On July 14, 2022 I was dispatched to assist Officer Roman on a DWI Arrest. Upon my arrival at about 1050 hours, I arrived on scene. Officer Roman arrested Bernadette Valentine. Officer Roman asked me to escort Ms. Valentine to the restroom inside the Allsup's store. Ms. Valentine was escorted to the restroom, then unhandcuffed and allowed to use the restroom. Once completed Ms. Valentine washed her hands then tried to push me out of the way to flee. Officer Largo was outside the restroom door, opened the door and attempted to restrain Ms. Valentine grabbing her left arm. I attempted to restrain her right arm. Ms. Valentine at this point bite Officer Largo's right arm ripping into his uniform. Ms. Valentine then struck me on the right arm and attempted to try to choke me using her right arm. Officer Largo at this point advised to let her go to gain control. Ms. Valentine ran to the rear side of the store attempting to escape. Officer Roman entered the store and assisted Officer Largo by grabbing her right arm and Officer Largo grabbed her left arm. Both Officers and I escorted her out of the room and placed handcuffs to her backside. Ms. Valentine was escorted outside the store and placed in Officer Roman's unit. Ms. Valentine continued to kick the backseat of the unit. Ms. Valentine was then transported to Rehoboth McKinley Christian Hospital for medical clearance. Myself and Officer Largo left the scene to attend other duties. Once medical clearance for booking purposes was cleared from RMCH, Ms. Valentine attempted to flee from Officer Roman's custody, while she was still in handcuffs. Officer Roman attempted to restrain Ms. Valentine until she fell backwards to the ground. Officer Roman held Ms. Valentine until Officer Hall and Officer Sena arrived on scene. At about 1430 hours, Officer Largo and I arrived back at RMCH. Officer Sena and Officer Hall escorted Ms. Valentine for reevaluation. Once cleared medically for booking services, Officer Hall and Officer Sena took Ms. Valentine to McKinley Adult Detention Center for booking.

## Incident Summary

On Thursday April 28, 2022, I assisted in the arrest of Mr. Paysinger. I grabbed Mr. Paysinger's right arm as a Cibola County Deputy took him down to the ground. I assisted in rolling over Mr. Paysinger onto his stomach after he landed. I then assisted in retrieving Mr. Paysinger's left arm from under his stomach in order for Officer Palmer to handcuff him. During the placement of Mr. Paysinger in a unit, he resisted. Officer Palmer and the Deputy were escorting him away from the unit. I assisted in grabbing Mr. Paysinger's lower part of his legs outside the units so the Deputy and Officer Palmer could put him on the ground safely. I assisted in holding down his legs with my hands to further restrain his legs while leg shackles were placed.

On November 10, 2022 I documented Officer L. Palmers PIT UOF in this incident. CEJ

## Incident Summary

On October 28, 2022 at 0845, Officer Ortega was dispatched to Sequoyah Adolescent Treatment Center reference a juvenile who was actively battering staff members. He was reported as being very violent, having already hurt several staff members, and was currently being physically restrained. Sergeant Vandiver Sainz, Officer Ortega and I arrived at 0856 We were escorted to a secure room where the Juvenile who was later identified as Ruben Leyba-Baca was sitting being monitored by staff. We were advised Mr. Leyba had previously assaulted State Police Officers, and had threatened to attack us if we arrived to detain him. Upon making entry, Mr Leyba was detained with handcuffs Leverage was used on his arms to secure them behind his back as he tucked them into his chest.

No injuries were reported as a part of this arrest procedure. No damage occurred as a part of this arrest procedure.

All watchguard videos are saved under case number NMSPR2210727

### Incident Summary

On Tuesday, October 18, 2022, at approximately 1807 hours I assign to the 3rd gear operation in Albuquerque. At this time i overheard NMSP Sgt. Kevin Keiner report a male and female subjects going though a vehicle behind the Giant gas station.

NMSP Officer Romero and I, walked back around the gas station and Observed the male in question walking away from the gas station. We advised the subject to stop as he began to run across the street. The subject then started to back peddle as he got into the Burger King parking lot. He faced us in a confrontational manner. As we approached him, I observed a security guard come from behind the subject and take him down The subject later identified as Mr Jones, resisted us while we attempted to place him into handcuff Mr. Jones was then placed into handcuff without incident and was searched incident to arrest.

While trying to place Mr Jones into handcuff, I received a minor laceration to my middle finger on my left hand. Mr. Jones received a laceration to his left forearm. Mr. Jones left earring was torn off while trying to place him into handcuffs as well. While placing Mr. Jones in Officer Cordero's unit, we struggled to place him inside the unit. Mr. Jones was placed into custody according to policy and the least amount of force was used to place Mr. Jones in custody.

## Incident Summary

On Tuesday, November 1, 2022, at approximately 10:52 a.m. hours, I Officer Elizabeth Ogaz-Carreon of the New Mexico State Police (NMSP), was on duty, in full uniform, displaying badge of office (319). I was patrolling in my fully marked New Mexico State Police Unit (706). I was dispatched by NMSP communications to a check on Suspicious Vehicle that was parked at the Family Dollar in Hernandez, New Mexico (NM) This occurred in the County of Rio Arriba.

NMSP Communications advised the reporting person was a family dollar employee reporting there was a vehicle that had been parked at the family dollar for some time and she observed two people sleeping in the vehicle.

I arrived at the family dollar at approximately 11:01 a.m., where I observed a vehicle parked in the parking lot with what appeared to be a male in the passenger side and female in the driver side sleeping in the vehicle. I proceeded to announce myself using my in unit public announcement system. I then observed them waking up. I asked both individuals to step out of the vehicle, both individuals complied, and they both did. However, I did observe the female to be slightly hesitant, and appeared nervous prior to exiting the vehicle. I told both individuals the reason to why I was checking on them. I advised them someone was concerned due to them both being parked in the parking lot for some time and sleeping. The female advised they had not been there for long and denied being asleep although I did observe her to look like she was sleeping on the steering wheel upon making contact with her. I advised both individuals as soon as I identified them, I would leave. I then asked if they needed medical attention. Both refused medical attention. Both individuals appeared ok and did not present any medical concerns to me at that time. While I collected their information, I observed

the female to look very antsy. I asked if they had any weapons on their person for my safety to which both advised no. The male gave me a drivers license from the state of NM and the female advised she did not have her license, so she gave me her social security number.

I contacted NMSP communications via phone call to relay their information which they conducted an inquiry search for NMSP communications advised me that the male identified as a Sergio Barraza Olivas and that he had a valid driver's license, and that the female was a Michelle Armijo and currently had an active no bond warrant for her arrest from the Espanola Police Department. I gave the Michelle commands to come to me to talk about her warrant to which she refused and took off running on foot East bound, behind the family dollar I yelled foot pursuit, secured my unit, and proceeded to run after Michelle. I gave Michelle multiple commands to stop and to talk to me about it, to which she refused. I then observed Michelle trip as we were running on a unpaved and bumpy dirt area. I once again gave her commands to stop and talk to me to which she got up and attempted to run away from me once again. I then closed distance with Michelle and took control of Michelle's back then assisted her to the ground I used my body weight on her gain control and prevent her from fleeing once again. I cuffed Michelle with my double locked handcuffs and placed her under arrest without further incident.

During this time, I did not endure any injuries and neither that I observed on Michelle. I walked Michelle back to my unit to where I updated NMSP communications about the incident. NMSP communications advised me that they advised NMSP Sergeant Mier about the incident, as he was the supervisor on duty at this time.

## Incident Summary

I was dispatched to a trespass in progress at 21 county road 136B. This crime is frequent at this address as the homeowner's son likes to sneak into a trailer in the backyard to sleep. The homeowner does not allow her son to be there because he has active felony warrants. I arrived on scene and the homeowner shouted to me that her son Jesse Martinez was running through the backyard. I observed Jesse running out the back of the yard, so I ran after him. I announced myself and shouted orders for Jesse to stop running and to get on the ground, but Jesse continued to run. I caught Jesse and fell on top of his back. Jesse refused verbal commands to put his hands behind his back. Jesse actively resisted putting his hands behind his back. Jessie was pulling his hands away from me. At this time the Rio Arriba Sherriff arrived and was able to help me put Jessie into handcuffs. I grabbed Jessie's right arm and pulled it behind his back. The Rio Arriba Sherriff pulled Jessie's left arm behind his back. I was able to place Jessie in handcuffs at this time. Jessie was transported to Presbyterian Espanola Hospital and medically cleared for incarceration.

### Incident Summary

During the afternoon of October 20, 2022, I Officer David Gil of the New Mexico State Police (NMSP) was performing my regularly assigned duties. I was in full uniform, and I was clearly displaying my badge of office. I was driving a marked NMSP patrol vehicle when at approximately 2:35pm, NMSP Dispatch notified me of a domestic violence incident in progress at 2350 NM State Road 17, the Speedway Gas Station in the Village of Chama in Rio Arriba County.

NMSP Dispatch informed NMSP Officer D Garcia, and I the domestic incident involved a male individual who was threatening his girlfriend with a knife. Due to the circumstances NMSP Dispatch advised Officer Garcia and I of, we proceeded to the Speedway Gas Station with our emergency lights and sirens activated. NMSP Dispatch informed Officer Garcia and I the male, who NMSP Dispatch informed us was named Darrell was sitting across the street from the Speedway gas station at 2372 NM State Road 17, The Chama Welcome Center NMSP Dispatch also informed Officer Garcia and I the woman involved; Lorina was hiding in the restroom at the Speedway gas station.

Officer Garcia met with Rio Arriba Sherriff's Office (RASO) Deputy J Albo at The Chama Welcome Center. At the Welcome Center, Officer Garcia and Deputy Albo began to talk to Darrell, and I went to the Speedway gas station to speak with Lorina. I parked my patrol vehicle behind a grey in color Nissan Altima bearing Colorado registration palate AXMC74 (vehicle #1). I then proceeded to enter the Speedway gas station and an employee directed me to a storage room in the rear of the store where Lorina was hiding.

I saw two women in the storage room, one was a witness who was identified as Hadyn Kistel and the

victim who identified herself as Lorina Chavez. Hadyn Kistel also informed me she saw the suspect, Darrell who had a knife on his person in the Speedway gas station. Hadyn Kistel stated she saw Darrell cutting wires on vehicle #1.

Lorina Chavez agreed to speak with me outside the store. Lorina Chavez informed me her and Darrell had been dating since August. Lorina Chavez also stated Darrell was getting "spooked" for several days and was accusing her of cheating. Lorina Chavez stated her boyfriend Darrell sent her a text message asking if she could take him to the bust stop in Chama, NM. Lorina Chavez stated she agreed to take Darrell to the bus stop to get him away from her. Lorina Chavez then informed me as she was taking Darrell from their residence in Pagosa Springs, CO they began to argue while driving.

Lorina Chavez informed me during the argument she hit Darrell in the face two times before they reached the New Mexico border. Lorina Chavez then stated as they were near the New Mexico/Colorado border, Darrell began to make random remarks about manslaughter and murder and pulled out a black and tan in color knife and placed it on his lap. Lorena Chavez stated because of the knife and Darrell's comments she felt like "he was going to do something to me."

Lorina Chavez stated as they continued driving toward Espanola on US-64/84 Darrell with the knife still on his lap, he told her "Either you're going to take me to Espanola, or I am stealing your car." Lorina Chavez also stated Darrell told her "The thing is to get out and let me take the car because you have kids to live for." Lorina Chavez then stated she told Darrell she would take him to Espanola but told Darrell she had to put gas in vehicle #1 first. Lorina Chavez then informed me when she parked vehicle #1 at a gas pump at Speedway, she ran inside and began to tell people inside to call 911.

I then spoke with another witness who was identified as Trevin Kistel. Trevin Kistel stated he saw Darrell pulling and ripping the wiring harness under the hood of vehicle #1 and also stated he saw Darrell with a knife on his hip as he went in and out of Speedway. Trevin Kistel also stated he saw Darrell go into vehicle #1 and grab several duffel bags and walk to the Welcome Center. Trevin Kistel also provided me with a photo of Darrell under the hood of vehicle #1 as it was parked at the Speedway.

Deputy Albo informed me Darrell had thrown a knife from his waistband when he and Officer Garcia initially contacted Darrell. Deputy Albo gave me the knife to store in evidence.

I then proceeded to the parking lot of the Welcome Center where Officer Garcia and Deputy Albo were with Darrell. The Speedway gas station is approximately 290 feet across the street from the Welcome Center and visible from the Welcome Center. Officer Garcia and Deputy Albo also informed me Darrell refused to provide them with his full name and date of birth. Officer Garcia and Deputy Albo already had Darrell in handcuffs with Darrell's hands at the front of Darrell's person. Deputy Albo informed me Darrell was refusing to get into the rear seat of Officer Garcia's patrol vehicle. I also spoke with NMSP Officer J. Jones. Officer J. Jones informed me Darrell's last name was Williams and she was able to positively identify Darrell Williams through the Jicarilla Apache Nation Tribal Dispatch.

I then approached Darrell as he was leaning on the rear passenger's side of Officer Garcia's patrol

vehicle. I then asked Darrell if he wanted to speak with me. Darrell pretended he did not speak English and said some words in Spanish to me. I then informed Darrell Williams he was under arrest and saw him begin to walk away from me as I tried to escort him to the rear seat of Officer Garcia's patrol vehicle. I then grabbed Darrell Williams by the left arm. I then saw Darrell Williams tense up and attempt to pull his arm away from me while his hands were still handcuffed in the front of his person. Darrell Williams then proceeded to actively resist going into the rear seat of Officer Garcia's patrol vehicle by continuing to tense up and lowering himself to the ground.

I then gave Darrell Williams a verbal command to get into the patrol vehicle and pushed him toward the patrol vehicle. Darrell Williams continued to tense himself and move his arms away from Officer Garcia and I by continuing to get closer to the ground. At this point Darrell Williams was between the rear passenger's side seat and the open rear passenger's side door of the patrol vehicle. Officer Garcia and I continued to attempt to grab Darrell Williams and put him into the patrol vehicle. I continued to grab and give Darrell Williams several verbal commands in an attempt to get him into the patrol vehicle. Darrell Williams continued to resist our commands and attempts to get him into the patrol vehicle. Deputy Albo went into the rear seat of the patrol vehicle from the driver's side and assisted Officer Garcia and I. While leaning toward Darrell Williams from the rear seat of the patrol vehicle, Deputy Albo grabbed Darrell Williams by the left arm and pulled Darrell Williams into the patrol vehicle while Officer Garcia and I pushed Darrell Williams into the patrol vehicle from his legs.

During the struggle, I heard Darrell Williams say to me "I have a weapon on me. I want you guys to just shoot me already." I also saw Darrell Williams turn his head toward me and I heard him say to me "I got a fucking weapon homie. I'm going to fucking kill you homie".

After the struggle which lasted approximately one minute and 30 seconds, I noticed my department issued body worn camera had stopped recording as a result of the struggle. After a few moments in the rear seat of Officer Garcia's patrol vehicle, I saw and heard Darrell Williams kicking the passenger's side door of the patrol vehicle. I then reactivated my body worn camera and Deputy Albo, Officer Garcia, and I reopened the rear seat doors to the patrol vehicle and placed Darrell Williams into ankle shackles. The rear seat camera in Officer Garcia's patrol vehicle was activated throughout the struggle. Officer Garcia then transported Darrell Williams to the Rio Arriba County Detention Center.

Lorina Chavez then went to the NMSP Chama office to provide me with a written statement of the events which lead up to Darrell Williams's arrest. I also showed Lorina Chavez the knife which Deputy Albo recovered from Darrell Williams. Lorina Chavez confirmed the knife which I showed her was the knife Darrell Williams was threateningly holding in the vehicle #1. Lorina Chavez also informed me Darrell Williams broke the glove compartment in vehicle #1. I also did see where Darrell Williams cut the wiring harness in vehicle #1 and I saw where Darrell Williams cut a coolant hose on vehicle #1.

Officer Garcia then did an inventory of Darrell Williams's duffel bags and possessions and came across a small white in color rock like substance consistent with cotton infused with methamphetamine. The cotton infused methamphetamine is paraphernalia commonly used for ingestion. Officer Garcia conducted a field test on the substance and the white in color rock like substance tested positive for suspected

methamphetamine. The cotton infused methamphetamine was packaged and stored into evidence as well as the knife.

