Subject: Criminal referrals

This is how we hold Biden accountable.

From the Desk of

OVERSIGHT CHAIRMAN JAMES COMER

Friend,

I'm writing to you today with a big update on my investigation, and I ask you to take the time to read this email in its entirety. I spent a lot of time writing it and did my best to make every word count.

If you don't read it, nobody will.

First, there is no question in my mind that Joe Biden and his family are guilty of corruption.

I've presented mountains of evidence confirming Joe Biden's involvement in his family's influence peddling scheme, and I just had a group of the Biden family's business confidants publicly testify about the first family's criminal activity.

At any other time in history, that would have been the final nail in the coffin of the Biden Crime Family's reign of corruption.

STAND WITH COMER

But we are not in a normal time in history, we are in a defining moment where our country will either return to the rule of law being applied equally to everyone, or we will continue down this Orwellian path and the destruction of the American ideal.

As it stands right now, the deranged Democrats are refusing to take up the Impeachment Trial of Alejandro Mayorkas and threatening to dismiss it within minutes when it finally is brought up.

Even “centrist” Democrats called the Mayorkas Impeachment Trial “ridiculous” just days after a criminal illegal brutally murdered Laken Riley in cold blood.

What do you think they would do if we Impeached Biden?

It's clear that Democrats will choose their party over their country and the truth at every turn. They should be ashamed of themselves.

That's why I am preparing criminal referrals as the culmination of my investigation.

When President Trump returns to the White House, it's critical the new leadership at the DOJ have everything they need to prosecute the Biden Crime Family and deliver swift justice.

STAND WITH COMER

This is the best way to hold the Biden's accountable for their crimes, as it's now clear the Democrats will do anything to hold onto power.

I am dead serious when I tell you that the Democrats in D.C. only care about one thing.

They don't care about the Constitution, the Rule of Law, or even their sacred oaths of office.

They only care about POWER.

And we must make sure that no matter what hijinks they try to pull before the election that they are removed from power in every branch of government.

That's why I am in dire need of your support.

I'm on the frontlines here in D.C. fighting to uphold the constitution and rid our government of corruption, but as the old adage goes, no good deed goes unpunished.

It's a damn shame that me and my family are being put through this just because I have the courage to speak truth to power.

There was a time not long ago when every American knew that having courage in the face of power was virtuous, and I still do.

If you do too, then I'd be honored to have your support as I defend myself and my good name from the disgusting attacks I continue to face.

I'd love nothing more than to go back to my farm in Kentucky and raise my family in peace, but this moment calls for men and women of courage and conviction to fight for our country.

I believe with every fiber of my being that America is worth saving and I'm ready to fight with everything I have to save her.

Friend, I'm calling on you to fight with me.

With Courage,

James Comer

Chairman, House Oversight Committee
