

Spokane County Exemption Log

Please note that there are black boxes (redactions) on various pages of the responsive documents. The black box may be small or large depending on the amount of information that is redacted. There may also be multiple redactions on one page. Within the redaction is a code – for example, 1A, 1B, etc. That code designates the statutory exemption applicable to the redacted information. If there is only one code on the page, but there are numerous redactions, that one statutory exemption applies to all the redactions on that page. Otherwise, the code printed within the redaction designates the exemption for that redaction.

This exemption log identifies the statutory basis for the exemption as well as a brief explanation of why the exemption applies to the redacted information. As you review these responsive documents, you can refer to the codes in the left-hand column of the following key to identify the corresponding exemption and its applicability.

We have attempted to apply consistent redactions on documents that contain the same information. In the event you locate documents that contain redactions that are not applied consistently, please let me know.
