The Honorable Daniel T. Nishigaya,
Presiding

22 **TO: THE CLERK OF THE ABOVE-ENTITLED COURT, AND TO THE**
23 **DISTRICT ATTORNEY FOR SANTA CLARA COUNTY:**

24 Please TAKE NOTICE that on the above referenced date and time, defendant,
25 JOSEPH HAYES, will move via Penal Code sections 745 and 1385 for a lawful sentence
26 commensurate to or less than time already served in accordance with section 1170.95. This
27 motion is based on the supporting memorandum of points and authorities; supporting
28 Exhibit A; the file on record in this matter; and the forthcoming response to the Probation

1 Report to be prepared as ordered by the Court. For the reasons established herein, Mr.
2 Hayes respectfully submits that the motion should be granted pursuant to Penal Code
3 sections 745 and 1385; Article I of the California Constitution; and the Fifth, Sixth, Eighth
4 and Fourteenth Amendments to the United States Constitution.

1 **MEMORANDUM OF POINTS & AUTHORITIES**

2 **I. INTRODUCTION.**

3 In its statement in aggravation, the prosecution sought a sentence of 44 years, 4
4 months based on Hayes’ supposed “ingrained character of violence.”¹ (Statement in
5 Aggravation, at p. 2.) The “dog-whistle” argument is not true, but also borderline violation
6 of Penal Code section 745, subdivision (a)(2). In any event, subdivision (a)(4) of the
7 statute is violated by the excessive sentences imposed on minority offenders that cannot be
8 explained by demographics of California and Santa Clara County. “Once we recognize
9 those disparities, then we can understand why Mr. Hayes is a casualty of historical
10 wrongs.” (Rivers Letter, at p. 1.)

11 The RJA prohibits reoccurring practices in Santa Clara County in the aggregate, and
12 in this case. First, the People seek excessive sentences for Latinx defendants
13 disproportionate to their population size. Second, the Courts impose severe sentences on
14 Latinx defendants while similarly situated White offenders receive lesser sentences.

15 Further disparities will arise if the Court sentences Mr. Hayes to the excessive term
16 sought by the prosecution. A less severe sentence should be imposed, like the average
17 sentence Mr. Hayes would receive if he were White. (See Pen. Code, § 745, subd. (e)(2).)
18 The violations of the RJA support sentence of time served, 27 years, which is the average
19 sentence for similarly situated White defendants in Santa Clara County.

20 **II. APPLICABLE LAWS AND STANDARDS**

21 The RJA was enacted to “eliminate racial bias from California’s criminal justice
22 system.” (Stats. 2020, ch. 317, § 2, subd. (I).) The State is prohibited from “seek[ing] or
23 obtain[ing] a criminal conviction or seek[ing], obtain[ing], or impos[ing] a sentence on the
24 basis of race, ethnicity, or national origin.” (Pen. Code, § 745, subd. (a).) The law is
25 necessary to “countermeasure [the] widely condemned 1987 legal precedent established in
26 the case of [*McCleskey v. Kemp* (1987) 481 U.S. 279.]” (Assem. Floor Analysis of Assem.

27 _____
28 ¹ Hayes is Latinx and Native American.

1 Bill No. 2542 (2019B20 Reg. Sess.), as amended Aug. 25, 2020, pp. 3B4 (Assembly Floor
2 Analysis of Assembly Bill No. 2542).)

