Incident Summary

On January 02, 2022 at approximately 10 53 p m , I was called to a disorderly disturbance at 320 South Commerce. Upon my arrival, I made contact with Tasha Romero, the reported suspect. Tasha was inside her home, breaking her home's windows while yelling obscenities outside to her neighbors; Tasha's voice was heard and carried outside of the home and disturbed the peace. The original call came in from a neighbor who reported that Tasha was breaking her own home's windows and she was concerned Tasha would also break hers Tasha also broke a glass window to one of the neighbors' homes that night and a second home on a prior day (which had not been reported) I attempted to arrest Tasha for disturbing the peace With the knowledge that Tasha attacked (assaulted and battered) NMSP Officers Biyanca Castro and Patrick Chavez a few weeks prior, her refusing to deescalate after several attempts to get her to and with her being armed with what appeared to be a brick shaped blunt object, I deployed my Taser. Tasha wore what appeared to be several layers of clothing thus I deployed two separate cartridges, which appeared to be effective after the second deployment I could not determine if Tasha was still armed with the object in her hand, thus I had to give her two brief manual cycles; Officer Bazan still would not free her hand thus, a final drive stun in the area of her lower back was ran while Officer Bazan got into position and was able to finally gain hold of her arm and place her in handcuffs. After transporting her to the hospital, only three prong wounds were located, which appeared to indicate that one cycle of the Taser was not effective. Tasha also had a large amount of visible suspected blood on her hands (and) body which did not occur as a result of the use of force but appeared to be self inflicted Tasha appeared to be suffering from what I perceived as a severe case of a mental health disorder; her family members stated she suffered from schizophrenia Tasha was admitted for a 7 day mental evaluation; she was also charged with Felony Criminal Damage to Property and Disorderly Conduct by Officer Karl Bazan.

Incident Summary

On the 16th day of January 2022 at approximately 1900 hours, I, Patrolman Jose Medina was on patrol on South Sunset Avenue in the City of Roswell in the County of Chaves, State of New Mexico. I was in fully marked New Mexico State Police Unit, in uniform, clearly displaying my badge of office number 602 I was patrolling northbound on South Sunset Avenue when I came into visual contact with a vehicle traveling opposite direction that appeared to be traveling at a higher rate of speed than the posted speed limit I engaged my stalker radar and the vehicle was traveling at 57mph in a posted 35mph zone. I turned around now traveling southbound on South Sunset Avenue I engaged my stalker radar and the vehicle was traveling 65mph in a posted 35mph zone I caught up to the vehicle at the intersection of South Sunset Avenue and West McGaffey Street at a red traffic light When the traffic light turned green, I engaged my emergency equipment and conducted a traffic stop on a grey in color passenger vehicle bearing New Mexico AYPZ03. Upon exiting my patrol unit, I made a driver side approach and met with the male driver of the vehicle I informed him the reason for the traffic stop and requested his Driver's license. Driver opened his window partially and gave me his documentation. The driver was identified as Mr Ramon Garcia by his drivers license I observed him to be going through and fumbling through miscellaneous items in the vehicle. I detected a smell of an alcoholic beverage emitting from inside the vehicle I asked Mr Garcia if he had any alcohol and he admitted to drinking a couple I asked Mr Garcia if he can please make eye contact with me. I asked him to exit the vehicle and meet with me at my patrol unit. Mr. Garcia refused to step out of his vehicle I advised him he was not free to go because he did admitted to drinking. Again, I asked him to step out of his vehicle, to which he still refused. Mr. Garcia got on his phone and began making phone calls I asked New Mexico State Police Dispatch to send me additional units because of his non-compliance. I continued to ask Mr. Garcia to step out of his vehicle, while I was waiting for additional units. As I was standing by the driver side door, I observed a white vehicle approach my traffic stop and heard a male yelling from the vehicle. The vehicle came to a stop. A male individual exited the vehicle from the passenger side and yelled "Whats up Motherfucker" The male individual began walking towards me in a fast pace, with

his fists closed, appearing as he wanted to confront and attack me Mr Garcia began communicating with that male individual in which he was the person he was calling during the traffic stop. I walked backwards and towards the passenger side of the vehicle for cover The male individual continued yelling "Im fucken tired of you guys harrassing us." I told him to stop. I drew my sidearm as a show of force. I drew my sidearm due to me being alone and outnumbered As I observed the male individual to have the ability to attack me He had no physical restrictions that would hinder him from being able to attack me. I continued to tell him to stop and lay on the ground Chaves County Sheriffs deputies arrived on scene The male individual eventually complied and was taken into custody by being placed in handcuffs by Chaves County Sheriffs Deputies. Again, I met with Mr. Garcia and he still refused to step out of his vehicle Roswell Police Department were now on scene to assist Mr. Garcia put his keys in his ignition and told me he was leaving. Roswell Police Sergeant Reese drew his taser to get Mr Garcia to comply I opened the driver side door and told Mr Garcia to exit the vehicle Mr Garcia refused. Sergeant Reese said he going to drive stun him. Sergeant Reese placed the taser on Mr. Garcias back and tased him to comply I grabbed Mr Garcias left hand and wrists with both of my hands and pulled him out of the vehicle. Mr. Garcia was placed on the ground face down. Mr. Garcia continued to resist by not placing his arms behind his back I grabbed his right arm and with reasonably force, placed it behind his back I was able to place handcuffs on him. We assisted Mr. Garcia to his his feet and placed him in the backseat of my patrol unit facing the security cage The male individual later known to be Mr Isaac A Biaza Jr and Mr Garcia had no visible injuries. On Monday January 24, 2022 an arrest warrant was signed and approved by Judge Fouratt. The arrest warrant was issued and entered into NCIC for Mr Isaac A Biaza Jr for Resisting, Evading, Obstructing and Assault upon a peace officer.

Incident Summary

On January 28, 2022 at approximately 2153, Deming Police Officers received a call of a Domestic Violence incident in the Peppers supermarket parking lot. The reporting party indicated to DPD officers that her boyfriend had hit her vehicle with a truck or had shot at her. The RP indicated the suspect then took off. NMSP Officer Baca-Ray responded to the location of the incident, a BOLO was put out for a red late 90's model lifted Chevy Pick up. LCSO observed the vehicle a short distance away from the crime scene and a pursuit ensued. The pursuit with the vehicle passed directly in front of Officer Baca-Ray and proceeded to become secondary for LCSO Deputy in the pursuit. The vehicle went south down Country Club and left the roadway, units lost visual of the suspects vehicle. A Luna County Deputy located the vehicle a short time later and requested Officer Baca-Ray's assistance due to the fact he was the closest. Officers discovered the suspects' vehicle in a field, the suspect was then discovered a short time later laying in the field attempting to hide. He was given verbal commands and which he did not comply with. He attempted multiple times to try to entice a shooting. The suspect attempted to act like his cell phone was a gun. The suspect took off running further into the field and Officer Baca-Ray pursued on foot (approximately a quarter mile) through a soft dirt field. Officer Baca-Ray proceeded to give him additional commands then deployed his taser. The suspect was placed under arrest and turned over to the Deming Police Officers for prosecution.

Incident Summary

On Tuesday, February 8, 2022, at approximately 8 24 pm, I, Officer Andrew Pulido, was involved in a vehicular pursuit. I was the secondary Officer (communication unit), and Officer Brandon Gonzales was the primary Officer. The incident occurred on Interstate 25 southbound near mile marker 262, County of Sandoval. The pursuit of the vehicle was spiked, causing the vehicle to disable and stop. Once the vehicle stopped, I observed the male driver flee on foot, and a foot pursuit ensued. I chased the male giving him several commands to stop, but he continued to flee. I closed the distance with the male and shoved him with my right hand in the middle of his back, causing him to fall on the shoulder that contained soft dirt. When the male was falling, the momentum of shoving the male to the ground caused me to fall on top of him, which I was able to gain control of the male and place him into handcuffs. The driver was placed into custody without further incident. The subject in the vehicle: Ruben Jose Mendoza (Driver) Jasmin Marcella King-Payton (Passenger) Attachment(s) Associated: Attachment(s) OI report NMSPR2201407 Watch Guard Video NMSP Dispatch Audio/Cad report End of synopsis

Incident Summary

USE OF FORCE 2/15/2022 Case# 22 01655 CJIS # 2022 3590 UOF Occurred at 12 44 I was called to assist Officer's Hobbs and Blea of the New Mexico State Police with helping to talk out a subject who didn't want to exit the passenger side of his moms vehicle because he had an active warrant I arrived on scene and talked to the driver Ms. Muneta and the suspect (passenger) Tillman Muneta. After 56 minutes of negotiation's, a vehicle extraction was used During the extraction, I picked up the driver, Ms Muneta using both of my hands and placing them underneath each arm pit and lifted her out of the vehicle because she was getting kicked by the passenger who was attempting to get into the driver's seat I tried to put Ms Muneta on the ground by standing her up on her feet. When I let go of her, she fell on the ground.

Incident Summary

On February 15, 2022, at approximately 1136 hours, I, Sergeant Justin Tucker responded to assisted Officer Hobbs with a passenger who had an active warrant and had attempted to register a stolen vehicle. I arrived on scene at approximately 1220 hours. I observed a silver in color Toyota Tacoma facing west and was parked near the east entrance of the Toyota Dealership parking lot. Lt. Rempe was standing at the driver's side door talking to the driver, who was identified as Corena Muneta (mother). Lt. Rempe was able to unlock the doors. I noticed that Mr. Tillman Muneta began to get away from the officers and he positioned himself to get into the driver's seat. Mr. Tillman's left arm bumps into Ms. Muneta's back. I grabbed Mr. Tillman's left hand to prevent Mr. Tillman Muneta from harming Ms. Muneta. Mr. Tillman continued to try and get into the driver's seat as his left foot struck Ms. Muneta in the back. I grab Mr. Tillman Muneta's right hand and tried to prevent him from hitting Ms. Muneta and from grabbing the steering wheel. Mr. Tillman Muneta said his left foot was stuck. I grabbed his left foot, which appears to be stuck between the steering wheel and middle console. I removed his left foot and observed that it was not stuck. This concludes my involvement.

Incident Summary

USE OF FORCE – 2/15/2022 – Case# 22-01655 – CJIS # 2022-3590 UOF Occurred at 12:44 On February 15, 2022 Officer Hobbs and Officer Blea conducted a traffic stop on a vehicle The occupants had been in the Farmington Motor Vehicle Department and attempted to register a stolen vehicle. They were given the information of the occupant in the vehicle, Tillman Muneta, DOB [REDACTED]/1988 Tillman had a misdemeanor warrant for resisting, evading, or obstructing an officer. The warrant was confirmed and valid, however Tillman would not exit the vehicle Additional units were called to the scene, and negotiations were attempted for approximately 1 hour. It was decided we would have to get the vehicle doors open and extract Tillman. There was a struggle in which several officers used minimal amounts of force on both occupants within the vehicle, until Tillman appeared to be trying to enter the driver seat. As a last resort a taser was also deployed by Officer Blea in an attempt to stop his actions, and keep him from entering the driver seat of a running vehicle

Incident Summary

On Tuesday, February 1st, 2022, at approximately 2:37, I, Officer Mario Herrera, overheard Espanola Central Dispatch advise their officers Pojoaque Tribal Police Department was asking for assistance with a pursuit. Central Dispatch advised the officers Pojoaque PD was pursuing stolen a gold Honda passenger vehicle. The last known location of the pursuit was north on US Highway 84/285 at the milepost 184. I then proceeded to travel to the milepost 187 to set up stop sticks to prevent the vehicle from traveling into the congested city of Espanola. As I was at the milepost 188, I overheard the pursuit turn west onto State Road 399 the turn west onto State Road 581. I then proceeded to the intersection of Upper San Pedro Road and State Road 581 to intercept the vehicle and set up stop sticks. As I got to the intersection, I heard the sirens coming towards my location. I exited my patrol vehicle and retrieved my department issued stop sticks from the rear of my unit. As I deployed my stop sticks, the vehicle was able to avoid them, and it was unsuccessful. I retrieved my stop sticks and proceeded to let the units pass me. A total of four Pojoaque PD units and a BIA unit passed me and were pursuing the vehicle. I then got into my unit and went in the direction of the pursuit. During this time, I was not actively involved in the pursuit and was headed in the direction in hopes of being able to set up sticks again. As I got onto State Road 30, I overheard Officer Ramirez stated he was going to attempt a Pursuit Intervention Technique (PIT). As I approached the intersection of State Road 30 and Paseo de Oñate, I observed Officer Ramirez behind the vehicle. I then observed the vehicle go onto the wrong side of the roadway and travel north in the southbound lanes. I then observed Officer Ramirez position his unit between civilian cars and the vehicle to prevent the vehicle from colliding with them. At this point, I observe the vehicle pose an immediate threat to other vehicles as it continued to travel north in the southbound lane. Due to the amount of traffic in the southbound lane, I knew I had to act to stop the vehicle to prevent serious injury to the public. I believe Officer

Ramirez knew this as well and attempted another PIT on the vehicle at the intersection of Paseo de Onate and Bond Street. The vehicle then lost control and in attempt to regain control, it drove up onto a sidewalk. I saw an opportunity to use my unit and make vehicle to vehicle contact and pin the vehicle against a small wall on the west side of the roadway and sidewalk. As I contacted the vehicle, I was able to pin the vehicle against the small wall and terminate the pursuit. A felony stop was then conducted. Due to my positioning, I could only see the back right passenger due to the front passenger due to it being covered with cardboard. I then began to give commands for the back passenger to show me his hands and get out of the vehicle. After multiple commands, the passenger did not comply. Due to dark tint, I could not get a clear view of the passenger and his hands. I then made the decision to use my department issued ASP and break the back window. After breaking the back window, the passenger then complied and got out of the vehicle and got on the ground. He was placed in cuffs by an Espanola Police Department Officer. This concludes my involvement in this incident. Charges for the incident and prior incidents during the initial pursuit were handled by the Pojoaque Police Department.

Incident Summary

On Tuesday February 1st 2022, at approximately 2:40 PM I was assisting Pojoaque Tribal Police in a Vehicular Pursuit I was able to get behind the vehicle on Santa Clara Bridge Road The vehicle then turned right onto Calle Alfonso I followed the vehicle maintaining a safe distance. The vehicle then proceeded left onto Calle Chavez and then right onto Los Alamos highway While on Los Alamos Highway I was able to recognize the vehicle was driving into oncoming traffic and he was able to position my unit in-between the innocent drivers traveling in the correct lane of travel to prevent further accidents I saw an opportunity to safely attempt a Pursuit Intervention Technique "PIT" at the intersection of Los Alamos Highway and Paseo De Onate. Vehicle to Vehicle contact was made and the PIT was unsuccessful The subject vehicle continued north bound in the south bound lane on Paso De Onate. I then aligned my unit again to attempt a second PIT. Vehicle to vehicle contact was again made and in an attempt to get out of the PIT the subject vehicle drove onto the sidewalk where there was a curb. I observed Officer Mario Herrera next to the subject vehicle and saw Ofc Herrera was able to successfully contain the subject vehicle Without further incident, all subjects were appended and charged by Pojoaque Police Department. Please refer to offense incident report for full details on this event.

Incident Summary

On Sunday, January 30, 2022, at approximately 10 15 p m , Officer Taylor and myself Officer Guillen were responding to alarm call in the Abiquiu area. While enroute north on US 84/285 at mile post 194, I observed a vehicle that appeared to be driving on its "rims" I passed the vehicle to assure the vehicle was indeed driving on the vehicles "rims". Officer Taylor advised dispatch of the vehicle driving on its "rims" at a low speed in the same direction in the number two lane Officer Taylor attempted a traffic stop, but the vehicle failed to yield Officer Taylor initiated a pursuit as the vehicle increased its speed. Once Officer Taylor initiated the pursuit I pulled my marked New Mexico state police unit directly behind Officer Taylors unit and advised dispatch I would be taking over radio communications. Officer Taylor requested for PIT authorization, which was authorized per Sergeant Cunningham Officer Taylor conducted a successful Pursuit Intervention Technique (PIT). The vehicle was spun and attempted to go southbound in the northbound lanes at low speed. I attempted to contain the vehicle as it passed in front of him I was able to successfully make low speed contact the vehicle's passenger side door and pushed the vehicle off the roadway. Almost immediately, Officer Taylor came around my unit and made vehicle to vehicle contact with the vehicle at the front resulting in a successful containment Both Officer Taylor and Myself conducted a "Felony Stop" where the driver initially refused to comply, after giving the driver multiple commands to exit the vehicle the driver finally exited the vehicle on the ground and where he was detained, and placed in the back passenger seat of Officer Taylors marked patrol unit. Upon further investigation Officer Taylor found the driver, 17 year old Sean Montoya was DWI My marked patrol units sustained minor cosmetic damage to the front passenger bumper.

