Poll of Georgia Likely Voters

Sep 25-28, 2023, MoE: 95% Conf. Level

**LV = 646 Respondents, Margin of Error: +/- 3.9%**

**Q10** The proposed Atlanta Public Safety Training Center, called "Cop City" by opponents, has been in the news. It's an 85 acre police, firefighter and E-911 training center under construction in DeKalb County adjacent to the city of Atlanta on the site of the old Atlanta prison farm. Which of the below is closer to your viewpoint:

Supporters, led by Atlanta Mayor Andre Dickens, say that the new state of the art facility replaces existing police and fire training facilities that are worn down and condemned. Other major cities like New York, Washington DC and Houston have modern facilities built in the last ten years. To reduce crime and recruit, retain and re-train the best officers, Atlanta needs an updated facility.

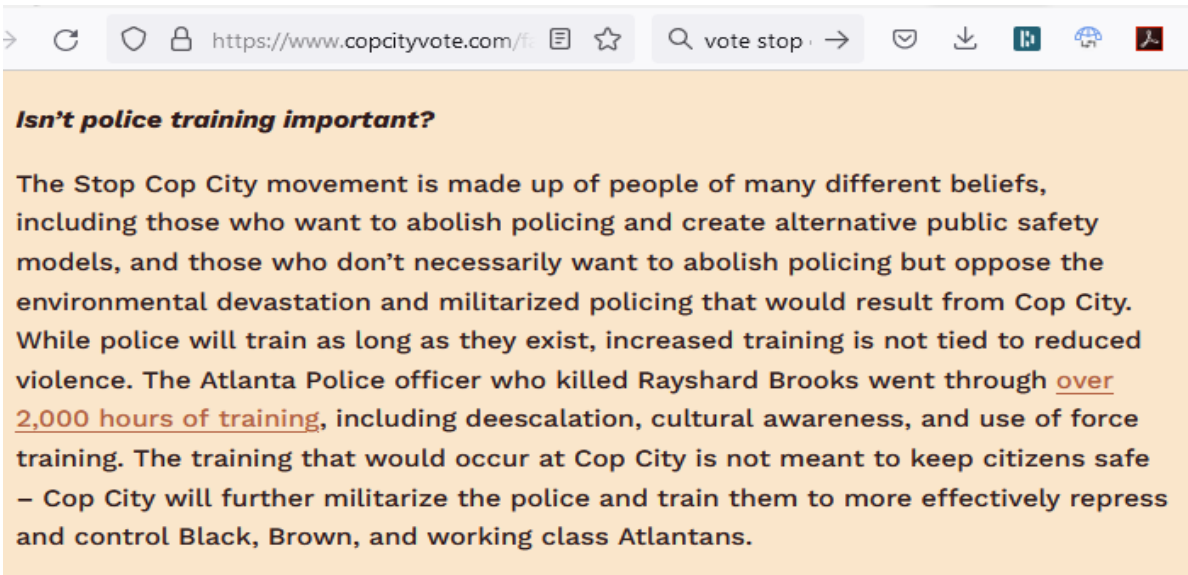

Opponents, led by the Stop Cop City campaign, say their movement is made up of people of many different beliefs, including those who want to abolish policing. They say that police training is not tied to reduced violence, and that Cop City will further militarize the police and train them to more effectively repress and control Black, Brown and working class Atlantans.

**LV**

**60** Dickens position

**12** Stop Cop City position

**28** Not Sure

The screenshot shows a web browser window with the URL <https://www.copcityvote.com/f>. The page content includes the heading **Isn't police training important?** followed by a paragraph: "The Stop Cop City movement is made up of people of many different beliefs, including those who want to abolish policing and create alternative public safety models, and those who don't necessarily want to abolish policing but oppose the environmental devastation and militarized policing that would result from Cop City. While police will train as long as they exist, increased training is not tied to reduced violence. The Atlanta Police officer who killed Rayshard Brooks went through over 2,000 hours of training, including deescalation, cultural awareness, and use of force training. The training that would occur at Cop City is not meant to keep citizens safe – Cop City will further militarize the police and train them to more effectively repress and control Black, Brown, and working class Atlantans."
