This reports the individual, aliases, and Soundex hits that identify current registry data bases that the applicant may be associated with, as well as past criminal history as indicated by FBI and SID numbers.
- **III Specific (QR - Query Specific III Record)**
The investigator should rule out the FBI and SID numbers that are Soundex hits and run the specific reports that correspond with the applicant. The criminal history that will be reflected should correspond with the CJIS or SRE fingerprint report.

Records Back Ground Checks

- **Justis**

This report identifies the applicant's DC arrest history, some of which may not have been reflected in their fingerprints report. This will also show final dispositions, current unresolved cases, occasionally the reasons behind why a case was dropped, and will reflect DC protection orders.

- **RMS – Records Management System (Mark 43)**

This will allow a name search to see all arrest reports that the applicant was associated with in DC. In these internal reports, the details of a case that did not end in the arrest report can be identified if the report was closed properly. i.e., post and forfeit, Expunged, Sealed 16-803, etc.

- **LInX**

This will identify the applicant's involvement with police investigations, the same as in RMS, except with DC having multiple overlapping law enforcement jurisdictions, as long as the originating agency shares the information, it can ensure no DC arrest is likely to be missed.

- **PRISM (as needed)**

If a conviction of specific criminal record was not identified up to this point in the list, PRISM will usually offer that answer for DC cases.

- **State Case Search (as needed)**

Most states have a free case search that can be located with a google search of "State" Case Search. This will identify cases, current and historical, that involve the applicant. Most that are historical will offer the case disposition.

AFTER COMPLETION: When a background is completed, certify the PD 70 as accurate and complete, per supervisory guidance, identify through an internal tracking system the completion of the application and submit the report for return.

BACKGROUND PROCESS SUMMARY:

STEP 1 – Prioritize Work: Receive all assigned work from the supervisor and sort them in priority order in accordance with SOP.

STEP 2 – Prepare for background: Open a new PD 70 digital or paper.

STEP 3 – Conduct background checks: Search and review all pertinent criminal history background reports from the source list, ensuring that necessary case dispositions are identified, and noted. The background check will be completed as the it progresses until all sources have been searched and documented.

I. PURPOSE

The purpose of this order is to establish new policies, rules, and procedures for handling discipline relating to sustained misconduct of sworn employees in a manner that is consistent with the mission of the Metropolitan Police Department (MPD) and District of Columbia (DC) law concerning disciplinary appeals. Penalties imposed under this new policy are not bound or limited by any prior outcomes that occurred under the previously negotiated disciplinary process or resulting arbitration.

The policy of the MPD is that sworn employees shall be subject to disciplinary action for cause. The department recognizes the distinction between those misconduct matters that warrant a serious disciplinary response at the department level, and those types of misconduct that may be handled effectively by the member's assigned element or that permit non-disciplinary action such as counseling and performance improvement. Discipline shall be prompt, consistent, fair, and equitable, and the department shall use progressive discipline as appropriate. Members shall have the opportunity to present a response, or a defense, and to appeal disciplinary actions.

II. PROCEDURES

A. General

- Disciplinary action shall be administered by the department for sustained misconduct in a manner, and at a level, appropriate with the member's past record and the seriousness of the offense, giving due consideration to mitigating and aggravating factors. Notwithstanding any other provisions contained in this order, the chief of police is the designated final authority with respect to discipline. Such authority may

be delegated.

2. The department issues two types of disciplinary action: corrective action and adverse action. Both types of discipline shall be considered in the relevant year’s performance evaluation, may be considered in personnel assignment decisions, and shall be considered in deciding greater degrees of disciplinary action for offenses pursuant to the table below from the date of issuance.

| Disciplinary Action | | |
|---------------------|---|--|
| Type | Definition | Time Period for Consideration |
| Corrective action | Unit-level, progressive discipline that ranges from the administration of a PD Form 750 (Dereliction Report), to a letter of reprimand (LOR), to an official reprimand (OR). | PD Form 750 – 1 year |
| | | LOR – 2 years |
| | | OR – 3 years |
| Adverse action | Department-level discipline that includes any fine, suspension, reduction in rank or pay, or termination. The procedures for adverse action do not apply to allegations of unsatisfactory performance or misconduct on the part of probationary members. Allegations involving probationary members shall be handled in accordance with the applicable provisions in GO-PER-201.07 (Police Officer Probationary Board) . | Adverse action for the purpose of deciding greater degrees of disciplinary action for similar conduct – no time limit, but time since last occurrence shall be weighed in the Douglas Factor analysis Adverse action for all other purposes – 3 years |

