21. The state's emergency shelter law for homeless families has come under tremendous strain over the past two years, with more than 18,000 people currently housed in its network and the state on track to spend close to a billion dollars over the next fiscal year. Who do you believe is most responsible for this situation?

21. The state's emergency shelter law for homeless families has come under tremendous strain over the past two years, with more than 18,000 people currently housed in its network and the state on track to spend close to a billion dollars over the next fiscal year. Who do you believe is most responsible for this situation?

21. The state’s emergency shelter law for homeless families has come under tremendous strain over the past two years, with more than 18,000 people currently housed in its network and the state on track to spend close to a billion dollars over the next fiscal year. Who do you believe is most responsible for this situation?
