Honorable Jason White, Speaker
Mississippi House of Representatives
State of Mississippi
P.O. Box 1018
Jackson, MS 39215

Dear Speaker White,

On behalf of the members of the Mississippi Hills Leadership PAC, thank you for the strong leadership you continue to foster in the Mississippi House of Representatives. I am very encouraged by the healthy debate that has occurred this session, resulting in progress for proactive leadership and positive momentum.

As I wrote to you earlier this year, it was agreed among our members that the most important legislative issue for the 2024 session concerning Northeast Mississippi is the adequate expansion of health insurance coverage for working Mississippians. I believe HB 1725, as drafted by the House of Representatives, is a reasonable and responsible proposal to the expansion of healthcare. As this bill now goes to our legislators appointed to the conference committee for consideration, I have faith that a workable solution will be developed that is agreeable among House and Senate leaders; legislation that is good for our future and for all Mississippians. I am very appreciative of the hard work that you and House leaders have done to move this important legislation forward.

We look forward to meeting with you in the future as we work for a better and more productive government for all Mississippians. If our committee can be of assistance to you, please reach out to me directly.

Sincerely,
Mississippi Hills Leadership PAC

Luke Montgomery
