Hi there,

My name is Ford McCracken and I am a news writer for The Cavalier Daily at the University of Virginia. I am doing a story on the Farmville Detention Center and the U.Va. students who spoke at the Farmville Town Council meeting on September 13. I am reaching out to see if Mayor Vincent's office or any member of the Farmville Town Council could provide a statement regarding

the current status of the detention center's contract as well as the council's position on the students who spoke at the meeting.

If possible, please try and get back to me by Thursday afternoon.

Thank you,

Ford McCracken

Dean Mirshahi,

You are correct the National Immigrant Justice Center filed a FOIA request for records. The Town met the requirements of this FOIA request.

As for the statements you have below which I believe are from speakers at our October 11 meeting, Mayor Vincent offered a response to the comments at the end of this meeting. The meeting can be viewed via the Town's YouTube Channel, https://www.youtube.com/watch?v=ABSqvqt5s_k. However, the summary of the Mayor's comment is that ICA Farmville is seeking a direct contract with the federal government instead of the Town being the intermediary through a contract. The six month extension of the existing contract is to allow ICA Farmville to work out these details with the federal government. The employees of ICA Farmville have federal wage jobs and live within our community or surrounding communities. Neither the Mayor, Town Council, or I want to see these citizens abruptly lose their jobs. The Town Council gave me permission to sign the extension by individual telephone conversations. The signing of a contract does not require a "public vote" as stated in the comments by speakers. The Town Attorney is still looking into the ramifications of us not continuing the contract if ICA Farmville cannot receive a contract directly with the federal government.

Please let me know if you have any questions.

Best regards,

C. Scott Davis,

This is the first email you've received from this external sender.

Do not click links or open attachments unless it is an email you expected to receive.

To whom it may concern,

I hope all is well. My name is Dean Mirshahi and I'm with 8News in Richmond. I'm reaching out to see if you had a few minutes to discuss emails released by the National Immigrant Justice Center that shed light on Farmville's 6-month extension with ICE for the Immigration Centers of America-Farmville facility.

One of the group's policy analysts said they shared testimony during the town council's meeting on Oct. 11 in front of council members and the mayor about the documents they obtained through public record requests, so I'm sure you may be aware of the emails I'm referencing.

If not, I've added attachments/links from the group's FOIA and comments, and here are a few excerpts of the analyst's comments/claims that I was hoping to get clarification/talk about with you and anyone else who might be able to speak on it: <https://immigrantjustice.org/staff/blog/farmville-virginia-must-stop-negotiating-secret-cut-ties-immigration-detention-system>

“Documents obtained through public records requests reveal that in September the town of Farmville secretly extended the facility’s contract, without a public meeting or notice. This short-term renewal of the contract exposes the secret dealings that keep the detention facility in operation.”

“Internal emails obtained through public records requests also show that the town manager told the company ICA on September 13th that they could not sign the

extension without approval by the entire town council and that it was too late to add to the agenda that same evening.”

“I am confused a little,” Farmville’s town manager wrote in an email to ICA on September 13th. “How does ICA negotiate the IGSA when it is between the Town and DHS? I can’t sign contracts without Town Council approval...I have been asked to sign documents without having any knowledge of what all these forms mean and no time for legal to review on behalf of the Town. I am not signing forms without due diligence of understanding these agreements and the Town Council approving them.”

“However, instead of following through on the unanimous motion to look into the ramifications of not signing the IGSA contract, the town manager and mayor signed a two-week extension on September 15th. After meeting with ICA officials and communicating with ICE contracting officers in secret, the town manager signed the extension without any public discussion. Then on September 21st, again in secret without any public approval from the town council members, the town manager signed an agreement, this time to extend the contract for six months.”

“This secretive process raises a number of questions that should be answered in public, such as: what happened to the council’s commitment to look into ramifications of not signing the contract renewal? And, why are the town mayor and manager signing contract extensions in secret, without any public discussion or apparent approval from the town council? The town mayor and council should hold a public meeting to allow for public input and a public vote, and move forward with greater transparency.”

