

## OFFICE OF THE MAYOR

As the Mayor of Fresno, I proudly stand with members of the Muslim, Jewish and Palestinian community who are leaders of their respective faiths in this great city. All of us, together, believe in the promise of One Fresno. We stand unified and believe there is only one side in Fresno, and that is the side of peace, unity and nonviolence.

There is no room for hatred. There is no room for intolerance. There is no room for prejudice. And there is no room for the killing of innocent people.

As Mayor of Fresno, and the leaders representing the Jewish and Muslim faiths, we hope for a peaceful resolution to conflicts and pledge to work together toward a future where religious sectarianism is a thing of the past.

Our vision is a Fresno where every Muslim, Jewish and Palestinian resident feels secure in their homes and free to enjoy all the city has to offer without fear of violence, without fear of being derided, and without fear of being threatened.

Here in Fresno, we may be Jewish, we may be Muslim, we may be Christian, we may adhere to one of the many faiths that together make this city great - but we are all Americans.

We extend an open invitation to all religious denominations, organizations, and individuals in Fresno to join us as we stand in solidarity as One Fresno.

Together, let us champion tolerance and understanding as we strive to make our city an exemplar of unity for all.