3. The department also administers education-based development (EBD) in lieu of discipline, when appropriate. EBD shall be administered as outlined in Part II.B.5 of this order.

| Education-Based Development | |
|-----------------------------|--|
| Education-based development | Alternative to discipline in lieu of corrective action or a recommended suspension of one to 10 business days. The program focuses on re-training the member and may be offered in one or more of the following methods as selected by their commanding officer or the Disciplinary Review Division (DRD) director: <ol style="list-style-type: none"> a. Completing in-person or online training offered by the Metropolitan Police Academy (MPA); b. Reviewing relevant MPD policy with a commanding officer or his or her designee; and c. Attending specified, free, outside training (e.g., courses offered by the DC government). |

4. No disciplinary action against a sworn employee shall be commenced more than 90 or 180 business days, as applicable in accordance with [DC Official Code §5-1031 \(Commencement of corrective or adverse](#)

[action](#)), not to include Saturdays, Sundays, or legal holidays, after the date that the MPD has notice of the act or occurrence allegedly constituting cause.

- a. For the purposes of this order, the “notice of the act or occurrence allegedly constituting cause” is the date MPD generates an internal incident summary (IS) tracking number for the act or occurrence.
 - b. In the event that there is an ongoing criminal investigation into the act constituting cause by the MPD or any other law enforcement agency with jurisdiction within the United States, the United States Attorney’s Office, or the DC Office of the Attorney General, or is the subject of an investigation by the Office of the Inspector General, the Office of the DC Auditor, or the Office of Police Complaints (OPC), the 90 or 180 business day time period, as applicable, shall be tolled until the conclusion of the investigation.
5. When determining the appropriate level of disciplinary action, the department uses a table of penalties (TOP) (Attachment A) as a guide to ensure fairness and consistency. Members shall receive the presumptive penalty listed for the offense, but consistent with the TOP, appropriate consideration shall be given to aggravating or mitigating circumstances that, when weighed, would require disciplinary action at the appropriate aggravated or mitigated penalty.
 6. Investigations sustaining misconduct shall be reviewed by the investigating member’s commanding officer to determine the recommended disciplinary action based on the TOP.
 7. No disciplinary action shall be rescinded for error in the department’s application of its rules, regulations, or policies if the department can demonstrate that the error was harmless. Harmless error shall mean an error in the application of the department’s procedures, which did not cause substantial harm or prejudice to the employee’s rights and did not significantly affect the department’s final decision to take the action.

B. Disciplinary Process

1. The Internal Affairs Bureau (IAB) shall forward all sustained investigations where adverse action is the appropriate level of disciplinary action to DRD. DRD will coordinate all disciplinary direction and monitor all cases up through any final agency action.
2. Prior to the imposition of discipline, members may elect to participate in a resolution conference. Members’ participation in a resolution conference is voluntary. If the member elects not to have a resolution conference the proposed penalty shall be imposed. A member may appeal discipline to the chief of police or his or her designee pursuant to Part II.B.12 of this order.

3. Resolution conferences shall be scheduled within 20 business days whenever practical and in all cases within 30 business days. Resolution conference officials shall notify the subject member of the conference date. Resolution conference officials shall be designated pursuant to the following:

| Resolution Conference Officials | |
|---|---|
| Corrective action | Conference conducted by members' chain of command official the rank of captain or above or civilian command staff member. |
| Proposed suspensions for 10 business days or less | Conference conducted by members' chain of command official the rank of inspector or above or civilian command staff member. |
| Proposed suspensions for more than 10 business days, termination, or disciplinary action recommended by the OPC, or by a commanding officer other than the one to whom the member is permanently assigned | Conference conducted by DRD director or designee the rank of inspector or above. |

4. Commanding officers are authorized to issue corrective action or impose education-based development, consistent with the range specified in the TOP, after holding a resolution conference consistent with this order. Members shall have the option to hold the conference in-person or remote.
5. Education-Based Development
- a. EBD may be offered to members by their commanding officer or the DRD director as an alternative to discipline in lieu of recommended corrective action or a recommended suspension of one to 10 business days.
 - b. Members' participation in EBD shall be in lieu of, and not in addition to, receiving corrective action or serving the proposed suspension. Members shall only be eligible to participate in EBD one time within a three-year period for similar conduct regardless of who issued the EBD (e.g., OPC, DRD, Use of Force Review Board). The issuing official shall ensure MPA is notified via the MPA Adminbox of any training-related EBD to be held at MPA upon issuance for scheduling purposes.
 - c. Participation in EBD by a member is voluntary. However, once a member agrees to EBD and signs the resolution conference worksheet, he or she must successfully complete the agreement to include training and any required written examination.
 - d. EBD is a duty assignment, and members who need to

