

# **EXHIBIT 12**

FBI 17

APM DrH

Started w/ ante-room → outside POTOS office  
Did initial walk-thru to make sure nothing  
privileged in plain view then EET in for pics  
FBI 17, 13, and 5 in first

At some point FBI 36 left to go to storage room  
Nothing in plain view

FBI 17 and 5 to POTOS desk first, FBI 17 to one side FBI 5 to other  
FBI 5 found Macron doc in disk

FBI 17 went to Target day before → used tape on  
desk to seal as definitely privileged material  
inside

FBI 13 went to closet, spent a lot of time  
on box on floor - lots of classified inside

FBI 17 saw pic being set up, doesn't know who set up  
Remembers seeing cover sheets, never seen these  
types before → doesn't know where they come from

Per. 34 desk → FBI 17 started on left side  
no privileged or responsive docs found  
KJV letters in desk drawer

FBI 36 and 5 called for help in storage room

FBI 17 and 13 went to help after done w/ 45 office

In storage room - FBI 17 did open boxes found classified  
never personally found any privileged docs in a box

FBI 17 working in back corner of storage room - farthest from door

FBI 17 took papers out - laid down upside down next to box  
then flipped back over when putting back in box

FBI 17 kept everything in order to best of ability  
can't say w/ 100% certainty everything in some order

FBI 17 only worked on 1 box at a time

"can't see that happening" to question of mixing docs  
between boxes

FBI 17 taped & wrote on privileged boxes

boxes kept separate even in different car back to P.O.

After storage room, met 1966 who didn't need help