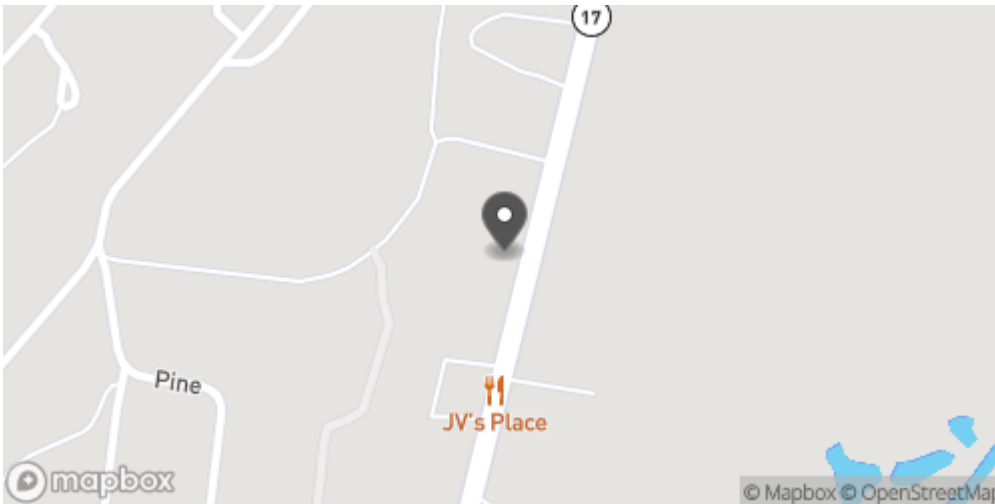

My involvement in this event is audio and visually recorded as per NMSP policy. Any further information will be added by myself or other officers in a supplemental report.

## Incident Summary

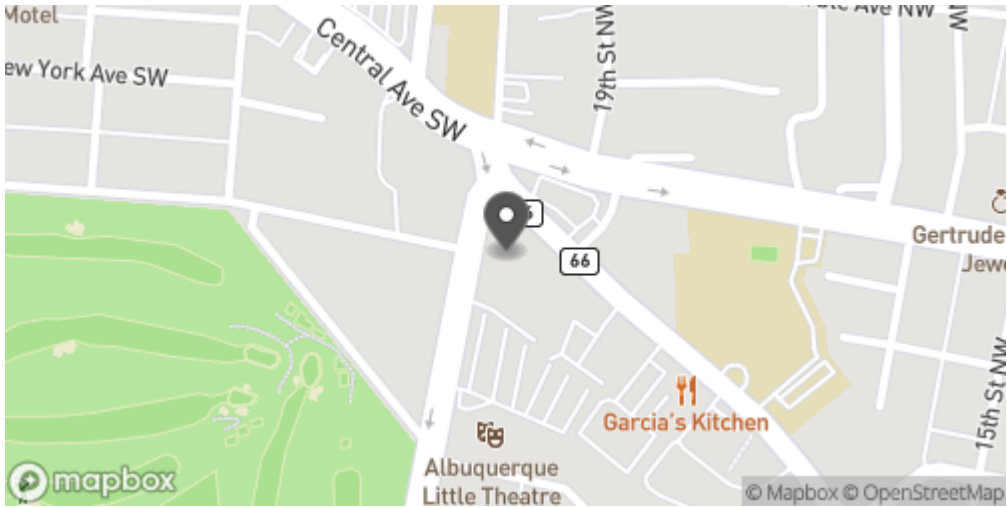

On July 2nd, 2022 at approximately 1119 hours, I was patrolling in Albuquerque near Indian School and Rio Grande. I observed a black and blue truck passing vehicles in a no passing zone and traveling at a very high rate of speed for the area. I turned around to initiate a traffic stop and I observed the truck making a turn onto Rio Grande on the wrong side of the roadway. The vehicle was driving recklessly without any regard for the safety of himself, the public or officers. I initiated a pursuit and was traveling at a speed so I was able to clear all the intersections to avoid a collision with another vehicle. The vehicle truck lost control and crashed at the intersection of Central and San Pasqual Avenue. A secondary vehicle was damaged at this time. I made vehicle to vehicle contact with the rear end of the truck to attempt containment.

The driver fled on foot, I chased the driver in my unit and he jumped a fence. I attempted to push the fence open with my unit at very low speeds in order to apprehend the driver on the other side. This was unsuccessful. After a short foot pursuit, I lost sight of the driver. The driver was eventually located and arrested on top of an apartment complex. Please refer to my report for further details.

### Incident Summary

On Thursday, August 26, 2022 I received a call out via text message from NMSP Tactical Team member Justin Cabrera stating that Los Lunas Police department was requesting our assistance at the address of 720 Juan P Sanchez Road in Los Lunas, NM for a barricaded subject. I was informed there was a vehicle pursuit that resulted in two suspects barricading inside this address. The male subject was identified as Mr Jason Ramirez who was accompanied by Ms. Candice Luna. Mr. Ramirez had outstanding warrants for aggravated assault upon a peace officer with a deadly weapon and was considered armed and dangerous. He also had a history of charges to include assault with intent to commit a violent felony on a peace officer, aggravated fleeing a law enforcement officer, evading or obstructing an officer. Ms. Luna had no outstanding warrants however I was informed by the investigators that were on scene that both Jason and Candace were suspected of an armed robbery at the bubble lounge in Bosque Farms, NM. She was also the driver of the stolen vehicle which they both used to flee from officers on this incident which led to our activation. The trailer that both suspects forced entry into also had several firearms and ammunition.

After several attempts to convince the suspects to peacefully surrender to include throw phone, PA announcements, chemical munitions, NFDDs all failed we developed a plan to make entry behind k9 Vector. Before we made entry into the main portion of the residence, I deployed K9 Vector to search underneath the trailer to locate the suspects. I sent PSD Vector from the one side of the residence. I had Vector on a long leash clipped to his harness during this search. K9 Vector located the male suspect deep inside the

crawlspace closer to the three side and began biting him, however Mr. Ramirez made a makeshift bite suit with a large thick blanket type of material. I looked underneath the trailer and observed Vector tugging on the blanket. K9 Vector also had the suspects foot inside that blanket that he was biting.

This is when Mr Ramirez started punching K9 Vector in the ribs I gave several commands to stop fighting the dog. K9 Vector then released the suspects foot and bit the suspects hand to stop him from punching him. I then gave Vector the command to release the suspect and come to me. When Vector came back to me the containment operators on the three side detained the suspect K9 Vector is trained to bite whatever part of the suspects body that is presented to him which is why he bit the blanket initially. He is also trained to release any item the suspect may put in between him and the dog to avoid being bit which is what this suspect did and the dog is supposed to then bite an extremity if it is available which Vector successfully completed. K9 Vector and I are certified in K9 patrol/apprehension deployments through both CNCA(California Narcotics Canine Association) and NPCA(National Police Canine Association) When I deployed my PSD I believed it to be the most reasonable and minimum amount of force, as the use of a PSD is a great tool to mitigate the necessity of a higher use of force, as they are effective at overwhelming the suspect

## Incident Summary

On August 26, 2022 at approximately 1544 hours, I was contacted by New Mexico State Police Tactical Team Leader, Justin Cabrera, requesting a full team activation to 712 Juan P Sanchez Road Los Lunas, New Mexico, referencing a stolen vehicle pursuit turned into a barricaded subjects. Subjects were identified as Jason Ramirez and Luna Candance Both subjects were known to be violent and dangerous

Upon my arrival on scene, I was briefed by the Captain of New Mexico State Police Special Operations about the situation I was advised Los Lunas Police Department had got into a vehicle pursuit with both subjects who were in possession of a stolen motor vehicle. The subjects came to a collision with a fence and exited the vehicle. After exiting the vehicle, with no regard to the safety of those around them, both subjects deliberately and forcefully made entry into a residence, which did not belong to them. The subjects made entry through the bottom skirting of the residence. While doing so, Los Lunas tried to stop their action by deploying chemical munitions and less than lethal force The less lethal and chemical munition did not deter the subjects from forcefully making entry into an unknown residence. After making entry, the owners of the residence ran out. Los Lunas Police Department set a perimeter and utilized their loudspeakers to make public announcements in hopes the subjects would peacefully exit the residence The subjects did not exit the residence and barricaded themselves within the residence. The owners of the residence advised Los Lunas Police Department that they had several firearms and ammunition inside their residence. Given the totality of circumstances, our entire Tactical team along with Bernalillo County Sheriff's Department SWAT team were activated.

I, along with a Bernalillo County K9 handler were assigned to the three side of the residence, which faced

west. We were transported to the three side by our department issued up-armored vehicle (ROOK) with an attached up-armored platform.

As the situation developed, more team members and up-armored vehicles were set on the three side for protection and cover. While on the three side, I observed the two subjects poke their heads out of a hole in the roof that was made by them. Subjects did not try to communicate with law enforcement and disregarded all directions given from the public announcements. Both subjects lowered their heads back down in the residence and were no longer seen. In order to establish an understanding of what actions we would take if the suspects exited the residence through the three side, we came up with a plan of action on what we would implement in order to arrest each subject. The BCSO K9 Handler expressed his plan of action on when he would utilize and deploy his K9. To supplement his plan of action, I ensured a second form of less than force would be ready to be utilized, which in this case I prepped a less lethal bean bag shotgun.

Continuous public announcements were made by New Mexico State Police Crisis Negotiation Team utilizing a loudspeaker, no response from either subjects were made. Due to the absence of communication from the subjects, a progression/plan of response was carried out in such order: Noise and Flash Diversionary Device deployment in the front and back yard of the residence, insertion of a throw phone, multiple phone calls to throw phone and phones inside the residence, insertion of a robot, and multiple chemical deployments inside the residence. After several hours of utilizing the assets above, no compliance or attempt to communicate with law enforcement was made by the subjects inside the residence. An entry plan was approved and executed. During the entry, the entry team utilized a K9 to search the skirting underneath the residence. While utilizing the K9, the entry team communicated the K9 was indicating the suspects were underneath the skirting on the three side. As I was grabbing the less than lethal bean bag shotgun, I heard over the radio contact was made with the female on the three side. Directions were given from Law Enforcement Personnel to the female suspect. The female suspect exited the skirting and did not attempt to comply with any directions and tried to escape on foot. Due to the totality of circumstances, we carried out our plan of utilizing the less lethal bean bag shotgun and K9. I deployed/fired 2 less lethal beanbag round as the female subject was running away from us in an attempt to break perimeter. With her previous flee from law enforcement and breaking into a home that did not belong to her, she posed a threat to the community. I deployed the rounds towards her lower extremities. I was unsuccessful with the less lethal bean bag round making contact. Due to this, the BCSO deployed his K9. Two other team members made contact with her before the K9 and successfully apprehended her. The female subject was arrested and identified as Luna Candance.

After both subjects were arrested, Officers attempted to ask Candance if she sustained any injuries from the less lethal beanbag round. Candance refused to speak to officers and was not allowing for pictures to be taken.

Shortly after arresting Luna, the male subject exited the skirting and was arrested without incident. The male was identified as Jason Ramirez.

### Incident Summary

On October 19th, 2022, NMSP Narcotics Agents request NMSP Tactical Team assistance with a high risk buy bust. I attended a briefing where information was learned Andrew Vigil has been selling narcotics to Agents and they wanted to conduct a buy bust at the Loves gas station off I40 and 6th street in Albuquerque, New Mexico I also learned Vigil was always armed and sometimes had an assault rifle with him Vigil would also bring multiple individuals with him who were unidentified as they would always wear face masks and were armed with handguns. I was assigned to assault team one, where I was assigned as the driver of an unmarked Ford F250 pick-up. The plan was for Narcotic Agents to perform a "hand to hand" with Vigil and a take-down signal would be given. I got into my assigned vehicle and put on my plate carrier which had visible police markings Our team staged at the farthest north gas pump and team two staged at a gas pump a few stalls to the south. Team two had visual of the narcotic officers in their unmarked vehicle. They were parked against a chain-link fence on the south side of the gas station, there were no gas pumps in this area and was an optimal area for a vehicle blocking maneuver

After some time, Vigil was observed pulling nose first into the parking spot. Team two initiated the execute command and we began moving into position. I observed our undercover Agent running and advised him to get on the ground. Shortly after I heard a Noise Flash Diversionary Device (NFDD) being deployed and observed our suspect Vigil running towards me I began chasing Vigil and holstered my pistol A short foot pursuit ensued where I caught up to Vigil and tackled him from behind and spun him counterclockwise. As

we landed on the floor, I took most of the fall and Vigil was arrested by other officers immediately as I was recovering from the ground. After Vigil was arrested a status check for injuries of officers and agents was requested where nobody reported any injuries. Vigil was then checked for injuries which there was no visible injuries sustained during the incident.

During the brief, UC Agents advised that the suspect should be considered dangerous as Vigil was observed armed with different types of handguns and a rifle during previous controlled buys. Note: Drug dealers could use the weapons to "RIP" or steal from the purchaser or use them to attempt to get away from law enforcement. Agents advised that a arrest warrant was drafted and signed for the arrest to wit, drug trafficking. I believed Vigil posed an imminent danger to the safety of law enforcement and civilians in the area as he failed to listen to comply with verbal commands and disregarded the show of force from the NFDD. Vigil was actively fleeing and attempting to evade law enforcement on foot through a occupied truck stop parking lot with I40 just to the south Due to all three of the Graham factors being met I made the decision Vigil needed to be stopped and I used objectively reasonable force to get Vigil under control.

### Incident Summary

On Thursday October 13, 2022, I was involved in a use of force I heard radio traffic from Sergeant Kevin Kiner advising a male subject was failing to stop. While driving in the proximity of Sergeant Kiner's stop I observed a male subject standing in the middle of the road waving a metal pick above his head. I attempted to get the male out of the roadway using verbal commands The male advised me State Police was Harassing him and wouldn't leave him alone. Due to the proximity of Sergeants Kiner call and this male along with the male's statement I believed this could be the male running from Sergeant Kiner. In addition, the male description was similar to what Sergeant Kiner had aired. The only difference from the original Bolo was the color of the subject's shirt however it's not uncommon for individuals running from the police to switch or remove layers of clothing

The male walked to the side of the road and started to lift his pants several times as he was blading his body The male was attempting to hide a metal object behind his back The male was shifting to my left while refusing to obey my commands to drop the item. The male continued to state he was done being harassed. I observed him to be clenching a metal object that appeared to be a pick or screwdriver. I observed the object to have a green handle and a metal shaft.

I told the male to drop the item and he began to run away from me While chasing after the male I observed an agent attempt to go hands on with the male. The Agent fell down and the male continued running away.

Based on the male having a pick in his hands while running away and another officer attempting to go hands on, I believed he posed a threat to any other officer that went hands on as they ran the probability of getting stabbed.

I made the decision to use my taser as I could apprehend the male from a safe distance without going hands on. I deployed my taser positively impacting the male on his lower and upper back. The male was running towards a busy intersection where traffic was heavy. I made the decision to deploy my taser on a residential street that had less vehicle traffic. Due to the situation evolving quickly I was unable to warn the male that if he didn't stop running, I was going to deploy my Taser. The taser deployment was successful on the male. The male immediately fell to the ground and was handcuffed without further incident.

I secured my taser and the prongs were removed from the males back prior to EMS arriving on scene. I observed the taser prongs were intact once they were removed. The male was transported by EMS to a local hospital where he was medically cleared for incarceration. This concludes my involvement on this use of force. The incident was captured on my department issued WatchGuard. For additional details please refer to case 2022 20762

## Incident Summary

On Friday, February 18, 2022, I was informed by the District 5 dispatch of a vehicle pursuit of a stolen vehicle. Dispatch stated APD had gotten into a pursuit with a white Kia passenger vehicle displaying a Florida registration plate. They said they had discontinued the pursuit, and the vehicle was traveling eastbound on I-40 near Juan Tabo APD's fixed winged aircraft has a visual of the vehicle APD aircraft stated the vehicle had parked at the Chevron gas station in Zuzax. I left the NMSP office in Edgewood, NM, and began to travel westbound toward Zuzax. Prior to my arrival in the area, I informed NMSP dispatch to clear the air, and I would be conducting a felony stop on the vehicle I waited for additional units to arrive before a felony stop was initiated. Air support stated there were two occupants in the vehicle, and one of them had exited the vehicle and went into the gas station. While waiting on the westbound off-ramp to Zuzax, I observed a white Kia passenger vehicle begin to travel east on State Road 333.