- reschedule their EBD due to emergency circumstances shall contact their watch commander for approval.
- e. Absent exigent circumstances (e.g., availability of training), EBD shall be completed within 15 business days of the member signing the worksheet. Commanding officers shall ensure a signed copy of the resolution conference worksheet and the completed EBD worksheet are emailed within 30 business days of the signing to the DRD director.
 - f. Completion of EBD in lieu of discipline shall be entered in the Personnel Performance Management System (PPMS). Completion of training-related EBD shall be entered in Acadis.
 - g. Participation in EBD shall be removed from PPMS three years after the incident date as long as the member does not engage in similar conduct resulting in a sustained investigation. However, member's participation in EBD shall be maintained in the member's training record in accordance with the department's records retention schedule.
 - h. During the three years that EBD is in the PPMS, the EBD may be considered in applicable selection processes for specialized assignments or programs with the exception of participation in the Motor Vehicle Take Home Program.
 - i. Members who fail to successfully complete EBD by the assigned deadline without approval shall receive the original discipline and may be subject to an administrative investigation. The EBD official shall notify the DRD director when a member fails to successfully complete EBD by the assigned deadline. The DRD director shall determine if IS numbers should be obtained. The member's element shall be responsible for completing the administrative investigation for failure to successfully complete EBD.
6. In cases where adverse action is recommended, commanding officers shall forward the investigation to the DRD director through the chain of command, but shall not specify, recommend, or suggest a penalty or penalty range. The only exception is when commanding officers recommend a reduction in rank, or removal from a specialized position/unit; in those cases, commanding officers shall articulate the reason for these recommendations.
 7. The DRD director shall review investigative reports with disciplinary recommendations for completeness and accuracy. The DRD director may recommend that cases be returned for further investigation or for other disciplinary action as the director deems appropriate, or recommend that the charges be dismissed due to extenuating circumstances.

8. When the DRD director determines adverse action is appropriate he or she shall assess the appropriate penalty based on the TOP. The DRD director shall have sole discretion to determine applicable disciplinary charges and specifications. In cases where adverse action is recommended, the DRD director shall issue a notice of adverse action (NAA) to the subject member. Electronic service is authorized. NAAs shall contain:

| Notice of Adverse Action (NAA) Requirements for Non-Termination Cases |
|---|
| a. Charges – specific policies alleged to have been violated; |
| b. Specifications – the dates and locations of the alleged acts or omissions, and a statement of the alleged acts or omissions; |
| c. The adverse action to be imposed; |
| d. Copy of the investigative report; |
| e. The opportunity to have a resolution conference before the action becomes final; |
| f. The effective date of the adverse action if the member elects to waive the resolution conference; and |
| g. The member’s rights to appeal a final adverse action to the chief of police or his or her designee, and the Office of Employee Appeals, as applicable. |

9. Members may review the NAA (if applicable) and investigative report of the subject incident prior to the resolution conference. Upon request, members shall be granted administrative leave to review case materials as outlined in the table below. If the member requests the assistance of a union representative, the representative shall be granted official time within his or her regularly scheduled hours up to the same amount of time as the member he or she is representing.

| Administrative Leave for Case Review |
|---|
| a. Up to ten hours to prepare for his or her defense against any proposed suspension of more than 30 business days |
| b. Four hours to prepare his or her defense against any proposed fine or suspension of ten through 30 business days |
| c. Two hours to prepare his or her defense against any proposed fine or suspension of less than 10 business days |

10. Resolution conference officials shall attempt to resolve disciplinary matters during resolution conferences with affected members and their union representative, unless the member voluntarily waives representation. Transfer, reassignment, change of days off, and nontraditional remedies that include, but are not limited to, community service, counseling, training, or professional assistance, may be employed when voluntarily agreed to by a member during a resolution conference. Resolution conference officials are authorized to reduce the retention period for a corrective action as part of the agreement with the member.
11. In cases involving adverse action, resolution conference officials may elect to have an additional three business days after the conference to consider information provided during the conference before rendering their decision. In these cases, officials shall notify the affected member

and their union representative of their decision in writing. Email notification is authorized.

