Israel P.O. B 4093

7b) Certification and engagement of intermediaries:

~~We certify that we receive, as an intermediary, some or all of the products specified in section 6.~~

~~With the exception of the end user specified in section 2 or another intermediary specified in section 7, we will not sell, give, lend or transmit to anyone or retransfer and re-export any of these products, without the prior written approval of the French Government.~~

~~Signature _____~~

~~Name and title of signatory _____ Date & Stamp _____~~

8) End use (please state the purpose – name and short description of the program, the operation or the weapon system – for which the products will be used):

The TSC 4000 will be integrated in the Elbit UAS

9) Certification and engagement of the end-user:

~~9a) We certify that we are the end user of the products specified in section 6. We will not sell, give, lend, transmit to any one or retransfer and re-export these products without the prior written approval of the French Government. This engagement covers any new import or new transfer (of specific supplies, spare parts, repaired parts, tools and training) related to the operational implementation of these products.~~

~~We acknowledge that the prior approval of the French Government is not required:~~

- ~~— In the case of a permanent or temporary return of the goods to the operator specified in section 1, to a facility located in France, for which we certify that, if asked, we will provide the French Government with all the elements proving this return;~~
- ~~— In the case of the use of the products by armed forces, identified as end users, as part of national or international operations, training exercises and manoeuvres, as long as they remain at all times under their full responsibility;~~
- ~~— When the export or the transfer of the goods from France is only temporary, which allows their restitution to the operator specified in section 1.~~

~~Signature _____~~

~~Name and title of signatory _____ Date & Stamp _____~~

9b) We certify that the goods specified in section 6 are destined to be integrated into our own manufactured products or to be substantially transformed by us.

We certify that we will not sell, give, lend, transmit to anyone or retransfer and re-export non-integrated or transformed products without the prior written approval of the French Government.

We also certify that we will not sell, give, lend, transmit to any third party or retransfer and re-export the products specified in section 6 that are not destined to be integrated nor transformed (documentation, tools, accessories, spare parts...).

These engagements cover any new import or new transfer (of specific supplies, spare parts, repaired parts, tools and training) related to the operational implementation of these goods.

We acknowledge that the prior approval of the French Government is not required:

- In the case of a permanent or temporary return of the goods to the operator specified in section 1, on a facility located in France, for which we certify that, if asked, we will provide the French Government with all the elements proving this return;
- In the case of the use of the products by armed forces, identified as end-users, as part of national or international operations, training exercises and manoeuvres, as long as they remain at all times under their full responsibility;
- When the export or the transfer of the goods from France is only temporary, which allows their restitution to the operator specified in section 1.