Incident Summary

The following is a brief of my involvement in an altercation that occurred between two males fighting while I was off duty at Wal Mart Super Center in Los Lunas, NM. On February 21, 2022, at approximately 20:10 hours myself and my fiancé were grocery shopping at the rear of Wal Mart near the dairy products. At this time, I observed two males having a hostile conversation, I continued walking past them. I remained in the vicinity of the two males due to my observations of children being accompanied by both males. I was in a nearby aisle and heard shouting, merchandise being thrown around at which point I observed the two males engaged in a physical fight on the ground. One male was wearing a black shirt and the other male was wearing a white shirt. I then walked over to the males and attempted to separate the two. Both males stood up at which point I was in between both males, this was done by using each one of my hands pressed against their person to prevent them from continuing to fight. Both males were still escalating the situation by verbally shouting at one another and continuing to attempt to restart the physical fight. At this point I verbally announced myself twice as "State Police" the male wearing the black shirt stopped escalating the situation verbally and physically. The male wearing the white shirt continued to shout and advance in the direction of the male in the black shirt and myself. The male in white then lunged towards me, pushing me against my chest using both his hands. This was done twice with an excessive amount of force against my chest. While the male did this he said to me "F**K YOU, GET THE F**k OUT OF THE WAY!". When the male used physical force against me, I responded with two closed hand strikes to his chin/face. The male then fell to the floor. I instructed him to roll to his stomach and place his hands behind his back. I restrained him in this position for approximately two minutes. He complied with my directions for the remainder of my contact with him. During the time I was restraining him I asked him if he wanted to press charges and he responded with no. I then got the attention of a female Wal Mart manager and asked her to radio to the employee standing by with the other male wearing black. I asked the manager to ask the male wearing the black shirt if he wanted to press charges, he responded with no. I then asked the female manager if she wanted me to detain the male until police arrived and she responded with no but they have to

leave immediately. At this point I released the male wearing white and advised him he had to leave the store and I'd escort him outside the store to which he agreed. Upon escorting him to the exit two Valencia County Sheriff's Deputies entered the store. I advised the male he now needed to speak with the Deputies. A short time later a few Los Lunas City Police Officers entered the store and began getting statements from the males. I waited for approximately 15 minutes and was advised by a LLPD officer I did not need to give a statement but provided them with my DL and phone number. I continued shopping in the store and concluded my involvement in this incident. My decision to use force on the male wearing white was based off the totality of the circumstances and my determination that there was an immediate safety risk or immediate danger to myself, to both males, or to other individuals and children in the vicinity. I called my New Mexico State Police Supervisor Sergeant Gilberto Salazar at 20:30 hours to notify him of the incident. Sgt. Salazar called back a short time later and advised me to go back to the store and request a copy of the surveillance footage. I went back to Wal Mart at 09:00 hours and gathered copies of surveillance footage to be filed with our agency as record of the incident. It should also be noted at the time and date of the incident I choose not to file charges against the male in the white for battery against me. The following day February 22, 2022, at 20:18 hours I called Los Lunas Police Department at (505) 865-9130 to ascertain if a report was generated in reference to the incident. I was advised there was no report generated by the officers that responded to the incident. I then requested a copy of the CAD call and was advised a IPRA request form needed to be completed to obtain a CAD call. I called Lieutenant Alexander Rodriguez and advised him of this, and he told me he would complete the IPRA request form. In conclusion I do not have any identifiers for anyone involved. Upon the CAD call being provided to Lt. Rodriguez and my receipt of the CAD call, I will enter a supplemental report with identifiers and attach the CAD call to the offense report. Sr. Patrolman Matthew Garcia

Incident Summary

On or about February 17, 2022, I, New Mexico State Police Officer Marcos Cordero was dispatched by New Mexico State Police Central Communication Center (CENCOMM) to a BOLO- Attempt to Locate call, about a black Chrysler bearing New Mexico Air Force plate AR2878 The driver of this vehicle was called in by his mother for being highly intoxicated. The driver was identified by the mother to Cibola Dispatch as Delmar Eldridge possibly headed to Smiths or to the Navajo Reservation through New Mexico Highway 605 I proceeded to NM 605, at about mile post 2 I observed a black Chrysler that appeared to be on the shoulder and started traveling southbound on NM 605 I engaged my emergency equipment to conduct a traffic stop When I contacted the driver, I observed him to have blood shoot watery eyes, slurred speech and could smell a strong odor of alcohol I advised the drive to exit numerous times and he refused After he tried to leave by starting the car, I took the keys and made my way to the driver side to assist the Sheriff's deputy who was holding Delmar's left arm I used a handcuff throw technique to extract Delmar from the vehicle and rolled him over to his stomach to handcuff him behind his back. He was then placed into the rear passenger seat of my unit without further incident

Incident Summary

On February 3, 2022, I was on duty, in full uniform displaying by badge of office and driving a clearly marked patrol unit in the County of Bernalillo, New Mexico. At approximately 11:35 am New Mexico State Police Officer Sharon Duran and I were both parked in our respective patrol units in the median of Interstate 40 at or near milepost 143. At this time, I gold Ford pick-up was traveling east on I-40, and it quickly turned into to the median where we were parked and I observed the driver side window was rolled down and the driver had his hand out the window and was waving at us in a frantic manner. As this pick-up came to a stop near us the driver yelled at Officer Duran and I that his vehicle was just "swiped" I asked him again to repeat what he said, and the driver said, "my vehicle was just swiped, it's a Teal Suburban" and he was pointing east on I-40 indicating to me that the vehicle was just past us on I 40 At this time both myself and Officer Duran took the drivers statement about his vehicle having just been "swiped" to mean that another vehicle had side swiped his vehicle. There had been several crashes and vehicle that had slid on I 40 that morning due to snow and ice on parts of the roadway. Officer Duran and I then both entered onto I-40 and began traveling east to locate the vehicle that was described to us as being involved in a hit and run collision with the reporting party's vehicle Officer Duran notified dispatch that a Teal Suburban was reported as being in a hit and run and was traveling east on I-40 and that we were attempting to locate the vehicle Shortly after this New Mexico State Police Officer Jerri Volk notified Dispatch via radio that she observed the suspect Teal Suburban pass by her location at or near milepost 145 of eastbound I 40 Ofc Volk advised that she was going to turn around and attempt to catch up to the vehicle. Officer Duran and I were then able to catch up to Officer Volk and we were able to catch up to the suspect Teal Suburban near milepost 153 of Eastbound I 40 At this time all three of our units had our emergency lights activated. As Officer Volk got behind the suspect vehicle it exited I-40 at the 154 exit and turned south onto Unser Blvd Officer Volk relayed over the radio that the vehicles plate was 623WBL out of New Mexico. She also advised that the vehicle had its emergency flashers activated and I observed the flashers as well as I was directly behind Officer Volk At this time, we still had our emergency lights and audible sirens

activated and we were directly behind the suspect vehicle. The vehicle then began to accelerate and started to weave through traffic. Officer Volk notified dispatch that the vehicle was failing to stop and requested that the air be "10 3" which notifies all units that radio traffic is held for this incident. I then notified dispatch that I was the secondary unit and that I was taking over communications for the pursuit. At this point we were southbound on Unser Blvd in Albuquerque, NM and we were approaching Los Volcanes Road. At this time, I allowed the pursuit to continue as we believed that the suspect vehicle had already been in a hit and run accident on I-40 and that based off of the driving behavior prior to police contact posed a danger to the innocent motoring public. Traffic was lite and the roads were clear and mostly dry with no indication of ice on the roadway and only spots of wet roadway from melting snow. The vehicle continued south on Unser Blvd and once it passed Bluewater Road it was straddling both southbound lanes of traffic. I observed that NMSP Officer Duran was behind me but was following at a safe distance and was not actively involved in the pursuit but was positioned to provide back up on short notice should the need arise. Upon approaching Central Ave, the vehicle moved to its left and went into the left turn lane on Unser Blvd and went around traffic that was on Unser and then the suspect vehicle crossed over Central Ave and continued south on Unser Blvd. The vehicle continued south and reached speeds of approximately 70 mph. Traffic remained lite, and the suspect vehicle continued to make erratic lane changes and would also travel down the middle of the road splitting both southbound lanes of traffic. The suspect vehicle then ran a red light at Unser Blvd and Tower Road and continued south on Unser Blvd. The vehicle reached speeds of approximately 80 mph during this time. At this time, I overheard New Mexico State Police Sergeant Josh Campos on the radio, and he was advising that he was monitoring the pursuit via the radio. The suspect vehicle continued south and ran another red light at Unser Blvd and Sage Road and continued south on Unser Blvd. The vehicle then moved into the left hand turn lane at Anderson Hill Road. Officer Volk remained in the inside travel lane of Unser Blvd, and I then moved up behind the suspect vehicle. I made the decision that if the vehicle turned left onto Anderson Hill that it would provide me an opportunity to safely conduct a P I T (Precision Immobilization Technique). The vehicle did make a left turn onto Anderson Hill Road, and I observed that there was no traffic or pedestrian's present. The vehicle was traveling east on Anderson Hill Road and its speed was approximately 25 MPH. I then felt it was safe to attempt a P.I.T. on the vehicle. I then attempted a P I T and I contacted the rear driver side of the suspect vehicle with the front passenger side of my patrol unit. However, I was unable to successfully conduct the P.I.T. and my attempt resulted in flattening my passenger side front tire as well as flattening the driver side rear tire of the suspect vehicle. I then quickly moved my patrol unit out of the way and onto the sidewalk to allow the other police units to continue the pursuit of the suspect vehicle. I notified dispatch that my unit was not operable and that I was no longer in the pursuit. I then exited my patrol unit to assess the damage to my unit and while doing this I overheard the pursuing officers stating that the suspect vehicle was headed back toward my location. I then retrieved a Stop Stick from the rear of my patrol unit and I then observed the suspect vehicle traveling west on Anderson Hill Road and it was in the westbound lane. I then positioned myself at the rear of my patrol unit for cover and as the suspect vehicle approached the then stepped forward and deployed the Stop Stick in front of the suspect vehicle. The suspect attempted to avoid the Stop Stick however was unable to and the Stop Stick contacted the driver side front and rear tires of the vehicle. The suspect vehicle then turned north onto Unser Blvd and NMSP Officers Volk and Duran continued to pursue it. This ended my involvement in this case, and I then changed my tire. During this time, I was notified that the suspect had been taken into custody. As a result of my attempted P.I.T. my patrol unit was dented on the driver side front as the push bar was damaged and the passenger side front tire and rim were also damaged. I notified NMSP Lieutenant Frank Chavez of this incident.

Incident Summary

On Friday, January 21st, 2022, I was on duty wearing a New Mexico State Police Class A Uniform clearly displaying my Badge of Office and patrolling eastbound in a marked New Mexico State Police unit on Lea Street in Carlsbad, New Mexico within Eddy County. On said date at approximately 1225 hours I had just finished up a traffic stop and was pulling back into traffic I then observed a gray in color Toyota passenger vehicle traveling westbound on Lea St. near the intersection with Mesa. I observed the male driver of the vehicle not wearing his seat belt I then proceeded to turn around, activate my emergency equipment and attempted to conduct a traffic stop with the driver of the vehicle. The vehicle then turned north on Mesa and then made a right hand turn onto Bronson Street (eastbound) The gray in color Toyota Camry displayed California registration 3LOY224 appeared as if it was going to pull over before speeding off still traveling eastbound on Bronson The driver of the vehicle then drove through the stop sign at Bronson and Lake Street before turning northbound onto lake St. and rapidly accelerating. I advised dispatch that I was in pursuit and to advise a supervisor The driver then drove through stop signs at the intersection of Lake/Greene St and Lake St /Fox St , before turning eastbound onto Fox St. The driver then drove through a stop sign at the intersection of Fox and Halagueno Street before turning southbound onto Halagueno The driver of the vehicle then drove through another stop sign, almost struck a pickup turning onto Halagueno from the McDonalds parking lot putting that motorist and the public at risk due to his reckless driving The driver then drove through two additional stop signs at the intersections of Halagueno/Lea and Halagueno/Pompa. The vehicle finally spun out and was now facing north near the intersection of Halagueno and Plaza Street The vehicle spinning out caused it to come to a stop. Through training and experience, I made the determination that the driver's actions were directly putting the life and wellbeing of the public and other motorist at risk As I approached the scene where the vehicle was

stopped, I attempted to position my unit so that I could safely conduct a felony stop on the occupants of the vehicle. As I was coming closer to the vehicle, I began to apply my brakes. The driver intentionally accelerated and began moving forward again in an attempted to go around my unit. While I was trying to contain the subject's vehicle, the driver drove directly at my unit crashing head-on into my unit at low speeds. This caused the suspect's vehicle to become lodged with the bumper in my unit. The driver then put his car in reverse in a continued effort to get away. I immediately stepped out of my unit and proceeded to conduct a felony stop with the occupants of the vehicle. The front passenger got out of the car and began to run on foot. The driver of the vehicle stepped out of the vehicle with his hands raised (This led me to believe that he was surrendering and not going to try and run) and I began to give dispatch the descriptors for the passenger. However, after raising his hands the driver paused, looked around then began running on foot as well. I then advised dispatch that I was now in a foot pursuit with the occupants of the vehicle. They were given multiple commands to stop but continued running. They both ran behind the Juvenile Probation Office just west of the location of the crash. Both the driver and his passenger ran north bound, jumped the fence into the back yard of a property then jumped a north fence of the same property before finally giving up at the intersection of Pompa and Alameda St. I then place both of them under arrest and conducted a quick Pat Search to check for any weapons. I then asked them for their age, and they advised that they were sixteen years of age. Upon returning to my unit, I placed the passenger in the rear seat of my unit and placed the driver in the back of New Mexico State Police Sergeant Saenz's unit. The driver identified himself as Abel James Hinojos and with further investigation I was able to identify the passenger as Joseph Alexander Sosa. Mr. Hinojos was allowed to use his phone to call his mother. The Parents/Legal Guardians were advised. Both Juveniles were positively identified by their Parents once they arrived on scene. I then called Michael Gutierrez with the Juvenile Probations Office and advised him of what happened and what they were charged with. He then ran Mr. Hinojos and Mr. Sosa's name through his system and advised me to release both of them to their parents. Ms. Hinojos (Abel Hinojos's mother) seemed very concerned the entire time she was on scene about getting into the vehicle to pull out some clothes. I advised Ms. Hinojos the vehicle was going to be towed due to it not being registered or insured. Shorts Towing was called, and Officer Palomarez with the New Mexico State Police assisted me by doing the tow inventory for the vehicle. While conducting inventory of the vehicle, Officer Palomarez observed a firearm underneath the driver's side seat. Officer Palomarez secured the vehicle then advised me of the weapon. I then advised Officer Palomarez to stop the inventory while I ask Mr. Hinojos about the weapon. I then Mirandized Mr. Hinojos in the presence of his mother. After reading him his rights, I asked Mr. Hinojos if he understood his rights and if he would still like to speak with me. Mr. Hinojos advised he understood his rights and that he was willing to talk to me. I then turned to his mother and asked if she was ok with her son speaking to me. Ms. Hinojos advised that she did not have any problems with me speaking to her son. I then proceeded to ask Mr. Hinojos about the firearm that Officer Palomarez found in the car he was driving. Mr. Hinojos stated that he had just purchased the vehicle from an unknown male for one hundred dollars a few days prior to the incident. I then asked him if the gun was his and he stated it was not his gun and that he wasn't sure of what items were in the vehicle because he had only driven it a total of two times since he purchased the vehicle from the unknown man. After reviewing the video of the rear seat camera on Sergeant Saenz unit you can clearly hear Mr. Hinojos claiming ownership of the firearm to his girlfriend (approximately 23 minutes into the video). Mr. Hinojos states on the video, "Babe! Babe! My gun, back seat on the floor." Then approximately 33 minutes into the video you can hear Mr. Hinojos ask an unknown person if he was going to get a gun charge. The vehicle was then towed by Short's Towing to the New Mexico State Police Office in Carlsbad, New Mexico while Officer Palomarez followed behind recording. Upon arrival to the NMSP Office in Carlsbad, Officer Palomarez had the tow truck place the vehicle in the secure bay section of the office. He then evidence taped and labeled the outside of the vehicle while I petitioned the courts for a search warrant. Abel Hinojos was released to his mother Misti Hinojos and Joseph Sosa was released to his mother Christina Chandler, both with no further incident. On January 22nd, 2022, I obtained search warrant through the 5th Judicial District Court for the 1992 gray in color Toyota Camry that Mr. Hinojos was driving. The search warrant was executed and a gray in color 9mm Smith and Wesson handgun was recovered. Abel Hinojos was charged with aggravated fleeing a law enforcement officer, aggravated battery upon a peace officer, unlawful possession of a firearm by person under age 19, no seat belt, driving without a license, no proof of insurance and careless driving. Joseph Sosa was charged with resisting, evading or obstructing an officer.