I drove south over the overpass of I 40, then began to travel eastbound on State Road 333 State Road 333 is a two-lane paved roadway that runs east and west. I observed a BCSO deputy in front of me traveling at a high rate of speed attempting to catch up to the suspect vehicle. I observed the white passenger vehicle begin to accelerate away from the BCSO deputy I engaged my emergency equipment (Lights and Siren) and began to pursue the vehicle traveling eastbound on State Road 333. The BCSO deputy disengaged his emergency equipment and pulled to the right dirt shoulder and allowed me to take over. I informed NMSP dispatch of the pursuit. During the vehicle, pursuit speeds reached approximately 105 miles per hour (mph). The driver of the vehicle would pass other traffic in several no-passing zones, at high rates of speed. As we approached the city limits of Edgewood, NM, we passed several Edgewood Police Department (EPD) officers, who joined in the pursuit. During this stretch of the pursuit, the traffic conditions were light to medium traffic,

and the roadway was dry.

The driver of the vehicle made a left turn from State Road 333 onto State Road 334 traveling northbound. The vehicle approached I-40 and had slowed down prior to going through the traffic light and intersection. I attempted a pursuit intervention technique maneuver (PIT), to contain the vehicle, and stop the driver from fleeing. The PIT maneuver was unsuccessful, and the driver accelerated at a high rate of speed. The driver was able to take the I-40 milepost 187 westbound on-ramp and continue to travel westbound on I-40. Prior to the PIT maneuver, I observed two male occupants in the vehicle. Officer Vandiver took over secondary communication when we traveled back onto I-40. A short time later he informed me I would need to take back over communication due to the vehicle he was in getting a flat tire, and they could no longer assist.

While traveling westbound on I-40, the driver continued to drive at speeds of over 105 mph. While pursuing the vehicle, I observed the driver passing other traffic on the north paved shoulder and south paved shoulder of I-40 and weaving in and out of traffic. Traffic conditions on I-40 during the pursuit were light to medium, and the roadway was dry. As we approached near milepost 179, I observed the driver attempt to pass a black pickup truck on the south paved shoulder. While attempting to pass the black pickup truck, the driver crashed into the right side of the pickup truck, and into the center concrete median barrier. This slowed the suspect vehicle down slightly. I was able to pull up next to the suspect vehicle on the passenger side and executed a PIT maneuver near the 178-mile post. I was successfully able to conduct the PIT maneuver on the suspect vehicle, which caused the vehicle to spin in a clockwise motion, and eventually crash into the right passenger side of my patrol vehicle.

Duplicate Incident for the pursuit on February. The following documents the two P.I.T. maneuvers:

The suspect vehicle was traveling north on State Road 333 and was approaching an intersection with I-40. The suspect vehicle slowed down almost to a stop, I attempted a P.I.T maneuver by approaching the vehicle on the right rear passenger side. I turned left into the suspect vehicle to initiate the maneuver, but the attempt was unsuccessful. The suspect vehicle then turned left onto the I-40 on-ramp and began to travel westbound on I 40.

While behind the suspect vehicle, I observed the suspect vehicle driving erratically, by passing other traffic on the north shoulder of I 40, and weaving in and out of traffic. As the suspect vehicle was near milepost 179, I observed a pickup truck in front of us, and the truck moved over to the south paved shoulder. It appeared to me the vehicle was trying to get out of the way of the pursuit. The suspect vehicle also moved over to the south-paved shoulder and crashed into the pickup truck. Due to the continued aggressive driving behavior of the suspect, and his disregard for other innocent motoring public on the roadway, I believed the driver of the suspect vehicle was going to seriously hurt or kill an innocent motorist. I decided to conduct another P.I.T. maneuver on the suspect vehicle at a high rate of speed.

The suspect vehicle crashed into the pickup truck, it slowed the suspect vehicle down enough for me to conduct a P.I.T maneuver. I approached the vehicle on the right rear passenger side and turned left into the rear of the suspect vehicle making contact with the suspect vehicle. My speed at the time of the maneuver was 65 m.p.h. When I made contact with the suspect vehicle, it caused the suspect vehicle to spin in a

clockwise direction. The suspect vehicle spun around and crashed into the right side of my patrol unit coming to a stop facing eastbound on I-40. The suspects inside the vehicle were given verbal commands to exit the vehicle and they both complied. Both male subjects were taken into custody without further incident.

## Incident Summary

On Wednesday November 2, 2022, at approximately 9:30 PM hours, I Officer Ashlea Lujan of the New Mexico State Police (NMSP), was on duty, in full uniform, displaying badge of office #432. I was patrolling in my fully marked New Mexico State Police Unit #330. I observed two male individuals walking away from the Speedy Way gas station located at 1616 N Riverside Drive, Española, NM 87532, and County of Rio Arriba. At this time, I conducted a consensual encounter on the two male individuals and was assisted by New Mexico State Police Officer, Jolene Jones.

I advised the male identified as Joseph Laquay that he committed no crime, and this was only a consensual encounter. Joseph advised me he was walking with his friend because they sleep together in a tent. I asked Anthony for his social security number in which he provided to me.

I contacted NMSP communications to relay the information which they conducted an inquiry search for NMSP communications advised me that the male identified as Joseph J Laquay. Joseph had an invalid New Mexico driver's license due to a suspension but did not contain any warrants. I advised Joseph he was free to go at this time and asked him if he wanted to go to the homeless shelter because it was getting cold. Joseph sat on the curb eating an ice cream waiting for his friend who was speaking with Officer Jones. The second male was later identified as Florencio Valdez. After speaking with Joseph, he advised me he did not want to be placed at the homeless shelter tonight.

At this time, I was advised by Officer Jones that NMSP communications conducted an inquiry on Florencio and the return showed he had an active warrant. I proceeded towards the front of Officer Jones unit to make

contact with Florencio. Florencio had his hands occupied by a soda from the gas station. I removed the soda from Florencio's hands and asked him to put his hands behind his back. Midway from me removing the soda from his hands, Florencio attempted to flee on foot. I lunged and grabbed Florencio's right hand conducting a two on one hold. Florencio was wearing a thick red jacket which was unzipped, and the jacket began sliding off as I was conducting a two on one hold Florencio was trying to break loose from the two on one hold and continued to actively pull away from me and began running around in circles. As the red jacket slipped off, Florencio had a black jacket underneath in which I continued to hold onto. As Florencio was running in circles around me, I began to lose my footing As I lost my footing and fell onto the concrete floor, I continued holding Florencio's right hand. I used myself as an anchor to hold onto right to keep him from fleeing. Florencio then lost his footing and fell to the ground. As Florencio fell to the ground, I used my foot to contain Florencio from fleeing until Officer Jones was able to place handcuffs.

I searched Florencio's person for weapons or further contraband for my safety to which I did not locate any I then placed Florencio in the back of my unit and secured his with a seatbelt.

During this time, I did not endure any injuries but did observe Florencio to have a small abrasion on the right side of his head. The wound did appear as if it had fresh blood, but I was unsure if the wound was from a previous incident or from Florencio falling on the ground.

I then asked Florencio if he wanted to seek further medical attention in which Florencio refused.

Florencio was then transported to the Espanola Police Detention Center to be transported to the Rio Arriba Adult Detention Facility.

As I arrived at Espanola Detention Center, I asked Florencio again if he wanted to seek medical attention in which Florencio refused again. Due to the small abrasion on his right portion of his head, Espanola Paramedics were notified and proceeded to Espanola Detention Center to give Florencio medical treatment.

As Espanola Paramedic's arrived, Florencio refused medical treatment once again

Anthony was arrested on an active outstanding bench warrant.

All interactions were recorded via department issued WatchGuard on body/in car audio/video recording system. Please refer to such for verbatim statements and more details.

The concludes my involvement in this incident. Shall new information come forward it will be documented and submitted in the form of a supplemental report to this case

This is the end of the report.

### Incident Summary

On October 30, 2022, I Officer Angel Moreno of the New Mexico State Police (NMSP) was on duty in full uniform displaying my badge of office. I was in a fully marked patrol vehicle conducting stationary traffic on US 84/64 near Mile post 168 when I was approached by a female in a green in color jeep who parked next to my patrol vehicle. The female informed me of a green in color truck which appeared to be lifted was swerving in and out of lanes in the village of Chama, New Mexico (NM). The female informed me the truck ran multiple vehicles of the roadway including hers and was failing to maintain the correct lane of travel. The female also informed me the truck proceeded to the Lowe's parking lot and did doughnuts on the property and proceeded south on US 84/64.

I was traveling northbound on US 84/64 near milepost 165 when I observed the green in color dodge truck driving erratically and swerving on the shoulder of the south bound lane. I then made a U-turn and proceeded towards the vehicle to initiate a traffic stop on the truck. I observed the vehicle to come to an abrupt stop and roll forward before braking, the vehicle then reversed and abruptly came to a stop. I observed a male individual who was later identified as Ceasar Martinez to open the driver side door and hang out of the vehicle with his right side of his body inside the vehicle. I then initiated my lights and observed Ceasar to pull himself inside of the vehicle and close the door and drive off from the traffic stop. I then initiated my sirens and pursued the vehicle during the pursuit I observed the vehicle to drive erratically and swerve out of his lane multiple times throughout the pursuit. I observed the vehicle to swerve into the northbound lane which was the wrong lane of travel it appeared Ceasar who was the driver vehicle was intoxicated from an alcoholic beverage or drug, from my training and experience and what I perceived at the moment. I continued to pursue Ceasar because he was a danger to himself and other drivers on the road. The pursuit ended at the

back of a residence where I saw Ceasar exit the vehicle.

I positioned myself on the left side of the residence for cover and was able to see the vehicle and Ceasar when he exited the vehicle. I had my department issued firearm at the low ready and gave Ceasar verbal commands to show me his hands and walk towards me Ceasar then stated "no, I'm going inside" and ran to the sliding door at the back of his residence. I then holstered my firearm and made my way to the sliding door I observed Ceasar attempt to open the sliding door when I then secured Ceasar's right wrist, while securing Ceasar's wrist, Caesar actively resisted by continuing to open the sliding door and attempt to go inside the residence. Ceasar then attempted to move forward towards the sliding door continuing to attempt to go inside the residence I then performed an arm bar takedown taking him to the floor. Ceasar already fled from a traffic stop at a high rate of speed which was faster than 80mph the rate I was traveling at posing a risk to the public and himself. I prevented Ceasar from entering the residence in which he could've possibly barricaded himself with potential firearms inside the residence Ceasar landed on his stomach where I placed his right wrist in a handcuff and attempted to secure his left wrist. Ceasar then pulled his left arm away from me and tucked his left arm under his stomach which I told Ceasar to give me his left wrist, Ceasar did not follow my instruction and I performed wrist pain compliance on his right wrist I was then able to secure Ceasar's left wrist and place him in double locked mechanism hand restraints and had picked Ceasar up in a sitting position. Ceasar had a strong odor of alcoholic beverage emitting from his facial area and Ceasar appeared to have bloodshot watery eyes. I then attempted to pick Ceasar up to his feet to escort him to my vehicle which he then resisted and dropped his weight attempting to pull me down. I was able to pick Ceasar up and walk him a few steps until Ceasar dropped his weight again causing himself to fall to the ground. I picked Ceasar up and continued to escort him to the rear seat of my patrol vehicle. When Ceasar was placed in the rear passenger seat of my patrol vehicle Ceasar put his leg in-between the door preventing me from closing the door I told Ceasar to put his leg inside and he replied "no, let me explain" I then pushed the back of Ceasar's leg into the vehicle and closed the door.

During the incident my watch guard stopped recording and displayed Error 100 and Error 248. I attempted to turn the watch guard back on and the screen displayed unassigned officer however my in-car recording was captured and did not suffer any error messages

### Incident Summary

I was advised by NMSP Dispatch to proceed to 1272 NM Highway 75, Taos County regarding a male suspect identified as Rueben Oscar De La Rosa is well known by NMSP Officers to be an absconding felon with multiple felony arrest warrants. The reporting party who was identified as Santana Nailor, reported seeing Rueben in his neighbors back yard taking items which belonged to his neighbor Santana informed NMSP Dispatch Rueben was wearing a red sweater with dark pants and operating a blue pedal bike and was refusing to leave the property.

I arrived on scene and observed Rueben walking on the side of NM Highway 75 on or near mile post 12. I observed Rueben to be wearing the clothes that matched the description and pushing a blue pedal bike I initiated a subject stop on Ruben. I called Rueben by name, Rueben looked at me, dropped his property, then began to approach me with his hands in the air. As Rueben approached me, he seemed to be compliant to my commands As Rueben was approximately 7 10 feet away me, he dropped his hands and began running away from me. I chased after Rueben and grabbed him by the back. Once I had control of Rueben, he stated he would comply with me. I attempted to place Rueben into handcuffs when he faced me and began attempting to fight with me by pushing my hands away and attempting to escape custody. I observed two long screwdrivers in Rueben's jacket pocket. I utilized a leverage takedown by placing one hand on Rueben's left arm and my right hand on the back of Rueben's neck and forced Rueben down to the ground with his torso facing down in the middle of the roadway on NM Highway 73. Rueben continued to fight with me,

during the physical altercation I recognized Rueben attempted to reach for his waistband. I grabbed Ruben's right arm and placed it behind his back. Rueben continuously stated he was trying to cooperate with us however, was still resisting being handcuffed by tensing up his body and refusing to place his hand behind his back, and attempting to get off the ground to a standing position to evade custody.

After securing Rueben's right arm behind his back, fully commissioned NMSP Gabriela Rodriguez arrived at the scene of the physical altercation and assisted me with gaining control of Rueben's left arm, eventually securing his arm behind his back and placing him into handcuffs. Shortly after placing Rueben under arrest, I noticed an open wound which was bleeding from his forehead. As a result of Rueben injuries, I contacted EMS, who arrived on scene and conducted a medical evaluation. During an on scene medical evaluation Rueben was cleared by EMS.

I photographed Rueben and his injuries. Upon completion of the booking process, I transported Rueben to Holy Cross Medical Center for further medical evaluation. At the hospital, Reuben was further evaluated by hospital staff and medically cleared for incarceration.

## Incident Summary

On October 13, 2022, at approximately 1430 hrs while working an ATSU operation the team had located a stolen vehicle. A plan was in place for a takedown. The command was given. The driver of the car attempted to flee in the vehicle by placing the vehicle in drive and reverse multiple times. The occupants of the vehicle refused to exit I made the decision to use a Less Lethal Shotgun to break the rear window for a communication portal. I deployed several rounds into the driver side rear window. The rounds were deployed at such an angle it would not strike any occupants. The passengers exited and obeyed commands. Several minutes later the driver exited and obeyed commands.

All occupants were taken into custody

Fragments of glass struck the rear passenger, resulting in small cuts in his face. He was not directly struck with the beanbag round AFR arrived and checked his wounds They cleaned and removed remaining glass from his face.

Videos can be located in WatchGuard under Case# 22-21-3-0394

### Incident Summary

On October 14th, 2022, I was assigned as Field Training Officer to Officer Jacob Glossop. At this time, he had a male subject, Carlos E. Marin, arrested for driving under the influence of intoxicating liquor and/or drugs. Mr. Martin was handcuffed behind his back. When secured in the back seat of the patrol unit, Mr. Martin shifted his body sideways and began to kick the unit with his legs. To avoid self injury and further damage to the patrol unit, leg shackles were placed on Mr. Martin's legs. Upon arrival at the station, Mr. Martin refused to exit the patrol car stating he could not get out, momentarily being uncooperative. Mr. Martin was able to exit the patrol car. Upon exiting he purposely bumped my shoulder as if to spit on me or physically force his body against my person. I grabbed Mr. Martin attempting to position him against the patrol car and have him facing away from me. In the process, Mr. Martin tripped with the leg shackles bumping his head against another parked marked patrol vehicle. Mr. Martin did not sustain any visible injury as a result. Mr. Martin was assisted back on his feet and escorted inside the building. Carlos Marin was secured at the station holding cell at the office in Alamogordo, with his right arm handcuffed to the bench.

While Officer Glossop completed booking paperwork, Carlos Marin became irate and attempted to vandalize the holding cell. I entered the holding cell and attempted to secure Carlos Marin's left arm to the bench to prevent damage to the holding cell. He continued to shout and tense his body when I tried to secure his arm. He became upset and refused to cooperate. I used a c-clamp technique and placed handcuffs on his left wrist, but he continued to resist physically and verbally. During the process he attempted to kick me and push me away.

