Subject: Community Notice - Gunfire Testing

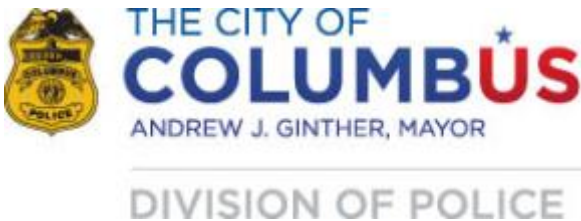

Good morning,

SoundThinking, formerly known as ShotSpotter, will be conducting live gunfire testing on Wednesday (10/11) and Thursday (10/12) at the site of the old Cooper Stadium. Testing will occur between 12pm-4pm each day with different caliber rounds being fired. Patrol will have units on-site to keep the testing area secure.

Can you please have your CLOs assigned to those precinct(s) notify neighborhood groups and block watches about this testing? We have a media release going out Tuesday (10/10) along with social media notifications being posted.

Thank you for the help!