Incident Summary

On Saturday, February 26, 2022, at approximately 2242 hours, I was dispatched to assist New Mexico State Police Officer Patrick Chavez in Wagon Mound, NM for a call of Criminal Damage to Property which just occurred. Dispatch also advised the reporting party identified the suspect as a Mr Alejandro Armijo and stated he made threats to kill them. NMSP Officer Chavez and myself arrived on scene at 106 Aguilar Street in Wagon Mound, NM at approximately 2310 hours and made contact with the reporting party who was identified as Ms Irene Romero. During a brief interview with Ms. Romero, she stated her ex-boyfriend, Mr. Alejandro Armijo, kicked down the front door to her residence, damaged the door to her bathroom, broke two Ring doorbell cameras, and took them from her residence. At this time, Ms. Romero informed me Mr. Armijo left the area in a black pickup truck. I patrolled Wagon Mound, NM for approximately 10 minutes when Officer Chavez made contact with Mr. Armijo on Catron Avenue in Wagon Mound. Officer Chavez arrested Mr. Armijo on charges relating to this incident. Officer Chavez used two handcuffs on Mr. Armijo due to Mr. Armijo telling him he has shoulder problems. Officer Chavez asked myself if I can patrol the area and search for the Ring doorbell cameras. Mr. Armijo threw out of his vehicle after he left Ms. Romero's residence. Officer Chavez proceeded to transport Mr. Armijo to the D2 New Mexico State Police Office in Las Vegas, NM. Approximately 15-20 minutes after Officer Chavez left Wagon Mound he advised Mr. Armijo slipped his handcuffs. Officer Chavez pulled over near milepost 370 on Interstate 25, and requested an additional unit. I arrived on scene and observed Officer Chavez in the rear seat of his patrol vehicle attempting to gain control over Mr. Armijo. Officer Chavez requested my assistance in getting Mr. Armijo outside of his patrol vehicle. At this time, I pulled Mr. Armijo out of the unit and placed him on the ground. I rolled Mr. Armijo onto his stomach and Officer Chavez re-arranged Mr. Armijo's handcuffs. Once Officer Chavez re-arranged Mr. Armijo's handcuffs, I picked him up from the ground and placed him in the rear seat of Officer Chavez's patrol vehicle. I then followed Officer Chavez to the D2 New Mexico State Police Office in Las Vegas, NM for booking procedures. During the time I got Mr. Armijo

out of the patrol vehicle and arranged his handcuffs I did use profound language towards Mr Armijo to gain verbal persuasion and compliance. This incident was recorded using my Watchguard Recording Device.

Incident Summary

On Friday June 12, 2020 at approximately 17 30 hours, I Officer Silver was in full uniform displaying my badge of office in a ghost decal marked unit. I was traveling South on Manzano Expressway when I ran a New Mexico Registration of HZZ 770 through my leads system The return showed the vehicle as stolen on a White Dodge Pickup. The vehicle the plate was displayed on was a Silver GMC pickup. I advised dispatch to also run the registration and they also stated the vehicle was stolen on a White Dodge Pickup I asked Dispatch to ten three the air and a supervisor was notified. I engaged my emergency equipment (lights and sirens) and attempted a traffic stop on the GMC truck I observed one male driver and he began to accelerate in an attempt to evade me We turned right onto Van Camp Blvd, left onto Mission Park Loop, right back onto Van Camp Blvd, left onto Avila Drive I attempted a PIT maneuver but was unsuccessful The truck began to turn right, headed East onto El Cerro Mission Blvd and a second PIT maneuver was conducted but not successful. The truck turned back and headed West onto El Cerro Mission Blvd before making a right and driving back East on a dirt road that paralleled El Cerro Mission Blvd. The truck then drove North through a field and I had to discontinue due to my Unit would have become stuck in the soft sand I advised dispatch of the speed, traffic and driving conditions of the truck. I turned around and got back onto El Cerro Mission Blvd and made a right-hand turn and headed North on Manzano Expressway The field that the truck drove North through, led back to Airport Drive so I turned right onto Airport Drive from Manzano expressway and observed the truck was crashed out on the side of the road on Airport Drive and Lavanda Lane I parked my unit in front of the truck, did not observe anyone in the truck and proceeded to a few residences in the immediate area. The driver was located hiding in a camper and was arrested

Incident Summary

On Saturday, November 19, 2022, at approximately 17:38 hours, I assisted officer Madrid during a traffic stop. Upon arrival, I was notified by Ofc. Madrid and Ofc. Vazquez that the driver was not cooperative and refused to provide his identification.

I made a driver-side approach with Ofc. Vazquez, while Ofc. Madrid made a passenger-side approach. Ofc. Madrid and Ofc. Vazquez advised the driver to exit the car multiple times, but the driver refused. Ofc. Vazquez opened the driver's side door. I observed the driver moving his hand, and for officer safety, I decided to take control of the driver's left arm. I place my left hand over his left wrist and my right hand over his left elbow with a c-clamp grip. I observed the driver reaching over the center console with his right hand. I advised the driver to stop reaching over the center console since it was unknown if the driver had weapons on him at this time. I assisted the driver out of the vehicle by placing my right arm over his right arm and stabilized him by resting his body over his car. While Ofc. Madrid handcuffed him. He pushed away and kept actively resisting. I re-stabilized the driver by resting his body over the vehicle. I advised the driver to stop moving. Shortly after, I learned the driver had four active warrants for his arrest.

The driver was placed under arrest, and he was handcuffed behind his back. Officer Madrid and I secured the driver in the right rear seat of her patrol unit as the driver.

Incident Summary

On February 16, 2022, at approximately 09:44 hours I attempted to stop a blue Toyota Celica for traveling 68 mph in a posted 45 mph (Safety Corridor) zone on US HWY 64 at the 55 milepost. I activated my emergency equipment and siren and the vehicle failed to stop. I initiated a pursuit and had Dispatch contact a supervisor and clear the channel for emergency traffic The pursuit was ultimately terminated by a supervisor

Approximately 5 minutes after the pursuit was terminated I located a male subject walking along the roadway The male was identified as having a felony warrant and it was later learned he was the driver of the suspect vehicle that fled from me earlier. My contact with the suspect led to a Use of force at approximately 09:55 at 36 Road 5359.

Incident Summary

On March 02, 2022, at approximately 2114 hours, I conducted a traffic stop. The passenger of the vehicle took off on foot and had a firearm in his right hand as he fled from the vehicle. I attempted a felony stop due to the driver remaining inside the vehicle. Once the driver exited the vehicle he began running and disregarded my directives I pursued the driver in my unit for a couple blocks I exited my vehicle and began pursuing the driver on foot. The driver did not listen to any of my commands to stop and I tackled him to the ground. The driver did not resist any further and he was placed under arrest without any further incidents.

Incident Summary

On Thursday, February 17, 2022, at approximately 17:57 hours, near the intersection of State Road 122 and 371, I noticed a white Dodge van, displaying expired license plate LSG699, with the driver not wearing his seat belt on.

I activated my emergency equipment, along with my sirens, attempting to conduct a traffic stop. The Dodge van continued eastbound on State Road 122 accelerating vehicle speeds. I then initiated a pursuit. The vehicle then crossed over the white shoulder line, almost colliding with State Road 122 guard rails. As the vehicle continued east, the vehicle passed a vehicle, continuing at speeds of 110 miles per hour. The white Dodge van then crossed over the center yellow dotted line, continuing at speeds of 108 miles per hour, still ignoring the regards of other vehicles. As we approached Pillow Crest Road, the white Dodge van turned onto Pillow Crest Road, almost colliding with an oncoming vehicle on a dirt roadway. The white Dodge van then turned into the under pass tunnel in the direction of Pillow Crest Road, under Interstate 40. As the white Dodge van made a right turn, the van ran over ice and slid into the concrete wall. The white Dodge van then attempted to continue southbound but was stuck on ice and the concrete wall. The driver made several attempts to get the van to travel forward but was stuck.

After ignoring verbal commands and acting in an assaultive manner towards me, the driver attempted to flee on foot. I soon caught the driver, used an arm take down, and arrested the driver for multiple charges.

Incident Summary

On September 29th, 2022 I, along with NMSP Officers Adrian Lucero, Anthony Manzanares and Jarod Escareno responded to the Enos Garcia Elementary School in Taos to assist the Taos Police Department with a report of an unidentified male with a knife on school premises. Enos Garcia went into lockdown based on standard protocol

Upon arrival, Officer Escareno, Lucero and I made contact with a male later identified as Rodrigo Rivera. Mr. Rivera confirmed his possession of a knife in his pocket, and against orders not to touch the knife, reached into his pocket. This prompted Officer Lucero and I to grab ahold of Mr. Rivera and lower him to the ground, securing his hands behind his back in handcuffs and securing the knife to avoid any escalation of this incident. This action was achieved without the use force other than that which was required to hold Mr. Rivera and lower him slowly to the ground, and secure his hands in handcuffs. I reported this matter up the chain of command in an official brief indicating that de minimus force was used on the same date, and completed an offense incident report documenting the use of de minimus force as I felt it was in keeping with the policy definition of such force: "The use of such a small amount of force that it creates a minimal risk of injury when used in an objectively reasonable manner."

This case was investigated on scene by Officer Ezequiel Esquivel Mata, and in consultation with the 8th Judicial District Attorney's office a criminal charge of unlawful carrying of a deadly weapon on school

premises was filed and Mr. Rivera was arrested, and medically cleared for incarceration with no finding of any injury or medical complaint. For greater detail, refer to attached reports and recordings.

In early December I was notified that a BlueTeam would be required for this incident.

Incident Summary

On April 16, 2022, at approximately 1156 hours a welfare check was called in stating there was a brown vehicle with a male driver slumped over the wheel. Officer Cory Newman was dispatched to the call. Once Officer Newman arrived the male driver got out of the vehicle. Some type of physical altercation occurred along where shots were fired There was a defect to the officer's patrol unit in the right tire The officer sustained a bite to his left tricep and had cuts and scratches on his person. The suspect had been struck by gunfire in the stomach and was deceased on scene. Officer Newman had been transported to the hospital, treated and released

Incident Summary

While transporting Mr. Alejandro Armijo from Wagon Mound, New Mexico back to the D2 New Mexico State Police Office, Mr. Armijo unbuckled his seat belt while in the rear seat of my patrol unit and starting stating he was not going back to jail. At this time, while driving I observed Mr. Armijo attempting to move his hands from behind his back to the front of his body while stating he had something from his boot I then pulled over onto the shoulder of Interstate 25 at milepost 370 to attempt to secure Mr. Armijo in the rear seat of my patrol unit and to take him out of 2 sets of handcuffs into 1 set.

When I opened the rear door of my patrol unit I observed Mr. Armijo's right hand reaching into his right boot. I gave Mr. Armijo multiple verbal commands to remove his hand from his boot, and also asked what he had in there. All verbal commands were unsuccessful, and Mr. Armijo would not remove his hand. Mr. Armijo became more irate and started yelling at me to shoot him. I advised Mr. Armijo multiple times I was not going to shoot him

At this time, Mr. Armijo then made multiple attempts to exit the rear of my patrol unit by trying to push me out of the way with his feet, during the first attempt I pushed Mr Armijo by his upper torso, near his left collarbone area further into the rear seat of my patrol unit, I then advised dispatch to send me a secondary officer to secure Mr. Armijo in the rear of my unit. While waiting for an assisting unit I was able to calm Mr. Armijo down and secure him back into the rear seat and seat belt him in.

Mr Armijo then became irate again made multiple attempts to leave the rear seat of my patrol by trying to push me out of the way with his feet. I was able to get Mr. Armijo to sit correctly in the rear seat of my patrol

unit. I then was making an attempt to remove Mr. Armijo from the rear of my patrol unit to secure him in one set of handcuffs. At this time, Officer Peter Delgado arrived on scene, I asked Officer Delgado to remove Mr. Armijo from my unit. Officer Delgado removed Mr. Armijo from my patrol unit and placed him on the ground and I was able to secure Mr. Armijo in one set of handcuffs and then placed Mr. Armijo back into the rear of my patrol unit to continue to transport him to the office

Incident Summary

On March 10, 2022, at approximately 01:13 AM, I transported Mr. Emmanuel Ojeda-Carabajal to the NMSP Office in Santa Rosa, New Mexico so I could complete some paperwork and give him his phone call. At 01:13 AM I arrived at the NMSP office when Mr. Ojeda-Carabajal began striking the rear right caged area again asking for a cigarette

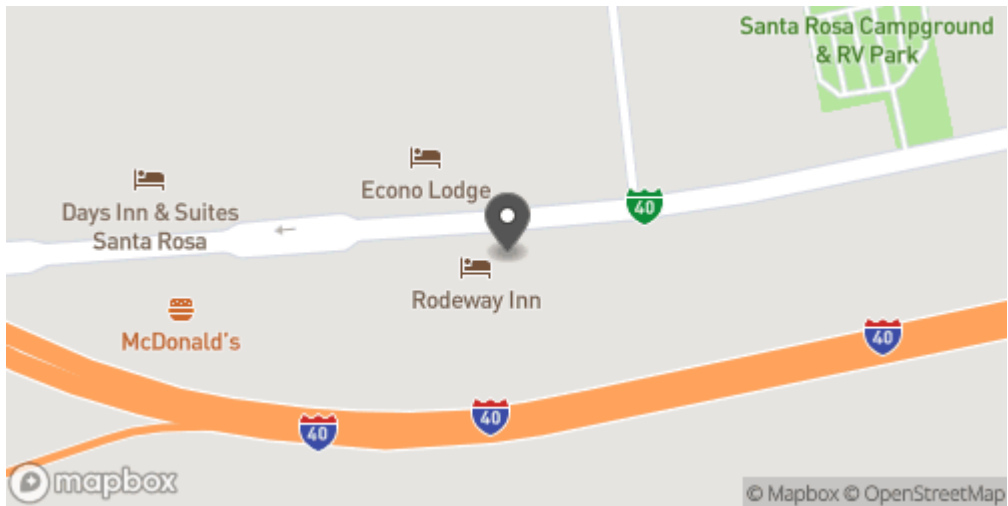

Since Mr. Ojeda-Carabajal was acting in a destructive manner in the right rear seat of my patrol vehicle I tried to swap handcuffs from the front of Mr Ojeda Carabajal to the back After releasing his right hand from the handcuff and giving him commands to place his hands behind his back Mr. Ojeda-Carabajal clenched his fist and turned towards me disobeying my commands.

I performed a rear impact takedown on Mr. Ojeda-Carabajal assisting him to the gravel surface. I gained control of the left hand which was still in the handcuffs and gave him commands to give me his other hand Mr. Ojeda-Carabajal resisted and kept his right hand at his side. I performed a gooseneck wrist lock on his left wrist until he complied with my commands and his right arm was placed into the handcuffs. Mr. Ojeda-Carabajal was taken to the Guadalupe County Hospital where he was treated for two minor cuts on his lips X-rays revealed no broken bones to his neck, back or legs.

Incident Summary

On Sunday, January 30, 2022, at approximately 10:15 p.m., Officer Taylor and myself Officer Guillen were responding to alarm call in the Abiquiu area. While enroute north on US 84/285 at mile post 194, I observed a vehicle that appeared to be driving on its "rims". I passed the vehicle to assure the vehicle was indeed driving on the vehicles "rims" Officer Taylor advised dispatch of the vehicle driving on its "rims" at a low speed in the same direction in the number two lane. Officer Taylor attempted a traffic stop, but the vehicle failed to yield. Officer Taylor initiated a pursuit as the vehicle increased its speed. Once Officer Taylor initiated the pursuit I pulled my marked New Mexico state police unit directly behind Officer Taylors unit and advised dispatch I would be taking over radio communications. Officer Taylor requested for PIT authorization, which was authorized per Sergeant Cunningham. Officer Taylor conducted a successful Pursuit Intervention Technique (PIT). The vehicle was spun and attempted to go southbound in the northbound lanes at low speed. I attempted to contain the vehicle as it passed in front of him. I was able to successfully make low speed contact the vehicle's passenger side door and pushed the vehicle off the roadway Almost immediately, Officer Taylor came around my unit and made vehicle to vehicle contact with the vehicle at the front resulting in a successful containment. Both Officer Taylor and Myself conducted a "Felony Stop" where the driver initially refused to comply, after giving the driver multiple commands to exit the vehicle the driver finally exited the vehicle on the ground and where he was detained, and placed in the back passenger seat of Officer Taylors marked patrol unit. Upon further investigation Officer Taylor found the driver, 17 year old Sean Montoya was DWI. My marked patrol units sustained minor cosmetic damage to the front passenger bumper.

NMSPR2207780
VEHICULAR PURSUIT
08/09/2022
FORCE: P.I.T.
Authorizing Sergeant: Ricardo Breceda

On August 9, 2022, at approximately 7:52 PM, I Officer Juan Parra-Medina with the New Mexico state police, was on duty, in full uniform, clearly displaying my badge of office number 421, Patrolling in a fully marked patrol unit 368.

I was conducting patrol operations in the area of Hopewell Street and Espinacitas Street along with other New Mexico State Police Officers.

Officer Andrew Pulido aired over the radio that he had a vehicle of interest that was wanted by Santa Fe Police Department in connection with an Armed robbery that had occurred August 8, 2022. Officer Pulido initiated a traffic stop on Hopewell Street and Espinacitas Street, but the vehicle failed to stop and took off at a high rate of speed down Hopewell Street

I immediately turned on my emergency lights and sirens and began pursuing the Gray in color Subaru Forester bearing New Mexico registration numbers (ATTZ13) I began pursuing the vehicle based off the information I knew at the time, which was that the vehicle was used in an armed robbery over the weekend and the suspect was possibly in the vehicle. I was able to get ahead of the other units attempting to stop the vehicle and began pursuing the vehicle.

