HIGHLIGHT OF DISCUSSIONS

5.

a. OP IMPACT

(1) TDN [redacted] ISIL Finance Facility (JTWG slide 12). TDN [redacted] (the 4th Century AD Monastery) is currently on the CJTF-OIR RTL because the

(2) TDN [redacted] - Kani ISIL Weapon Cache (JTWG slides 18-42). JTF-I J2 presented TDN [redacted] for validation and sought Comd approval to nominate the TDN to the CJTF-OIR TDNL.

- Facility is an ISIL weapon cache.
- Following round table comments and established vetting standards, Comd CJOC approved the release of the target.
- **Action:** Pending intelligence vetting by CFINTCOM, JTF-I to nominate TDN [redacted] to CJTF-OIR TDNL and track its progress through the coalition process.

(3) TDN [redacted] ISIL Staging Area (JTWG slides 43-58). JTF-I J2 presented TDN [redacted] for validation and sought Comd CJOC approval to nominate the TDN to the CJTF-OIR TDNL.

- Facility is a staging area with a secondary function as a weapon cache.
- PA mentioned that serious considerations must be given to a communication plan since the facility is a former mosque.
- Following round table comments and established vetting standards, Comd CJOC approved the release of the target.
- **Action:** Pending intelligence vetting by CFINTCOM, JTF-I to nominate TDN [redacted] to CJTF-OIR TDNL and track its progress through the coalition process.

TDN [redacted] Probable [redacted] ISIL Shield HQ (JTWG slides 59-75). JTF-I J2 presented TDN [redacted] for validation and sought Comd approval to nominate the TDN to the CJTF-OIR TDNL.

s.13(1)(a)

s.15(1)

- Facility is an HQ for the ISIL Shield Force.
- Theatre LEGAD did not support the nomination of this TDN however, CJOC LEGAD stated that she supports the nomination because the Shield force is a part of ISIL and therefore a legitimate target.
- Following round table comments and established vetting standards, Comd CJOC approved the release of the target.
- **Action:** Pending intelligence vetting by CFINTCOM, JTF-I to nominate TDN [redacted] to CJTF-OIR TDNL and track its progress through the coalition process.

- (1) TDN ISIL Weapon Storage (JTWG slides 76-91). JTF-I presented TDN at the JTWG and sought Comd CJOC's approval to nominate the TDN to the CJTF-OIR TDNL.
- Facility is an ISIL Weapon Storage with a secondary function as a Staging Area.
 - CFINTCOM states there needs to be a secondary effects analysis within target outline.
 - Following round table comments and established vetting standards, Comd CJOC approved the release of the target.
 - **Action:** Pending intelligence vetting by CFINTCOM, JTF-I to nominate TDN 084 to CJTF-OIR TDNL and track its progress through the coalition process.

b. Targeting Update

- (1) Chief JTE Manning Update.
- CJOC will receive targeting and effects positions in APS 17.
 - CJOC should be at full manning regarding targeting and effects positions in APS 18.
- (1) Comd CJOC Guidance.
- The Comd mentioned that targeting and effects positions in APS 17.
 - **Action:** CJOC J2 to provide printed blow up of targeting and effects positions in APS 17. for upcoming JTCB's. CJOC J2 to provide Comd CJOC with copies of Dabiq.
- (1) Alibis. At the JTWG 1 CAD asked for a SITREP on the repatriation of targeting records, to which JTF-I responded that they are in the process of

CONCLUSION

6. The next JTWG is scheduled for Wednesday The next JTCB will be
16.