I had NMSP Officer Francisco Gomez assist as I instructed him to remove Carlos Marin's right handcuff from

the bench so I can handcuff him behind his back for immediate transport. When his right arm was free from the handcuff (connected to the bench), he continued to tense his body and attempt to pull away from my hold. I utilized an arm bar take down technique to safely place him on the ground and handcuff him behind his back. The technique was successful, and immediately placing the handcuffs on him I made sure they were double locked for his safety

He was placed in the back seat of a marked NMSP unit and transported to Otero County Detention Center with urgency. Emergency lights and sirens were utilized to expedite the process. Carlos Marin was also medically cleared for incarceration through Gerald Champion Regional Medical Center.

The entirety of my interactions with the Defendant were captured through my department issued WatchGuard Body Camera. The video ID numbers for the incident are:

Event ID 00 00 00 00 1f a6 76637531

Event ID: 00:00:00:00:1f:a6-76688990

### Incident Summary

The following is summary of the incident that occurred on October 12, 2022 I was investigating what I believed was public affray between Jason Jones and Salim Carrera. Once I contacted Mr. Carrera he wasn't complying with my commands and walked back to the front door of his residence. A female subject then opened the front door The male subject tried walking in the house, but the female subject was in the way

Due to the fact that, the suspect was resisting by not complying with my commands, I did not know the identity of the subject, him attempting to go back inside the residence, and me believing he was possibly an addict of a controlled substance. I grabbed the male's right wrist with a reasonable amount of force to detain him However, as soon as I grabbed the male's wrist, the female subject put herself in between us not allowing me to arrest him for resisting, evading, or obstructing. The male subject was also holding onto the female as well. I told the female to get out of the way, and she kept arguing with me asking why I am taking him I told the female twice to get out of the way or she was going to go to jail The male subject kept stating he was going to church. I then told the male subject that he was a suspect in a fight, and he argued it was not him. The lady stood between us arguing "What fight?!" Because I was outnumbered two to one as I was attempting to detain the male, I radioed for backup. However, I knew from my location backup was not immediately available to me.

The male subject kept pulling away from me and continued resisting arrest. I grabbed the male subject with

both of my hands and pulled him from the female. The male subject grabbed my keys at the front of my duty belt and yanked them off. The male showed me his intention that he wanted to continue resisting. He showed me he had the capability to harm me because he had no physical disability to stop him. Due to the close range, he also had the opportunity to harm the female and me because we were in close quarters.

I knew I had to gain control of the subject before he was able to harm me. I tried controlling the subject by pulling him onto the ground. However, as soon as he was placed on the ground he jumped up and punched me behind my ear with his right fist. This changed the situation, and I recognized the subject was actively fighting and attacking me. Changing the severity of the crime to aggravated battery on a peace officer. I grabbed him and placed him on the ground. I was able to get on top of him but he kept wanting to attack me by punching me in the face. I was trying to place the subject on his stomach, and he kept attempting to stand up. I then placed him on the ground again and punched him once. I used my right elbow to try to get him to comply. I yelled multiple times at the subject to put his hands behind his back, but he refused.

The subject was able to get on his knees and hands while pushing up. I did not allow him to get up by pushing down on his back, but I knew through training and experience this was a dangerous place for me to be because he can grab one of my legs and take me down. I was able to strike him with my knee which it landed on the right side of his stomach. This caused the subject to fall on his stomach, and I was able to mount him by placing my knees on the ground next to his ribs and sitting on him. Every time I gave him the opportunity to place his hands behind his back, he would not, and he kept attacking me by swinging his fists toward my head.

While I was on his mount, I began to try and get control of his wrist to handcuff him. During the process, the subject used his body to try to reach and threw a punch at me with his right hand. I was able to move my head out of the way, but he still punched me on my chest. I then used my right arm to elbow him twice on his face and he turned around on his stomach. I continued to punch him with my right hand on the right side of his face and he then covered the right side of his face. I then punched the left side of his face trying to gain compliance because he was still trying to get up by pushing up. 13 strikes were used to try to gain compliance. I used a reasonable amount of force for each strike and did not perform them at 100% of my effort. The subject then began yelling at his grandma who was the female subject to record.

The subject then turned around and tried punching me twice again. I again told the subject to put his hands behind his back and he still refused by trying to push up with both of his hands. I was then able to reach underneath his left arm and I grabbed his left wrist with my left hand. I then began pulling the subject's arm downwards to get him in a good handcuff position.

During the transition, the subject bit my left upper wrist which began causing pain. While he was biting me, I used a reasonable amount of force and punched the subject five times followed by an elbow strike on the right side of his shoulder, however, some struck his head. After the strikes, he stopped biting me yelling "okay, okay!" After this, he became compliant by allowing me to handcuff him. With the male complying, I stopped using force.

I was able to emergency handcuff (not checked on tightness and not double locked) the subject with hands

behind his back. I stayed on the subject's mount so he couldn't get up until I had backup arrive. During that time, I made sure not to put so much pressure on his stomach so he can breathe, and he was talking the whole time. I placed him in a recovery position and started searching him. Also, during that time, the female kept yelling at me and kept getting closer. Eddy County Sheriff's Office arrived on the scene, and I told one of the Deputies to arrest her. I searched the subject where a knife was located in his front pocket.

I told one of the Deputies to stay with the male subject, and the female subject was yelling at me the whole time and she had cuts on her arms. I told the other Deputy to arrest the female, and he followed her inside as she stated, "Don't touch me." I began walking toward her to arrest her for Obstructing a Peace Officer, and she began yelling, "no, you're not going to hurt me again!" I grabbed her arm, and she began pulling away not wanting to get arrested. I then told her to put her hands behind her back, and she stiffened up bringing her arms to her chest. I grabbed her left arm and turned her around placing her on her stomach while she was on her stomach. I was able to arrest her by placing handcuffs double locked behind her back. I escorted her outside, and I adjusted her handcuffs. I identified the female as Amelia Rodriguez, and I had her sit down on the cement outside her house.

Firefighters arrived at the scene, and assisted in cleaning wounds, and checking the subjects. While the male was being checked I identified the male as Salim Carrera with a date of birth of September 10, 1998. Both individuals were transported to the Artesia General Hospital where they were treated and cleared for jail.

## Incident Summary

On Tuesday, November 21, 2022, New Mexico State Police Criminal Investigations Bureau Sergeant Gerardo Hernandez Agent Kenneth Villarreal, Agent Eric Fouratt and I, conducted an Impact Operation in Clovis, Curry County, New Mexico, patrolling in two (2) unmarked vehicles. We were attempting to arrest a subject with an outstanding warrant and connected with aggravated fleeing from NMSP Uniform Officer Ashley Dunn on October 27, 2022 (Reference to Uniform Case # NNMSPR2210709). The suspect was identified as Javier Sanchez, DOB: [REDACTED]/1972. Through a criminal background inquiry on Mr. Sanchez, it showed Mr. Sanchez to have a lengthy criminal record

After learning of the arrest warrant submitted and signed by a Magistrate Judge in Curry County on the charges of Aggravated Fleeing a Law Enforcement Officer, Battery on a Peace Officer, Resisting, Evading, obstructing a Peace Officer, and a Traffic Offense; Officer Dunn asked for the assistance of the Investigations Bureau to attempt to locate and capture Mr Sanchez

Throughout the span of two days, we interviewed numerous persons and searched for Mr. Sanchez. We then gathered information in which were able to identify Mr Sanchez was residing at 105 Park Drive in Clovis, Curry County, NM. Mr. Sanchez was known to frequently this address and request rides from friends and family as he doesn't own a vehicle. Throughout the day, we conducted surveillance on this house. At some point we observed a red truck pull up to the residence and movement throughout. We then decided to conduct a knock and talk with the owner of the residence. The owner, a Mr. Raymond Cisneros opened the door and when asked, he informed Sergeant Hernandez and Kenny Villarreal Mr Sanchez was not inside of the residence, while emitting nervous behavior. When asked, Mr. Cisneros did not allow us inside the

residence to confirm Mr. Sanchez was not inside after explaining to him we had reason to believe he was. We then left the residence and continued to conduct surveillance from a distance in attempt to see if Mr. Sanchez would leave after we left the residence. A short time later, Mr. Cisneros left the residence, traveled around the block and left. Directly after Mr. Cisneros left, another Black Ford F-150 four (4) door truck arrived Agent Fouratt visually saw a male matching the description of Mr Sanchez quickly walking toward the truck and entering the front passenger side of the vehicle.

The vehicle then drove west on Park drive where Agent Fouratt was able to obtain a better visual of the passenger who observed to have the identifiers of Mr. Sanchez. Once visual was confirmed Agent Fouratt turned his unmarked unit around and followed the vehicle. Sergeant Hernandez, Agent Villarreal, and I traveled east on Park Drive where we initiated a felony stop on the vehicle. The vehicle came to a stop on the slight curve of Park Drive facing west, and Mr. Sanchez was observed in the passenger seat, attempting to cover his face with a piece of black clothing

Considering the nature of Mr. Sanchez's charges, the felony stop was conducted to deter him from fleeing or otherwise Sergeant Hernandez and Agent Villarreal contained the vehicle and had visual on both males, Mr Sanchez and the driver of the vehicle. I then proceeded to go around the rear of the vehicle and approached the passenger side of the vehicle where I observed Mr. Sanchez's hands to be raised and clear of weapons. Mr. Sanchez was given commands to exit the vehicle in which he did not comply. I opened the door of the vehicle with my left hand again instructing Mr. Sanchez to exit the vehicle to no avail. I then holstered my duty weapon, going hands on with Mr Sanchez, grabbing his left wrist and upper arm I performed a leverage take down on Mr. Sanchez, turning to my left and placing him on the ground to secure him. While on the ground Agent Fouratt assisted placing handcuffs on Mr. Sanchez's wrists behind his back.

After conducting a leverage takedown to remove Mr. Sanchez from the vehicle, Mr. Sanchez's knees first contacted the surface of the pavement. Mr. Sanchez further informed us; he was feeling pain coming from his right knee. We then sat Mr. Sanchez up, resting against the truck and contacted Emergency Medical Services (EMS) to come to our location and assist with Mr. Sanchez's knee and other ailments. The driver of the vehicle was identified as Tracy Ray Shafer by Agent Villarreal Mr Shafer identified the passenger in his vehicle as "Javi". Mr. Shafer told us he was contacted by telephone and asked to come pick him up from the residence approximately ten (10) minutes before we stopped the vehicle. Mr. Shafer was released from the scene and went about his daily routine

Mr. Sanchez was subsequently transferred to Plains Regional Medical Center (PRMC) for treatment and medical clearance. I traveled with Mr. Sanchez in the Ambulance to PRMC for safety.

Once Mr Sanchez was medically cleared from the PRMS Staff (Refer to Medical Clearance Paperwork), Officer Bamber transported Mr. Sanchez to the Curry County Detention Center in Clovis, Curry County, NM, booked on the outstanding warrant without further incident. The entire encounter of the incident was recorded by Sergeant Hernandez, Agent Villarreal and Agent Fouratt' s lapel video recordings I pressed the activation button on my lapel but did not activate. I informed Sergeant Hernandez of the lapel issue.

### Incident Summary

Female subject (Jessica Morales) was stopped at Bataan Elementary School (2200 NM-418, Deming, NM 88030) for a traffic infraction on Highway 418 and Florida Street. Jessica didn't want the father of her child (Richard Pena) to pick up the child from school. I told Jessica to stay near her truck meanwhile I talked to Richard at an adjacent parking lot

While waiting for Richard to secure the child in the vehicle, Jessica kept on yelling at Richard and walking towards us I told her to get back to her vehicle, but she refused to and kept on walking towards us, yelled profanities towards Richard. At this time, I grabbed her arm and attempted to escort her back to my police unit, but she managed to get away from my grip and ran towards Richard. I ran behind her as I believed she was about to hurt Richard.

I grabbed both of Jessica's shoulders with my hands and tackled her to the ground Jessica landed face down. I grabbed her arms, placed them behind her back and restrained her with double locked handcuffs behind her back.

When Jessica was brought to her feet, I did not see any fresh injuries on her after the use of force. I walked Jessica to my patrol unit and requested Deputy Britney Valdez (female officer) to conduct a search incident to the arrest on Jessica.

After I placed her in my patrol unit's cage and I noticed she was bleeding from her forehead I documented Jessica's appearance and injuries with photographs. It is unclear from the video if Jessica

sustained injuries during the tackle or when she intentionally hit her head on the ground. I took Jessica to the hospital, but she refused treatment.

## Incident Summary

On October 23, 2022, at approximately 06:17 hours I, Officer Justin D. McNett, was dispatched by New Mexico State Police Dispatch in Las Cruces to New Mexico State Road 152 and New Mexico State Road 356 in reference to a vehicle that ran off the roadway and was occupied by two subjects possibly under the influence of alcohol. NMSP Dispatch in Las Cruces also advised NMSP Officer P Dominguez was enroute to the location.

Upon arrival I observed a gray in color Nissan Maxima bearing New Mexico License Plate of BJPW61. The vehicle was located on New Mexico State Road 356 at approximately the 4-mile post. The vehicle appeared to have left front fender damage and a left front flat tire with a jack handle and spare tire leaning on the front of the vehicle. Officer Dominguez arrived on scene before me and was at the vehicle talking with the subjects inside the vehicle. Bayard Police Department Lt. Galaz, who was also on scene, identified the subjects inside the vehicle to be Paul Cabrera and Brianna Teran. Lt. Galaz advised he was on his way into work when he noticed the vehicle on the side of the road with a flat tire. Lt. Galaz advised he was going to conduct a welfare check on the vehicle when he observed two subjects asleep inside the vehicle. Lt. Galaz advised Mr. Cabrera was in the back of the vehicle and Ms. Teran was in the driver seat. Lt. Galaz advised he could smell a strong odor of an alcoholic beverage coming from inside the vehicle. Lt. Galaz requested NMSP to respond due to the vehicle being outside his jurisdiction. I advised Lt. Galaz we would handle the investigation and Lt. Galaz left the scene.

After speaking with Lt. Galaz I walked up to the vehicle to assist NMSP Officer Dominguez. Officer Dominguez was talking to Ms. Teran and was asking her if she had any alcohol to drink. While Officer Dominguez was

speaking with Ms. Teran, I observed Mr. Cabrera laying down in the back seat of the vehicle with his eyes closed pretending to be asleep. I could smell a strong odor of an alcoholic beverage coming from inside of the vehicle and observed Ms. Teran to have blood shot watery eyes and slurred speech. During the investigation, Officer Dominguez and I asked Ms. Teran twelve times to exit the vehicle. During that time Ms. Teran told Officer Dominguez and I several times, "No" and "Fuck You " Officer Dominguez and I advised Ms Teran if she did not voluntarily get out of the vehicle, Officer Dominguez and I were going to remove her from the vehicle. At that time Ms. Teran opened the driver side door but continued to refuse to get out of the vehicle by staying seated in the driver seat Officer Dominguez and I advised Ms Teran again if she did not voluntarily get out of the vehicle she was going to be removed from the vehicle. Ms. Teran began scrolling on her phone and advised she was going to call her brother. At that time, Officer Dominguez and I advised Ms. Teran to put her phone down, to which, Ms. Teran refused by continuing to scroll through her phone and attempting to make a phone call. At that time, I walked up to Ms. Teran and attempted to take her phone from her hand Ms Teran held onto her phone and refused to put it down I then grabbed Ms Teran by her left arm and advised Ms. Teran to get out of the car, to which, Ms. Teran refused by jerking herself backwards into the car. At that time Officer Dominguez grabbed Ms. Teran's right arm and we used the appropriate and necessary force needed to extract Ms Teran out of the vehicle and onto the pavement Ms Teran continued to refuse and attempted to pull away from Officer Dominguez and I. Officer Dominguez and I rolled Ms. Teran onto her stomach and allowed her to get up on to her knees. Grant County Sheriff's Department Corporal Benavidez arrived on scene and assisted Officer Dominguez and I in placing Ms. Teran into handcuffs. Officer Dominguez and I put Ms. Teran's hands behind her back and placed her into handcuffs. After Ms. Teran was placed into handcuffs Officer Dominguez and I allowed Ms Teran to stand up on her feet Once on her feet Officer Dominguez and I escorted Ms. Teran to Officer Dominguez's police vehicle. I asked Cpl. Benavidez if there was a female deputy on duty to conduct a search of Ms. Teran's person and Cpl. Benavidez advised there was no female deputies on duty at that time Officer Dominguez and I conducted a brief search of Ms. Teran and asked if she had anything on person that could cut, stick, poke or hurt Officer Dominguez and I. Ms. Teran advised she did not have anything on person. At that time Officer Dominguez double locked the handcuffs to ensure the handcuffs would not tighten on Ms. Teran's wrists. I then asked Ms. Teran to get into the back of Officer Dominguez's police vehicle. Ms. Teran again started to be uncooperative and refused to get into the back of Officer Dominguez's police vehicle Ms Teran called Officer Dominguez and I "Stupid motherfuckers" and "Assholes" due to her being handcuffed and not allowing her to use her hands to get into the police vehicle. I advised Ms. Teran I have arrested a lot of people who do not have any issues with getting into the back of a police vehicle while being handcuffed After asking Ms Teran again to get into the back of a police vehicle, Ms. Teran attempted to get into the police vehicle but fell into her left knee, where she again continued to be uncooperative and refusing to get into Officer Dominguez's police vehicle. At that time Officer Dominguez walked to the driver side of his police vehicle and assisted Ms. Teran into the vehicle by holding onto her left arm and shoulder area and pulling her into the vehicle. While Officer Dominguez pulled Ms Teran, I grabbed her right leg and pushed her into the vehicle Once inside the vehicle I told Ms. Teran to pull her legs onto the floorboard and sit up right. Ms. Teran complied with the instructions given to her and sat up.

