Anchorage School District  
Maintenance Department  
1301 Labar Street  
Anchorage, AK 99515

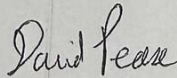

Dear Maintenance Department,

This letter is to advise the Anchorage School District that from this date forward, the Upper O'Malley LRSA will no longer provide maintenance or plowing from Rockridge Drive up to the O'Malley school. This letter is being sent to the school district well in advance of winter to allow the school district time to make alternate arrangements for the plowing of Rockridge Drive to O'Malley school this school year.

Sincerely,

Upper O'Malley Limited Road Service Area Road Board  
Phone 982-6931
