To further narrow down the scope of the request, we do not seek correspondence that merely forwards press clippings, such as news accounts or opinion pieces, newsletters, and published or docketed materials, if that correspondence has no comment or no substantive comment added by any party in the thread.

Please let me know if this helps.

Good afternoon,

Our tasking office told us the results of your search was voluminous at 48gb. In order to process this much data, we would need a substantial amount of time. Would you be able to narrow your time frame for the search and also provide additional keywords to use in addition to what you have provided? That would help narrow the results of the search. Please respond within 30 days.

Thank you.