The driver of the vehicle (Brett Jude Armijo) ran three stop signs at a high rate of speed on Hopewell St The vehicle was heading Westbound on Hopewell St and made a left onto Llano Street towards the intersection of St. Michaels drive at a high rate of speed. I attempted a pursuit intervention technique (P.I.T) at 45 miles per hour on Llano Street however, the P.I.T was unsuccessful Once on St Michaels Drive headed eastbound, I observed that traffic was light, the road and weather conditions were clear, dry, and it was still daylight, so visibility was clear. I attempted a second P.I.T. on St. Michaels Dr at a speed of 71 miles per hour however, the P.I.T was unsuccessful. The vehicle ran a red light at a high rate of speed at the intersection of St. Michaels Dr and Calle Lorca. The vehicle continued traveling on St. Michael's drive weaving in and out of traffic lanes reaching approximately a top speed of 95 miles per hour onto the on ramp of Saint Francis Drive disregarding Yield signs and traffic signals. I was able to get close enough to the vehicle while on the on-ramp and observed 4 occupants in the vehicle. Officer Andrew Pulido was secondary in pursuit and in charge of notifying Supervisor Sergeant Breceda, communicating directions of travel, speeds, traffic, and weather conditions.

The driver of the vehicle continued at a high rate of speed and recklessly through the intersection of Saint Francis Drive. I aired over the radio that the vehicle was heading on Saint Francis Drive towards Interstate-25. I observed light traffic on Saint Francis Drive however, the vehicle ran another red light almost striking another vehicle at the intersection of Siringo Road and Saint Francis Drive. The pursuit reached top speeds of 85 miles per hour on Saint Francis Drive.

I observed medium traffic at the intersection of Zia and Saint Francis Drive at which point the vehicle ran another red light. The vehicle continuously weaved in and out of traffic lanes. I then aired over the radio that I was going to attempt to pit the vehicle once more, at which point I heard dispatch announce that authorization was given by Sergeant Breceda for the pursuit to continue. I observed the vehicle continue down Saint Francis Drive making a right turn onto Sawmill Rd I was able to P.I.T the vehicle at 47 miles per hour. The vehicle lost control and went onto the shoulder of Sawmill Rd and the vehicle came to a final stop at the front of the Speedway gas station on Sawmill Rd. I then aired over the radio that the P.I.T was successful, and the vehicle was at a complete stop

I immediately exited my vehicle, and a felony stop was conducted. I drew my department issued handgun and gave verbal commands to the driver and passenger to exit the vehicle. I observed two occupants from

the vehicle heading towards the speedway on foot. Officer Andrew Pulido was able to detain the one of subjects from the vehicle later identified as Brett Jude Armijo (Dob: 1993/06/16). I holstered my department issued handgun and was able to detain a female later identified as Patricia Martinez (Dob: 1989/09/15) by handcuffing her with her hands behind her back. I unholstered my department issued handgun once again and gave commands to the rear occupants to exit the vehicle and gave commands to Ms Martinez to have a seat on the floor. Multiple commands were given to the occupants to exit the vehicle. I observed one male occupant exit the back of the vehicle and walk towards Officer Noah Valdez. I immediately made my way towards the other side of the vehicle and holstered my department issued weapon and detained the rear male passenger Angelo Garcia (Dob: 1966/04/26) by handcuffing him with his hands behind his back.

After gathering the necessary statements and the involvement of Mr. Garcia and Ms. Martinez, I released Mr. Garcia and the medics transported Ms. Martinez to the hospital for further medical treatment.

Incident Summary

On October 7, 2022 I performed a traffic stop near Grove street and Trumbull Ave near an apartment complex. The driver Mr. Bobby Gutierrez exited the vehicle and began walking away from the vehicle. Bobby failed to comply with my commands to stop and actively tried to walk from me into an apartment.

I attempted to grab Mr. Gutierrez's right wrist and inadvertently pulled his sweater and removed it as he twisted away from me. Mr. Gutierrez grabbed for the door of an apartment and began calling for help from someone inside by the name of Jamichael or something to that effect I grabbed Mr Gutierrez's left arm and performed a straight arm takedown, but due to the several people around me I did not follow through. Mr. Gutierrez rolled from his stomach to his back. A skinny male exited the north apartment where Mr. Gutierrez was trying to enter and appeared to be recording me. Mr. Gutierrez and I were in the small patch of grass and dirt in between the north side apartments and south side apartments. I dropped down near Mr. Gutierrez and used my left knee to hold down his right arm because he was pushing away from me and trying to stand up I noticed more people around me in the apartment complex, so I stood up. Mr. Gutierrez raised his legs up towards me and placed his hands up towards his face. Mr. Gutierrez told me to let him go. Once I saw the people in the apartment complex start to enter their living areas and disperse, I walked towards Mr Gutierrez. Mr. Gutierrez kicked his legs up and down to keep me away from him.

I was able to grab his left ankle and I held it up to keep him off balance. As I held his ankle, I was able to speak with a woman standing at her door and she gave me the address to the apartments. I was able to call dispatch and ask for an assisting officer Still holding on to his left ankle I told Mr Gutierrez to roll onto his belly or I would taze him. I was never able to get my tazer out but while reaching for it Mr. Gutierrez complied

and rolled to his stomach. I grabbed a hold of Mr. Gutierrez's left wrist and placed him in a face down stabilization technique. I pinched his left arm with my thighs and applied a small amount of pressure with my right and left knees on his left shoulder and left rib cage side of his body. I told Mr. Gutierrez to give me his other arm and at first, he refused. I applied a small amount of pressure to the back of his left wrist (Gooseneck) and he then complied and gave up his right hand

I ensured Mr Gutierrez's handcuffs were properly spaced and double locked I helped Mr Gutierrez roll to his bottom and the helped him stand up.

Incident Summary

On Wednesday, November 2nd, 2022 at approximately 05:44 p.m. I was on duty in my official capacity and was wearing my uniform with its badge of office displayed #371. I was driving an officially marked New Mexico State Police unit (NMSP). I heard on my in-car radio Officer Ashlea Lujan with New Mexico State Police, advise dispatch she would be in a foot pursuit with a male who had a possible warrant for his arrest. The male was identified as Anthony Quintana DOB [REDACTED]/1989).

I proceeded to the location where Officer Lujan advised dispatch Mr Quintana was headed. Upon arrival, I heard on my in car-radio Officer Lujan advised dispatch she had visual on Mr. Quintana walking into the Food King market store. While I was driving my marked NMSP unit on Calle Hacienda, I observed Mr. Quintana fleeing on foot away from Officer Lujan. Mr. Quintana ran in front of my unit, I then exited my unit and proceeded to assist Officer Lujan in apprehending Mr. Quintana.

As Mr Quintana continued to actively flee from Officer Lujan and myself, I closed distance on Mr Quintana and initiated a take down technique to guide Mr. Quintana to the ground for containment, without further incident.

During the duration of this incident, Officer Lujan and Mr. Quintana did not sustain any injuries. I Officer Guillen did sustain an injury on my right ankle when I had initiated a take down technique, to apprehend Mr. Quintana. I advised Sergeant Sharron Duran of my injury and proceeded to the Espanola Presbyterian hospital for a medical evaluation.

The supervisor notified was LT. Dominic Casados, as well as Sergeant. Sharron Duran.

Incident Summary

On April 4, 2022 at approximately 18:27, Officer J. Gallegos and I observed a wrong-way driver near the 133-mile marker on US Highway 550. A white Chevrolet Silverado was traveling southbound in the northbound lanes of travel. Other traffic was on the roadway and pulling onto the shoulder to avoid head on collisions. I attempted a traffic stop The driver fled and a vehicular pursuit ensued The pursuit continued for approximately 20 miles at high rates of speed. The driver began driving toward oncoming traffic, I attempted a PIT maneuver. The pursuit continued, another PIT was conducted and finally brought the pursuit to a conclusion The driver was arrested without further incident

Incident Summary

On Thursday, February 17, 2022, at approximately 17 57 hours, near the intersection of State Road 122 and 371, I noticed a white Dodge van, displaying expired license plate LSG699, with the driver not wearing his seat belt on.

I activated my emergency equipment, along with my sirens, attempting to conduct a traffic stop. The Dodge van continued eastbound on State Road 122 accelerating vehicle speeds. I then initiated a pursuit. The vehicle then crossed over the white shoulder line, almost colliding with State Road 122 guard rails. As the vehicle continued east, the vehicle passed a vehicle, continuing at speeds of 110 miles per hour. The white Dodge van then crossed over the center yellow dotted line, continuing at speeds of 108 miles per hour, still ignoring the regards of other vehicles. As we approached Pillow Crest Road, the white Dodge van turned onto Pillow Crest Road, almost colliding with an oncoming vehicle on a dirt roadway. The white Dodge van then turned into the under pass tunnel in the direction of Pillow Crest Road, under Interstate 40. As the white Dodge van made a right turn, the van ran over ice and slid into the concrete wall. The white Dodge van then attempted to continue southbound but was stuck on ice and the concrete wall. The driver made several attempts to get the van to travel forward but was stuck.

After ignoring verbal commands and acting in an assaultive manner towards me, the driver attempted to flee on foot. I soon caught the driver, used an arm take down, and arrested the driver for multiple charges.

Incident Summary

On September 18, 2022, I was patrolling in the county of Santa Fe after completing my assigned graveyard shift in Espanola. I noticed a male individual later identified as Frank King unresponsive in someone's yard. I approached the male to make sure he was okay and asked for his information. Frank complied and was able to provide me with his information near my patrol vehicle. I ran the male through LEADS learning he was armed and dangerous and had felony warrants. I called dispatch updating them on the information I learned, when on the phone with dispatch, Frank proceeded to run West on Mann St. A brief foot pursuit was initiated, and Frank was tased and detained. Through the foot pursuit, I received a laceration to my left hand that did not need further medical attention than what was provided on scene by EMS. Frank was seen by medics on scene and at Saint Vincent's medical center where he was cleared. Throughout the pursuit, my body camera cord was cut by the fence shortly after my taser was deployed.

Incident Summary

On Friday October 14, 2022, I attempted to conduct a traffic stop on a vehicle driven by a male individual who I identified as Marcelino Aragon [REDACTED]/1992). During the course of my traffic investigation, it was learned that Marcelino may have an active bench warrant for his arrest. I escorted Marcelino to the front of my unit, as I attempted to secure his hands behind his back Marcelino fled on foot I pursued Marcelino on foot eventually catching up to him, initially I reached out with both hands to gain control of Marcelino. As I extended my arms out Marcelino stumbled briefly and I ended up pushing his back with both of my hands, and he fell on his knees

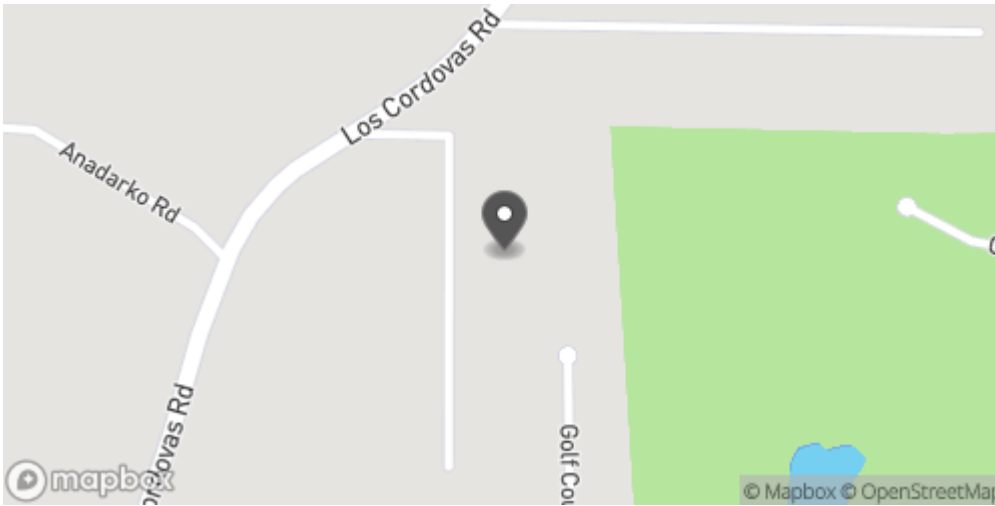

While on his knees I gained rear control of Marcelino. During rear control I could feel Marcelino immediately tense up. I witness Marcelino plant both of his hands on the ground and proceed to get up and continue to flee from me. At this point, I perceived Marcelino, would not obey my commands and would continue to physically resist me in order to escape or evade me I proceeded to grab Marcelino's right arm as he continued to flee from me. With Marcelino's right arm still in my grip I proceeded to conduct a modified arm bar take down because of his overt actions to actively resist me and flee from me. Marcelino continued to resist by pulling away from me and run I advised Marcelino to remain on the floor and stop resisting as I proceeded to ask dispatch for an assisting unit. Marcelino proceeded to use hands to prop himself up in attempt to stand up and continue to run. Marcelino continued to disobey my commands, while pulling away from me and rolling away. I proceeded to throw Marcelino to the ground because of his continuous attempts to flee from me and actively resist arrest. At that point I observed a civilian stop and ask me if I need help. I advised him I needed assistance and he proceeded to help me gain control of Marcelino Marcelino proceeded to stand up again as he pulled away from me and widened his stance. With the assistance of the

civilian who arrived, I was able to place Marcelino in handcuffs and escorted him to the front of my patrol unit. Marcelino was subsequently transported to Taos Holy Cross Hospital where he was not cleared for incarceration due to the large number of narcotics in his system.

Incident Summary

On Thursday August 4th, 2022, at approximately 7:10 p.m., I, New Mexico State Police Sergeant Bryan Troncoso was assigned to assist with traffic control for the Gallup Inter Tribal Ceremonial Parade. The parade was scheduled to take place in the Downtown Gallup New Mexico area when a Drunk Driver operating a gold SUV was reported to be driving through the parade. While attempting to stop the SUV, my unit was backed into. Once it was apparent that the suspect driver could not flee, I assisted in forcefully removing the driver from the driver seat onto the ground where he was placed into custody (Refer to Offense/Incident Report #2022 15781 for details)

Incident Summary

On March 16, 2022, I, New Mexico State Police Officer Marcos Cordero stopped to assist New Mexico State Police Officer David Savage who was on a traffic stop on Interstate 40 west near mile post 100. Officer Savage stopped a red Toyota Corolla bearing New Mexico registration "ANNS94" for failing to maintain its lane of travel. Officer Savage was primary on this traffic stop and conducted a DWI investigation on male subject later identified as Manuel Alejandro Hernandez.

Officer Savage concluded his DWI investigation and determined that Mr. Hernandez was impaired to continue operating a motor vehicle. As Officer Savage attempted to put Mr. Hernandez in handcuffs, Mr. Hernandez started to actively resist. He was advised several times not to be resisting. Officer Savage used his handcuff to apply pressure to gain compliance, but Mr. Hernandez kept actively resisting. I used an armbar take down to bring Mr. Hernandez to the ground in which he continued to actively resist. I utilized elbow strikes on his upper back and Officer Savage used the lateral head displacement technique to gain control of his left arm. Mr. Hernandez continued actively resisting, I utilized my taser to dry stun him on his lower back. Mr. Hernandez was placed in handcuffs and was placed in Officer Savage's unit without further incident.

Incident Summary

On March 31st, 2022, I Patrolman R Lujan III was on duty at approximately 1 34 am, I was traveling eastbound on Interstate 40 near milepost 165, when I came into visual contact with a pair of headlights traveling westbound in the eastbound lanes of Interstate 40 at the same location. I activated my emergency equipment and attempted to conduct a traffic stop on the blue in color Toyota pickup, which the vehicle failed to yield/stop to my emergency equipment. Due to the vehicle traveling the wrong way on Interstate 40 and it posing an immediate threat to other motorist on the roadway, I made a U-turn and began traveling behind the vehicle. I then executed a pursuit intervention technique, due to the vehicle being larger than my patrol unit, the maneuver was not successful in the manner it was designed to do so, but the vehicle and my patrol unit veered to the right and it ultimately came to a complete stop on the inside (left) shoulder of eastbound Interstate 40 near milepost 165. The male driver was arrested and booked into the county jail on multiple misdemeanor charges.

Incident Summary

On September 26 ,2022, New Mexico State Police Officer Austin Sanchez and I received a call for service at 201 Fresno Ave. The reporting party was Jason Francis. He advised dispatch he wanted to turn himself in due to having a warrant. During the investigation it was found that Jason had battered his girlfriend. Once placed in handcuffs and in the back seat of my patrol unit Jason began cussing and yelling at us While on the way to Socorro General Hospital he continued to cuss me out and threaten me. He told me he would headbutt me the next chance he had. While being escorted into hospital, Jason flinched like as he was going to run, he then turned towards Officer David Herrera and quickly moved towards him I thought Jason was trying to headbutt Officer Herrera. Jason was placed against the wall. While waiting for additional nurse staff, Jason began to cuss at the nurse staff trying to calm him down. He told one male nurse that he was going to kick him in the nuts. Due to medical conditions and doctors' orders, he was admitted to the hospital. Jason was released on his own recognizance by the Socorro County Magistrate Judge.