My deadline is noon Monday (Oct. 16). You can reach me directly at 804-510-3744 or through email to set a time to speak.

Thank you so much for your time,

Dean Mirshahi

Subject: Do Not Renew Farmville ICE Contract

This is the first email you've received from this external sender.

Do not click links or open attachments unless it is an email you expected to receive.

Dear Farmville Town Council Member John Hardy,

I am writing to urge you to not renew the Farmville ICE detention contract.

The Farmville facility is notorious for its brutality, abuse, and neglect. For over a decade, people detained at the facility have been subject to harsh conditions, including solitary confinement, retaliation and use of force by staff, overcrowding inadequate medical and mental health care, meager and barely edible food, and limited access to counsel and family members.

No matter where someone came from or how they arrived in the United States, their life is of value and they should be treated with dignity and respect. People navigating their immigration case should be able to do so with their families and in the community -- not behind bars in immigration detention. Our tax dollars need to be used to strengthen our families and communities, not for the targeting, detention and deportation of our immigrant friends, neighbors and coworkers. Instead, we need investment in education, housing, green infrastructure, and health care programs.

Thank you for your time, I look forward to your support.

Regards,
Kenya Hernandez

Subject: Shut down Farmville Detention Center!

This is the first email you've received from this external sender.

Do not click links or open attachments unless it is an email you expected to receive.

Dear Farmville Town Council Member John Hardy,

I am a 15 year old from Southeastern Virginia. After learning about the detention center in Farmville, I was shocked at the horrific stories of those who had been detained there. I have family members who are immigrants, but I simply can't imagine if they were detained at the ICA detention center for any reason. I would be scared for their safety and miss them severely every single day. Sadly, this is a reality for many children who have parents detained there.

My question for you is: how do you want to be remembered by future generations? Do you want to be known as bystanders who were complicit in these abuses, or upstanders who chose to do the right thing, and will be remembered and applauded for doing so? Please think about this.

I would like to sincerely thank you for your time and consideration on this important issue.

Regards,
Alejandro Lawson

Dear Council Member Yoelin,

I do not believe we had a chance to speak at Farmville's last Town Council Meeting, but my name is Abbey Philips and I am the policy director at the legal aid justice center and stood alongside the Free Them All VA Coalition members, Longwood Students and UVA students at the town council meeting last week to urge the council not to renew the ICA Farmville contract. As a side note, my father-in-law and longtime Darlington Height resident, Tray Eppes, suggested to me that you may be willing to meet as a follow-up to the expressed concerns of the coalition and students last week urging the council not to renew the three-year contract to maintain the ICA-Farmville detention center. I also hear from Longwood students that you were very supportive when you briefly spoke with them after the Town Council meeting and appreciated hearing this account.

I am writing on behalf of them, to request a virtual/zoom meeting with you and members of the Free Them All VA Coalition, who are copied on this email. We understand the current contract was extended until September 30th and though the timing may be tight, members of the coalition and would greatly appreciate an opportunity to meet with you before September 30.

We are happy to meet on a day/time that works well for next week and can provide a zoom link if that is helpful. Thank you for your time and consideration. If you need to reach me by phone my number is 804-878-3126.

Thank you,

Abbey

Re: Request for ICE Contracting Offer's Approval of Transfer of ICA-Farmville
Subcontract to New Related Entity

Dear Mr. Kurtz:

Pursuant to Article II(B) of the Intergovernmental Service Agreement ("IGSA") between the United States Department of Homeland Security, U.S. Immigration and Customs Enforcement ("ICE"), and the Town of Farmville ("Farmville"), which requires that, "The Service Provider shall obtain the Contracting Officer's approval before subcontracting the detention and care of detainees to another entity", Farmville respectfully requests that the ICE Contracting Officer approve Farmville's plan to transfer the current subcontract between Farmville and ICA-Farmville to operate the Farmville Detention Facility to a newly created entity related to ICA-Farmville, named Abyon LLC.