After Ms. Teran was placed in the back of Officer Dominguez's police vehicle, I walked up to Ms. Teran's vehicle to speak with Mr. Cabrera. Cpl. Benavidez was able to get Mr. Cabrera to exit the vehicle and he was standing on the passenger side of the vehicle leaning up against it. Mr. Cabrera refused to give me a

statement when asked if he and Ms. Teran had been drinking last night and what they were drinking. After speaking with Mr. Cabrera Cpl. Benavidez advised he would give Mr. Cabrera a ride to a residence on Fahey Street in Bayard. I observed Mr. Cabrera to have blood shot watery eyes and slurred speech. When Mr. Cabrera was walking to Cpl. Benavidez's patrol vehicle, Mr. Cabrera had a difficult time keeping his balance while walking Cpl Benavidez had to grab Mr Cabrera by the left arm to keep him from falling over After Mr Cabrera left the scene with Cpl. Benavidez, I advised Officer Dominguez I would read the New Mexico Implied Consent Act to Ms. Teran.

I walked up to Officer Dominguez's police vehicle on the passenger side and opened the passenger side rear door where Ms. Teran was seated. I read the New Mexico Implied Consent Act to Ms. Teran and asked if she was willing to submit to a breath test. Ms. Teran refused by saying, "No." I advised Ms. Teran she was under arrest for Driving While Intoxicated by Liquor and or Drugs. After speaking with Ms. Teran, I advised NMSP Dispatch in Las Cruces to start a twenty minute deprivation period in the event Ms Teran changed her mind and wished to be tested. During the investigation I found a crushed Frost Ice alcoholic beverage can behind Ms. Teran's vehicle. I also found a closed can of Budweiser on the passenger side rear floorboard of Ms. Teran's vehicle I took photographs of the alcoholic beverages found and the photos will be uploaded into the CJIS report system for documentation purposes.

Officer Dominguez and I completed the investigation and determined there was no vehicle crash contributed to the DWI arrest of Ms. Teran. Officer Dominguez transported Ms. Teran to the Gila Regional Medical Center for a medical clearance and the use of force used to extract Ms Teran from her vehicle Please refer to Officer Dominguez's original report attached to this case number for more information on the medical clearance and booking of Ms. Teran. G&G Towing Company was dispatched to the scene and towed the vehicle back to their yard A tow sheet was done on the vehicle and will be uploaded into the CJIS Report System for documentation purposes. Please refer to Officer Dominguez's original report attached to this case number for more information.

No injuries were reported by Ms. Teran during this incident.

No further information at this time.

## Incident Summary

On Monday, October 17, 2022, New Mexico State Police (NMSP), Fugitive Apprehension Unit (FAU), Agents located a wanted person identified as Maclen Villescascas-Hernandez at 3010 Blue Quail Road in Deming, New Mexico. Mr. Villescascas-Hernandez had active felony arrest warrants issued for his arrest.

Mr. Villescascas-Hernandez was found hiding within a structure and was successfully apprehended by FAU Agents. This resulted in a use of force incident. This incident can be viewed on WatchGuard and on the attached offense incident report Mr Villescascas Hernandez was also served with the arrest warrants that were issued for his arrest and was charged with resisting, evading, or obstructing an officer (30-22-1(B)).

Mr. Villescascas-Hernandez was booked into the Luna County Detention Center and was released to the detention officer on duty. Please refer to attachments for further details.

### Incident Summary

Attempted to contact suspected wanted suspect walking on Stull Dr and Lester Ave. Identified myself as a Law Enforcement Officer, the suspect fled on foot. I chased on foot while giving verbal commands, Agent Butler attempted to contain the suspect further down via unit. I continued to chase the subject on foot through residents Agent Butler was able to cut the suspect off I was able to gain control of the suspect's left arm and shoulder Agent Butler was able to gain control of his right arm and shoulder. We lowered the suspect on the ground due to the fact we were on asphalt. The suspect continued to resist by not listening to verbal commands, by pulling away The suspect was turned on his stomach lightly striking his head on the asphalt. Agent Deleon arrived and assisted by restraining his left arm while Agent Butler attempted to regain control of his right hand. The suspect was placed under arrest. EMS arrived on scene he refused medical treatment. He had visible scratches on his knees, which he stated was from another incident. He was transported to Memorial Medical Center where he refused to be seen. Please see report for further detail.

## Incident Summary

Officer Ogaz's Summary:

On Thursday, November 24, 2022, at approximately 13:03 p.m. hours, I Officer Elizabeth Ogaz-Carreon of the New Mexico State Police (NMSP), was on duty, in full uniform, displaying badge of office (319) I was patrolling in my fully marked New Mexico State Police Unit (706). I was dispatched as an assisting unit to NMSP communications to a welfare check on a male with a black hoodie that was reported to be laying in the middle of the New Mexico Highway 84/285 Hernandez, New Mexico (NM) This occurred in the County of Rio Arriba.

Upon arriving to mile post 197 on New Mexico Highway 84/285 I observed a male wearing a Black in color hoodie who had a very difficult time walking. At this time, I positioned my unit in front of him to prevent him from walking onto the highway where there was traffic traveling at a high rate of speed The male proceeded to walk on the traffic side putting himself in danger, therefore I took control of his left arm guiding him away from traffic.

Upon NMSP Officer J Martinez approaching the male whom I gave commands to stay in front of my unit, he then begun to violently flare both arms with closed fists in a swinging motion at myself and Officer J. Martinez, and Officer J. Pino. At this time, the subject attempted to flee from officer's control by running away and swinging his arms and attempted to strike Officer's. Officers then closed distance and the subject was escorted to the ground to regain control for officer safety. Once on the ground the subject, continued to resist officers' by not listening to officers' commands to place his hands behind his back The subject continued to resist by tensing his arms and tucking them underneath his body. The subject also began

kicking his legs attempting to kick officers'.

Hand and leg restraints were then secured on the subject which were double locked. The male was then assisted to his feet to be escorted to the patrol unit. The male then began resisting officers' escort by tensing his body and making himself heavy. The subject was then placed on his knees for officers to regain control. The subject was then assisted to his feet again and escorted to his patrol unit. A pat and search was conducted prior to incident arrest and secured into the rear of the patrol unit. Safety belts were secured on male.

The male was later identified as John Charles Barber. John's information was relayed to NMSP Communications to conduct an inquiry search of the male to which they advised he had an active arrest warrant for criminal damage to property.

Units then proceeded to the Espanola Presbyterian Hospital to get John medically evaluated prior to incarceration. John was cleared for confinement. During the time at the hospital, John remained uncompliant and resistive to Officer commands. John had to be escorted into the patrol unit once again due to him continuously resisting and listening to commands to enter the unit.

During this time, John had access to water, a restroom, and the telephone.

John was then transported to the Rio Arriba Adult Detention Facility.

John was arrested for the active outstanding warrant and charged with resisting, evading, obstructing a Law Enforcement officer, Assault upon a peace officer x 3.

Part of this incident was captured with my NMSP dash camera Watch-guard system. Due to the John moving out of dashcam camera range only the initial interaction of this incident was captured with my dashcam. Upon contact with the John I rushed out to prevent him from walking into the highway where there was traffic traveling at a high rate of speed. Due to John immediately becoming combative towards officers my primary concern was officer safety and to ensure John did not walk onto incoming traffic therefore, I did not have time to fix my on body camera. The incident rapidly involved with physical force necessary which at some point my watch guard on body camera was ripped off my person. I advised NMSP Communications that my on body camera was out of service. Other Officer dashcams and on on body cameras did however record my involvement. Please refer to their recordings for more details regarding my involvement and their involvement in this incident.

This concludes my involvement in this incident.

Officer Martinez's summary

I observed a male wearing a black in color hoodie walking southbound on the right shoulder of the northbound lane. The male had a very difficult time walking. Officer E. Ogaz approached the male, he proceeded to walk around her unit on the traffic side putting himself in danger.

I approached the male and asked him to stand in front of my unit, he begun to violently flare both arms with closed fists in a swinging motion at myself, Officer E.Ogaz, and Officer J. Pino. The subject attempted to flee from officer's control by running away and swinging his arms and attempted to strike Officer's. Officers then closed distance and the subject was escorted to the ground to regain control for officer safety. Once on the ground the subject, continued to resist officers' by not listening to officers' commands to place his hands behind his back. The subject continued to resist by tensing his arms and tucking them underneath his body. The subject also began kicking his legs attempting to kick officers'

I gained control of the subjects left hand and placed it behind his back. Hand and leg restraints were then secured on the subject which were double locked. The male was then assisted to his feet to be escorted to the patrol unit. The male then began resisting officers' escort by tensing his body and making himself heavy. The subject was then placed on his knees for officers to regain control. The subject was then assisted to his feet again and escorted to a patrol unit.

The male was identified as John Charles Barber. John's Information was relayed to NMSP dispatch. They advised he had an active arrest warrant for criminal damage to property.

Units then proceeded to the Espanola Presbyterian Hospital to get John medically evaluated prior to incarceration. John was cleared for confinement. During the time at the hospital, John remained uncompliant and resistive to Officer commands. John had to be escorted into the patrol unit once again due to him continuously resisting and listening to commands to enter the unit.

John was then transported to the Rio Arriba Adult Detention Facility.

This concludes my involvement in this incident.

Officer Pino's summary:

Upon arrival in the area, we noticed a male who was walking southbound in the area on highway 84/285. Officer Elizabeth Ogaz attempted to talk to the male individual. The male was walking on the shoulder in and out of traffic. The male became very agitated and irate. The male also appeared to be under the influence of an unknown substance. Once I exited my patrol unit, Officer Ogaz and Officer Joshua Martinez were trying to keep the male from entering the Highway again. The male became aggressive and combative violently as he flared both arms with closed fists and swung at Officer J. Martinez, Officer E. Ogaz and myself. I immediately grabbed the male from his back and conducted a rear takedown to the ground to control the combative subject. Once the male was on the ground, he was restrained with state issued hand restraints. The male began to kick, that is when leg shackles were placed on the male's legs.

Once the male was calm, he was brought back up to his feet, and placed in front of my unit. We attempted to identify the male as he began to bang his head on the hood of my unit. The male subject was then placed in the back right seat of my unit. His handcuffs were double locked and he was seatbelted. He was later identified as John Barber. A drivers license inquiry through New Mexico State Police dispatch returned with

an active and valid arrest warrant for Mr. Barber. I transported him to the Espanola Presbyterian Hospital for a medical clearance for incarceration. While at the hospital he was uncooperative with medical staff and refused medical attention. Medical staff did conduct a medical examination as best as they could and provided a medical clearance for incarceration. He was then escorted out of the hospital and became uncooperative as we placed him in the right rear seat of Officer Ashlea Lujans unit. He eventually was seated in the right rear seat and seatbelted in the unit. Officer Ashlea Lujan and Officer Josh Martinez transported him to the Rio Arriba County Detention Center.

## Incident Summary

On Friday, November 12, 2022, at approximately 1 59 AM hours, I was on duty in my official capacity displaying my badge of office. I was further in operation of a fully marked unit in the city of Santa Fe, county of Santa Fe, state of New Mexico.

I stopped to investigate a vehicle in the roadway and identified the driver. The driver appeared to be under the influence of alcohol. I decided to perform field sobriety tests.

After giving Mr. Lopez multiple opportunities to attempt the walk and turn test, I asked him to walk to the front of my unit where I advised him he was going to be placed under arrest for DWI. Mr. Lopez complied and allowed me to place him in handcuffs without incident. While placing Mr. Lopez in handcuffs I noticed he had multiple layers of clothes on. The first layer being a jacket and two under layers both being long sleeve shirts. The handcuffs were double locked to prevent tightening or injury. I conducted a legal pat search of Mr. Lopez's person. I identified a wallet in his front left pocket and placed it on the hood of my unit. At this time I began to walk Mr. Lopez to the rear right passenger seat of my unit to secure him. Mr. Lopez refused to walk to the rear of my unit. I grabbed him by his left bicep with my right hand and forcefully walked him to the rear of my unit. Mr. Lopez became verbally argumentative and tensed up his arms and body. As I was walking Mr. Lopez to the rear of my unit I noticed his left hand attempting to slip out of the handcuff. Once at the rear right door of my unit Mr. Lopez pulled his right arm from an assisting officer and hit me with his elbow in my

chest. Mr. Lopez would not relax his hand allowing me to reposition the left handcuff. He held his hand in a cupped position which denied me access to the key hold on the handcuff. I moved Mr. Lopez's left arm in an upward position to gain compliance and advised him I would be repositioning his handcuff and for him to "chill out." While trying to get my handcuff in the key hole, Mr. Lopez repeatedly pulled away from me. Mr. Lopez was advised by the assisting officer he would be taken to the ground if he did not start complying. As I attempted again to put my handcuff in the key hole Mr. Lopez pulled away again. At this time I grabbed Mr. Lopez by his right bicep and left bicep and performed a controlled takedown moving him to the left of my body and positioning him with his stomach on the ground laying flat. While in this position Mr. Lopez again attempted to pull his hands away from me while tried to reposition the handcuff. I was able to reposition the handcuff and Mr. Lopez was stood up and taken back to the rear right door of my unit. I opened the door and Mr. Lopez refused to get inside of the vehicle. He again tensed his body and arms. I placed my right hand on Mr. Lopez's head to prevent him from injuring himself while being escorted inside my unit. Once Mr. Lopez was in the unit he began kicking his right foot at me and would not allow me to seat belt him. I was able to control his right leg with my right hand and seat belt him in with my left hand.

Once Mr. Lopez was placed in the seat belt the door was closed.

End Narrative.

## Incident Summary

On Thursday, October 20, 2022, at approximately 3:58 pm, I, Officer Lan Bui responded to the Glorieta Adventure Campground to locate a male subject, later identified as Aurelio Carrasco that was involved in a vehicle pursuit with another New Mexico State Police Officer in Pecos, fled on foot, possibly armed with a handgun and broke into a residence in Glorieta. Later, Dispatch advised Aurelio Carrasco stole a gray in color Dodge Journey bearing Texas License Plate number (KVJ0204) out of Glorieta Adventure Campground and heading northbound on Interstate 25.

While I was traveling Eastbound on Frontage Road 2116 near milepost 4, I observed a gray in color Dodge Journey bearing a Texas License plate traveling Westbound. Here, I turned around, caught up to the vehicle, and initiated a traffic stop. Next, the vehicle fled, and a vehicle pursuit ensued. During the pursuit, Aurelio attempted to go head-on with multiple vehicles on the roadway and was later terminated by Captain Brown. The pursuit started from Frontage Road 2116 westbound and came to a complete stop on Interstate 25 southbound near milepost 314 where Aurelio intentionally went head-on with a Ryder box truck.

After the crash, Aurelio left the scene of the crash and fled on foot. At this time, I pursued Aurelio on foot heading East from the scene to the frontage road 2116. During the foot pursuit, I deployed my less lethal department-issued taser twice in an attempt to apprehend Aurelio due he was actively fleeing, possibly armed with a handgun, verbally threatening "leave him alone or he will kill someone" and to prevent him from breaking into another residence in the area. The taser deployments successfully brought Aurelio onto the ground, but he got up and continued to run away. I was a primary Officer in the pursuit and use of force, Officer Jackson and Officer Archuleta were involved in the pursuit.

The male subject was identified as Aurelio Carrasco.

