Sounds pretty evil to me. Is any of this rhetoric necessary or helpful in any way? Imo it hurts your cause, which you've dedicated decades to, to your credit.

"Fauci is likely a murderer" -Prof Ebright

...

Yes that's your cogent argument, few would have a strong objection if you stopped there. The other stuff (eg, likely murderer& sociopath) is what people have a problem with, &I agree you're in the wrong to make such degenerate allegations. It's beneath you.

...

@R\_H\_Ebright

And a person whose violations of US-government policies designed to protect the public from lab-generated pandemics resulted in 20 million deaths is, by any rational standard, a murderer.