3 A violation of the RJA occurs where “[1] [t]he defendant was charged or convicted
4 of a more serious offense than defendants of other races, ethnicities, or national origins
5 who commit similar offenses and are similarly situated, and [2] the evidence establishes
6 that the prosecution more frequently sought or obtained convictions for more serious
7 offenses against people who share the defendant’s race, ethnicity, or national origin in the
8 county where the convictions were sought or obtained.” (Pen. Code, § 745, subd. (a)(3).)
9 Alternatively, a violation of the RJA occurs where “[1] [a] longer or more severe sentence
10 was imposed on the defendant than was imposed on other similarly situated individuals
11 convicted of the same offense, and [2] longer or more severe sentences were more
12 frequently imposed for that offense on people that share the defendant’s race, ethnicity, or
13 national origin than on defendants of other races, ethnicities, or national origins in the
14 county where the sentence was imposed.” (Pen. Code, § 745, subd. (a)(4)(A).) “‘More
15 frequently sought or obtained’ or ‘more frequently imposed’ means that statistical evidence
16 or aggregate data demonstrate a significant difference in seeking or obtaining convictions
17 or in imposing sentences comparing individuals who have committed similar offenses and
18 are similarly situated, and the prosecution cannot establish race-neutral reasons for the
19 disparity.” (Pen. Code, § 745, subd. (h)(1).)

20 A hearing under the RJA is required where the defendant makes a *prima facie*
21 showing that violation has occurred. (Pen. Code, § 745, subd. (c).) “‘Prima facie showing’
22 means that the defendant produces facts that, if true, establish that there is a substantial
23 likelihood that a violation of subdivision (a) occurred. ... ‘substantial likelihood’ requires
24 more than a mere possibility, but less than a standard of more likely than not.” (Pen. Code,
25 § 745, subd. (h)(2).) The defendant has the burden of proving a violation of the RJA by a
26 preponderance of the evidence. (Pen. Code, § 745, subd. (b)(2).)

27 The Legislature authorized implementation of RJA up to judgment (Pen. Code, '
28 745, subd. (e)(1)), which is synonymous with “sentence.” (*People v. Spencer* (1969) 71

1 Cal.2d 933, 935, fn. 1; *In re Phillips* (1941) 17 Cal.2d 55, 58). So, at this resentencing, the
2 denial of the right to seek redress under the RJA violates Mr. Hayes’ constitutional rights to
3 equal protection of the laws, due process, an impartial jury, and a fair trial free of racial
4 bias, as granted by the Fourteenth and Sixth Amendment of the United States Constitution
5 and Article 1, section 7, of the California Constitution. (See *In re Chavez* (2004) 114
6 Cal.App.4th 989 “[E]ven where the legislature expressly intends ameliorative sentencing
7 provision to apply prospectively, constitutional considerations may require that it be applied
8 retroactively and, in such a case, the finality of the judgment is no impediment to
9 retroactive application of the new law”].) The issues of critical importance must be
10 addressed because “discrimination may be so unjustifiable as to be violative of due
11 process.” (*Bolling v. Sharpe* (1954) 347 U.S. 497, 499.)

12 **III. THERE ARE STATISTICALLY SIGNIFICANT DIFFERENCES IN HOW**
13 **THE PEOPLE SEEK AND COURTS SENTENCE WHITE OFFENDERS**
14 **SIMILARLY SITUATED TO MR. HAYES.**

15 Unfortunately, racial bias is a “familiar and recurring evil that, if left unaddressed,
16 would risk systemic injury to the administration of justice.” (*Pena-Rodriguez v. Colorado*
17 (2017) 137 S.Ct. 855, 868.) It is well established that such biases lead jurors “to make
18 more lenient judgements of same-race defendants and harsher judgements of other
19 race-defendants.” (Mary Nicol Bowman, *Confronting Racist Prosecutorial Rhetoric at*
20 *Trial* (2020) 71 Case Western L.Rev. 39, 51, citing Jennifer S. Hunt, *Race, Ethnicity, and*
21 *Culture in Jury Decision Making* (2015) 11 Ann. Rev. L & Soc. Sci. 269, 274; see also
22 Elizabeth Ingriselli, Note, *Mitigating Jurors Racial Biases: The Effects of Content and*
23 *Timing of Jury Instructions* (2015) 124 Yale L.J. 1690, 1708.) This tendency is particularly
24 pronounced in noncapital cases, as further demonstrated herein. (Bowman, *supra*, 71 Case
25 Western L.Rev. at p. 51, citing Hunt, *supra*, 11 Ann. Rev. L & Soc. Sci. at p. 273.)

