

Suhl, 27.10.2015

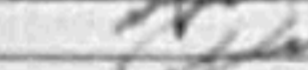

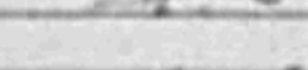

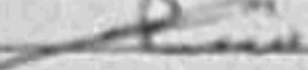

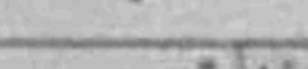

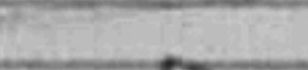

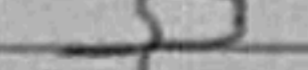

To whom it may concern in managing migration and asylum in Germany and humanitarian organisations as a whole:

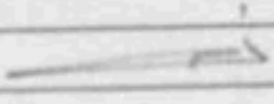

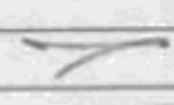

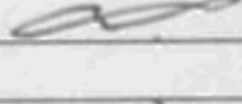

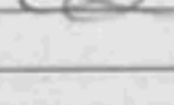

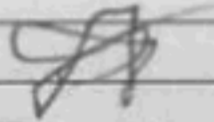

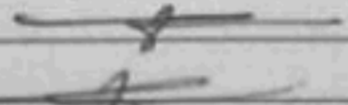

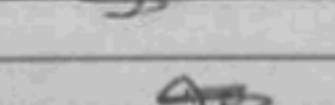

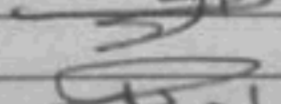

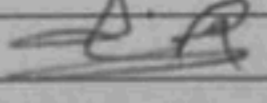

We, the undersigned refugees in LAST Suhl – Thüringen, extend our complaint against the worker: Miss Zetzmann (responsible for management and social workers)

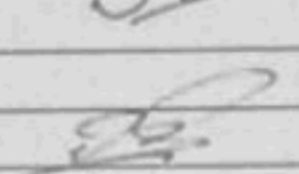

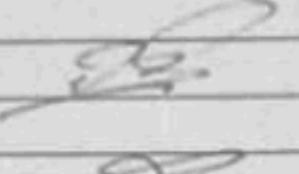

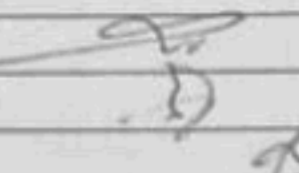

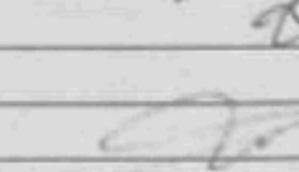

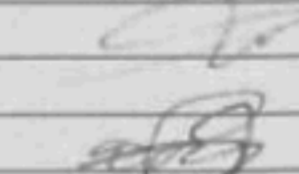

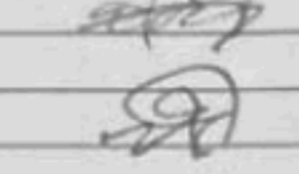

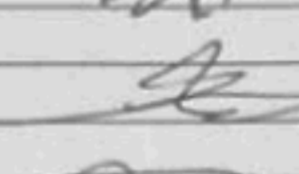

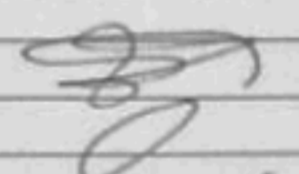

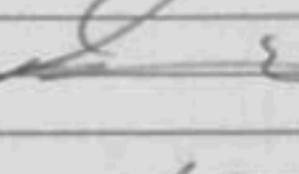

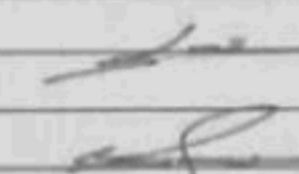

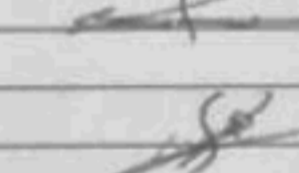

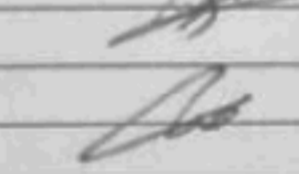

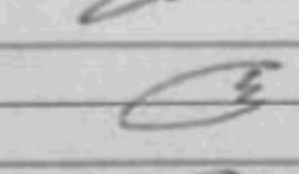

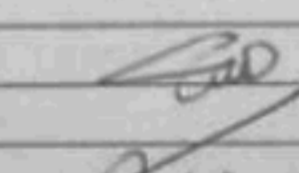

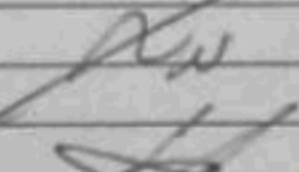

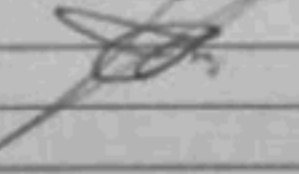

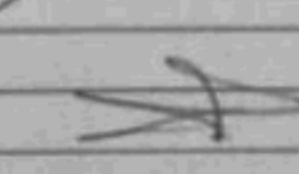

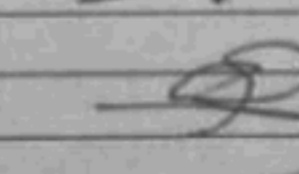

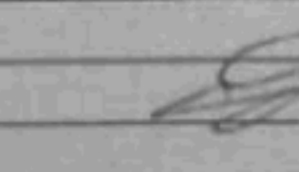

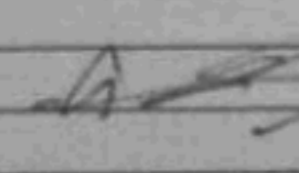

and Miss Schwarz (responsible in the transfer section).

- Claiming to evade their duties entrusted to the conduct of our procedures and the lack so far
- The abuses committed by them through the conduct of some of the refugees without the others
- Inequality present in the camp and discrimination pioneers of the building 20
- Neglecting the affairs of the buildings 18 and 19 which private to the families
- And not allow any of them to enter the building 20 which reside administration
- Contempt and insult refugees through lying and refused to help them and directing racist words against them like „go back to Syria“ – it scares us and make us think she could send us back as she like

We raise the complaint and sign it
