Will do. Ian, please send me a list of the VAERS IDs for which you need baseline data, and I'll get back to you a line list with those VAERS IDs, and what data we have. It's a bit messy, but I can get on a short call with you and explain what the data elements are.

I think you will have to take some time orienting the audience to some of the figures and explaining them as you present. I wouldn't be surprised if the suggestion is to move some of the to backup, but let's present the whole thing and see what they say. Thanks.

Here is the complete script/my comments. I did not include sections that looked ok to me (except as mentioned before the numbering is off). I did edit the wording very slightly in some fields and made some comments about formatting for instructions.

Ian, (b)(5) Attached on the last page is the most recent tool I have. The response choices are worded a little differently. Margaret will need to confirm.

Let me know if you have any questions or want to go through this item by item.

Thanks,
Shelley

Here is what I have through the questions about (b)(5) The numbering is really off, can be fixed later I guess. I just tried to make sure it was consecutive in the attached document.

Hi Tom, Sridhar,

I hope you are well. I would like to finalize the following for MOVING:

(b)(5)

Brian is going to work with Matt and the team to pull this together for us to review next week before he rolls off service. I would encourage trying to use this for analysis before ACIP if you need to present on MOVING.

Thanks,
Karen

All,

We just wanted to go over the new upload. We just wanted to make sure with all of the changes that were last suggested that everything with new upload goes well.

Thanks,
Jared

Changing to Tuesday to accommodate schedules.

All,

I just realized the other meeting I put on Wednesday and not today. I'm going to change the Wednesday meeting to be recurring.

I hope to use this time to discuss roles and responsibilities and what the next steps will be for the REDCap team.

Thanks,
Jared

Amy,

We should be getting the next upload at the beginning of next week. I'm setting aside this time for you to teach us how to upload (b)(5) that will be coming from Paige.

Thanks,
Jared