12. In cases where no agreement is reached, the subject member may appeal corrective actions to their bureau head and adverse action to the chief of police or his or her designee. Appeals must be submitted in writing within 25 business days of the resolution conference.
13. The deciding official shall respond to the appeal within 15 business days and may affirm or modify the findings and the penalty imposed, or remand the case to a previous step in the process, as he or she deems appropriate.
14. Members may request to forfeit accrued annual leave or compensatory time (not including sick leave) in lieu of suspension for any period up to 10 business days in discipline cases. Members may not work extra duty to compensate for suspended days.
15. Discipline held in abeyance shall be held for a minimum of 12 months from the date the agreement was reached or from the date of the letter from the chief of police, or designee, imposing the discipline.
16. If, upon review by the chief of police or his or her designee, a disciplinary recommendation should be reduced to any level of corrective action, the DRD director shall impose such action and ensure the member is served with the appropriate documentation. If, upon review, a disciplinary recommendation is for adverse action, the Human Resources Management Division (HRMD) director shall impose such action and have the member served with the appropriate documentation. In both instances, a final decision of the penalty imposed will be forwarded to DRD for appropriate disciplinary record retention.

C. Termination Cases

1. In cases where the DRD director determines that termination is the appropriate recommended penalty, he or she shall issue an NAA to the subject member as follows:

| Notice of Adverse Action (NAA) Requirements for Termination Cases |
|---|
| a. Charges – the specific policies alleged to have been violated; |
| b. Specifications – the dates and locations of the alleged acts or omissions, and a statement of the alleged acts or omissions; |

| h. Hearing procedures to be used; |
| i. Statement that the accused member must furnish any pertinent documents, or copies thereof, that he or she wishes to offer as evidence; |
| j. Statement that the names of any witnesses he or she wishes to testify on his or her behalf must be submitted, in writing, to the DRD not less than five business days prior to the time set for the hearing; and |
| k. The effective date of the adverse action if the member elects to waive the resolution conference and/or hearing, as applicable. |

2. In cases where the alleged misconduct threatens the integrity of department operations, the department may use an enforced leave/suspension pending removal action. Such action may be taken following arrest or indictment, where the member's conduct compromises the department's public safety mission.

NOTE: If the department suspends a member without pay during the resolution of a criminal indictment, and the criminal indictment is dropped or in any way resolved, then the department will return the member to a pay status or issue notification of the charges and proposed action within 30 business days of the date the indictment was either dropped or resolved. Likewise, if the department suspends a member without pay after the member has been convicted of criminal charges, the department agrees to either return the member to a pay status or issue notification of the charges and proposed action within 30 business days of the date it removed the member from the pay status.

3. Upon request, the subject member shall be granted up to ten hours of administrative leave to review case materials. If the member requests the assistance of a union representative, the representative shall be granted official time within his or her regularly scheduled hours up to the same amount of time as the member he or she is representing.
4. The subject member may elect to have a resolution conference with the DRD director before the first termination hearing date consistent with the procedures outlined in Part II.B of this order.
5. Termination Hearings
- a. To support the operation of termination hearings, the DRD director shall issue a manual setting forth the authority of hearing panels and hearing procedures. The DRD director is authorized to schedule hearings, grant continuances, administer the oath of office to members of the hearing panel with authority to delegate the same, and order any department member to appear before him or her, or before any person designated by him or her, to give testimony and to produce all official books, records, papers, or documents pertaining to the case.
- b. Termination hearings shall be conducted by a hearing panel as a

fact-finding forum to make a non-binding recommendation to the chief of police or his or her designee to sustain or dismiss the charges and specifications along with a recommended penalty consistent with the TOP for any sustained charges. The panel shall include documentation supporting their recommendations for mitigated or aggravated penalties.

- c. Hearing panels shall consist of a member the rank of commander or inspector who shall serve as the chairperson and two members the rank of captain. Members shall be selected by the DRD director. Members currently assigned to DRD, the Internal Affairs Division (IAD), and the HRMD are ineligible to serve as hearing panel members.
- d. Hearing panels are empowered to do the following:

| Termination Hearing Panel Authority |
|--|
| (1) Summon department members to give testimony and produce all records and documents relating to the case; |
| (2) Enter into the record pleas of guilty or not guilty to the charges and specifications, which may be with or without extenuating circumstances. Hearing panels shall have no authority to agree to any penalty in exchange for a guilty plea or otherwise, nor shall any such agreement have any binding force or effect upon the department; |
| (3) Grant continuances; |
| (4) Make or cause depositions to be taken; |
| (5) Add, alter, and/or amend charges and specifications that are not compatible with the evidence; provided the accused has an opportunity to respond to the charges before the hearing concludes; |

| (7) Make findings of fact and penalty recommendations consistent with governing regulations; |
| (8) Revoke the privilege extended for the attendance of any counsel during a proceeding for sufficient cause. This action shall in no way prevent the accused from substituting other counsel; |
| (9) Require respectful conduct on the part of all persons in attendance. Chairpersons are empowered to resolve any dispute, and shall make record of their action in any such case; and |
| (10) Close any hearing to the public for good reason making a record of such reason. |

- e. At the conclusion of a hearing, the hearing panel shall prepare a memorandum with: (1) a recommendation to sustain or dismiss each charge and specification, (2) documentation of the aggravating and mitigating factors for each charge and specification, and (3) a recommended penalty for each sustained charge consistent with the TOP. In cases where the panel is recommending other than the presumptive penalty, the panel shall document the facts and circumstances supporting an aggravated or mitigated penalty.
- f. The hearing panel's recommendation shall be served on the

affected member within 25 business days. The subject member shall have 15 business days to submit a written appeal to the chief of police or his or her designee.

