To  Commission.Clerk@oglmc.ohio.gov

Hello

Some one just called me and said you have a letter saying that I support fracking. I do not support fracking. Please remove this letter from your site or my attorney will be calling you soon.

I saw the results from fracking to water on my own property and would never send such a letter to you.

Thank you
Dennis Heil

State Parks

To  Commission.Clerk@oglmc.ohio.gov

Please be advised that I never sent a letter agreeing to allow gas & oil drilling in our parks. I understand there is a letter saying that I agreed and I do not agree. The parks need to stay as natural as possible so please remove this letter.

Thank you
K Stringer

Fracking

To  Commission.Clerk@oglmc.ohio.gov

Hello my name is Christine Bass, and I am emailing you in regards to information about a letter you received from me about supporting fracking in Ohio Parks. I am informing you that I did not send a letter of support for fracking. I am not sure who sent it but please remove me from your list of support. I appreciate your cooperation and understanding in this matter.

Sincerely,
Christine Bass
