Dear Office of Refugee Resettlement,

Under the Freedom of Information Act, I am requesting the following records:

All contracts signed or drafted between the Department of Health and Human Services and companies contracted by HHS to transport unaccompanied minor children from US facilities to their destinations with guardians. These contracts should include, but not be limited to, contracts with companies paid to move children via bus, train, car or plane.

I request that these records be sent to me via email at ceisner@npr.org. I am also happy to discuss alternative methods of sending records if neither of these apply.

In the event that officials believe any records requested should not be considered public record or should be redacted in some way, please:

- A) Describe the records that are being withheld, if records are being withheld, and
- B) Detail the exemption in the law that the Department believes justifies the withholding and/or the redaction.

I am a member of the press. All records are requested on behalf of the public and are in the public interest. Therefore I request that fees be waived. In the event that fees cannot be waived, please inform me of the charges before fulfilling the request so that I may review them.

Let me know if you have any questions. I can be reached at my email, ceisner@npr.org, or at 8038144464.