- g. The chief of police or his or her designee shall review the panel's recommendation, the member's appeal (if one is submitted), and make a final determination within 15 business days. He or she may remand the case to the same or different panel or issue a final decision affirming, reducing, or setting aside the action, as originally proposed in the NAA.
- h. The HRMD director shall ensure disciplinary suspensions are scheduled as soon as possible after the issuance of the final decision. If the member is to be terminated, the HRMD director shall ensure a date is established for separating the member.

D. Disposition of OPC Merits Determinations

1. Upon receipt of an OPC finding of fact and merits determination (collectively, "merits determination") that sustains an allegation of police misconduct, the DRD director shall determine if the merits determination is supported by a preponderance of the evidence and that the misconduct warrants discipline or termination.
2. If the DRD director concludes that the misconduct warrants discipline or termination, he or she shall make a determination, factoring in any recommendations from OPC, as to the appropriate resolution within 20 business days and forward a copy of the recommended action to the MPD OPC liaison. Discipline and termination shall be handled pursuant to Parts II.B and C.
3. The MPD OPC liaison shall notify the complainant, in writing, of the staff recommendation and the intent to take disciplinary action no later than five business days after receiving the recommendation from the DRD director. The MPD OPC liaison shall ensure the complainant is afforded an opportunity to file a written response to the recommendation within 10 business days and ensure any response received from the complainant is forwarded to the DRD director upon receipt.
4. The DRD director shall ensure full consideration is given to the response received from the complainant before deciding whether to proceed with the disciplinary action.
5. A member may appeal discipline to the chief of police or his or her designee pursuant to Parts II.B and C. His or her decision shall be forwarded to the MPD OPC liaison.
6. Upon receipt of the discipline imposed for an OPC merits determination sustaining an allegation of police misconduct the MPD OPC liaison

shall notify the OPC and the complainant and provide a copy of the decision within 10 business days of:

- a. An agreement regarding discipline between a member and the DRD director; **or**
- b. Discipline is imposed by the chief of police or his or her designee.

NOTE: For the purposes of this notification, discipline is considered “imposed” when the chief of police or his or her designee has rendered a final decision, even if the member may pursue subsequent reviews or appeals.

7. If the DRD director concludes, with supporting reasons, that the merits determination clearly misapprehends the record before the complaint examiner, and is not supported by substantial, reliable, and probative evidence in that record, the DRD director shall:
 - a. Prepare, within 10 business days, a proposal for the chief of police to return the merits determination to the OPC executive director for review by a final review panel, as set forth in DC Law 12-208 [\[DC Official Code § 5-1112\(c\)\]](#); and
 - b. Ensure the recommendation does not propose the supplementation of the evidentiary record before the complaint examiner.
8. If the chief of police agrees with the recommendation of the DRD director, the chief of police shall return the merits determination to the OPC executive director for review by a final review panel. A copy of the decision of the final review panel shall be transmitted to the OPC executive director, the complainant, the subject police officers, and the chief of police.
 - a. If the final review panel concludes that the merits determination sustaining one or more allegations of the complaint should be reversed in its entirety, the OPC executive director shall dismiss the complaint, and notify the parties and the chief of police in writing of such dismissal.
 - b. If the final review panel concludes that the merits determination should be upheld as to any allegation of the complaint that the determination has sustained, the MPD OPC liaison shall forward the review panel's decision to the DRD director. The DRD director shall, within 15 business days of receipt of the panel's decision, issue a supplemental decision as to the imposition of discipline upon the subject officer or officers that is fully consistent with the panel's decision.

- (1) The supplemental decision of the DRD director shall be in writing and shall set forth a concise statement of the reasons therefor.
- (2) The DRD director shall notify the complainant, police officer or officers and the MPD OPC liaison of the action taken, and shall include in such notice a copy of the supplemental decision.
- (3) The supplemental decision of the DRD director shall be a final decision with no further right of administrative review, except that the chief of police may reopen any closed matter in the interests of fairness and justice or the subject, police officer, may have a right to a post-termination hearing as provided in [DC Official Code § 5-1114\(f\)](#).