ICA-Farmville has advised us that it created Abyon, LLC, as a Delaware limited liability company, to implement the desire of ICA-Farmville's ownership to restructure ownership interests. ICA-Farmville has advised us that it intends to transfer the Subcontract in the near term to its affiliate, Abyon. ICA-Farmville has assured and we are satisfied that the transfer will not involve any change in the management or operations of the entity from the current operations of ICA-Farmville. Abyon will operate under the Subcontract in the same manner as did ICA-Farmville and will assume all of ICA-Farmville's obligations under the Subcontract. The personnel assigned to the Subcontract will remain the same.

Under the circumstances, Farmville desires to accommodate ICA-Farmville's request. Accordingly, consistent with Article II(B) of the IGSA we hereby request that the Contracting Officer approve promptly Farmville's transfer of the Subcontract from ICA-Farmville to Abyon.

Please direct any questions to my attention.

Very truly yours,

Scott Davis

Jill,

Vacation is never long enough!

I did read it from my phone but could do anything with it where I was at the time.

Can we talk today so I understand this request better? Does the subcontract need to be changed...legally?

One of the issues is your attorney is telling you the Town needs to send the letter; but, then I have limited time to get our attorney to tell me that all is good for me to sign and what this means pursuant to the areas listed from the agreement.

I would think the subcontract would need to be changed it is now going to be with a new entity.

5607 Grove Avenue
Richmond, VA 23901

December 19, 2023

Mr. C. Scott Davis
Town Manager
Town of Farmville
Post Office Drawer 368
Farmville, Virginia 23901

Re: Transfer of Farmville Subcontract to New Related Entity

Dear Mr. Davis:

Pursuant to Section 3 of ICA-Farmville's Subcontract with the Town of Farmville ("Farmville") to operate the Farmville Detention Facility, we are hereby furnishing you notice of ICA-Farmville's intent to transfer the Subcontract to a newly created and related entity (the "Transfer"), which Transfer is expected to occur on or about January 1, 2024. As of that date, the Subcontract shall be transferred to Abyon, LLC, a Delaware limited liability company ("Abyon") and an affiliate of ICA-Farmville. Please know that this change will not involve any change in the management or operations of the entity from the current operations of ICA-Farmville. Abyon will operate under the Subcontract in the same manner as did ICA-Farmville and will assume all of ICA-Farmville's obligations under the Subcontract. The creation of a new entity simply reflects desire of ICA-Farmville's ownership to restructure ownership interests.

Although Farmville's approval is not required for the contemplated change under our Subcontract, we understand that Article II(B) of the Intergovernmental Service Agreement between Farmville and ICE requires Farmville to secure approval from ICE's contracting officer for the transfer of the Subcontract to Abyon. Consistent with that obligation, we have been in contact with ICE to discuss the planned transfer and expect that the necessary approvals will be forthcoming.

Please direct any questions to my attention.

Very truly yours,

A handwritten signature in black ink, appearing to read 'R. Harper', is written over the typed name.

Hello, Scott,

I totally understand wanting to make sure everything is correct. I appreciate your help working through the documents to make sure they are accurate.

I reached out to our attorneys who crafted the documents and they said:

“The ultimate owners of ICAF and Abyon are the same (i.e., the two companies are under common control). That makes them affiliates.”

Hope this answers your question.

Jill

Jill,

The way I read the subcontract is that Abyon, LLC would need to be an affiliate of, or entity related to ICAF. To me, the way the letter reads is that Abyon, LLC will be a separate company and ICAF is going away. Is this correct? If so, Abyon, LLC is not an affiliate of, or entity related to ICAF.

I am not trying to make this difficult. I am just trying to make sure it is meeting the requirements. Thanks.

That sure is the truth about vacation 😊

I totally understand why you have questions. We thought you were sent the attached letter, but someone seemed to have dropped the ball.

This should clear up any questions you had. If you would like to talk further, you can reach me on my cell at 804-615-1853 as our phones are down right now.

Jill,

Vacation is never long enough!

I did read it from my phone but could do anything with it where I was at the time.

Can we talk today so I understand this request better? Does the subcontract need to be changed...legally?

One of the issues is your attorney is telling you the Town needs to send the letter; but, then I have limited time to get our attorney to tell me that all is good for me to sign and what this means pursuant to the areas listed from the agreement.

