

## **STATEMENT FROM TAYLOR J. DINGLE, CANDIDATE FOR VERO BEACH CITY COUNCIL REGARDING TWIN PAIRS POSITION**

October 6, 2023: I have never supported the removal of infrastructure or lanes through Downtown Vero Beach. My stance has not wavered. I still oppose the proposed lane reduction and would not approve it if elected to the Vero Beach City Council in November 2023.

I do support the Traffic Calming proposal which fellow candidates, Mayor John Cotugno and Ms. Honey Minuse, approved while serving on the City Council.

I want our Downtown District to be economically and culturally vibrant. Lane reduction is not the answer. However, I do intend to address the current condition of the sidewalks, light poles, and lack of landscaping in the Downtown District if victorious next month.

I have made no promises and or agreed to any deal to nominate any current serving City Council Member to the Office of Mayor. That is not my focus nor on my mind. I do not intend to make any nominations at the Organizational Meeting if elected to the Vero Beach City Council.