## Incident Summary

On Thursday, November 24, 2022, at approximately 13 03 p m hours, I Officer Elizabeth Ogaz Carreon of the New Mexico State Police (NMSP), was on duty, in full uniform, displaying badge of office (319). I was patrolling in my fully marked New Mexico State Police Unit (706). I was dispatched as an assisting unit to NMSP communications to a welfare check on a male with a black hoodie that was reported to be laying In the middle of the New Mexico Highway 84/285 Hernandez, New Mexico (NM) This occurred in the County of Rio Arriba.

On Thursday November 24, 2022, at approximately 1:05 PM, I Officer Joshua Martinez of the New Mexico State Police was on duty in my official capacity displaying my badge of office #55 I was patrolling in the City of Espanola, County of Rio Arriba.

### ASSIGNMENT

I was notified by New Mexico State Police dispatch to assist responding units conducting a welfare check on a male that was reported to be laying in the middle of US 84/285 near milepost 197.

### ARRIVAL/INVESTIGATION

I observed a male wearing a black in color hoodie walking southbound on the right shoulder of the northbound lane. The male had a very difficult time walking. Officer E. Ogaz approached the male, he

proceeded to walk around her unit on the traffic side putting himself in danger.

I approached the male and asked him to stand in front of my unit, he began to violently flare both arms with closed fists in a swinging motion at myself, Officer E.Ogaz, and Officer J. Pino. The subject attempted to flee from officer's control by running away and swinging his arms and attempted to strike Officer's. Officers then closed distance and the subject was escorted to the ground to regain control for officer safety. Once on the ground the subject, continued to resist officers' by not listening to officers' commands to place his hands behind his back. The subject continued to resist by tensing his arms and tucking them underneath his body. The subject also began kicking his legs attempting to kick officers'.

I gained control of the subject's left hand and placed it behind his back. Hand and leg restraints were then secured on the subject which were double locked. The male was then assisted to his feet to be escorted to the patrol unit. The male then began resisting officers' escort by tensing his body and making himself heavy. The subject was then placed on his knees for officers to regain control. The subject was then assisted to his feet again and escorted to a patrol unit.

The male was identified as John Charles Barber. John's information was relayed to NMSP dispatch. They advised he had an active arrest warrant for criminal damage to property.

Units then proceeded to the Espanola Presbyterian Hospital to get John medically evaluated prior to incarceration. John was cleared for confinement. During the time at the hospital, John remained uncompliant and resistive to Officer commands. John had to be escorted into the patrol unit once again due to him continuously resisting and listening to commands to enter the unit.

John was then transported to the Rio Arriba Adult Detention Facility.

This concludes my involvement in this incident.

## Incident Summary

On Thursday November 24, 2022, at approximately 1 03 PM hours, I Officer Jacob Pino of the New Mexico State Police (NMSP), was on duty, in full uniform, displaying badge of office #437. I was patrolling in my fully marked New Mexico State Police Unit #347. Officer Ashlea Lujan received a call for service, welfare check on a male who was laying in the road on Highway 84 and mile marker 197 in the town of Hernandez, County of Rio Arriba, State of New Mexico.

Upon arrival in the area, we noticed a male who was walking southbound in the area on highway 84/285. Officer Elizabeth Ogaz attempted to talk to the male individual. The male was walking on the shoulder in and out of traffic. The male became very agitated and irate. The male also appeared to be under the influence of an unknown substance. Once I exited my patrol unit Officer Ogaz and Officer Joshua Martinez were trying to keep the male from entering the Highway again. The male became aggressive and combative violently as he flared both arms with closed fists and swung at Officer J Martinez, Officer E Ogaz and myself. I immediately grabbed the male from his back and conducted a rear takedown to the ground to control the combative subject. Once the male was on the ground, he was restrained with state issued hand restraints. The male began to kick, that is when leg shackles were placed on the male's legs.

Once the male was calm, he was brought back up to his feet, and placed in front of my unit. We attempted to identify the male as he began to bang his head on the hood of my unit. The male subject was then placed in

the back right seat of my unit. His handcuffs were double locked and he was seatbelted. He was later identified as John Barber. A drivers license inquiry through New Mexico State Police dispatch returned with an active and valid arrest warrant for Mr. Barber. I transported him to the Espanola Presbyterian Hospital for a medical clearance for incarceration. While at the hospital he was uncooperative with medical staff and refused medical attention. Medical staff did conduct a medical examination as best as they could and provided a medical clearance for incarceration. He was then escorted out of the hospital and became uncooperative as we placed him in the right rear seat of Officer Ashlea Lujans unit. He eventually was seated in the right rear seat and seatbelted in the unit. Officer Ashlea Lujan and Officer Josh Martinez transported him to the Rio Arriba County Detention Center.

All interactions were recorded via department issued Watchguard on body/in car audio/video recording system. Officer Ogaz was the primary officer on this incident.

The concludes my involvement in this incident.

## Incident Summary

On December 05, 2022, I was dispatched to a battery in progress involving two brothers. Once I arrived at the residence, I noticed Phillip and Arthur on the ground actively fighting. Once both brothers were separated, I attempted to talk to Arthur. Arthur began to get irate not wanting to talk to me. I was giving Arthur multiple commands to stay near my unit for his statements. Arthur ignored my commands and pushed me trying to walk away. I then grabbed Arthur and placed him to the ground. Arthur was arrested for battery and resisting evading. No injuries occurred, Arthur was medically evaluated and was medically released.

## Incident Summary

On December 5, 2021, at approximately 1215 hours, I, New Mexico State Police (NMSP) Officer Loberg was on patrol when NMSP Sergeant Perea called out on the radio Belen PD was in a pursuit. Initial information stated a black Volkswagen Beetle was fleeing northbound on Interstate 25 with Belen PD pursuing. I was on duty wearing full New Mexico State Police uniform, clearly displaying my badge of office, in a fully marked New Mexico State Police unit #826. This incident occurred in the County of Valencia, State of New Mexico.

This report is a synopsis of events, refer to Watchguard dashcam and bodycam recordings for further detail

NMSP Sergeant Perea called on the radio he was able to deploy spike strips on the fleeing vehicle at the Los Lunas exit near mile marker 203 on Interstate 25 (I-25). I was westbound on Main Street at the time and as I got onto I 25, I observed Sgt Perea get back in his vehicle after the spike I drove northbound on I 25 to catch up with the pursuing Belen PD unit.

I caught up to the pursuit near mile marker 204 I observed the suspect vehicle, a black VW Beetle driving slowly on the right shoulder with a Belen Police unit pursuing with its emergency lights engaged. I observed the hood was up, covering the windshield. I observed pieces of rubber falling off the vehicle, and one whole tire rolling away from the vehicle.

Despite the tire damage and hood being up, the vehicle kept driving at approximately 20 mph I moved up behind the vehicle, setting up for a PIT maneuver. Due to the low speed, I waited a few seconds to see if the

vehicle would stop. I did not see any brake lights, and the vehicle seemed to maintain its speed.

At that point, I moved my patrol unit up and executed a PIT maneuver (Pursuit Intervention Technique) on the driver's side of the suspect vehicle to end the pursuit. I estimate my speed at 15 mph when I made contact with the suspect vehicle. The PIT was successful, and Sgt. Perea pulled up to block in the vehicle.

Sgt. Perea and I assisted Belen PD in conducting the felony stop and detaining the two male occupants.

I did not take part in the Belen Police investigation. My involvement was limited to stopping the pursuit with a PIT, then assisting in the felony stop and safely detaining the suspects.

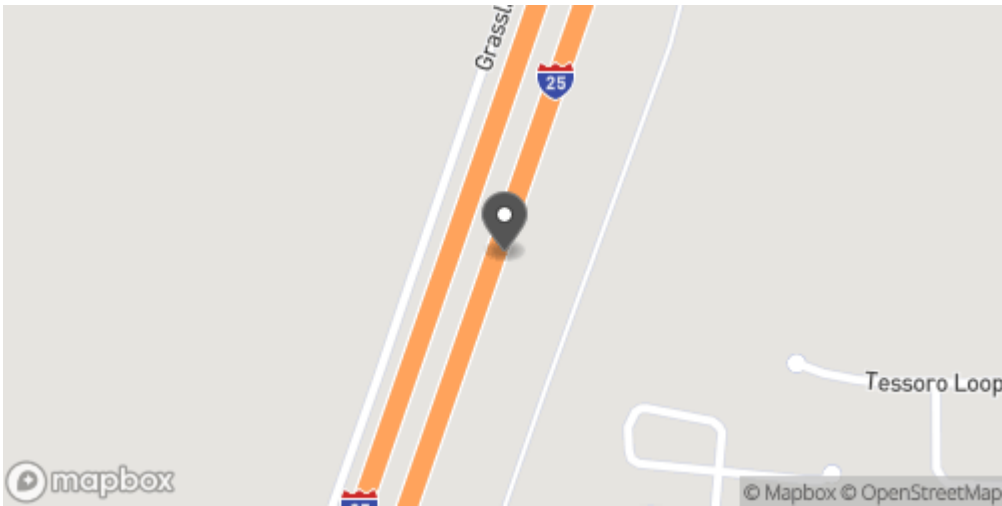

## Incident Location

## Incident Summary

On November 11, 2022, at approximately 22:56 hours, I, New Mexico State Police (NMSP) Officer Brian Sanchez was patrolling Thoreau, NM in McKinley County when I observed a CAD event for a drunk busters call pop up in my current area. The reporting party advised a black mid-size vehicle hit the curb as it pulled into the Thoreau Elementary School

Upon arrival, I observed the vehicle blocking the entrance with the brake's lights activated. When the vehicle was in park, I conducted a traffic stop. A male subject later identified as Derrick Yazzie got out of the driver seat. Mr. Yazzie was uncooperative and refused to listen to me or follow my commands. I attempted to escort him to the front of my unit however he pulled away to run off. I grabbed him by the wrist and pulled him towards me escorting him to the vehicle. As I attempted to place handcuffs on him, he pushed off me and attempted to run off again. With a handcuff out, I placed it onto his wrist and utilized the handcuff to conduct an arm bar takedown

### Incident Summary

At approximately 1 50pm on 10/26/22 while working an operation in the city of Espanola with Officer Edward Archie riding as a passenger in my unit I conducted a traffic stop on a white Honda sedan bearing New Mexico registration plate: 996WYX. During the course of this traffic stop the driver was found to have provided a fake social security number and not provided any physical ID and the rear passenger attempted to flee, as indicated by his verbalization to the driver to "Go!" who then attempted to reach for an unknown object - which I was successfully able to stop him obtaining - and engage his vehicle in drive to flee the traffic stop. The rear passenger proceeded to engage in a direct fight with Officer Archie. As a result I drew my firearm in a show of force directed at the driver to stop an overt action against direct commands and attempt to stop the felony flight from law enforcement with a vehicle, and endangerment of the motoring public. Officer Archie deployed his taser and baton against the rear passenger. This incident ended with the rear passenger successfully engaging the vehicle into drive for the driver and the vehicle fleeing the traffic stop. A vehicle pursuit was called out prior to re entering my unit, and I subsequently attempted to catch up to the vehicle but terminated this pursuit within a few hundred meters based on the totality of the circumstances and danger to the community which outweighed the benefit of apprehension.

For a detailed account of this incident please refer to the attached reports and linked videos.

## Incident Summary

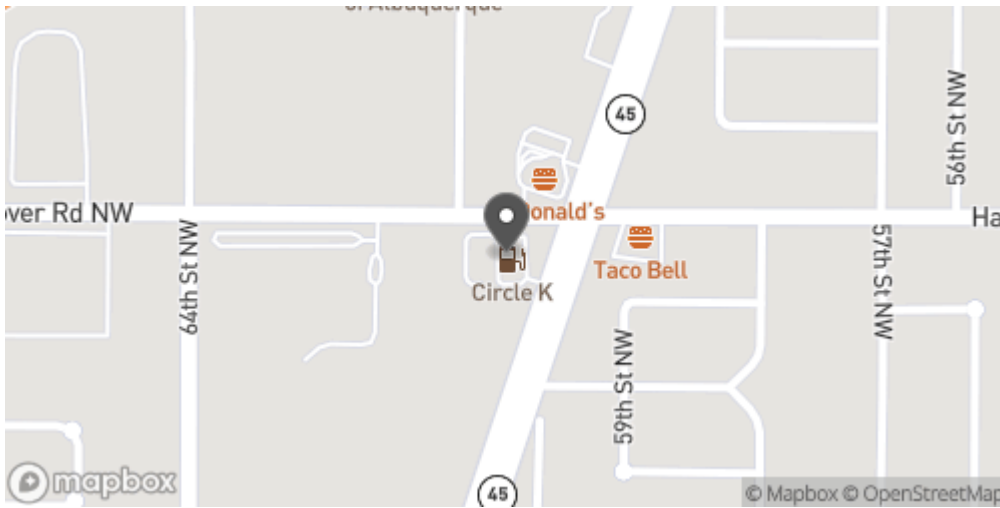

On Thursday, December 22, 2022, at approximately 10:09 P.M I was assisting Crime Suppression (Auto Theft and Street Crimes) with an operation in SE, SW Albuquerque attempting to locate and recover Stolen Vehicles. At the Circle K Gas Station off Hanover and Coors Blvd, Crime Suppression Agents observed a silver Dodge Stratus sedan with New Mexico Temp Tag of 18T 457198 which returned to a 2019 BMW The vehicle reverse parked in a parking spot where I attempted to conduct a traffic stop on the vehicle with the help of Crime Suppression Agents. The Driver was observed to enter the store where he attempted to barricade The front passenger of the vehicle proceeded to occupy the driver seat of the suspect vehicle and proceeded to ram the front-end of my patrol unit to evade Law Enforcement. I was able to contain the suspect vehicle between my patrol unit and a concrete barrier. After successful containment, the occupants of the vehicle exited and ran on foot where they were later apprehended.

## Incident Summary

On Saturday, December 24, 2022, at approximately 2232 hours, I, Officer James Tremann of the New Mexico State Police was on duty, in full uniform, clearly displaying badge of office #458. I was patrolling in a fully marked New Mexico State Police patrol vehicle in the county of Santa Fe, state of New Mexico. I was travelling southbound on Interstate 25 near mile post 290 when I observed a red in color Chevrolet pickup truck bearing New Mexico registration AXZZ81 travelling in front of me in the same direction. The red Chevrolet left its lane of travel and crossed the white solid line on the passenger side, and also fluctuated speed and rode the solid white line. I initiated my emergency equipment, signaling the vehicle to stop, to which it complied near mile post 287 southbound.

I made contact with the male driver and sole occupant, David Ervin (04/28/1989). I could smell an odor of an alcoholic beverage emitting from the vehicle, which would later be smelled on David's breath and person when separated from the vehicle. I observed his bloodshot eyes, and heard he had slurred speech. David made statements indicating to me he knew he was drunk and did not, or could not go back to jail as he was afraid he would be sentenced to a year in jail for a prior DUI.

I completed my investigation and determined David was too impaired to be driving. I informed him he was under arrest while we were standing at the front of my marked patrol vehicle. I had placed David's hands behind his back at this point and could feel him tense up and pull away from me once he understood he was

to be arrested. I verbally told David numerous times not to tense up and had moved my right hand to rear collar/shoulder of his jacket. Once he had relaxed, I dropped my right hand back to begin handcuffing. David ran from me towards the shoulder of the Interstate at this time. I brought him down to the ground from behind to prevent his fleeing and landed on top of him on his back.

Through the use of verbal commands, David's right arm was placed in handcuffs with the assistance of Officer Carlos Vigil. David was actively tensing and concealing his left arm under his body as he laid on his stomach. I gave numerous verbal commands for him to give me his hand and stop resisting. I weaved my right arm under his left armpit/bicep to help free his arm from under his body. As I was doing this and establishing a grip on his left wrist, I could feel him holding onto the waistband of his pants. At the time, I did not know if he was potentially reaching for a concealed item, but later determined he was holding onto his waistband to prevent his arm from being controlled. I was able to get his left arm placed behind his back as well and handcuffed. No strikes were issued.

David had some dirt from the ground on the shoulder on his face and chest, but no apparent injuries and no complaint of injuries.

## Incident Summary

On Monday, October 24, 2022, at approximately 0930 hours, New Mexico State Police (NMSP) Uniform was requesting Tactical Team assistance in possibly locating an armed suspected. The suspect was identified as Tommy Trujillo, Information provided, Mr. Trujillo had current Felony charges as; arson, vehicle theft, armed robbery, assault household member, aggravated fleeing from Law enforcement and other misdemeanor charges. Albuquerque Police Department (APD) and Bernalillo County Sheriffs Office (BCSO) were reporting Mr. Trujillo was currently attempting to rob a business.