On September 27, 2022, at approximately 6:45 p.m. I arrived at 201 Fresno Ave to assist New Mexico State Police Officer Austin Sanchez serve a warrant on Jason Francis. The warrant was for the charges of battery on a household member and assault on a peace officer, all stemming from the incident on September 26, 2022.

Upon arrival, Jason was given several commands over a PA system to come out with his hands up. Jason was not complying. He would not come out of the house. He would open the door but would not step out. He just yelled at us to shoot him and kept on calling us pussies Since Jason was not complying Officer Herrera drove through the gate and up the residence. He was throwing fingers and cussing at us. At one point Jason

pulled his pants down and exposed himself to us. Jason kept yelling, "Shoot me". After several minutes of Jason failing to obey our commands, we moved towards him. At this point, he placed his hands on top of his head. I placed him into hand cuffs with both hands behind his back without incident. I began to escort him back to a patrol unit outside of the yard which was approximately fifty yards away. As I was escorting him, he began to walk fast. He was saying "let's be tough come on" and "keep up boy". He was walking so aggressively he was pulling me with me him. I pulled on his arm to slow him down. He walked fine for a few feet and tried to turn left away from the units. I directed him back to the right to continue down the road. He aggressively turned his body towards me and said, "fuck you". I tried to turn him back around but was unable as he already was facing me. I feared he was going to head butt me, so to avoid being injured, I performed a leverage take down and placed Jason on the ground. I immediately noticed Jason's head began to bleed from a laceration on the back of his head. Officer Herrera and I moved Jason on to his side and I advised dispatch to send an ambulance. A first aid kit was obtained, and officers began to bandage the back of Jason's head to stop the bleeding. Once the bandages were on, he was escorted out of the gate where he stopped walking. It took three officers to escort him to the patrol unit due to him planting his feet on the ground continuing to actively resist. Once at the patrol unit Officers asked him politely several times to have a seat in the unit. Jason was transported to Valencia County Detention Center.

Sergeant Review:

I reviewed the Watch Guard videos, and in both, body and dash cameras, the suspect, Jason Francis, was being aggressive with Officer Billa. It was not until Jason Francis turned around towards Officer Billa and made a move that Officer Billa reacted as he was trained and took Jason Francis to the ground. Officer Billa secured Jason Francis until other officers arrived and provided aid.

I do not see any wrongdoing on Officer Billa's part. Officer Billa's cover was not on because of the weather. It was a windy day and Officers were having a hard time keeping their covers on and secured. The covers flying off began to be an officer safety issue.

I recommend no discipline needed

Incident Summary

On December 18, 2022, at approximately 1314 hours, while on patrol I was dispatched to assist Officer Alexis Garcia with two calls for service involving the same subject and vehicle. Dispatch advised a female subject driving a blue Nissan Titan truck was trespassing and had damaged some property at another residence. I also had a call for service with the female and vehicle earlier in the day. The female was identified as Davin Martinez.

While in route to the calls for service the Nissan truck was traveling southbound on State Road 518 near mile post 7. Officer Johnathan Torres attempted a traffic stop on the Nissan. Davin then drove off which initiated a short pursuit. The pursuit came to an end with Davin stopping in the middle of the roadway. Davin exited the truck and started to walk away. I was able to grab Davin by the jacket she fell down to the ground. Davin resisted by holding her arms under her for a brief moment. I lifted Davin up slightly off the ground so I could get her arm from under her body. Davin was then placed in handcuffs with both hands behind her back. Davin was placed in the back seat of my police vehicle without further incident.

Incident Summary

On 03-14-2022 at about 1440, Sgt. J. Garcia and I were returning to the academy after stopping at Fit Mania to purchase a drink. As we were leaving the parking lot, we saw there was an empty shopping cart in the middle of the street which was preventing us from leaving. Sgt. Garcia exited the unit and began to move the shopping cart out of the way. As he was moving the shopping cart, he had a brief conversation with an unknown female passing by. When Sgt. Garcia returned to the unit, he told me the passerby advised him two males subjects were pushing a separate shopping cart with more items in it.

We then began driving towards the two male subjects the passerby pointed out and saw they appeared to be homeless. As we got closer to them, we saw they had a shopping cart full of what appeared to be un-bagged new merchandise. I also saw they turned to look at us several times and began to push the cart faster as we drove in their direction. I saw both males were having a hard time pushing the cart and began to act very nervous (as they continued to look back in our direction and push the cart faster) the closer we got. Sgt. Garcia then engaged his red and white police emergency lights and used his audible siren to warn both male subjects of our presence.

As soon as Sgt. Garcia engaged his emergency lights and sirens, both male subjects began to run. I engaged my watchguard camera prior to exiting the police vehicle and as the vehicle came to a stop, I exited the unit and began running after both subjects. The first subject was too far ahead and I lost sight of him. The second subject (later identified as Jose Alonso Beltran DOB [REDACTED]-1984) jumped down a small ledge, then jumped down a second small ledge and began running south along a metal fence

Beltran then began running through a narrow opening between what appeared to be an electrical power box on his left and a larger metal power box to his right. As he was running, he looked back at me and moved his right hand to the front part of his body towards his mid-section where I was not able to see it. I could not see if Beltran was trying to conceal something in his waist area or was trying to reach for something. I also saw Beltran was carrying a large bag of Ultra Strong Charmin toilet paper with his left hand as he was running. As I caught up to Beltran, I was going to try and pull him down to the ground by pulling his hooded sweatshirt, however, we were in the middle of the narrow pathway where only one person could fit through at a time. As I was about to grab his sweatshirt, I saw Beltran quickly slowed down, began to turn to face me by moving his left hand back towards me as he held onto the Charmin bag of toilet paper and began to turn his upper body to the left.

Because Beltran had his right hand in front of him where I could not see if he was holding a weapon, Beltran quickly slowed down and began turning to face me, I felt he was going to turn around and physically confront and assault me. I quickly went from attempting to grab Beltran's hooded sweatshirt to placing my hands in an open-handed position on the upper portion of his back and shoved him forward to prevent him from turning to face me and to create distance. Due to my forward momentum and shoving Beltran to prevent an attack, Beltran quickly went down to the ground. Beltran then said what appeared to be, "I'm fucked up", as he fell to the ground. I asked him what happened because I thought he might have injured himself with a weapon as he was trying to pull it out.

While Beltran was on the ground, he quickly turned, got on his knees in a crouched position and immediately placed both of his hands under his waistline. I immediately placed my right knee by his right tricep to prevent him from moving his right arm back towards me and grabbed the inside of his left elbow. I began giving him verbal commands (to get on the ground and give me his hands), but Beltran was not complying. I began trying to pull his left arm from under him, saw he was not following commands and saw he was holding his left hand tightly under his body. I continued giving Beltran commands to get on the ground and give me his hands which Beltran continued to resist by keeping his hands under his body. I began trying to pull Beltran's arm from under him by grabbing the inside of his left elbow and pulling it out to get a hold of his left hand from under him. After several attempts, I was finally able to get his left hand behind his back. At this time, Beltran laid face down on his stomach and I was able to place both hands behind his back and placed him in handcuffs.

Beltran did complain his back, wrist and knee hurt. I did request EMS to evaluate him and was advised his knee had a small scratch but his back was from having a pre-existing condition and was cleared by Santa Fe Fire Rescue.

Incident Summary

On Thursday April 21, 2022, at approximately 1555 hours, I was involved in a foot pursuit on the North side of Interstate 40 near exit 39. I gave the male verbal commands to stop multiple times. I drew my department issued weapon and continued pursuing the male. The male ran up a hill and proceeded to stop and turn around with his hands up. I kept giving him commands while he kept advancing towards me with his hands up. He lunged at me and I proceeded to take him to the ground since he was on higher ground than me. I successfully turned him on his back and handcuffed him.

Incident Summary

On Wednesday, April 13, 2022, I, New Mexico State Police (NMSP) Agent Charles Volk Crime Suppression/Street Crimes (SC) assisted NMSP Auto Theft Suppression Unit (ATSU) in locating stolen vehicles.

At approximately 11:00 AM NMSP ATSU/CS Agent Tony DeTavis located a stolen vehicle at Legacy Church, 4701 Wyoming Blvd NE, Albuquerque, New Mexico 87109. The stolen vehicle was located on the northwest side of the church parking lot, facing south. The stolen vehicle was described as a 2008 blue Toyota Tacoma bearing New Mexico license plate RFR799.

During the take down of above-mentioned vehicle there was a use of force against the driver who attempted to get away by using above mentioned truck striking an NMSP units.

Refer to attached reports for further and exact detail.

Incident Summary

On the 14th day of January 2022 at approximately 22:15 hours, I Patrolman, Jose Medina was on patrol on Main Street, County of Chaves, and state of New Mexico. I was in fully marked New Mexico State Police Unit, in uniform, and clearly displaying my badge of office number 602.

I was patrolling northbound on Main Street near intersection with Poe Road when I came into visual contact with a vehicle behind me traveling the same direction. When I observed the vehicle, it was catching up to me at 67 mph on a posted 45 mph zone. The vehicle then slowed down, I slowed down and got into the right shoulder after the vehicle passed me, I then got behind and initiated a traffic stop by engaging my emergency equipment. When I engaged my emergency lights the vehicle then proceeded go at a high rate of speed and not stopping for law enforcement, having me begin a high-speed pursuit. I observed the vehicle to be a white in color Nissan bearing New Mexico PYK993. The driver was driving erratically into residential areas, and fields at a high rate of speed being reckless, attempting to get away from law enforcement.

At 22:23 I made a PIT maneuver with my patrol unit putting an end to pursuit. I exited my unit with my weapon drawn. I did advise the driver to keep his hands up to where I can see them. I kept my position until other units arrive for my safety. I then proceeded to the passenger side where I escorted the driver off his vehicle. He was assisted on to the ground where I placed handcuffs on. I then assisted the driver to his feet. I then searched the driver for any weapons. The driver was then placed in the back seat of my unit. The driver does not have any form of Identification. The driver stated his name is Fidel Ayala DOB 01/10/2006. I detected an odor of alcohol and Marijuana omitting from person. Mr. Ayala then admitted he was under the influence Marijuana and that he did consume a couple shots of alcohol.

I asked Mr. Ayala if he agrees to do SFSTs to which he verbally agreed.

Mr. Ayala was placed behind my patrol unit. I contacted JPO and advised them of the situation. JPO advised me charge Mr. Ayala and that he was not going to be detained and will be released to his mother after. I contacted Mr. Ayala mother Ilda Mata. Mrs. Mata did arrive at scene to where I advised her of what happened with her child I met with Mrs Mata at the New Mexico State Police office where I read her and him the New Mexico Implied consent in Spanish. To where she gave consent for Mr. Ayala to get blood draw and he verbally agreed. Mrs. Mata did advise me and presented his Social Security [REDACTED] card due to him not having an ID or Drivers license

Mr. Ayala was transported to Easter Medical Center in Roswell to get his blood drawn. Mr. Ayala blood was drawn without incident.

Upon arrival at the Roswell New Mexico State Police Office I completed paperwork, Mr Ayala was given access to water and was allowed to use the restroom. Mr. Ayala was then released to his Mother Ilda Mata. This incident was captured via in-car audio/video recording equipment.

Incident Summary

On April 9th, 2022, I assisted Farmington Police with a felony stop of a suspect for Aggravated Assault with a Deadly Weapon and Battery on a Household Member. I utilized my tazer (as a show of force only) as a less lethal option with other officers covering with lethal. The suspect resisted arrest and fled on foot. He tripped and fell to the ground and did not comply with commands. I assisted with pulling the subjects arms to his back to handcuff him as he physically resisted arrest. See Offense Incident Report #2022-8177 for details.

Incident Summary

On January 26, 2022, New Mexico State Police Officer Patrick Chavez initiated a vehicle pursuit on Frontage Road 2116 south near the Village of Tecolote, New Mexico. The vehicle was a black Lexus passenger vehicle bearing New Mexico Registration AZYN45 Vehicle Identification Number (VIN): JTHBF30G436011041. The vehicle then turns around and proceeds north on Frontage Road 2116. The vehicle continued to proceed passed Romeroville, New Mexico and onto Interstate-25 (I-25) northbound. The vehicle approaches mile-marker 343 on I-25 northbound, crosses the median, and proceeds southbound on I-25 back towards Romeroville, New Mexico.

At this time vehicle speed is approximately below thirty-five miles per hour. Officer Chavez conducted a Pursuit Intervention Technique (PIT) maneuver on the vehicle. New Mexico State Police Officer Adam Vigil became the contained unit. The Vehicle then proceeded towards Officer Vigil. Officer Vigil drew his firearm and shot approximately three times. Officer Vigil struck the driver who was later identified as Paul Mares (DOB: [REDACTED]/1978) approximately one time in the lower abdomen. Officers rendered aid to Paul Mares until AMR Ambulance Service arrived on scene and transported Mr. Mares to Alta Vista Regional Hospital in Las Vegas, New Mexico. Mr Mares was later transported by air to University of New Mexico Hospital in Albuquerque, New Mexico.

Incident Summary

On February 25, 2022, at approximately 10:00 a.m. hours, BCSO Task Force Officers (TFO) with the United State Marshals Service (USMS) were attempting to locate Mr. Raphael Marquez who was wanted for 5 active warrants for violent felonies and a person of interest in two Albuquerque Police Department (APD) homicide investigations. A female reached out to TFO Taft and stated she had been in contact with Mr. Marquez and was being cooperative with investigators. During the evening hours, the female contacted TFO Taft and stated Mr. Marquez had contacted her and said he was going to her home in the evening, and he would be taking her with him out of state.

At approximately 8:00 p.m. hours BCSO air support located the suspect in Albuquerque, NM. Mr. Marquez was driving a maroon Ford pickup truck. TFOs and air support were able to track the male from Albuquerque into the Los Lunas area. BCSO contacted NMSP dispatch and requested assistance by using a tire deflation device (TDD) to stop the vehicle. NMSP Sergeant Joshua Perea was able to successfully deploy a TDD. Mr. Marquez fled into the city of Belen and drove head on with several vehicles. NMSP Officer Sondre Loberg was authorized to conduct a pursuit intervention technique (PIT above 35 mph) to stop the driver's actions. The vehicle fled back onto Interstate 25 and drove south. The NMSP Officer conducted the PIT and the vehicle rolled on Interstate 25 where it came to rest.

In reviewing the NMSP dash camera, a male subject exited the vehicle on the north side of the upside-down truck. Mr. Marquez' upper torso comes out of the vehicle, and he immediately punches out and raises his right hand towards the officers to the north. Officer present on scene confirmed the vehicle color as being 2 tone and possibly gold in color Ford Pickup truck. The vehicle was also listed in NCIC as stolen with an NCIC entry date of February 25, 2022.

Incident Summary

On February 11, 2022, at approximately 8:17 a.m., the New Mexico State Police was called to the Mr. Gas Mart located at the intersection of State Road 333 and State Road 344 in Edgewood, NM in reference to a suspicious female who locked herself inside the restroom.

When the Lt Jeremy Vaughan arrived at the Gas Mart, he met with the reporting party who told him the female was with a male companion sitting in a silver Cadillac parked in front of the store.

The Lt. Vaughan parked his patrol vehicle behind the silver Cadillac and went to initiate contact. He attempted to contact the male and female occupants, the male suspect identified as Caleb Elledge, drove the vehicle in reverse ramming the front end of the patrol vehicle. The Cadillac sped off at a high rate of speed traveling west onto State Road 333, and a pursuit was initiated. During the pursuit, as the Cadillac turned north onto the Sedillo Hill overpass, Lt. Vaughan initiated a pursuit intervention technique (PIT). The Cadillac crashed into a guardrail and came to a stop. Caleb and a female identified as Alanna Martinez, exited the vehicle and Caleb fired shots at Lt Vaughan

Lt. Vaughan was struck by gunfire. Despite being injured, he was able to recover and return fire at the suspect. The male and female suspects fled on foot east from the scene. It is unknown if the suspects were struck by the Lt Vaughan's gunfire Lt Vaughan sustained non life threatening injuries and was transported to an area hospital in Albuquerque, NM.

Incident Summary

On Friday March 25, 2022 I assisted APD SWAT with a barricaded subject who was wanted for a Felony Warrant of aggravated assault with a deadly weapon. The subject was identified as David Hendrickson (██████/79).