E. External Appeals

Members may appeal to the DC Office of Employee Appeals (OEA) any adverse action for cause that results in removal, reduction in grade, or suspension for 10 business days or more. Instructions for filing an appeal may be found on the OEA website: <https://oea.dc.gov/>

F. Record Keeping

1. Commanding officers shall ensure:

- a. Copies of all corrective actions, resolution worksheets, and EBD worksheets are forwarded as part of the final investigative package to the IAB once completed for entry into PPMS.
- b. Copies of served corrective action are retained in the cited member's element personnel folder pursuant to the table below. Upon application by the member, corrective action may be ordered removed by the member's commanding officer, bureau heads, or the chief of police or his or her designee.

| Corrective Action Retention | |
|-----------------------------|--------------------------------|
| PD Form 750 | 1 year from date of issuance. |

- c. Service of suspension, days held in abeyance, and forfeited leave is documented and forwarded to HRMD the next business day after the resolution conference.

2. The DRD director shall ensure:

- a. Termination hearing panel findings are recorded and maintained. The findings shall be open for inspection by the

subject member.

- b. Appropriate tracking, receiving, and recording of all disciplinary information derived from the process described in this general order. Disciplinary actions and EBD shall be tracked and recorded within the PPMS system by DRD and IAD personnel as appropriate.
3. The HRMD director shall ensure that suspensions are documented by the creation of a personnel action, and that a copy of such action is placed in the member’s official personnel folder.

Examples of penalty levels for non-categorized offenses. The examples are not exhaustive, but are intended to provide guidance:

1. BWC – Generally Tier 1 for first violation (forgotten activation with no aggravating circumstances or adverse consequences). Higher tiers, including termination, would apply to an intentional failure to record or intentional stoppage of recording, particularly to hide misconduct.

Note for Penalty: Total days represent the number of days assessed to be suspended without pay (SWOP). This does not necessarily mean that all of the days will be served. In some cases, the employee may be allowed to forfeit days of accrued annual leave ("leave forfeiture") in exchange for SWOP days. More commonly, some days of penalty may be held in abeyance for a year. If the employee is involved in additional misconduct during that time, he or she will be required to serve those SWOP days. This is reflected as "days held" for current cases, or as "plus some days from prior case." The total days spent suspended without pay = total days - days held - days leave forfeiture + any days from prior case.

SUBJECT: Authorization and Utilization of Civil Disturbance Unit Protective Equipment, Crowd Management Tactics and Munitions Deployment on Saturday, August 29, 2020

On Saturday, August 29, 2020, at approximately 2140 hours in the 1500 block of H Street, NW, I authorized members of the Civil Disturbance Unit (CDU) to don protective equipment to include helmets, shields, and Rapid Response protective uniforms after a large, riotous crowd began to commit assaults against MPD members maintaining established police lines in the area. I observed that a substantial number of rioters were throwing illegal fireworks, bricks, concrete, glass bottles, and other improvised impact devices directly toward CDU members. I also noted that rioters were throwing unknown chemical agents directly at established police lines causing MPD members to experience burning eyes, throat, and difficulty breathing. Further, I personally noted that a substantial number of this riotous group were in immediate possession of impact weapons to include baseball bats, metal poles, wooden sticks, and metal umbrellas with sharpened tips.

Prior to the authorization, one (1) MPD member sustained an injury. After authorizing this deployment, four (4) MPD members sustained injuries, which were deemed minor to serious, which included a serious eye injury sustained by the unlawful use of a laser device.

In addition to authorizing the utilization of CDU protective equipment, I authorized the deployment of smoke, oleoresin capsicum (OC), and crowd control munitions against the riotous crowd. The riotous crowd, estimated at 100 or more persons, was acting in concert to cause grave risk of bodily injury and substantial property damage that included setting fires in near

proximity to vehicles and occupied structures to include several substantially occupied hotels. I particularly note that by utilizing the protective equipment, CDU crowd management tactics, and munitions deployment, MPD was able to reduce the risk to innocent bystanders and hotel occupants in the area, to include further property damage.

The Joint Operations Command Center (JOCC) captured a “running resume” of the deployments by MPD members, and summary of the sustained injuries by MPD members because of this riotous crowd.