I would think the subcontract would need to be changed it is now going to be with a new entity.

Welcome back, Scott.

I saw you read my original email while you were off. Thanks for taking the time. I appreciate it.

Now that you are back in the office, I wanted to follow up to see if you could get the attached document back to me this morning as we have deadlines for some RFPs unrelated to Farmville that we need to meet.

Please let me know if you have any questions.

Thanks.

Hello, Scott,

I hope you had a good holiday.

Attached is notification to ICE regarding our restructuring.

Since you are the one to sign the contract, our attorney informed us that the notification should come from you.

I am happy to answer any questions you may have regarding the document.

If you do not have any questions, can you please put the document on your letterhead, sign and return to me?

Thanks for your help.

Hello, Scott,

I totally understand wanting to make sure everything is correct. I appreciate your help working through the documents to make sure they are accurate.

I reached out to our attorneys who crafted the documents and they said:

“The ultimate owners of ICAF and Abyon are the same (i.e., the two companies are under common control). That makes them affiliates.”

Hope this answers your question.

Re: Request for ICE Contracting Offer's Approval of Transfer of ICA-Farmville Subcontract to New Related Entity

Dear Mr. Kurtz:

Pursuant to Article II(B) of the Intergovernmental Service Agreement ("IGSA") between the United States Department of Homeland Security, U.S. Immigration and Customs Enforcement ("ICE"), and the Town of Farmville ("Farmville"), which requires that, "The Service Provider shall obtain the Contracting Officer's approval before subcontracting the detention and care of detainees to another entity", Farmville respectfully requests that the ICE Contracting Officer approve Farmville's plan to transfer the current subcontract between Farmville and ICA-Farmville to operate the Farmville Detention Facility to a newly created entity related to ICA-Farmville, named Abyon LLC.

ICA-Farmville has advised us that it created Abyon, LLC, as a Delaware limited liability company, to implement the desire of ICA-Farmville's ownership to restructure ownership interests. ICA-Farmville has advised us that it intends to transfer the Subcontract in the near term to its affiliate, Abyon. ICA-Farmville has assured, and we are satisfied that the transfer will not involve any change in the management or operations of the entity from the current operations of ICA-Farmville. Abyon will operate under the Subcontract in the same manner as did ICA-Farmville and will assume all of ICA-Farmville's obligations under the Subcontract. The personnel assigned to the Subcontract will remain the same.

John L. Kurtz
December 27, 2023
Page 2

Under the circumstances, Farmville desires to accommodate ICA-Farmville's request. Accordingly, consistent with Article II(B) of the IGSA we hereby request that the Contracting Officer approve promptly Farmville's transfer of the Subcontract from ICA-Farmville to Abyon.

Please direct any questions to my attention.

Sincerely,

A handwritten signature in blue ink, appearing to read "C. Scott Davis".

Subject: Freedom of Information Act Request

Dear Mr. Davis:

Under the Virginia Freedom of Information Act, VA Code § 2.2-3700 et seq., I am requesting copies of the following records in the custody or control of the Town of Farmville, **from September 28, 2023 to present**, regardless of the source:

1. Any and all documents (including internal and external communications, meeting minutes, and memos) related to the renewal, modification, or alteration of the intergovernmental service agreement between the Town of Farmville and U.S. Immigration and Customs Enforcement (ICE) regarding the Farmville immigration detention facility;
2. Any and all "Amendment of Solicitation / Modification of Contract" forms issued by ICE regarding the Farmville immigration detention facility; and

3. Any and all "Contract Discrepancy Reports" issued by ICE regarding the Farmville immigration detention facility.

Please limit the scope of my request to records produced from September 28, 2023 to present.

I request that all documents be provided in electronic format, preferably in a portable document format (PDF), via email to amber@nipnlq.org. The Virginia FOIA law requires an agency to respond within five business days. VA Code § 2.2-3704(B). If access to the requested records will take longer than five business days, please contact me with information about when I might expect responsive records.

