Thanks Ryan.

In the interest of expediting this, we will agree to narrowing to the last *five* years (March 6, 2018 to present). I of course reserve the right to challenge the adequacy of the search once I receive it.

Look forward to receiving the full response by October 27.

Thank you Austin, Understood.

ERO-Washington has responded and asked if the timeframe can be narrowed. It's currently March 6, 2012 – Present.

They have asked if you could narrow to the last 4 years instead (March 6, 2019 – Present). They have stated this would allow a more focused, efficient, and accurate records response.

Please let me know if this is acceptable.

Hi Ryan,

Just following up again. If we don't receive a comprehensive response in the next two weeks (by October 27), we are prepared to litigate.

Thank you,

Austin,

Thank you again for reaching out.

I have spoken to the ICE FOIA Office and asked that they expedite the searches and processing of your request. This may be impacted by the potential shutdown of course.

The instructions that we came up with for Parts 3 and 4 have been given to ERO for action.

Please ping me in a week or two for a status update and I will be happy to look into it for you. If no shutdown, we should have the searches completed and records back to ICE FOIA for processing within 30 days at the most.