SUBJECT: Authorization and Utilization of Civil Disturbance Unit Protective Equipment, Crowd Management Tactics and Munitions Deployment on Sunday August 30, 2020

On Sunday, August 30, 2020, at approximately 2320 hours in the 1600 block of H Street, NW, Inspector Robert Glover authorized members of the Civil Disturbance Unit (CDU) to don protective equipment to include helmets, shields, and Rapid Response protective uniforms after a large, riotous crowd began to commit assaults against MPD members, who had escorted the group marching through the city. The rioters also assaulted MPD members maintaining established police lines in the area. A substantial number of rioters were throwing illegal fireworks, concrete, glass bottles, and other improvised impact devices directly toward CDU members. The rioters were throwing balloons full of urine and spitting directly at MPD members on established police lines, causing MPD members and their equipment to be contaminated. A substantial number of this riotous group were in immediate possession of impact weapons to include baseball bats, lacrosse sticks, metal poles, wooden sticks, and metal umbrellas

with sharpened tips. The group members were also wearing helmets, gas masks, shields and protective equipment.

In addition to authorizing the utilization of CDU protective equipment, Inspector Glover authorized the deployment of smoke, oleoresin capsicum (OC), and crowd control munitions against the riotous crowd. The riotous crowd, estimated at 100 or more persons, was acting in concert to cause grave risk of bodily injury and substantial property damage that included spray painting private and public property, setting off illegal, explosive and rocket style fireworks in near proximity to vehicles and occupied residences as well as throwing biohazard materials, glass bottles, explosive fireworks and other material at MPD members. Inspector Glover noted that by utilizing the protective equipment, CDU crowd management tactics, and munitions deployment, MPD was able to reduce the risk to innocent bystanders and hotel occupants in the area, to include further property damage.

The Joint Operations Command Center (JOCC) captured a "running resume" of the deployments by MPD members, and summary of the sustained injuries by MPD members because of this riotous crowd.

SUBJECT: Authorization and Utilization of Civil Disturbance Unit Protective Equipment on Wednesday, September 23, 2020

On Wednesday, September 23, 2020, a First Amendment demonstration and march began at the Department of Justice and proceeded toward the area of Black Lives Matter Plaza (BLM) at 16th and H Streets, NW. This initial group was composed of approximately 150 persons. Once this group arrived at BLM, a CDU squad observed an additional 40 to 50 persons marching on H Street, NW to join the original group. The CDU squad Sergeant reported that they observed a majority of this group dressed in black, carrying shields, baseball bats, umbrellas, and gas masks. Once these two groups merged, CDU squads positioned along the police lines at BLM began to report their CDU members were receiving projectiles, "strobing" of white lights, and green lasers toward their members.

Further, this combined group now numbering in excess of 250 persons began to conduct a march throughout the NW area covering multiple City blocks. During this march, members of this group began to actively destroy property by swinging metal baseball bats and other improvised impact devices against street signs and business fronts. It was noted that this group also started to deploy improvised smoke devices and unlawful fireworks. At this point, several CDU Sergeants reported that they were now having bottles, rocks, and bricks thrown at their officers. With the imminent threat of substantial bodily injury to MPD CDU members, I authorized actively deployed CDU personnel to don their protective helmets with face shields to mitigate the thrown objects. Additionally, with the multiple windows being broken along the march route, I authorized the deployment of a Rapid Response Platoon in the area of 18th and Columbia

Road, NW to protect the business frontage from additional substantial property damages. It was noted that this tactic was effective, and the march continued through additional NW residential areas, where CDU officials were continuing to report the group was still throwing objects toward the CDU officers continuing the risk of bodily injury.

Additionally, I authorized a Rapid Response Platoon to form a police line on the North side of 14th and Harvard Streets, NW. This tactic was to prevent the group from entering the Columbia Heights business area with many glass business fronts. The march continued southbound 14th Street, NW without impediment to the march.

Several police reports were taken for destruction of property to several businesses to include the PNC Bank, Starbucks, WMATA, Ace Check Cashing, and Embassy Suites hotel.

With the use of both CDU protective equipment and Rapid Response Platoon, there were no reported injuries to MPD members, nor where there any reported injuries by the group.

On Wednesday, October 28, 2020, at approximately 1830 hours in the 6000 block of Georgia Avenue, NW, Inspector Robert Glover authorized members of the Civil Disturbance Unit (CDU) to don protective equipment to include helmets, shields, and Rapid Response protective uniforms. This authorization was granted after a large, riotous crowd began to commit assaults against MPD members by throwing bricks, bottles, illegal fireworks, metal poles, wooden sticks, and other various debris. Additionally, this riotous crowd caused significant property damage to the Fourth District station causing broken glass to fall down around CDU members holding the established police lines.

It is noted that even with this authorization and utilization of protective equipment, there were a number of Departmental members that sustained injuries ranging from minor to severe.

SUBJECT: Authorization and Utilization of Civil Disturbance Unit Protective Equipment on Friday, October 30, 2020.