After all resources had been utilized with no surrender from the subject, an entry plan was set in place and executed in order to place Mr. Hendrickson in custody. The plan was to clear behind K9 until we made contact with Mr Hendrickson. With most of the residence cleared and still no signs of Mr Hendrickson, a team moved into a bedroom located in the three, four corner of the residence. I could hear officers giving commands to Mr. Hendrickson and overheard someone for support in the room. As I stepped into the room, I could see APD K9 actively engaging in a bite with the subject who was sitting near a closet. Once the K9 came off the bite, Mr. Hendrickson began tensing up and grabbing a metal water pipe that was underneath his left leg. Two officers were still attempting to control his arms in order to place him in custody. I proceeded to grab my handcuffs and attempted to place Mr. Hendrickson in custody. However, he was still tensing up and grabbing the metal water pipe. I placed one cuff on his right hand and attempted placing it behind his back as other officers kept telling him to let go of the pipe. Mr Hendrickson kept tensing up and would not let go of the pipe, at this point I proceeded to strike Mr. Hendrickson with one knee strike to the torso. The strike was effective as Mr. Hendrickson let go of the pipe. As we still kept struggling to subdue Mr. Hendrickson in the confined space near the closet, I used a handcuff leverage technique to drag him out of the confined space. At this point Mr. Hendrickson was still tensing up not allowing us to put his arms behind his back in order to place a cuff onto his left hand. As officers were attempting to control his left arm and place it on his back, I used a head displacement technique to turn Mr. Hendrickson's head away from where

the other officers were working on his left arm. This technique was successful as officers were able to place his left arm behind his back, allowing me to place the remaining cuff on his left wrist. Mr. Hendrickson was then escorted by other officers to medical personnel where he was treated for his injuries sustained by the K9 bite. This concludes my involvement in the use of force. This incident was captured by my department issued WatchGuard For additional details please refer to case TM 22 31

Incident Summary

On April 24, 2022, I initiated a traffic stop on a vehicle that the registered owner (Xzavier Smith) had an active Felony Warrant. After a short standoff Xzavier fled from the vehicle on foot. He was apprehended almost immediately and I used a wrist lock while handcuffing the suspect.

Incident Summary

On March 12, 2022, at approximately 1823 hours while on patrol I was dispatched to 323 S Commerce Street Las Vegas, NM 87701 in reference to to disorderly subject who was yelling and throwing rocks at residence and vehicle.

Upon arrival I made contact with the reporting party Jennifer Garcia she advised Tasha Romero was in her neighbors yard yelling and throwing rocks at Jennifer's residence and vehicle. Damage was caused to Jennifer's vehicle A second reporting party Jonathan Trujillo was also on scene he advised Tasha was in his property yelling and throwing glass from a vehicles window onto his property. I was able to make contact with Tasha at her residence which is directly behind Jennifer's residence. Tasha was sitting in her bedroom and refused to come to the front door. Tasha was yelling obscenities' and was intoxicated. I was able to convince Tasha to open the window to her bedroom so I could speak to her. The entire time I spoke with Tasha she yelled and cussed at me I tried for approximately 30 minutes to convince Tasha to come outside with out incident. Tasha refused and ignored assisting officers and my commands.

Tasha has a history of being combative towards officers and has bit two officers in prior encounters Tasha was yelling not to go next to her because she bites. Tasha also made threats she was going to bite officers on scene. Tasha then closed the window and came to the front door but refused to come out of her residence. Tasha then shut the door and refused to come out. The front door was forced open by kicking it. Tasha continued to hold the door shut. Due to Tasha's combative history and threats made to bite officers I took out my MK 3 pepper spray (OC Spray) Officer Lujan pushed open the front door Tasha was standing in the door way. I sprayed Tasha on the face for an approximate 2 second spray with OC spray. The OC spray

was effective which caused Tasha to stop resisting. When I entered Tasha residence she was put facedown onto a couch where we were able to place her into handcuffs without further incident.

AMR Ambulance and called to for Tasha, she was also transported to Alta Vista Regional Hospital to be medically cleared

Incident Summary

On February 5th 2022 at 2350 I initiated a traffic stop on a gray Nissan SUV. This vehicle fled. Once the vehicle slowed to under 35mph, I initiated a PIT to safely bring the car to a stop. The driver was detained and charged with aggravated fleeing and DWI. No damage occurred to persons or property as a result of this pursuit other than PIT damage to the suspect car

All WatchGuard videos will be saved under case number NMSPR2201316.

Incident Summary

On April 29, 2022, at approximately 8:27 pm, there was a 911 call for service of a "Shots fired" call, located at #5151 Lang Avenue Northeast in Albuquerque at Cabela's. There was a male suspect who had entered the store and was stealing ammunition. The male suspect was confronted by Cabela's store manager about stealing. The store Manager began to escort the male suspect out of the building when the male suspect reached in his front waistband and produced a firearm with a laser attachment and pointed the firearm at several Cabela employees. NMSP off-duty Tactical team Officer Robert Archuleta was checking out an item at the register when the suspect was being escorted out of the building. Officer Archuleta asked the store Manager if they needed help and if the suspect had pointed a firearm at people and the Manager said yes. Officer Archuleta drew his firearm and went towards the exit of the building. The male suspect was seen discharging his firearm in the air. Officer Archuleta then returned fire, striking the suspect. The suspect was identified as Gabriel Velasquez, 18, of Albuquerque.

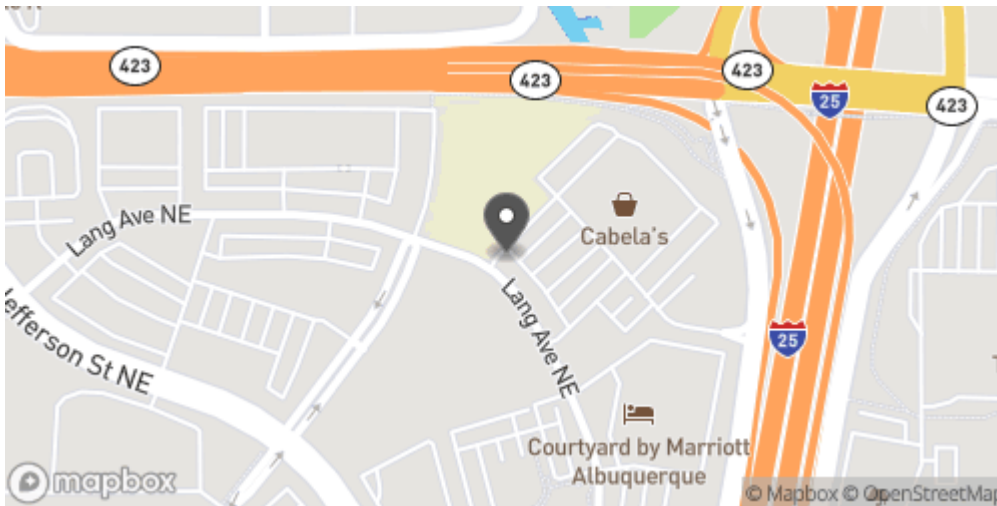

After the exchange, the silver Infinity left the scene. Agents located the silver Infinity, and the driver, at a residence in Los Lunas, New Mexico. The driver was identified as Joseph Montoya, 18, of Albuquerque. Montoya told agents he was present during the shooting incident at Cabela's. Montoya further stated Velasquez asked for a ride to Cabela's and he knew Velasquez was armed with a handgun. Montoya said as he left the Cabela's, law enforcement attempted to stop him. He ignored their lights and sirens and fled the scene. Joseph Montoya was taken into custody without incident and booked into the Albuquerque Metro Detention Center. Montoya was charged with the Conspiracy to Commit Armed Robbery and Resisting, Evading, or Obstructing an Officer

Gabriel Velasquez was released from the hospital on May 9 and booked into the Albuquerque Metro Detention Center and charged with Armed Robbery, Aggravated Assault with a Deadly Weapon (4 counts), and Conspiracy to Commit Armed Robbery.

Incident Summary

On February 3, 2021, at approximately 1135 hours, I overheard on the radio K98 had a vehicle approach them and sideswipe them. K98 put the bolo description of the vehicle, I saw the vehicle and initiated my emergency equipment on my unit on I40 near milepost 145. The suspect vehicle continued eastbound into Albuquerque exiting off of Unser southbound Sergeant Wood attempted a PIT on the vehicle and was unsuccessful but was able to stop stick the suspect's vehicle. The suspect's vehicle came to a final stop on Unser near Spring Flower Road. A felony stop was conducted by Officer Roybal, Officer Duran and I. Tyvon Leno was arrested without further incident

Incident Summary

On Monday March 7, 2022, at approximately 21:41 hours, I observed black Nissan passenger vehicle leaving the Allsup's gas station in a reckless manner. The vehicle turned onto Hot Springs Blvd and drove through the traffic light at a high rate of speed. The vehicle almost struck the center cement median and then almost struck the curb on the opposite side of Mills Avenue. The vehicle then sped up to a high rate of speed immediately on Mills Avenue.

I initiated my emergency equipment and proceeded to catch up to the vehicle. I advised dispatch a vehicle was driving recklessly and was not appearing to stop for my emergency vehicle. Once I got behind the vehicle, he began to slow down to approximately 50 miles per hour and then 30 miles per hour. Believing he was going to pull over I slowed down as well. The vehicle turned onto Grand Avenue from Mills. I advised dispatch. He got up to 35 miles per hour and I believed he was going to pull over. He slowed down to 19 miles per hour and then turned onto Baca Street. I advised dispatch. He then slowed down to 15 miles per hour and I believed he was going to pull over. He then turned onto 1st Street and was traveling 20 miles per hour. I advised dispatch. Due to the subject's reckless driving, the subject not pulling over for an emergency vehicle, and believing the subject was likely driving while under the influence of alcohol and a threat to other motorists, I made the decision to execute the P.I.T. maneuver. The P.I.T. was conducted at 20 miles per hour, failed, and then a second time at 22 miles per hour. The vehicle spun in a 180 degree turn and came to a rest facing me. I pinned the vehicle from the front with my unit and gave the male subject commands to exit the vehicle.

Incident Summary

On March 7, 2022 I was patrolling in Las Vegas, NM San Miguel County. I observed Officer Conner Russell engage his emergency Equipment and attempt to stop a vehicle which he observed driving Recklessly. The vehicle was traveling eastbound on mills Avenue at a high rate of speed. Officer Russell pursued the vehicle for 1 6 miles before performing a PIT maneuver The vehicle came to a stop where the driver was challenged and given verbal commands which he failed to follow. The driver drove away from the scene and into his residence driveway where the vehicle came to its final stop. The driver still refusing to exit the vehicle was taken out of the vehicle by Officer Russell and I I grabbed ahold of the male subjects sweater and his belt from the rear and pulled him away from the vehicle where he was escorted to the ground face down and handcuffed. The male subject did not sustain any injuries.

Incident Summary

On Monday March 7, 2022, at approximately 21:41 hours, I observed black Nissan passenger vehicle leaving the Allsup's gas station in a reckless manner. The vehicle turned onto Hot Springs Blvd and drove through the traffic light at a high rate of speed. The vehicle almost struck the center cement median and then almost struck the curb on the opposite side of Mills Avenue. The vehicle then sped up to a high rate of speed immediately on Mills Avenue.

I initiated my emergency equipment and proceeded to catch up to the vehicle. A 1.6 mile pursuit ensued. Due to the subject's reckless driving, the subject not pulling over for an emergency vehicle, and believing the subject was likely driving while under the influence of alcohol and a threat to other motorists, I made the decision to execute the P.I.T. maneuver. The P.I.T. was conducted at 20 miles per hour, failed, and then a second time at 22 miles per hour. The vehicle spun in a 180 degree turn and came to a rest facing me. I pinned the vehicle from the front with my unit and gave the male subject commands to exit the vehicle. The subject was given 12 commands to exit the vehicle and 5 commands to show his hands, the subject did not comply. The subject shut the driver door. The decision was made to approach the vehicle and breach the window in order to subdue the suspect immediately. Once the window was breached, I gave the subject 8 more commands to exit the vehicle and he did not comply. I attempted to extract the suspect out of the vehicle but could not grab his arm and pull in far enough out of the window. The door was then opened by a Sergeant on scene and I grabbed the suspect by his arm again and attempted to pull him out. The suspect was holding onto the steering wheel and I could not get him out. I then attempted to grab the back of his head and arm to extract him but he was still holding onto the steering wheel and I could not get him out. The suspect then took his foot off the break and the car began to roll backwards. The suspect then pushed the

gas and reversed towards officers. The suspect then pulled into a driveway and parked. I approached the vehicle again and advised the suspect to exit the vehicle 8 times and he did not. I grabbed the suspects arm and attempted to pull him out. A sergeant on scene also grabbed the suspect and we were able to pull him out of the vehicle. I then placed handcuffs on him while he was prone on his stomach.

[Pending assignment]	Sergeant Christopher Jennings	

Incident Summary

On Saturday, April 30, 2022, NMSP Officer Edward Quintana and NMSP Sergeant Kevin Keiner were dispatched to the Russell's Truck stop near Springer, New Mexico. Dispatched advised a female (Francisca Vigil) was just assaulted and bleeding from her neck area due to a laceration.

NMSP Sgt. Keiner made contact with the Francisca. Francisca said she was shot two times in her head area and once in her left foot. Francisca was holding a towel to her head where the blood was coming from. She stated there was a male and he was wearing a black shirt. When the ambulance arrived on scene, and was treating her injuries, Sgt. Keiner observed a male subject wearing a black shirt running towards the interstate. Officer Quintana and Sgt. Keiner drove to his last scene location and started to look for him. Francisca was transported to Minor's Colfax Medical Center hospital in Raton, New Mexico where she was later transported by helicopter to the University of New Mexico Hospital (UNMH) in Albuquerque, New Mexico.

Officer Quintana and Sgt. Keiner located the male subject who fled on foot from officers. The male subject jumped the fence onto the interstate and started to run up between the north and southbound lanes of travel. The traffic on the roadway stopped due to the male subject being on the roadway. Once distance was closed, Sgt. Keiner fired his less lethal shotgun and the male subject complied with directions from that point forward. The male subject was placed into custody and secured in the back of Sgt. Paul May's unit (Colfax County Sherriff's Department).

While the male subject was in the back seat, he was able to get out of the vehicle and attempted to flee on foot. Officers were able to subdue him and get him back in the vehicle. The male subject then grabbed Sgt.

Keiner, Sgt. May, and Officer Quintana to prevent use from closing the doors. Sgt. May sustained injuries to his arm. Sgt. May transported the male subject to Minor's Colfax Medical Center hospital for a medical assessment and clearance.

Incident Summary

On, Sunday, December 4, 2022, at approximately 9 11 a m , I NMSP Officer Fernando Lopez was advised by central communications dispatch to assist Santa Fe Police Department (SFPD) Officers with a stolen vehicle which was actively fleeing from them. The Red Chevrolet Silverado pickup truck continued south bound on Los Pinos Road after being spiked with stop sticks twice. The driver of the vehicle was able to reach Interstate 25 and travel south bound near mile post 273 despite all four tires being damaged. A Pursuit Intervention Technique (P.I.T.) Maneuver was authorized by NMSP Sergeant Ricardo Berceda. NMSP Officer Bryan Donis conducted the P.I.T and was successful. The vehicle came to rest on the right dirt shoulder of I-25 southbound near mile post 273. The driver of the vehicle attempted to reverse the red pickup truck and was unsuccessful. During this time, I unholstered my department issued pistol and approached the vehicle from the rear left side. I observed a male and female occupant step out from the driver side door. I gave the occupants of the vehicle commands to get on the ground. The male driver obeyed my commands, the female occupant did not and remained standing. I holstered my duty pistol and engaged the female occupant. I observed another male occupant come out the driver side door at a fast pace and I grabbed him from the rear of his shirt to take him down to the ground. I was assisted by an SFPD and NMSP Officer Noah Valdez in detaining the suspects. I patted down the female passenger for any weapons and placed her in the rear right passenger seat of my patrol vehicle. SFPD Officers later took custody of the female and placed her in their patrol vehicle. The suspects did not sustain any injuries.

This concludes my use of force involvement in this case.

Incident Summary

On Saturday, March 26, 2022, I, Sergeant Ruben Franco Jr. with the New Mexico State Police Investigations Bureau (NMSP/IB) was working flea market overtime at Expo New Mexico. I was wearing my badge of office, with clear law enforcement "State Police" markings on my department-issued tactical vest. On that day, I was partnered with NMSP Officer Charlene Archuleta. Our duties while working this overtime project are to provide a law enforcement presence, conduct proactive patrols, and maintain the safety of the public while enforcing the laws in accordance with New Mexico statutes.

At approximately 12:33 p.m. we received a request for our assistance with a person suspected of trying to steal merchandise from one of the vendors. Information relayed to us was that the male subject was exiting through the California parking lot. Upon our approach to that parking lot, several Expo employees pointed to a male subject walking through the parking lot. At the time, he was the only person in the area. At approximately 12:34 p.m., Officer Archuleta and I contacted a male subject wearing a black shirt, shorts, who was in the process of removing his yellow backpack. The male subject appeared to be in his twenties, about 6 feet tall, and in good physical shape.

