Having determined that the requirements for issuance of an order under 12 U.S.C. § 1818(b) and § 5-2A-12, Code of Alabama have been satisfied, the FDIC and the ASBD hereby order that:

BOARD SUPERVISION

1. (a) The Board must immediately enhance its oversight of the Bank’s AML/CFT Compliance Program and assume full responsibility for the Bank’s approval of and adherence to sound AML/CFT policies, procedures, and processes reasonably designed to ensure and monitor the Bank’s compliance with AML/CFT Rules, including the customer due diligence (“Customer Due Diligence”) requirements of the BSA (31 C.F.R. § 1020.210). Improved Board oversight shall include meetings with Bank management to be held no less frequently than monthly during which, at a minimum, to review the reports described in subparagraph (b) areas affecting AML/CFT compliance including: audit reports, internal control reviews, including management responses, AML/CFT software, customer accounts rated as higher risk by the Bank’s Customer Due Diligence Program (“Higher Risk Accounts”), money laundering and terrorist financing risk assessment, AML/CFT staffing, AML/CFT training, and compliance with this ORDER. Board meeting minutes shall document these reviews and approvals, including the names of any dissenting directors.

(b) Within forty-five (45) days from the effective date of this ORDER, the Board shall establish a Board committee (“Directors’ Committee”), consisting of at least three members, to oversee the Bank’s compliance with this ORDER. The majority of the members of the Directors’ Committee shall be directors not employed in any capacity by the Bank other than as a director. The Directors’ Committee shall formulate and review monthly reports detailing the Bank’s actions with respect to compliance with this ORDER. The Directors’ Committee shall present a report detailing the Bank’s adherence to this ORDER at each regularly scheduled Board meeting. Such report shall be recorded in the appropriate minutes of the Board meeting and shall be retained in the Bank’s records. Establishment of the Directors’ Committee does not diminish the responsibility of the entire Board to ensure compliance with the provisions of this ORDER.

AML/CFT COMPLIANCE PROGRAM

2. (a) Within one hundred twenty (120) days from the effective date of this ORDER, the Bank shall revise its written AML/CFT Compliance Program, including policies and procedures, to ensure that it fully meets all AML/CFT Rules, including Customer Due Diligence requirements of the BSA and Section 326.8 of the FDIC Rules and Regulations. At a minimum, the program shall cover the following components: the AML/CFT Internal Controls as contemplated in paragraph 4(a); independent testing for AML/CFT compliance to be conducted by institution personnel or by an outside party; a designated individual responsible for coordinating and monitoring AML/CFT compliance as described in paragraph 5(g); and training for appropriate personnel of the AML/CFT Compliance Program as described in paragraph 6. The program must be commensurate with the Bank’s money laundering, terrorist financing, and illicit financial activity risks, address the deficiencies and recommendations contained in the 2023 Report, comply with the requirements of this ORDER, and be designed to ensure and maintain full and ongoing

compliance with all applicable AML/CFT Rules. The Board shall approve the AML/CFT Compliance Program and record the approval in the minutes of the Board meeting. Within thirty (30) days of such Board approval, the Bank shall implement and fully comply with the AML/CFT Compliance Program in a manner acceptable to the Supervisory Authorities, as determined at subsequent examinations and visitations of the Bank.

RISK ASSESSMENT

3. Within ninety (90) days from the effective date of this ORDER, the Bank shall conduct a Risk Assessment that includes a review of the deficiencies identified in the 2023 Report. The Board shall review and approve the results of the Risk Assessment and forward it to the Supervisory Authorities with the progress report required by this ORDER that is next due following the Board's approval of the Risk Assessment. The Risk Assessment must be documented and weigh all relevant factors that affect the overall money laundering, terrorist financing, and other illicit financial activities risk profile of the Bank including: identification and measurement of the specific risk characteristics of and within the Bank's business activities such as products, services, customer types, affiliates, and geographic locations. The Risk Assessment also shall address mitigation strategies for identified risks and the deficiencies and recommendations contained in the 2023 Report and ensure that risk ratings are accurate and well-supported by qualitative and quantitative data. Thereafter, the Bank shall review and update its Risk Assessment no less than annually during the life of this ORDER, so that the Risk Assessment accurately reflects the Bank's AML/CFT risks to ensure the AML/CFT Compliance Program is and continues to be reasonably designed to assure and monitor compliance with AML/CFT Rules.

