

Joint Statement
City of Fort Worth District 4 Councilmember Charles Lauersdorf and
Keller Independent School District

February 23, 2024 — Our organizations understand the interest and concerns expressed by parents, community members and school staff at Wednesday’s public meeting concerning the new development at 3044 Clay Mountain Trail. The community’s passion and sentiment did not go unrecognized. Since the meeting, Councilmember Lauersdorf and his staff, City of Fort Worth staff, Keller ISD Superintendent, and the KISD Board of Trustees have been in regular communication. These talks include possible alternatives and solutions. These discussions will continue at a more formal meeting with staff from the organizations on Monday, Feb. 26. Both entities agree to recognize the perspectives and concerns each organization has, as well as to update City of Fort Worth residents and Keller ISD parents and staff on developments related to this matter.