Virginia FOIA law permits agencies to charge fees for actual costs, but it does not require the agency to do so. VA Code § 2.2-3704(F). This request is filed on behalf of the National Immigrant Justice Center, a public interest advocacy organization that regularly publishes documents obtained through FOIA to educate the public about immigration enforcement policies. The National Immigrant Justice Center requests these records for a non-commercial purpose and intends to use the requested records only to aid in its public advocacy for immigrant rights. The requested information is in the public interest and will contribute significantly to the public's understanding of the government's immigration enforcement and detention policies. Accordingly, I request that the custodians of records waive any fees, if possible. However, if you decide to assess fees, please inform me in writing of any fee estimates over \$50.

If this request is denied in whole or in part, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available under the law. If portions of the requested records are exempt from disclosure, please segregate the exempt portions and produce the remaining portions.

If you have any questions about this request, please do not hesitate to contact me at amber@nipnlq.org or (202) 470-2082.

Thank you for your time and attention. I look forward to hearing from you within five business days.

Sincerely,
Amber Qureshi

Subject: Written testimony for public comment during tonight's meeting

Good afternoon,

We are sending written testimony for the town council's meeting this evening. My colleague Beatriz is cc'd on this email as well. Her name is Beatriz Batres. Let us know if there's anything else from us. The written testimony is here below:

Hello my name is Beatriz, I'm here to urge you to move towards closing down Farmville and use this opportunity to share the first hand experiences of Marvin Reyes Ventura who was unjustly and arbitrarily detained for over a month at Farmville. On September 22nd, Marvin went to our immigration office. ICE officers deceptively led him to believe they were going to remove his ankle monitor. However, when they did, immigration officers proceeded to arbitrarily detain him.

Marvin had complied with all requirements of his parole, had not come in contact with any law enforcement agency, had not been re-arrested, and had maintained continuous employment. We believe this kind of behavior by ICE officers creates a culture of fear and intimidation. You can hear from Marvin himself about his arbitrary arrest, the deceptive behavior of ICE officers, the horrid conditions inside Farmville, the lack of privacy in bathroom stalls and showers, expired and substandard and highly processed food, as well as cramped conditions in their dorms. Marvin ends with warning to others. He tells others that he cannot trust ICE officers who act as they please, break their own protocols and are never held accountable. I share with you the translated version in print.

Complete Transcript (Translated in English below)

Hello, good afternoon. My name is Marvin Reye Ventura. I want to share something with you; something that happened to me recently.

On September 22, 2023, I went to the immigration office in Chantilly, Virginia to ask a question. When I arrived, I waited for about an hour before an officer called me into his room and then proceeded to detain me.

I asked the officer why I was being detained. He didn't explain to me why I was being detained. He didn't tell me anything. He just told me to go in.

A few hours later they took me to a detention center, about three hours away, called Farmville. That's always here in Virginia, but close to the border with North Carolina.

I want to talk about that [Farmville] detention center as well.

Starting with the bathrooms. We don't have enough privacy. They are like an open field. The "toilets," for example, they don't have doors, there is nothing. So there is no privacy. Everyone sees when you're using the toilet. We don't have hand sanitizer by the sinks. They also don't provide us with soap. There is nothing. We have to resort to using our own shampoo or buy soap, if we can.

With respect to our food, there are many things that we noted. They kept providing expired milk. The chips were also expired. And the cheese was also expired. They gave us expired food for about a week and a half. Many people would discard their milk and all their meals because the food was substandard. They

expiration dates had passed. They would also give us substandard, highly processed food. Sometimes I would skip my meals because it was horrible food.

Also, I want to share about the conditions in our dorms. We sleep in bunk beds, four beds horizontally and four beds vertically. But the bottom four beds--those bottom four--are stuck together. When we sleep, if we move to one side, we will bump into our neighbor, we will likely touch. There is no space, not two feet, not even a foot of distance between beds. No. They are stuck. We don't have space.

Also, the air that comes out of the vent system also releases debris, it's like some kind of cotton substance. I don't know what that is, but it gets all over our beds and covers them with a layer of soot. The air is stuffy. That place is like a container. It looks like a warehouse truck. These are the conditions in which they keep people.

