Rich,

Please see below. Are you all ready to carry out testing? If there are any hurdles, let me know.

Jeremy:

Please find attached the signed agreement on behalf of the City of Columbus for the October 11-12 testing. Thank you for including us in the development of new technology to fight gun violence!

Glenn:

Please work with CPD PIOs and Jeremy about notice to the public of gun shots at Cooper Stadium during the testing period of October 1th and 12th. When we initially rolled out this technology on the Hilltop there was a demonstration which included gunfire and the public was notified in advance so as to not be alarmed. This was done via both our PIOs whom issued notice to the press as well as using our CLOs in the neighborhood.

Thanks all!

Dir Speaks,

Please see attached signed copy ready for countersignature. The CGL insurance limits can't be stated the way the City inserted—per our insurance broker, split limits are not the way policies are set up any longer. Previous limits have been placed back in, and both the CGL and WC certificates have been attached as exhibits.

Kind regards,

Jeremy

Director—

While we await registration and documentation, please feel free to share the proposed attached edits to the MOU with SoundThinking. The formatting of the edits are “out of whack” in some spots based on how the original document was formatted.

Director Speaks:

Yes, updating from ShotSpotter to SoundThinking with the State is in process. We will advise as soon as that has been completed.

Thank you for the beneficiary information. I will submit the request for the certificates of insurance today.

Subject: [EXTERNAL] Infrastructure Test

Hello, Director Speaks:

Following up on your email yesterday to Jeremy and Richard, we will add an insurance provision to the MOU, and provide certificate(s) of insurance. I will need the beneficiary name and address information as it should appear on the certificates. If that can be provided, I will request the CGL, and a Workers' Comp certificate today, and forward the revised MOU.

Thank you for your assistance,

Roxanne