Officer Archuleta directed the male subject to "come over here" to which he replied, "I wasn't taking anything, they took my stuff from me." The male subject immediately told us a story that he was not stealing anything and that he had purchased a box of shoes from a different vendor. I was informed by Expo Flea Market Manager Joe Fresquez that the male subject had attempted to take a large speaker and also had a box of shoes. I asked the male subject for his identification which he stated he did not have one. In my training and experience, that is a tactic frequently used by people attempting to conceal their identities which raised my

concern. As Officer Archuleta began to obtain more demographic information, the male subject said we did not have the right to get his information because he did not do anything wrong and began to walk away. As he started to walk away, I told him to stop twice and that we had reasonable suspicion that he committed a crime. He continued to walk away from us and I told him to stop again. Officer Archuleta then grabbed the subject's right hand during which I told him not to resist as I closed distance. I observed the male subject who was larger than Officer Archuleta immediately clinched his fist. When I told him not to resist, he replied saying, "I'm about to resist because I'm not doing anything." I then attempted to grab the subject's left arm to help gain control while both Officer Archuleta and I continued to tell him to stop resisting. While doing so, the subject tensed up and was clinching both fists as we repeatedly told him to relax his arms. I then instructed him to put his hands behind his back where continued to actively resist. Officer Archuleta and I struggled to gain control of his hands to place him in handcuffs. I continued to tell him he was actively resisting, and I proceeded to pull out my Taser due to his resistance. Officer Archuleta was able to secure one handcuff and then the other. I did not deploy my Taser since we were able to gain control of him. As she escorted him back to the mule, he continued to pull away from her. Once at the mule, we continued to try and identify him during which I asked him if he had warrants. He stated he did not.

I provided dispatch with the subject's social security number, and it returned to a Christopher Escovedo with a caution listed for "violent tendencies." The return also indicated Mr. Escovedo had three active warrants, one was for Assault/Battery. The warrants were confirmed, and I requested a uniformed officer to our location. While waiting for the officer to arrive, Mr. Escovedo was pacing around, and we decided to place him inside the mule. When Officer Archuleta was in the process of opening the door, Mr. Escovedo shoulder checked Officer Archuleta and began to resist once again. I utilized a leverage technique where I placed my right arm underneath his handcuffed left arm, lifted upwards, and pinned him against the mule while Officer Archuleta opened the door. This application of force lasted approximately 30 seconds from beginning to when Mr. Escovedo was seated inside the mule.

Officer Greg Ramirez arrived at approximately 1:00 p.m. then transported and booked Mr. Escovedo on his warrants. The show of force when I pulled out my Taser was documented on the CAD through dispatch.

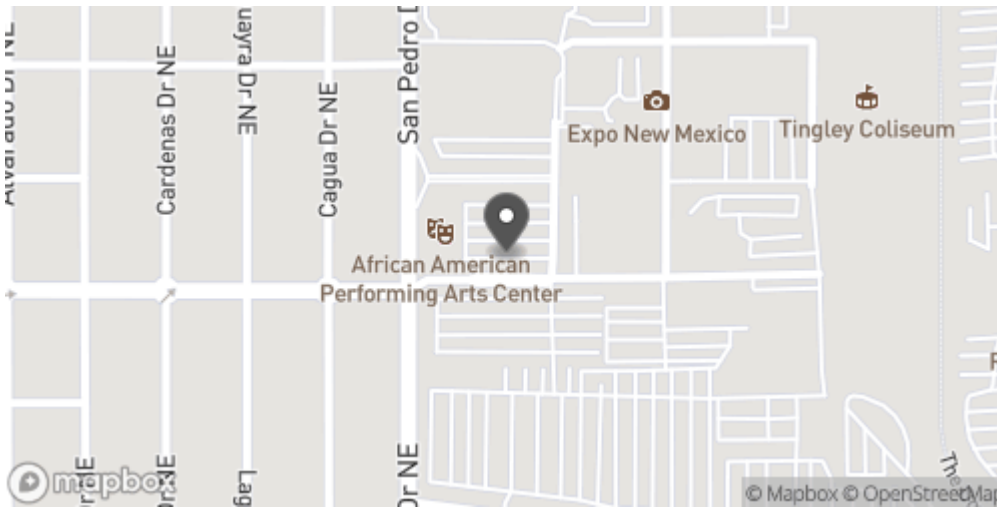

**note: While trying to take the individual into custody, some part of his body pressed against my BWC and stopped the recording. After noticing this, I immediately re-engaged my recording device.

Incident Summary

On December 1, 2022, at approximately 22 52 hours, I was standing in the New Mexico State Police Office parking lot when I observed a male subject attempting to kick in the door of a storage shed at the Lowe's Grocery Store parking lot. I noticed the male subject was wearing dark colored clothing.

After observing what I perceived as a male subject attempting to enter the shed, he looked up and saw me looking at him. The subject stopped his actions, picked up a black portable speaker and began walking north on Indiana Ave towards 12th Street. I called Sergeant Larry Reuter of the New Mexico State Police via cellphone to come and assist me with contacting the subject. After several seconds, I saw Sergeant Reuter driving east on 11th St towards the intersection of Indiana Ave I drove my unit towards the direction of the subject who would later be identified as Mr. Antonio Gregor Dickinson (██████████ 1995). I saw Mr. Dickinson walk from the front yard of a residence onto the sidewalk, I activated my take-down lights to illuminate the area and the subject Mr Dickinson turned and looked at my unit and shook his head in a "No" fashion and continued to walk north on Indiana Ave. I exited my unit and instructed Mr. Dickinson to stop, he ignored my instructions and continued walking north on the sidewalk. Mr. Dickinson eventually stopped and leaned on a small fence. I noticed Mr. Dickinson was holding a black and grey portable stereo system as well as a black cellphone. He placed the items on the ground at his feet.

I approached Mr. Dickinson with Sergeant Reuter and identified myself as a Law Enforcement Officer. I told

Mr. Dickinson the reason for the contact. Mr. Dickinson stated in a heavily slurred speech, "This is not your jurisdiction." I also smelled a heavy odor of an alcoholic beverage coming from his person. I attempted to explain to Mr. Dickinson the reason for the contact, but Mr. Dickinson told me I was harassing him and stated, "Don't arrest me." I gave Mr. Dickinson several instructions to step to the front of my patrol vehicle, so I could identify him and to bring him closer to the bright lights of my vehicle Mr Dickinson remained argumentative and refused to comply with my instructions. Due to the totality of the circumstances of what I observed as well as Mr. Dickinson failing to do comply with my instructions, I instructed Mr. Dickinson to place his hands behind his back so I could place him in investigative detention and place handcuffs on him When I attempted to secure Mr. Dickinson's hands, he immediately pulled away and attempted to run away.

Mr. Dickinson lost his balance while he was trying to run away and fell to the ground landing on his stomach. Sergeant Reuter and I immediately attempted to control Mr. Dickinson's hands and arms to prevent him from reaching into his pockets to grab any potential weapons I used my body weight and sat on the pelvic area of Mr. Dickinson and utilized my legs to pin his legs so he could not kick or use his legs as leverage to attempt to escape. Mr. Dickinson was given several orders to stop resisting and fighting and to place his hands behind his back Mr Dickinson became more aggressive and was attempting to lift Sergeant Reuter and I off him and was yelling, "why am I being arrested?!" I made several attempts to try and handcuff Mr. Dickinson however, he was wearing several layers on long sleeved clothing making it very difficult to restrain. While I was attempting to secure Mr. Dickinson, he managed to break my grip of his arms and he turned onto to left side of his body. He also managed to use his legs as leverage and partially set me off balance. I pressed all of my body weight against Mr Dickinson so I could gain a better tactical advantage and not lose control of his arms. Mr. Dickinson managed to thrust his hips upward causing enough space for him to punch me. I recall seeing Mr. Dickinson throw a right jab with a partially closed fist. He struck me on the left side of my face, on the jaw I grabbed Mr Dickinson's right arm and hip area and managed to lay him flat on his stomach once again, giving me more control of the struggle. With Sergeant Reuter's assistance, we were able to effectively place Mr. Dickinson in handcuffs. No strikes of non-lethal weapons were used against Mr. Dickinson during this altercation.

Once the situation was under control, I realized my body worn camera had been knocked off and stopped recording at some point during the altercation. After Mr. Dickinson was placed in the back of my unit, I recovered my body camera and reactivated the device. Mr. Dickinson immediately started kicking the rear passenger door with both of his legs with full force Mr Dickinson was yelling, "Take me to Jail!" "If I'm not being arrested let me go!" He was also yelling, "Arrest me! Arrest me! Arrest me and let me go!" Mr. Dickinson was given several orders to stop kicking the door to which he ignored and continued his actions. Mr. Dickinson yelled, "If you don't talk to me, I'm going to act crazy!" I secured Mr. Dickinson with a seatbelt prior to transporting him to the New Mexico State Police Office in Alamogordo. Mr. Dickinson released the seat belt and resumed kicking the rear passenger window on my vehicle Mr Dickinson was swearing and being verbally abusive during the duration of the encounter. I read Mr. Dickinson his Miranda Rights and he continued to shout profanities and kick the passenger door. I called for assistance from the Alamogordo Police Department and from the Otero County Sheriff's Office so I could safely escort Mr Dickinson into the holding room.

As I was escorting Mr. Dickinson into the holding room with other assisting Officers, Mr. Dickinson was

attempting to turn his body towards me. I instructed him to stop and observed Mr. Dickinson turn his body towards me partially and attempt to head-butt me in the face. I utilized a leverage take down maneuver by grabbing Mr. Dickinson from the back of his shoulders and neck area and guided him to the floor of the holding room to maintain maximum control his movements. Again, I checked my body camera and noticed the wire had been pulled out from the camera I fixed the issue and resumed recording Other officers and I were holding Mr. Dickinson to the floor by holding his legs and his arms to prevent him from striking other Officers.

Given the extreme level of aggression Mr. Dickinson was demonstrating, I transported him immediately to the Otero County Detention Center. He was placed back inside my vehicle, and I activated my emergency equipment because Mr. Dickinson was still very irate and kicking the passenger door of my unit. I was escorted by several Officers to the Detention Center for safety reasons. While enroute, Mr. Dickinson continued to kick the rear passenger window and partition Upon arriving at the Detention Center, Mr Dickinson was escorted into the Detention Center by Correctional Officers. I observed Mr. Dickinson become resistive to the Correctional Officers and they subsequently utilized a Taser to gain his compliance.

The Otero County Detention Correctional Officers took Mr. Dickinson into a holding area and took custody of him.

After reviewing this Use of Force, I did not see any policy violations regarding the use of force.

According to OPR: 01- R-9

USE OF FORCE

6 0, B General

1. Any use of force must be objectively reasonable under the totality of the circumstances.
2. Officers are allowed to use objectively reasonable force when the officer has probable cause to make an arrest.

D Less Lethal Force

1. Less lethal force includes two types of force:
 - a. Any force that is greater than de minimal force, which includes tools and techniques intended to control or restrain another, or to overcome resistance, without a significant risk of injury
 - b. Intermediate Force, which includes tools or techniques that have a significant risk of causing injury but are not intended to cause death or great bodily harm.
2. Less Lethal force may be used on subjects who are passively resisting, actively resisting, or assaultive, if the use of force is objectively reasonable under the totality of the circumstances.

6 0, E Intermediate Use of Force

1. Officers may use intermediate force to secure compliance and ultimately gain control of a subject who is assaultive; or who is actively resisting - when that active resistance includes an immediate safety risk (immediate danger) to the officer, to the subject, or to another individual, if that use of force is objectively reasonable under the totality of the circumstances.
2. A less lethal tool of intermediate force, like a TASER (CEW), is a reasonable force option on someone who

is actively resisting "only when deployed in response to a situation in which a reasonable officer would perceive some immediate danger (immediate safety risk) that could be mitigated by using the taser." - Armstrong v. Village of Pinehurst

a. A mental health concern (mental illness), by itself, is not an immediate safety risk.

3. The use of any less-lethal tool of intermediate force, including CEW's, batons, chemical agents, or less-lethal munitions, must be objectively reasonable under the totality of the circumstances, if used on a handcuffed prisoner who is assaultive, or actively resisting with an immediate safety risk (immediate danger) to the officer, to the prisoner, or to another individual.

Minimal force was used to bring Mr. Dickinson safely into custody without significant risk of injury. Due to Mr. Dickinson's combative nature, he was taken to the Otero County Detention Center.

According to OPR: 19 R-7

6.0, B Operational Procedures for BWC, MAVR, DVMS, and Portable Recording Equipment

Personnel shall adhere to the following procedures when utilizing BWC, MAVR, DVMS, and portable recording equipment

1. BWC USE

a. BWCs shall be worn by all NMSP uniformed officers whose primary function is to interact with the public.

Officer Berard had his BWC on and operational, however due to the dynamic nature of the fight it was disconnected during the incident. Officer Berard and Sergeant Reuter's dash camera and BWC caught the complete incident. I spoke with Officer Berard, and he knows the recording policy.

Officer Berard showed good situational awareness and prevented Mr. Dickinson from committing multiple crimes. Officer Berard used minimal force to bring Mr. Dickinson safely into custody.

Incident Summary

On January 30, 2022, at approximately 11:50 PM, I was assisting Espanola Police Department in making contact with a vehicle on Calle Del Rio. The vehicle belonged to Jordan Deaguero who had an active warrant issued for his arrest by Adult Probation and Parole. As EPD activated their emergency equipment the vehicle fled and struck an Espanola Police Department unit. While attempting to contain the vehicle, I made vehicle to vehicle contact with the vehicle's left rear quarter panel. As the vehicle broke containment and a vehicle pursuit ensued. During the pursuit, Officer Flores and Officer Sanchez, Officer Guillen, and I unsuccessfully deployed spike strips and Officer Manzanares successfully deployed spike strips. Once the vehicle's speeds dropped below 35 miles per hour I initiated a PIT and successfully disabled the vehicle.

Incident Summary

On December 4, 2022, I officer Flores responded to a call for service and used force to apprehend the suspect. The suspect was resisting by tensing his arm and attempting to turn away. The use of force involved using a handcuff leverage to place suspects arm be hide back. One cuff was placed on his right wrist as I pulled the open cuff to move the suspect arm to his back

Incident Summary

On Saturday December 17, 2022, at approximately 1630 hours, I was dispatched to the area of US 70 near MP 167-169 in reference to a be on the look out (BOLO) for a vehicle that was involved in a wrong way driver, hit and run, and shots fired incident. Additional information given by dispatch stated a caller called 911 stating the subject involved in this incident was now posting on Snapchat that he was going to commit suicide by cop.

Upon initial view of the vehicle, it appeared to be unoccupied however, a series of public announcements (PA's) were given prior to clearing the vehicle. With no response from anyone inside the vehicle, me along with two DASO deputies and one WSMR Military police officer moved up to clear the vehicle. The vehicle had visible lights on, but the engine did not appear to be running.

As we moved up to the rear of the vehicle, somebody stated they could see a hand. At that moment, I began to take a wide angle at the passenger side of the vehicle. I was able to see a male in the driver seat of the vehicle with a rifle placed on his chest. I began giving verbal commands to get out of the vehicle however, the driver appeared lethargic. I then opened the front passenger door and immediately noticed another rifle on the passenger seat floorboard. The driver appeared to be waking up at that moment and I instructed him to put his hands up. I first grabbed the rifle on his chest and tossed it out, immediately after, I tossed the second rifle that was on the passenger side floorboard. At this moment, I was committed inside the vehicle with the suspect, when I noticed a third rifle in his back seat. With the knowledge that this subject had shot at a vehicle, made suicide by cop statements, and his immediate reach to the rifle in the back seat, I made the decision to grab his wrist and execute a vehicle extraction technique. This technique was efficient as the

suspect was successfully extracted from the vehicle and placed in custody immediately after.

Medical personnel was contacted and the subject refused medical attention. He was later taken to an area hospital in order to get cleared for booking due to his involvement in the crash.

PROS-

Successfully 10-3 air in event vehicle went mobile again.

Adjusted tactical approach with officers from different agencies to execute a safe arrest

Recognized pistol would be better option to clear vehicle in event I needed to go hands on.

Had multiple plans of contingency in the event of shots fired upon approach.

Prepared additional plan in event suspect went mobile on foot.

CONS-

Continued issues with Body Camera not recording in sync with unit. Issue has been addressed in past and currently with Watch Guard

Did not wear my cover upon initial approach.

No gloves during pat down.

Incident Summary

On January 26, 2022, At approximately 22 58 hours, Officer Smith and I observed the stolen vehicle traveling on Alameda Blvd.

We followed the vehicle and observed the vehicle was no longer driving erratic The vehicle was traveling westbound on Paseo Del Norte. The vehicle turned southbound on Eagle Ranch Rd.

We observed the vehicle was traveling under 35 miles per hour. Officer Smith engaged his emergency equipment and initiated a Pursuit Intervention Technique (P.I.T.) Maneuver near the intersection of Eagle Ranch Rd and Rancho Milagro The vehicle rotated and came to a stop on the curb We initiated a high risk traffic stop where the male driver was arrested without further incident.

Incident Summary

On Sunday June 5, 2022, at approximately 02 28 hours, I observed a white in color Chevy Malibu bearing NM registration plate # BCTG61 driving East on Lohman. The vehicle appeared to be traveling at a speed greater than the posted 35 M.P.H limit. I used my Radar unit to confirm the vehicles speed at 65 M.P.H. The vehicle slowed down to make a right turn onto Walnut Street

I initiated my emergency Equipment (Lights and Sirens) and attempted to conduct a traffic stop on the vehicle. I observed the driver looking at my unit in his rearview mirror. I believed the driver was attempting to evade me due to him failing to stop for my emergency equipment after observing my unit behind him.

