Dear Mr. Bussey:

This concerns your request under the Freedom of Information Act (5 U.S.C. § 552) dated February 24, 2023. You requested all records related to TVA's Energy Programs Potential Study referenced in the TVA Johnsonville Aeroderivative Combustion Turbine Project Final Environmental Assessment. Your request has been assigned tracking number 23-FOI-00086.

We are unable to complete your request within 20 business days from its receipt due to the need to search for and review records from TVA offices separate from this one. If, after our preliminary review is complete, we have questions about the scope of your request, we will contact you for clarification.

In fairness to all our requesters, the FOIA requests which cannot be answered within 20 business days are placed in the multi-track system in accordance with TVA's FOIA regulations, 18 C.F.R. § 1301.5, and are generally answered in the order we receive them within each track.

Your request has been placed in Track 3. Track 3 is for the requests that are expected to take the longest time to process. The processing time will depend upon the number and complexity of the requests in Track 3 ahead of yours. If you have questions or would like to discuss ways your request could be processed quicker you may contact me at foia@tva.gov. Contact information for the Office of Government Information Services and TVA is also provided with this letter.

Sincerely,

A handwritten signature in black ink that reads "Denise Smith". The signature is written in a cursive, flowing style.

Denise Smith  
TVA FOIA Officer