Also, there are many insects--no--they are like strange little animals. No one knows what they are. Many say that they are, like, little animals that sting. I don't know, but they are somewhat large insects, they look similar to bees. And some are also smaller.

This detention center is in chaos.

Subject: RE: MEDIA INQUIRY/INTERVIEW REQUEST - 8News in Richmond

Dean Mirshahi,

You are correct the National Immigrant Justice Center filed a FOIA request for records. The Town met the requirements of this FOIA request.

As for the statements you have below which I believe are from speakers at our October 11 meeting, Mayor Vincent offered a response to the comments at the end of this meeting. The meeting can be viewed via the Town's YouTube Channel, https://www.youtube.com/watch?v=ABSqvt5s_k. However, the summary of the Mayor's comment is that ICA Farmville is seeking a direct contract with the federal government instead of the Town being the intermediary through a contract. The six month extension of the existing contract is to allow ICA Farmville to work out these details with the federal government. The employees of ICA Farmville have federal wage jobs and live within our community or surrounding communities. Neither the Mayor, Town Council, or I want to see these citizens abruptly lose their jobs. The Town Council gave me permission to sign the extension by individual telephone conversations. The signing of a contract does not require a "public vote" as stated in the comments by speakers. The Town Attorney is still looking into the ramifications of us not continuing the contract if ICA Farmville cannot receive a contract directly with the federal government.

Please let me know if you have any questions.

Best regards,

C. Scott Davis, LP.D., ICMA-CM

Subject: MEDIA INQUIRY/INTERVIEW REQUEST - 8News in Richmond

This is the first email you've received from this external sender.

Do not click links or open attachments unless it is an email you expected to receive.

To whom it may concern,

I hope all is well. My name is Dean Mirshahi and I'm with 8News in Richmond. I'm reaching out to see if you had a few minutes to discuss emails released by the National Immigrant Justice Center that shed light on Farmville's 6-month extension with ICE for the Immigration Centers of America-Farmville facility.

One of the group's policy analysts said they shared testimony during the town council's meeting on Oct. 11 in front of council members and the mayor about the documents they obtained through public record requests, so I'm sure you may be aware of the emails I'm referencing.

If not, I've added attachments/links from the group's FOIA and comments, and here are a few excerpts of the analyst's comments/claims that I was hoping to get clarification/talk about with you and anyone else who might be able to speak on it: <https://immigrantjustice.org/staff/blog/farmville-virginia-must-stop-negotiating-secret-cut-ties-immigration-detention-system>

“Documents obtained through public records requests reveal that in September the town of Farmville secretly extended the facility’s contract, without a public meeting or notice. This short-term renewal of the contract exposes the secret dealings that keep the detention facility in operation.”

“Internal emails obtained through public records requests also show that the town manager told the company ICA on September 13th that they could not sign the extension without approval by the entire town council and that it was too late to add to the agenda that same evening.”

“I am confused a little,” Farmville’s town manager wrote in an email to ICA on September 13th. “How does ICA negotiate the IGSA when it is between the Town and DHS? I can’t sign contracts without Town Council approval...I have been asked to sign documents without having any knowledge of what all these forms mean and no time for legal to review on behalf of the Town. I am not signing forms without due diligence of understanding these agreements and the Town Council approving them.”

“However, instead of following through on the unanimous motion to look into the ramifications of not signing the IGSA contract, the town manager and mayor signed a two-week extension on September 15th. After meeting with ICA officials and communicating with ICE contracting officers in secret, the town manager signed the extension without any public discussion. Then on September 21st, again in secret without any public approval from the town council members, the town manager signed an agreement, this time to extend the contract for six months.”

“This secretive process raises a number of questions that should be answered in public, such as: what happened to the council’s commitment to look into ramifications of not signing the contract renewal? And, why are the town mayor and manager signing contract extensions in secret, without any public discussion or apparent approval from the town council? The town mayor and council should hold a public meeting to allow for public input and a public vote, and move forward with greater transparency.”

