Hello,

We are unable to conduct a search for records for "Any person with supervisory responsibilities for implementing and executing the AI regulations listed in Section 4.2 of the Order." because we would need a specific Commerce employees name or position title to search for records. If you have a specific person in mind we could update your request. Please let me know if you would like to remove this portion of your request or add someone. Please let me know if you have any further questions.

Thank you,