At approximately 1017 hours, NMSP Communications received information from APD and BCSO were in an active vehicle pursuit with Tommy, he was now barricaded inside his vehicle on 4th and Candelaria

Upon arrival, I learned Mr. Trujillo refused to bring his vehicle to a complete stop as BCSO marked units attempted a traffic stop Mr Trujillo proceeded to flee, APD deployed tire deflation devices which were successful. The Hyundai Elantra he was currently driving was confirmed stolen from his ex-wife. The vehicle came to a final resting position as BCSO performed a pursuit intervention technique (PIT) and vehicle blocking maneuver (VBM) to prevent Mr. Trujillo from going mobile.

I placed my entry equipment on with state police markings and proceeded to relieve uniform officers in the immediate hot area. As we learned Mr. Trujillo was armed with a handgun on his ankle, he obtained a fix

blade knife in his left hand and placed a box cutter with his right hand on the steering Column of the dash. Mr. Trujillo had self-inflicted wounds on the right and left side of his throat. He was currently smoking fentanyl and attempting to smoke what appeared to be heroin on a foil. Throughout the duration of the callout, Mr. Trujillo would keep a knife in his hands and continued to place the blade on his throat and head.

Crisis Intervention Team (CNT) was on scene at the time of the barricade, after two hours of attempting to negotiate and pleading for him to surrender peacefully. Mr. Trujillo was being non-complaint as he was refusing to exit his vehicle when given lawful orders and a safe avenue to do so. Physically indicators were present, as he would manually roll up and down the driver side window, stating he will not go to jail.

CNT provided basic steps on how he could exit the vehicle, by opening the door or rolling the window down. CNT expressed they're concerned for his safety and needing to seek medical attention for his wounds. Mr. Trujillo was provided every opportunity to exit the vehicle but refused to follow commands. BCSO Swat personnel positioned their Armored Bearcat adjacent to the Hyundai's passenger side, this created a barrier, the second Bearcat was positioned behind the sedan, and the NMSP Bearcat was parked in front of vehicle. With all avenues potentially blocked, this created an egress route for Mr. Trujillo to exit the driver side only. Team members were positioned behind the NMSP Bearcat to safely take him into custody. This was explained to Mr. Trujillo multiple times, his driver door was not blocked nor damaged from being opened to surrender peacefully.

I witnessed Mr. Trujillo open the rear driver side door and looking over the hood of the BCSO marked unit, it appeared he was obtaining escape routes to prevent being arrested by law enforcement. Mr. Trujillo exited the vehicle at a vast rate and soared on the hood of the BCSO marked unit, I witnessed he still had a fixed knife in his hand. Due to the totality of the circumstances, being in a residential area, with homeowners adjacent to the scene, as they were witnessed prior looking out their windows. Due to the current crime spree, felony charges, danger to himself and others, and attempting to flee arrest from a two-hour standoff. I feared Mr. Trujillo would attempt to flee into a residence while armed with a knife and possibly a handgun on his persons or attempting to conduct another vehicle theft. I was holding less lethal coverage with a 40mm, with a direct impact round. As I witnessed Mr. Trujillo hurdle onto the hood, I had a clear angle of this lower and upper back. I engaged with the 40mm striking Mr. Trujillo to his back as he was coming off the hood of the BCSO unit. The direct impact round would create a temporary pain compliance to drop the knife and take him into custody safely. The Less Lethal impact was not effective, as he continued to flee on foot away from law enforcement. BCSO deployed their K-9 which was successful and causing Mr. Trujillo to drop his knife.

As he was taken into custody, he was treated for his self-inflicted wounds and immediately transported to the Hospital by ambulance. Due to his injuries he sustained, I was unable to photograph any injuries.

## Incident Summary

On October 20, 2022 I was assigned to a Tactical Team activation to conduct an open field search for a violent fleeing armed felon in the mountains just south of Cielo Azul road in Pecos, NM. As we were gearing up at the command post Able 7 advised they had visual of the suspect halfway up the mountain. I retrieved K9 Vector from my unit Vector and I hiked up the mountain with the team as Able 7 was guiding us to the suspect's location. When we located the suspect, NMSP Officer Justin Cabrera and I began giving K9 announcements to the suspect. These announcements stated we were the New Mexico State Police, come out to us or a K9 would be used to find you, when the dog finds you, he will bite you. The suspect refused to come out and show himself as he was still hidden in between large rocks. I had information that the suspect was armed and had already shot at law enforcement prior that day and brandished the firearm at another citizen. Other team members were moving closer to the suspects hiding spot, so I positioned vector at the front of the stack and told the suspect to show me his hands and come to us to be detained. He still refused so I deployed K9 vector to bite the suspect K9 Vector obtained a full mouth grip on the suspects left foot and held onto it. Team members moved up and grabbed the suspects hands. As soon as the team handcuffed the suspect, I performed a tac release which caused vector to release the suspects foot.

## Incident Summary

VCSO in pursuit with known felon, second time he fled from them the same day. Vehicle spiked by VCSO, still fleeing at 8 mph with SO units behind.. I assisted VCSO with an 8 mph PIT maneuver to end the pursuit. Assisted VCSO deputies with felony stop. Subject aggressive and non compliant. Deputies extracted subject from vehicle by force Once extracted, subject resisted and attempted to get to his feet Subject tried to kick, bite, and generally fight outside vehicle. I assisted deputies in safely detaining the subject. VCSO had ongoing case against subject, and they handled the arrest and case.

NMSP Sgt. Perea also assisted with this incident.

No damage to my patrol unit from PIT.

## Incident Summary

On September 22, 2022, at approximately 1015 hours, I was patrolling in the area of Zuni Road and Wyoming Boulevard SE. I was traveling eastbound on Zuni Road SE; I was stopped at the intersection to cross over Wyoming Blvd. The traffic light was red, and I noticed a black Ford F-150 with NM plate WAZF27 in front of me also traveling eastbound on Zuni Road

The vehicle's registration showed suspended through LEADS.

While waiting for the traffic light to cycle green, I noticed the front passenger and left rear passenger exited the vehicle and switched seats. Both walked around the vehicle while waiting for the light to cycle green. Both passengers entered the vehicle as the light cycled green and the vehicle drove across the intersection traveling eastbound.

I activated my emergency equipment and conducted a traffic stop on the vehicle.

The driver ignored commands and fled on foot continually reaching for his waistband. As he ran towards a group of people, I discharged my taser striking him and was able to effect an arrest.

No injuries or property damage reported. All watchguard video saved under NMSPR2209395.

## Incident Summary

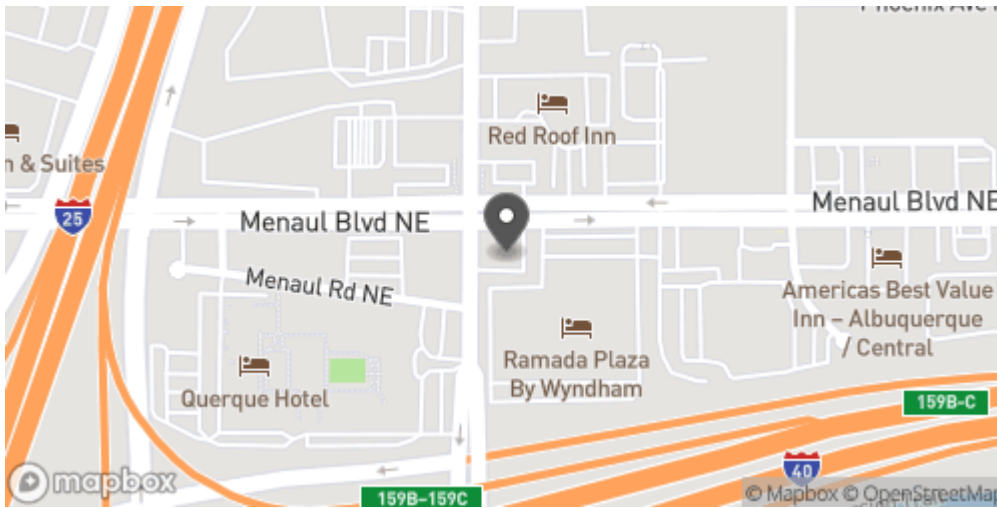

Male subject crashed vehicle, NMSP D. Savage preformed welfare check of vehicle. Male became argumentative and aggressive during interaction. Male showed signs of intoxication during interaction. D. Savage could smell the odor of intoxicating alcoholic beverage. Male began to walk towards vehicle and ignored commands to stay seated. A controlled take down (leg sweep) was used by Sergeant T Lafave to get male detained. While on the ground the male refused to give hands up for detention. The male was still resisting and refusing to stop his aggressive manner. A drive stun taser was used on the males muscle area of his back to get him to release his hands for handcuffing. After two (2 second) drive stuns were administered, male was successfully detained.

## Incident Summary

On Monday, October 10, 2022, at approximately 7:05 P.M. I initiated a pursuit with a white in color GMC Yukon driving recklessly. The vehicle failed to stop, continuing to drive reckless. Near Capitola Dr. and Soquel Rd. I performed a PIT at approximately 35 MPH which was successful, bringing the pursuit to an end.

Refer to incident report, Case #NMSPR2210059 for more detail and information regarding the PIT potion.

## Incident Summary

On Monday, October 10, 2022, at approximately 7:05 P.M. I initiated a pursuit with a white GMC Yukon driving recklessly. Near Capitola Dr. and Soquel Rd. I performed a PIT at approximately 35 MPH which was successful. The passenger fled on foot where I gave several verbal commands advising the male to stop. I utilized the ARC switch on my taser as a show of force, which was ineffective I utilized a leverage take down where he continued to resist, ignoring commands. I attempted to drive-stun him which was ineffective. He continued resisting, and attempted to stand up where I conducted another leverage takedown, which was successful and arrested the male (Moses Gutierrez)

Refer to incident report, Case #NMSPR2210059 for more detail and information regarding the Use of Force portion.

### Incident Summary

On October 13, 2022, I Sergeant Ronald Wood, was on duty working in my official capacity, I was wearing my badge of office and a police vest with State Police Markings.

Auto Theft Agents located a black in color Chrysler passenger vehicle bearing a New Mexico temporary registration plate of 22D098402 driving in SW Albuquerque. Upon querying the registration plate attached to the vehicle we learned it was reported as stolen.

Auto Theft Agents began to monitor and conducted surveillance on the confirmed stolen vehicle as it drove aimlessly throughout SW Albuquerque. The vehicle was observed pulling into various parking lots and sitting for several minutes without anyone exiting the vehicle and then would drive around again and repeat the same actions. This type of driving behavior in my training and experience is common of people who knowingly operate a stolen vehicle. While following the vehicle we observed it was being driven by a female individual, who was later identified as Shannon McDevitt.

The vehicle eventually came to a stop behind a gas station located at 511 Bridge Blvd SW, in which Ms McDevitt and her passenger remained in the vehicle. A plan was devised to contact the stolen vehicle in the form of a high-risk felony stop, in which I would contain the vehicle from the front and other agents would contain the vehicle from the rear.

A short time later the command was given to execute the felony stop. As Agents approached the stolen vehicle with emergency equipment engaged, Ms. McDevitt observed this and utilized the vehicle she was

operating to ram the front of New Mexico State Police Agent Tony DeTavis' police unit to break the containment of the felony stop. Ms. McDevitt continued to ram Agent DeTavis' police unit for several seconds. As we had our lights pointed into the vehicle, I could see McDevitt in the driver seat, and I could see an adult male in the front passenger seat. I could not see any persons in the rear seat of the vehicle. During this time New Mexico State Police Agent Elizardo Romero utilized a Less lethal munition Shotgun to attempt to break out the rear passenger side window. However, Agent Romero was behind the suspect vehicle and utilizing cover and was not able to successfully break out the rear window due the sever angle and the less lethal rounds that impacted the window were deflected to the side. Currently, I was on the driver side of the suspect vehicle and utilizing my driver side door for cover. New Mexico State Police Agent Charles Volk then utilized a less lethal shot gun and was able to defeat the tinted rear drivers side window with less lethal munitions by shooting the round towards the top and center of the rear window. Once this was done, I then had a clear view into the rear of the vehicle, and I could observe clearly that there were no persons in the rear seat. However, McDevitt was continuing to ram Agent DeTavis' patrol unit and commands were being given clearly for her to stop and put her hands up. I was in fear that if McDevitt was able to ram her way out and break containment that her aggressive driving behavior while fleeing would put the innocent public at risk. I then utilized a 40mm launcher and deployed a 40mm OC round through the broken rear driver side window. This round disperses a small cloud of Oleoresin Capsicum (OC) when it impacts a surface. This round impacted the inside of the passenger side rear door, and the OC was dispersed inside the vehicle. OC causes skin irritation and causes eyes to water and induces coughing when a person comes into contact with it. Once I deployed this McDevitt stopped ramming the patrol unit and gave up. Both her and passenger were taken into custody without further incident. The passenger of the vehicle was also detained and based on the interview process he was released from the scene.

No injuries were observed, and a small piece of glass was located in McDevitt's hair but there were no signs of any cuts or abrasions to either suspect. Neither suspect requested medical treatment.

McDevitt was later transported to PTC where she was incarcerated.

A police report of this incident was be completed and forwarded to the Second Judicial District Attorney's Office for review.

## Incident Summary

On November 15, 2022, I was contacted by New Mexico State Police Tactical Team Sergeant Armando Reyes in reference to assisting the Homeland Security Investigations with a high risk warrant service at 10330 Hotel Ave NE. in Albuquerque, NM. The suspect, Eric Jaramillo, was wanted for drug trafficking and had led authorities on multiple pursuits. Jaramillo was known to be armed. Jaramillo's vehicle was located at the Sure Stay Plus Hotel away from the target residence. I would be assigned as the team leader of a small surveillance/ arrest team at the Sure Stay Hotel. This mission was designated as a vehicle takedown.

Upon arriving on scene, I we staged our takedown vehicle south of the suspect vehicle in a place where we could observe him coming down the stairs. H.S.I. Agents positively identified Jaramillo walking out of his hotel room towards the stairs by his vehicle. Once Jaramillo was far enough from the stairs and not too close to his vehicle, we dismounted our vehicle and challenged him by announcing ourselves as law enforcement. Jaramillo began to flee by running away from us. I attempted to engage Jaramillo with a single bean bag round to his lower extremities using a less lethal shot gun in attempt to get him to stop and surrender. The round missed Jaramillo. Jaramillo ran north through the breezeway of the Hotel. After exiting the breezeway, Jaramillo ran west into the parking lot of another old hotel. Jaramillo ran to an ornamental wrought iron fence and climbed up over it. Once Jaramillo was on the back side of the fence, he had gotten stuck on the fence. Jaramillo's sweater had been pulled up by the fence and he was actively pulling trying to get loose from the fence. Due to Jaramillo already being on the other side of the fence and still actively attempting to get loose to keep running away, I engaged Jaramillo on the torso with one bean bag round. This engagement struck him but was unsuccessful as Jaramillo was still trying to escape. I changed my position and started to engage the meaty portion of his thighs. Some of the bean bag rounds were glancing

off of the fence making unsuccessful impacts on him. Jaramillo jarred himself free and began to run again. I engaged Jaramillo one last time in the thigh from behind as he was still fleeing from us. This impact made contact with Jaramillo but was unsuccessful as he still kept running away from us. I jumped the fence and started chasing Jaramillo again. N.M.S.P. Sergeant Bentley and N.M.S.P. Officer Romero and another N M S P Officer Rodriguez as they had already taken Jaramillo into custody by the time I arrived Jaramillo was turned over to case agents. I took pictures of the bean bag impacts in Jaramillo's body as required by required by N.M.D.P.S. Policy. In total, I fired 6 less lethal Bean bag rounds. Jaramillo did sustain punctures and lacerations to his legs from the fence Sergeant Bentley sustained lacerations to his legs from the fence

This concluded my involvement in this mission. This event was captured on my department issued WatchGuard and later uploaded to the WatchGuard data bank. I had no involvement in the investigative portion of this mission, nor did I collect any evidence. Any additional information will be documented in supplemental reports

## Incident Summary

On Monday, November 14, 2022, at approximately 1709 hours, I was contacted by New Mexico State Police Tactical Team Assistant Commander, Sergeant Armando Reyes-Llamas, requesting I respond to the Homeland Security Intelligence (HSI) office in Albuquerque on Tuesday, November 15, 2022, at 0430 hours. Information was provided NMSP Tactical Team members would be assisting HSI with a high risk search and arrest warrant service. I was advised I would be part of an undercover (UC) element and to be in (UC) attire.

