

## **Open Letter from Concerned Faculty and Staff Regarding Sanctioning of Student Protestors**

**May 20, 2024**

**Dear President Garber, Dean Khurana, and Dean Hoekstra:**

We, the undersigned Harvard faculty and staff, are alarmed that Harvard undergraduate students who engaged in peaceful protest are being sanctioned in an [unprecedented, disproportionate, and arbitrary manner](#) compared to students engaging in similar acts of civil disobedience in [Harvard's history](#).

These sanctions undermine trust. Students and faculty acted based on the widespread understanding that the university would facilitate prompt graduation, [as had been stated in direct communications from the President](#). The primary outcome of these highly irregular Administrative Board proceedings will be to unduly harm these students' future employment and current livelihood and to create further division on campus at a time when we should come together to honor our graduates.

We ask that these students, who engaged in peaceful protest, be allowed to graduate with the degrees they have earned.

**Signed,**