I Observed the vehicles speed fluctuating while the vehicle was Driving South on Walnut Street. I believed there to be a high probability the driver was impaired due to the way the driver was operating the vehicle. The driver failed to respond to my emergency equipment, and the vehicles speed continued to vary while I was behind the vehicle.

The vehicle made a right turn onto Nevada Ave. The vehicles speed ranged from 30-44 M.P.H while traveling West on Nevada. The vehicle was approaching Lees Drive which is a residential area. I made the decision to use a Pursuit Intervention Technique (PI T) Maneuver to bring the vehicle to a stop to prevent the vehicle from entering the neighborhood. I matched the drivers speed and made contact with the vehicles left rear

quarter panel. I observed our speed to be at 33 M.P.H prior to performing the P.I.T maneuver.

The driver made an abrupt stop immediately after contact was made with his vehicle. I conducted a Felony stop on the vehicle. Las Cruces Police assisted with retrieving individuals out of the vehicle. The driver of the vehicle was identified as Derek Jimenez DOB 10/06/2001 At the conclusion of my investigation and after Derek performed SFST's. Derek was charged with a 1st offense DWI, open container, Resisting, Evading, or Obstructing an Officer, Possession of an Alcoholic Beverage by a Minor. 3 counts of Driving While Intoxicated with a Minor in the Vehicle, And Speeding

Incident Summary

On December 4, 2022, I officer Hernandez responded to a call for service to assist Officer Flores and used force to apprehend the suspect. The suspect was resisting by tensing his arm and attempting to turn away. The use of force involved using taser drive stun to prevent suspect from gaining control of Officer Flores.

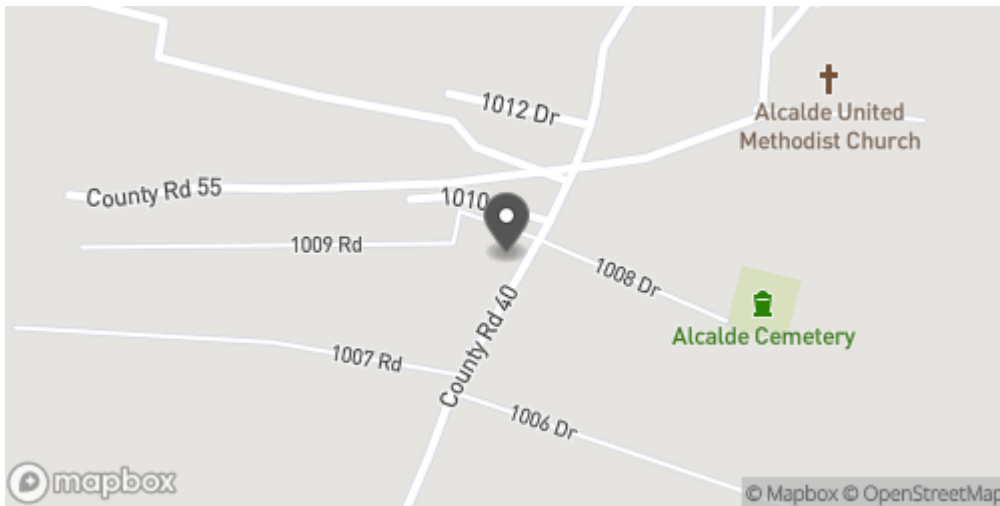

Please refer to case number(NMSPR2211981) for further details. WatchGuard was active(Event ID: 00:00:00:00:20:92-103290276, 00:00:00:00:20:92-103290277, 00:1d:96:02:90:d1-27628055, 00 00 00 00 20 92 103311526)

Incident Summary

On June 14th, 2022, at approximately 1207 hours, I Agent Hermilo Lucero, was conducting patrol operations, near the City of Grants, in the County of Cibola. While I was conducting patrol operations, I heard Central Dispatch put over the radio of a wrong way driver, who was traveling westbound in the eastbound lane at approximately 110 mile post, dispatch advised they had already notified Laguna Police Department

A few minutes later, Laguna Police Department requested assistance since they attempted to initiate a traffic stop on this white pick up truck that was a wrong way driver and was now in pursuit of this vehicle. At this time, I proceeded in assisting in the pursuit which lasted quite a while, for several miles across Interstate 40.

After a long chase, the vehicle finally came to a stop on Fatima Road on the Acoma Reservation. The vehicle appeared to be in a field where he got stuck, the driver was attempting to continue to evade. I observed two officers from Acoma Police Department approaching with their weapons drawn. At this time, I exited my police vehicle ran toward the suspect vehicle with weapon drawn. Acoma Police Officers attempted to extract the driver through window without luck. I attempted to open the driver door, but the suspect was still attempting to get the vehicle to go, he was pushing on the accelerator

At this moment a deputy with Cibola County Sheriff's Office deployed his taser, it appeared to have connected but the suspect kept his foot on the accelerator attempting to flee. The suspect continuously kept his foot on the accelerator, so I deployed my taser thinking the deputy's taser wasn't enough due to him still pushing the accelerator, I struck the suspect, the taser ran its cycle of the allotted 5 second round. Right after this occurred the male subject, the suspect, still had his foot on the accelerator, and physically kept

resisting coming out of the vehicle. At this moment I pressed the side button for a second cycle of the allotted 5 seconds at which time the suspect fell out of the vehicle yelling that he gives up and was taken into custody.

This ended my involvement in this case

Incident Summary

At the conclusion of the pursuit, the driver (Maria Acosta) exited the stolen vehicle and fled on foot. Following a very short foot pursuit, Sgt. Jonathan Wright caught up to the fleeing suspect. Upon catching her, he wrapped his arms around her and used his leverage and momentum to take her to the ground. He then secured her in handcuffs without further incident

Due to the location I stopped as the suspect vehicle came to rest in the median, I was able to observe the driver exit the suspect vehicle from the passenger side door then run away on foot I observed Sgt Wright catch up to the fleeing suspect approximately 50 feet from her vehicle. I observed Sgt. Wright wrap his arms around her and taking her to the ground. I observed Sgt. Wright handcuff the suspect without further incident and with no further force needed.

This incident is best viewed by Sgt Wrights body camera and Sgt Ward's dash camera, both of which were saved in WatchGuard via the assigned case number.

Incident Summary

On June 14, 2022, at approximately 1207 hours, I New Mexico State Police Officer Joe Garcia overheard New Mexico State Police dispatch advise of a "Be on the Lookout" for a white truck traveling west bound on in Interstate 40 in the east bound lane near the 110-mile marker. Laguna Police Department located the vehicle near the 108 mile marker of interstate 140

I proceeded to the 89-mile marker for stop stick deployment which was approved by New Mexico State Police Sergeant Justin Lucero New Mexico State Police Officer Hermilo Lucero proceeded as well NMSP dispatch advised Laguna had an unsuccessful stop stick deployment at the 104-mile marker. NMSP dispatch advised the vehicle was still traveling west in the east bound lane with laguna still in pursuit. NMSP dispatch advised the vehicle was now traveling west in the west bound lane. Officer Lucero and I then setup for a spike on the west bound lanes.

During the course of the pursuit NMSP Sergeant Lucero approved a PIT (pursuit intervention technique). Near the 99-mile marker I observed the vehicle traveling slow enough for a PIT which I attempted on the rear right side of the vehicle I barely contacted the vehicle who continued west bound The vehicle crossed the west bound lane into the dirt field through a barbed wire fence and traveled on New Mexico Highway 124 east.

The driver was later apprehended by Laguna Police department, Cibola County Sheriff's Office, and New Mexico State Police

Incident Summary

On June 25, 2022, at approximately 2138 hours I was in full uniform displaying my badge of office patrolling in San Miguel County in a marked New Mexico State Police vehicle. Dispatch notified me of a male subject wearing grey sweats was attempting to actively jump in front of traffic on Interstate 25, near mile post 345. I initiated my emergency equipment and proceeded to the area to attempt to locate the subject. Upon arrival in the area, I observed a male subject walking on the side of the road off the mile post 347 Exit. I attempted to make contact with the subject and observed that he was matching the description that dispatch had notified.

While attempting to make contact with the male, I observed him continue to walk away onto the roadway. This was a low lighted area, and the male was wearing a black hoodie making him hard to see. At this time, I had not seen the male subject commit a crime but was concerned for his safety and the safety of the public due to the totality of the circumstances. I continued to follow the male subject as he walked towards the Loves Station. My emergency equipment was engaged to ensure he was not struck by traffic. The male appeared to be irate and was yelling profanities towards me and other subjects at the station. I pulled into the station to make contact with the male, and he continued walking south on Grand Ave.

Once the male subject passed the station, he began pulling his pants down and showing his buttocks to the public. I observed subjects outside of a trailer park watching the male. A short while later Officer Jonathan Torrez was arriving on scene. I advised dispatch and Ofc. Torrez that I was going to make contact with the subject to check his mental health and to ensure he was not suicidal. I advised Ofc. Torrez to go in front of the subject in an attempt to stop him from walking away and I exited my unit. I proceeded to the male.

subject and Ofc. Torrez unit in an attempt to make contact. While going up to the unit I observed the male throw an object at Ofc. Torrez as he was exiting his unit. I asked Ofc Torrez what the male had just done and Ofc. Torrez stated, "He threw a cigarette at my face."

At this time and due to the crimes that had been committed I went towards the male to detain him prior to arrest I grabbed the male subject's right arm and he immediately turned around and attempted to strike towards my face. The male struck my chin, and I grabbed the males' arms to stop the battery. I heard Ofc. Torrez yell, "Taser", and I attempted to create distance from the subject. After the taser was unsuccessful the male subject was continuing to grab my clothing and I was unable to immediately move away The male was actively fighting me and attempting to strike me with his hands. He was cussing profanities during the incident.

As my clothing was being held by the male, I decided to roll backwards and conduct a modified hip throw to create distance from the active attack and ultimately arrest the male subject As I rolled over, I landed on side mount of the male subject and held him down on the ground until Ofc. Torrez was able to assist with hand cuffing. We both landed in a puddle of water on the side of the road as it had just rained. The male subject was handcuffed and stood up I observed that the taser probes were unsuccessful and had both stuck on his jacket front pocket. The male was walked to the front of my unit and medics were requested to check on him. I placed the subject in the back of my unit and assisted Ofc. Torrez on locating his taser markers that had been deployed.

I took the male directly to Alta Vista Regional Hospital for Medical Clearance The male continued to curse and act irate at the hospital. He was medically cleared and transported to the NMSP office for the booking process and then transported to the San Miguel County Detention Center.

The male subject was later identified as Christopher Garcia. He is six foot three inches tall and weighs approximately two hundred and thirty pounds. Through the physical altercation he ripped my shirt on the collar and sleeves while attempting to grab me. The detention center will be notified of his suicidal actions that had taken place. A BLUETEAM will be completed for my use of force and Ofc. Torrez. The male has been charged with Battery on a Peace Officer, two counts of Assault on a Peace Officer, and Disorderly Conduct

If any future information arises it will be documented on a separate supplemental report.

Incident Summary

On Tuesday, June 28, 2022, at approximately 8:43 A.M. I was patrolling west on W Brazaro in El Cerro Mission with Officer Jacob Ramirez in my passenger seat. At the address of 36 W Brazaro I observed a silver in color Infiniti Sedan parked, facing east on W Brazaro with two males standing outside the vehicle near the front end. Due to prior interaction at this residence regarding a male by the name of David Lopez who continuously flees from Law Enforcement and currently has an Active Arrest Warrant, Officer Ramirez and I attempted to make contact with the males standing in front of the vehicle. As we approached the vehicle, both males immediately entered the Infiniti. The male in the driver seat put the vehicle in reverse and proceeded to accelerate, fleeing while driving in reverse. I proceeded to pursue the vehicle west on W Brazaro while the vehicle was traveling in reverse. Within a few hundred yards of the residence where the vehicle fled from, the vehicle attempted to conduct a J-turn where I made vehicle to vehicle contact at approximately 19 MPH with the driver side front-end of my patrol unit to the passenger side front-end of the Infiniti in attempt to stop the fleeing actions of the vehicle and suspect. The vehicle continued fleeing, escaping containment, and traveling west on W Brazaro when I terminated the pursuit.

Incident Summary

On June 26, 2022 at approximately 2150 I, Officer Jonathan Torrez, was on a call with a commercial motor vehicle (CMV) blocking the east and westbound traffic on NM 104 milepost 4. Officer Levy Lujan responded to a welfare check on a male, later identified as Mr. Christopher Garcia, who had jumped in front of a CMV on Interstate 25 northbound milepost 345. Officer Lujan advised over the radio that he made contact with Mr Garcia but that he was refusing to stop. I advised dispatch that Highlands Wrecker Service was on scene for the CMV blocking traffic and that I was going to assist Officer Lujan with Mr. Garcia.

I arrived on scene at approximately 2155 and noticed Mr. Garcia walking on foot south on Grand Ave approaching Mountain View Drive on the shoulder right side of the road. Officer Lujan was following behind Mr. Garcia in his patrol vehicle with his emergency lights initiated. Officer Lujan advised me to drive my patrol vehicle in front of Mr. Garcia, so that we can talk to him. I drove my patrol vehicle, with emergency lights initiated, in front of Mr Garcia with the patrol vehicle facing west.

I exit the driver side of my vehicle, standing between the vehicle and the door as Mr. Garcia began to walk towards the front of my vehicle with a cigarette. I told Mr. Garcia that we just want to speak to him. Mr. Garcia looked at me, grabbed the cigarette out of his mouth, and flicked it towards my face area. I noticed the burning cigarette coming towards my face area and maneuvered out of the way.

Mr. Garcia continued to walk south on Grand Ave. Officer Lujan grabbed Mr. Garcia's right hand and Mr. Garcia began to grab Officer Lujan. I noticed Officer Lujan begin to pull away, at that point I unholstered my Taser X2 with my right hand. I switched the switch to on and pointed it at Mr. Garcia's body area. I aimed the top and bottom red lasers at his body area. I said "taser, taser, taser" and pulled the taser trigger. I let the cycle run its course and noticed Mr Garcia still resisting with both prongs in his stomach area As I was running to assist Officer Lujan with Mr. Garcia, I noticed another opportunity to gain control with the taser. I aimed the lasers of the taser at Mr. Garcia's right-side chest/ abdomen area, as he was on his back. I pulled the taser trigger and as 1 2 seconds had passed, I turned the switch of the taser off I turned off the taser, noticing that Mr. Garcia was wet and in a puddle of water.

I told Mr. Garcia " That is enough" and Officer Lujan gained control of Mr. Garcia. Officer Lujan and I turned Mr. Garcia over on his stomach and I placed him in handcuffs with no further incident. We walked Mr. Garcia to the front of Officer Lujan's vehicle and conducted a pat search Officer Lujan placed Mr Garcia in the back seat of his patrol vehicle.

Officer Lujan and I looked for the paper Anti Felon Identification (AFID) but due to the light wind and puddle, we were only able to find two. I noticed Mr. Garcia had two prongs on his stomach area. I was unable to locate the other two.

Incident Summary

On June 1, 2022, I was assisting NMSP T. Adams with a belligerent female subject that he had arrested. We had stopped at the San Juan County Fire Department Lee Acres Fire Department to meet with Fire and Medical Staff because she was complaining about not being able to breath. Once medical staff was done the female refused to get back into the unit and we had to physically move her into the vehicle

Incident Summary

On June 1, 2022, I was attempting to investigate a shoplifting. When I went to detain the suspect, she resisted, and I had to physically restrain the suspect and place her in the unit. She requested medical assistance for difficulty breathing and after she was evaluated by medical personnel, I had to physically place her back in the unit. I used the minimal amount of force necessary to properly execute my duties.

Incident Summary

On Tuesday, May 31st, 2022, at approximately 10 57 hours, Officer Steven Martinez and Officer Isaac Chavez were dispatched to 48 El Llano Rd to investigate a domestic incident between a Amber Garcia and a Thomas Deherrera. The incident was called in by Amber's father Joseph Garcia who stated he was called by Amber saying Thomas hit her Joseph also stated that Amber is several months pregnant

While headed to the scene, just before the intersection of El Llano and Piedra Blanca Officer Martinez observed Thomas who was shirtless, wearing red pants and red shoes. Thomas stated he was involved in a verbal altercation with his girlfriend Amber. Officer Chavez then arrived at the location. After confirming he was involved in the incident which we were called to investigate Officer Martinez advised Thomas he was going to be placed into investigative detention to go back to the scene to get Amber's statement. Thomas did not agree with this and actively pulled away from Officer Martinez. Officer Martinez advised Thomas again he was not under arrest, but he continued away Officer Martinez then grabbed Thomas' arm and placed it behind his back thus securing the one hand in one handcuff. Officer Chavez then assisted in placing handcuffs on Thomas. During this Thomas continuously tried to pull away. While he actively resisted, Officer Chavez grabbed ahold of Thomas's left arm and pushes Thomas to the ground to gain control. Thomas' arm was then secured in the handcuffs and was seated into the rear seat of Officer Chavez' patrol unit. Thomas complained of his shoulder hurting from the incident AMR medical personnel were called to the scene due