My deadline is noon Monday (Oct. 16). You can reach me directly at 804-510-3744 or through email to set a time to speak.

Thank you so much for your time,

Dean Mirshahi

All,

If you would like, I could answer this in the following manner.

You are correct the National Immigrant Justice Center filed a FOIA request for records. The Town met the requirements of this FOIA request.

As for the statements you have below which I believe are from speakers at our October 11 meeting, Mayor Vincent offered a response to the comments at the end of this meeting. The meeting can be viewed via the Town's Facebook page or YouTube Channel. However, the summary of the Mayor's comment is that ICA Farmville is seeking a direct contract with the federal government instead of the Town being the intermediary through a contract. The six month extension of the existing contract is to allow ICA Farmville to work out these details with the federal government. The employees of ICA Farmville have federal wage jobs and live within our community or surrounding communities. The Mayor, Town Council, or I want to see these citizens abruptly lose their jobs. The Town Council gave me permission to sign the extension by individual telephone conversations. The signing of a contract does not require a "public vote" as stated in the comments by speakers. The Town Attorney is still looking into the ramifications of us not continuing the contract if ICA Farmville cannot receive a contract directly with the federal government.

Please let me know if you agree on me sending this.

Thanks.

Scott

Subject: MEDIA INQUIRY/INTERVIEW REQUEST - 8News in Richmond

 **This is the first email you've received from this external sender.**

Do not click links or open attachments unless it is an email you expected to receive.

To whom it may concern,

I hope all is well. My name is Dean Mirshahi and I'm with 8News in Richmond. I'm reaching out to see if you had a few minutes to discuss emails released by the National Immigrant Justice Center that shed light on Farmville's 6-month extension with ICE for the Immigration Centers of America-Farmville facility.

One of the group's policy analysts said they shared testimony during the town council's meeting on Oct. 11 in front of council members and the mayor about the documents they obtained through public record requests, so I'm sure you may be aware of the emails I'm referencing.

If not, I've added attachments/links from the group's FOIA and comments, and here are a few excerpts of the analyst's comments/claims that I was hoping to get clarification/talk about with you and anyone else who might be able to speak on it: <https://immigrantjustice.org/staff/blog/farmville-virginia-must-stop-negotiating-secret-cut-ties-immigration-detention-system>

“Documents obtained through public records requests reveal that in September the town of Farmville secretly extended the facility’s contract, without a public meeting or notice. This short-term renewal of the contract exposes the secret dealings that keep the detention facility in operation.”

“Internal emails obtained through public records requests also show that the town manager told the company ICA on September 13th that they could not sign the extension without approval by the entire town council and that it was too late to add to the agenda that same evening.”

“I am confused a little,” Farmville’s town manager wrote in an email to ICA on September 13th. “How does ICA negotiate the IGSA when it is between the Town and DHS? I can’t sign contracts without Town Council approval...I have been asked to sign documents without having any knowledge of what all these forms mean and no time for legal to review on behalf of the Town. I am not signing forms without due diligence of understanding these agreements and the Town Council approving them.”

“However, instead of following through on the unanimous motion to look into the ramifications of not signing the IGSA contract, the town manager and mayor signed a two-week extension on September 15th. After meeting with ICA officials and communicating with ICE contracting officers in secret, the town manager signed the extension without any public discussion. Then on September 21st, again in secret without any public approval from the town council members, the town manager signed an agreement, this time to extend the contract for six months.”

“This secretive process raises a number of questions that should be answered in public, such as: what happened to the council’s commitment to look into ramifications of not signing the contract renewal? And, why are the town mayor and manager signing contract extensions in secret, without any public discussion or apparent approval from the town council? The town mayor and council

should hold a public meeting to allow for public input and a public vote, and move forward with greater transparency.”

My deadline is noon Monday (Oct. 16). You can reach me directly at 804-510-3744 or through email to set a time to speak.

Thank you so much for your time,

Dean Mirshahi

My apologies – see attached for subject modifications – respectively extending the POPs for both the IGSA and task order.

Both respective modifications require the Town of Farmville signature.

Thanks, and let me know of any questions.