On Friday, October 30, 2020, at approximately 2130 hours, a First Amendment demonstration assembled at the Fourth District Headquarters in reference to an incident involving MPD and the death of Karon Hilton. This has been an ongoing demonstration since October 27, 2020 and had turned violent on October 27th and 28th of 2020. This group was comprised of approximately 50 to 60 persons in front of the station. A large number of the group was observed dressed in all black, some carrying shields, baseball bats, umbrellas, gas masks and industrial goggles. CDU Squads were positioned in front of the unsecure Fourth District station and traversed the driveway leading to the "sally port" entrance to the station and rear parking lot. In addition to the CDU squads physical presence, a police line barrier was erected with the use of interlocking bicycle fencing to provide a standoff measure between the protestors and the officers.

During the course of the demonstration, the group aggressively moved towards the CDU members standing post at the bicycle rack. This group would intermittently "strobe" the officers and use laser lights in an attempt to obstruct their vision. At approximately 2250 hours, several members of the group directed their attention to the non-interlocked portion of the bicycle rack fencing that was protecting the "sally port" entrance and was being manned by a single soft gear CDU squad. That group aggressively advanced towards the single soft gear CDU squad by

violently pushing the fencing into the officers. As this was occurring, other members of the group started throwing rocks and other missiles at the officers. Cruiser 8400, Lieutenant Ronald Wilkins, ordered two reinforcement squads that were positioned within the Fourth District to respond out and authorized protective head gear to relieve the soft gear squad at the gate.

At 2303 hours and after the two additional squads were deployed, an arrest was made for APO on one adult male and a second arrest was made for crossing a police line. With the two arrests made, the crowd backed off of the line and the tempo decreased. At approximately 2330 hours, the tempo of the group calmed and the two squads that were wearing protective head gear were replaced with soft squads.

On Saturday, October 31, 2020, at approximately 2208 hours in the 6000 block of Georgia Avenue, NW, Inspector Robert Glover authorized members of the Civil Disturbance Unit (CDU) to don protective equipment to include helmets and shields. This authorization was given after a large crowd began to commit assaults against MPD members by throwing eggs and bottles, both at the members of CDU 43 and members of ESU assigned to the roof of the Fourth District. Additionally, it was noted that the crowd had apparently assembled a stockpile of bricks and other hard objects in the same block.

Lieutenant Jason Bagshaw, Special Operations Division, voiced over the radio the confirmation that these objects were being thrown, and the authorization was given prior to members being assigned as arrest teams that were dispatched to place the suspects under arrest for these offenses.

On Saturday, November 14, 2020, at approximately 1900 hours in the area of 12 and F Streets, NW, Inspector Robert Glover authorized members of the Civil Disturbance Unit (CDU) to don protective equipment to include helmets and shields, and rapid response equipment. This authorization was given after two (2) opposing groups began to converge together at the location. Members of both groups were in immediate possession of blunt objects to include flagpoles, metal/wooden poles, shields, and projectiles. Several glass bottles were thrown toward officers separating the two groups, and a large metal trashcan that had been lit on fire was thrown toward officers. Furthermore, there were unlawful fireworks discharged in the direction of officers, and unknown liquid substances being dispersed by members of both groups resulting in the contamination of several MPD members.

The authorization of protective equipment carried the remainder of the operational period, as both groups continued to march in opposition of each other for an extended period of time, resulting in several more confrontations between the groups and/or individuals in displaying an opposite view.

On Saturday, January 13, 2024, a First Amendment demonstration (March on Washington for Gaza) began at Freedom Plaza and marched to the White House in the closed portion of the 1600 block of Pennsylvania Avenue, NW. Prior to the group's arrival, the United States Secret Service had secured an anti-scale fence that was placed down the middle of the Avenue to create a distinct police line. Further, members of the Metropolitan Police Department were formally requested to assist the United States Secret Service in securing the fence. Members of the Metropolitan Police Department assisted the United States Secret Service and stood behind the fence line.

When the march reached the 1600 block of Pennsylvania Avenue, participants began to throw items over the fence at the officers. These items included plastic baby dolls covered in red liquid, unopened water bottles, unopened energy drinks, and rock-size pieces of concrete. Further, some of the participants began to attempt to shake and knock down the anti-scale fence. Ultimately, this group caused property damage to the anti-scale fence and members had to approach the fence to repair it and place themselves closer to the objects being thrown.

At approximately 1834 hours, in the 1600 block of Pennsylvania Avenue, NW, Commander Jason Bagshaw authorized members of the Civil Disturbance Unit (CDU) to don their helmets as protective equipment. Fortunately, no member reported any injuries during this event.
