Hey Denise,

Do you have an update on the time frame for the two phases of this request?

Thanks,
Trey

Thanks for the update, Denise. As I requested before, could we proceed with a two-part phased response? The first phase should be the report, or final products comprising "the study" itself, and the second phase should be the rest of the records.

Thanks,

Trey

Hi Trey. The staff is completing their search for the material this week. Apparently, this is not just one report but a collection of things. I should be able to let you know something next week on time frame. Thanks, Denise

Hey Denise,

I'm checking back in on this request. Is either phase of the response ready? We submitted the initial request over nine months ago, and TVA staff publicly stated in September that the study had been finalized.

Thanks,
Trey

Hi Trey. I don't have anything on this one right now that I can provide you, but I followed up with the team that is collecting the information and they believe they can complete by the end of this month.

Thanks, Denise

Dear Denise,

Do you have an update on this request? If the final production is not ready, we would like to request a tiered FOIA response. For the first phase, we would like the latest version of "TVA's Energy Programs Potential Study." For the second phase, we would like all other records responsive to this request.

Thanks,
Trey

Dear Denise,

Do you have an update on this request? Yesterday, during a webinar on the upcoming Integrated Resource Plan, TVA's Candy Kelly stated that TVA had completed the market potential study for demand response and energy efficiency. I believe she was referring to the "Energy Programs Potential Study" we requested.

Thanks,
Trey

Dear Denise,

The Southern Environmental Law Center respectfully submits the attached FOIA request, also submitted today through TVA's online portal. Please let me know if you have any questions.

Take care,
Trey