INTERNAL CONTROLS

4. (a) Based on the results of the Bank's Risk Assessment and the deficiencies and recommendations contained in the 2023 Report, within one hundred and twenty (120) days from the effective date of this ORDER, management shall revise the system of internal controls ("AML/CFT Internal Controls") designed to ensure full compliance with the AML/CFT Rules, taking into account the Bank's organizational structure and risk profile.

(b) At a minimum, AML/CFT Internal Controls shall include policies, procedures, and processes that address the following areas:

(i) Suspicious Activity Monitoring and Reporting.

(1) Taking into account its size, organizational structure, and risk profile, the Board and management shall develop, adopt, and implement policies, procedures, and systems across all business lines for monitoring and detecting unusual or unexpected activity to enable the Bank to investigate, and if applicable, file timely reports of suspicious activity. The Bank shall ensure that the program for the automated software: addresses the specific risk profiles of the Bank's customers to identify any suspicious or unusual activities with respect to the individual customer's transactions, including, but not limited to, cash transactions, international and domestic wire transfers, ACH originators, and internally identified Higher Risk Accounts; identifies suspicious activities commensurate with the specific characteristics of the Bank's customers; and is sufficient to allow for aggregation of transactional data across customer relationships, products, and services.

(2) The Bank shall establish and implement policies and procedures to ensure that Suspicious Activity Reports ("SARs") are filed in accordance with AML/CFT Rules, and that the Bank investigates and analyzes alerts from the automated software system or any other

unusual or suspicious activity identified by the Bank through any other means and files SARs as required. Such a program must also ensure that timely identification of unusual, unexpected, or suspicious activity occurs; that timely investigation into such activity is undertaken; that related accounts are considered and discussed in the SAR filing; that an accurate, comprehensive, and readable narrative description of the activity is included in the SAR filing; that the Bank assesses the customer information it has collected in connection with its Customer Due Diligence Program in determining whether to file a SAR; and that all SARs are filed within the prescribed timeframe. In the event a SAR has been filed, the program shall provide for ongoing monitoring of an account and customer relationship across all products and services.

(3) The Bank shall require the appropriate level of documentation, analysis, and support for each stage of the SAR monitoring and reporting process, including any decision not to file a SAR, as required by AML/CFT Rules.

(ii) Customer Due Diligence. The Bank shall develop, adopt, and implement a written Customer Due Diligence Program, which includes appropriate risk-based policies, procedures, and processes for conducting ongoing customer due diligence for new and existing customers. At a minimum, such controls must:

(1) Address the weaknesses and deficiencies identified in the 2023 Report pertaining to customer due diligence;

(2) Ensure the Bank understands the nature and purpose of customer accounts, including the anticipated type and volume of account activity and the customer's products and services and their geographic reach, to develop a customer risk profile for identifying and reporting suspicious transactions;

(3) Ensure the Bank can accurately identify those customers that pose a

heightened risk to apply appropriate risk-based monitoring and due diligence;

(4) Include policies and procedures for conducting and documenting the Bank's ongoing due diligence and for updating customer information, on a risk basis, to ensure the Bank's customer risk profiles are accurate.

(5) Address situations where there is insufficient or inaccurate information that prevents the Bank from understanding the nature and purpose of the account to perform customer due diligence;

(6) Include written procedures and processes for identifying and verifying beneficial ownership information of legal entity customers. The Bank shall collect and verify, as appropriate, beneficial ownership information on any customer accounts for which such information has not been collected and/or verified and develop policies and procedures to address accounts when the Bank is not able to form a reasonable belief that it knows the true identity of a customer or if the Bank does not receive the required information.

(7) The Bank's Customer Due Diligence Program shall operate in conjunction with its Customer Identification Program and suspicious activity monitoring to enable the Bank to develop customer risk profiles.

(iii) Required Reporting. The Bank's AML/CFT Compliance Program shall provide for periodic reports that address the review of internally identified Higher Risk Accounts and monitoring of AML/CFT reporting systems to ensure the appropriate filing of SARs. Such reports shall be provided to, and reviewed by, the Board at each Board meeting.

(c) The Board shall approve the revised system of AML/CFT Internal Controls and record the approval in the minutes of the Board meeting. Thereafter, the Bank shall implement and fully comply with the AML/CFT Internal Controls.