A brief was provided HSI was attempting to locate, and arrest wanted suspect, Eric J Jaramillo, for felony charges related to the manufacturing and sale of fentanyl narcotics. The suspect based on intelligence and surveillance was positively identified staying at the Best Western Hotel, room #208, located at 10330 Hotel Circle NE, Albuquerque, New Mexico. HSI was able to verify the suspect had rented the room up to November 17, 2022, where he had been identified leaving and coming back to the room on multiple occasions.

I was advised a majority of the team would be assisting HSI members on a search warrant service for a residence in the Albuquerque area known to be affiliated with the suspect. Team members Officer Justin Cabrera, Officer Kyle King, Officer Alejandro Romero, and I, were tasked with being in a UC vehicle at the hotel for a takedown element should the suspect exit. HSI was advised to be having UC vehicles of their own stage in the hotel parking lot for surveillance.

On Tuesday, November 15, 2022, at approximately 0430 hours, I arrived at the HSI office where I met with Sergeant Reyes Llamas and HSI Team Leader, Garrett Olsen, for a brief We were advised HSI Agents were already at the hotel conducting surveillance of room #208 where no movement from the suspect had been

identified. Mr. Olsen stated the suspects vehicle was observed to be parked in the southern parking lot of the hotel identified as a white Dodge Durango. I proceeded to get my entry equipment and donned my plate carrier with full "State Police" markings. I then loaded into the front passenger seat of the UC vehicle, a silver Dodge Caravan.

We proceeded to the hotel to get set in place for surveillance prior to other members executing the residential search warrant planned for 0600 hours. We arrived on scene at approximately 0515 hours, where we drove to the southern parking lot and identified the suspect vehicle parked facing north. We staged behind the suspect vehicle with visual of the second story landing to the hotel and maintained surveillance.

After a duration of time, it was advised from HSI over the radio, the suspect was positively identified stepping out of the room with a female subject onto the landing. The female proceeded to smoke a cigarette where both subjects went back inside. A plan was developed to challenge the suspect if he exited when he was close to his vehicle and detain. Should the suspect flee I was tasked to deploying a Noise Flash Diversionary Device (NFDD) beyond him in an attempt to gain compliance and a peaceful surrender.

At approximately 0700 hours, HSI over radio communications advised the suspect and female were exiting again and walking on the landing east towards the stairwell to the parking lot. I positively identified the suspect with the female walking. They proceeded down the stairwell to the parking lot where Team Leader, Officer Justin Cabrera gave us the "take it" command to exit and challenge the suspect.

As I exited the UC vehicle my breaching shotgun sling got snared into the seatbelt limiting my movement. I could hear members challenging the suspect and then proceeding to run north with the suspect on foot fleeing law enforcement apprehension. I was able to get untangled where I proceeded to run north through the hotel breezeway where members were identified. As I made it through the breezeway I caught up to other members where I could see the suspect actively evading and being non-compliant to law enforcement commands running west.

The suspect ran to the next west property identified as the ABQ Encore apartments and was observed maneuvering south to an approximate eight-foot rod iron fence. He proceeded to scale over the fence continuing to evade where he was observed getting hung up on the fence by his clothing. With continued noncompliance from the suspect, I deployed a double NFDD (serial #0526506) in the proximity of where he was on the fence in hopes of a peaceful surrender. It did not have the desired effect where the suspect was observed pulling on his clothing trying to get freed from the fence. Multiple Less-Lethal Bean Bag rounds were deployed at the suspect by Officer Cabrera in an attempt to obtain pain compliance and a surrender. This too did not have the desired effect.

The suspect was able to pull his clothing free where he continued to run south in the courtyard of the apartments. I proceeded to jump onto the fence attempting to scale over it where my pant leg got caught on the spokes and I fell over the fence onto my back. I got up to my feet where I continued chase after the suspect south. I advised him multiple times to get down with no indication of compliance to the command.

Towards the far southern portion of the courtyard, I gained close proximity to the suspect where I went

hands on placing my left hand on his left shoulder clinching grip on his sweater and my right arm around his right arm pinning it to his side. Grabbing ahold of these areas, I utilized my momentum and weight to drive forward leveraging his body down and to the ground. As we went forward, I rotated my hips to the left to turn his body to the right sideways going down as to not let his face make direct contact with the ground.

I proceeded to get into a side mount on top his body and pinned his left hand to the ground where I could see him fumbling with objects in his hand trying to reacquire a grip on it. It was identified as a lighter and set of car keys where I requested, he drop them I grabbed ahold of his left wrist attempting to get him to drop the objects where he resisted stiffening his arm and clinching his hand. He dropped the items after where I pulled his left arm behind his back for a cuffing position.

With him still on his right side I requested he roll over onto his stomach to obtain his right arm for detention. He advised "Hold on" stiffening his body and bracing with his right foot on the ground not allowing me to roll him over. I told him again to roll over onto his stomach where I utilized leverage with my left hand on his left wrist and my right hand on his back to roll him face down.

As he was face down his right arm was still under his body. I grabbed his right bicep and attempted to pull his arm out from under him where he tensed up and pulled away from me not wanting to give up the arm. I commanded him to put his arm behind his back where I pulled on his right bicep again and was able to get the arm freed from under him. With both hands behind his back, I repositioned into a top mount over his lower back for control with my legs straddling his body I utilized two pairs of handcuffs due to his body size where he was detained without further incident.

With the suspect secured, I stood up off him where a NMSP K 9 Officer proceeded to take over custody The Officer rolled the suspect back onto his right side and began to search him for weapons. While rolling him onto his side visible blood was observed on the ground and coming from the right pant leg. This injury was consistent with the suspect having been stabbed by the anti-trespassing spikes lining the top of the rod iron fence he had jumped.

With the suspect relieved over to Uniform Officers, I left the scene and went back to the staging area. While there, I observed abrasions to my left top forearm, pain to my tailbone and pain to my right calf. Pulling up my pant leg I identified a deep laceration to the inner part of my calf, approximately a half inch in size The injuries were believed to be in part to scaling the fence and falling over. The laceration was believed to be like the suspects where the rod iron fence had punctured into my calf.

Clearing the scene, I obtained medical services at a hospital for my injuries. For documentation as to the suspects injuries, see photograph attachment to this case

### Incident Summary

On November 23, 2022, at approximately 10 41 pm, I, Officer Juan Parra Medina, with the New Mexico state police, was on duty, in full uniform, clearly displaying my badge of office number 421, in the City of Santa Fe, County of Santa Fe, State of New Mexico.

New Mexico State Police Officer Patrick Griswold advised over the radio that a silver Dodge Neon passenger vehicle almost struck another vehicle on the interstate. Officer Griswold advised the vehicle was driving carelessly; therefore, he attempted a traffic stop. The vehicle failed to stop, initiating a pursuit. Officer Griswold provided the direction of travel as well as the speeds. Officer Griswold canceled the pursuit due to losing sight of the vehicle. The last known visual of the vehicle was on Galisteo Street. I proceeded to Officer Griswold's location in an attempt to locate the vehicle.

I was traveling northbound on Via Caballeros, attempting to locate the vehicle. I observed a vehicle matching the description driving southbound directly toward me. I initiated my emergency equipment, the vehicle failed to yield. I verified the vehicle's speed (47 MPH) with my front dash radar. I proceeded to get behind the vehicle, the vehicle continued on Via Caballeros del Sur at a high rate of speed; making me the primary officer in the pursuit.

On Galisteo Rd, I observed no traffic as well as an open field to the east. I performed a pursuit intervention

technique (PIT) at sixty-three miles per hour. The PIT was successful, and the vehicle came to a stop on the right side of an empty field on Galisteo Rd.

### Incident Summary

On Sunday, December 11, 2022, Katherine Cecilia Garcia, was arrested for Driving under the Influence of an Intoxicating Liquor and/or Drugs, Resisting, Evading, Obstructing an Officer, Failure to Maintain Traffic Lane, and No Proof of Insurance. During this event, a Use of Force occurred.

During my encounter with Ms. Garcia, she was asked to step out of the car at least a total of twelve (12) times. Even after I opened her driver side door, she refused by ignoring all of my requests and stating she was not going to step out of the car. She kept stating she was contacting an attorney but was intoxicated to the point where she had locked herself out of her own cell phone.

Due to her not complying numerous of times, my training and experience with impaired drivers (DWIs), the indicators she was displaying of being impaired, her still being in control of a motor vehicle, I grabbed her left wrist with my left hand and her left triceps with my right hand I utilized a modified Arm Bar Take Down in order to extract her from the vehicle. This technique was successful, as I was able to place her on the ground in a sitting position. I then grabbed her left wrist again, placed it behind her back and placed one handcuff. Ms. Garcia began to actively resist once again by attempting to pull her left arm back toward her front. I did not allow her to do that as I still had control of her left wrist. I then reached for her right wrist, and once again she pulled that one away and said, "You mother fuck " I asked her twice for her other hand (right hand) and was able to get ahold of it, bring it to her back and place it in handcuffs and double locked them.

I then asked her to step up. She said, "No." and was extremely irate. I then used a leverage technique by grabbing her from both arms and standing her up. This was effective to get her to stand up but she continued to resist by tensing up her body and not wanting to walk on her own behalf. She kept being irate and said, "No, fuck you " After escorting her to the front of my unit and performing a pat down, she continued to tense up and say "I will not comply" "I will not take a seat". I was able to place her in the back seat of my unit without using any additional force.

She was later medically cleared at Mountain View Regional Hospital and no injuries were advised.

Sustained:

- Patient and professional while dealing with irate subject
- Effective Arm Bar technique
- Request for additional units

Improve

- Photos
- Poor radio signal

## Incident Summary

I attempted to identify a male subject who was concealing his true identity. I removed the male from the vehicle and attempted to handcuff him behind his back. The male resisted and started to flee on foot where he took a few steps and was taken to the ground. The male was able to roll face to face with me. I advised the male I was going to get up and would utilize my ECW if he continued to resist. I got up from wrestling with the suspect. The male jumped to his feet and fled on foot. I retrieved my ECW from its holster and pursued the suspect on foot. I brought my ECW up and discharged one cartridge into the back of the fleeing suspect. The male came to a stop on a grassy patch of dirt where he was successfully detained with handcuffs behind his back.

## Incident Summary

Driver asleep inside motor vehicle, vehicle observed running (with brake lights on, in Drive), and blocking intersection on Pan American and San Mateo. Driver awoke and then made erratic U-turn at intersection before officers could contain the vehicle. I (Officer D. Savage) began to follow and attempted engage the vehicle with a PI T maneuver. The vehicle then continued driving south San Mateo while my emergency equipment was engaged. The vehicle stopped temporarily and then continued off into a parking lot. A high risk stop was completed and driver was ultimately arrested for Driving Under the Influence and other charges.

### Incident Summary

On December 22nd, 2022, at approximately 2202 I was assisting Auto Theft Suppression Unit with tracking, searching, and arresting those who were in possession of a stolen motor vehicle. I attended briefing where I was advised of the areas known to have high volumes of stolen motor vehicles. During briefing, I was advised my role was to supplement Auto Theft Agents when they initiate a takedown/soft approach on a vehicle. The plan was to run license plates using the LEADS data base system in all areas known to have high volumes of stolen motor vehicles. I was assigned as the front passenger of an unmarked F250 pick-up. I got into my assigned vehicle and put on my plate carrier which had visible police markings on the front and back.

After a few hours of searching/patrolling for stolen motor vehicle, I heard over radio communications one of the ATSU agents had eyes on a silver in color passenger vehicle with no license plate, no temp tag, and signs of a stolen motor vehicle. ATSU agents have specialized training and experience in identifying stolen vehicles. The agent advised all who were assisting ATSU about the direction of travel of the vehicle and was asking for assistance in following the vehicle. The agent advised over radio communications the vehicle had pulled into a parking spot at the Circle K off Coors Blvd and Hanover. The vehicle was parked in front of the Circle K with the rear end of the vehicle facing the doorway of the Circle K. The convenience store contained high civilian traffic in and around the parking lot. The Circle K is located near a busy intersection with multiple vehicles driving north and south. The agent advised of the number of occupants and the description of those in the vehicle. Over radio communication we were advised due to the vehicle not displaying a license plate, not being able to run an information inquiry through LEADS data base, positioning of the vehicle, and the location, ATSU agent requested a soft approach with a Uniform Officer making the initial

contact. ATSU Agents advised over radio communication assigned positions for the soft approach.

From my position, I observed the Uniform Officer approach the vehicle with his emergency equipment engaged. ATSU agents followed behind the Uniform Officer with their emergency equipment engaged. I could hear the Uniform Officer and ATSU agents giving the occupants verbal commands to step out of the vehicle with their hands. While verbal commands were being given, I observed the silver in color vehicle put his vehicle in drive and maliciously ram into the Uniformed Officers marked vehicle, colliding with the marked vehicle, which put the Officers and civilians lives in danger. After colliding with the marked vehicle, the driver reversed and got out of the vehicle. I observed the driver run in the opposite direction of all ATSU agents and Officers. I began chasing the male individual. With the suspect not showing signs of a peaceful surrender, maliciously ramming his vehicle into police marked units, endangering Law Enforcement Officers, and running away from law enforcement Officers, a short foot pursuit ensued where I caught up to the suspect and performed an impact take down. The suspect was tackled from the rear as he was slowing down due to being exhausted from the initial sprint. I grabbed his upper body and used my leverage and body weight to escort him to the ground face down. While on the ground, the suspect was refusing to put his hands behind his back. The suspect would pull his arms towards his center of his body. I grabbed his left arm and placed it behind his back. After grabbing his left arm, he followed my directions and placed his right hand behind his back. The suspect was placed in custody. After he was placed in custody, a status check for injuries of officers and agents was requested where nobody reported any injuries. The suspect was then checked for injuries, which there was no visible injuries sustained during the incident.

The severity of the crime was extremely high and dangerous, I believed the suspect posed an imminent danger to the safety of law enforcement and civilians in the area as he failed to listen to comply with verbal commands. The suspect was actively fleeing and attempting to evade law enforcement on foot. Due to all three of the Graham factors being met I made the decision the suspect was needed to be stopped and I used objectively reasonable force to get the suspect under control.

The suspect was later identified as Christopher Martinez

## Incident Summary

On December 30, 2022, at approximately 1435 hours I arrived at the New Mexico State Police Office in Socorro. New Mexico State Police Officer Guzzardo made arrangements for Charles to come to the State Police Office. Upon Charles arriving, Officer Guzzardo and I met with him in the front entrance of the State Police Office. Officer Guzzardo explained to Charles he had a warrant and to put his hands behind his back. I grabbed Charles' right hand and immediately felt him tensed up. He was told several times to quit resisting but continued to resist arrest. We attempted to place Charles on the ground, but he fell onto two chairs, and I was able to place one handcuff on his right hand. Charles then grabbed the arm of the chair with his right hand, and I was unable to place his hand behind his back. I placed my right knee on his right arm and began to apply force which caused him to lose his grip. We were able to place Charles in handcuffs with both hands behind his back. During the struggle with Charles, he sustained an abrasion on his forehead. Officer Guzzardo and Officer Cordell Cook placed him into Officer Cooks' patrol unit and he was transported to Valencia County Detention Center.

## Incident Summary

On January 5th 2022, I responded to a crash on Jefferson and Cutler. Upon arrival I observed a female Ms. Gurule attacking Mr. Guzman. As I was separating the involved parties, Mr. Joel Lucero arrived on scene and was immediately aggressive. He advanced on me yelling profanities and saying he was going to attack one of the parties I stepped in between them and he shoved me multiple times in the chest He was taken to the ground and arrested. Ms. Gurule was pulling at my arm as I attempted to arrest her husband, Mr. Lucero. Officer Ortega arrived and I told him to arrest Ms. Gurule. While attempting to do this, she pulled away from him and struck him She was taken to the ground and arrested

## Incident Summary

On January 14th, 2022, at approximately 22 51 hours, I was on duty on patrol in a fully marked unit clearly displaying my badge of office in the county of Valencia state of New Mexico. On this date I was traveling south bound on Van Camp approaching the intersection of Monterey Blvd. I observed a white in color pickup truck with a license plate that was unreadable I turned around to catch up to the vehicle once close enough to read the plate the vehicle failed to pullover. I initiated my emergency equipment. I notified dispatch I would be in pursuit with the vehicle. Pursuit was ended due to a PIT maneuver
