Good evening Celia, my mom informed me that today is your last day at MecTec. I just wanted to say that you are the best boss I ever had. Thank you so much for everything you have done for my mom and I. You are a poised and strong woman, I hope to be like you someday. :) I'm sorry for the conditions in which you are leaving for but your mother is blessed to have such a great daughter like you. My mom and I will always be here for you. Again thank you for everything and hope to see you soon. 😊❤️