26 CDCR data indicates that there are 339 offenders convicted of seven or more
27 charges of robbery, attempted robbery, and/or carjacking. (Exhibit A, at p. 2.) Those
28 convicted of such charges and sentenced to Life were predominantly Black (63%). (*Ibid.*)
Those sentenced to more than 44 years were predominately Black and Latinx (65%).

1 (*Ibid.*) The number of White offenders substantially increases in the category of those
 2 sentenced to less than 44 years, which may suggest that White offenders received
 3 compromised or lenient sentences more often. (*Ibid.*) At the same time, the percentage of
 4 Latinx and Black offenders (78%) is comparable to the most punitive class of mostly Latinx
 5 and Black offenders sentenced to Life for similar crimes. (*Ibid.*)

6 The CDCR identified 224 offenders sentenced to determinate terms of less than 44
 7 years. (Exhibit A, at p. 2.) Racial disparities in the pool of offenders are demonstrable:

8 **Table 3: Race of Defendants with 7+ Robbery Charges, 44 Years or Less**

	<u>Number of Offenders</u>	<u>Percentage (%) of Class</u>
Black	85	37.95
Hispanic or Mexican	90	40.18
White	32	14.29
American Indian/Alaskan native	2	.89
Asian or Pacific Islander	3	1.34
Other	12	5.36

14 N=224

15 California’s demographics cannot explain the over-representation of minority
 16 offenders sentenced to extreme sentences for robbery like offenses. (Exhibit A, at p. 4.)
 17 The Census Quickfacts reports that California is 36.5% Hispanic or Latino, 36.5% white,
 18 15.5% Asian, 6.5% Black or African American, 1.6% American Indian or Alaskan Native,
 19 and 4.5% other. (*Ibid.*) Yet, in the CDCR data, Latinx and Black persons are substantially
 20 over-represented than White offenders. (*Ibid.*)

21 These minority offenders were also disadvantaged due to their physical features.
 22 (See Mark W. Bennett & Victoria C. Plaut (2018) *Looking Criminal and the Presumption*
 23 *of Dangerousness: Afrocentric Facial Features, Skin Tone, and Criminal Justice*, 51 U.C.
 24 Davis L. Rev. 745, 784.) They suffered harsher outcomes for “theft and violent crimes.”
 25 (Bowman, *supra*, 71 Case Western L.Rev. at p. 56, citing Hunt, *supra*, 11 Ann. Rev. L &
 26 Soc. Sci. at p. 275.) The CDCR’s data further evinces the discretionary assignment of
 27 similarly situated persons to different categories of punishment in violation of section 745,
 28 subdivision (a)(4)(A).

1 **IV. SENTENCING HAYES TO 44 YEARS IMPOSES A MORE SEVERE**
2 **SENTENCE THAN IMPOSED UPON SIMILARLY SITUATED WHITE**
3 **OFFENDERS IN SANTA CLARA COUNTY.**

4 Because “most participants in the criminal justice system believe that they can make
5 ‘fair and unbiased decisions,’” race has profound, implicit impacts on criminal proceedings.
6 (See Praatika Prasad (2018) *Implicit Racial Biases in Prosecutorial Summations: Proposing an Integrated Response* 86 Fordham L.Rev. 3091, 3095-96.) Recognizing, and
7 trying to correct as much, the Legislature acknowledges that “all persons possess implicit
8 biases. . . .” (Assembly Bill 2542, Stats. 2019, ch. 418 § 1, subd. (a)(1).) Indeed, “most
9 people have an implicit bias that disfavors African Americans and favors Caucasian
10 Americans” (*Id.* at 1, subd. (a)(3).) “Judges and lawyers harbor the same kinds of
11 implicit biases as others.” (*Id.* at § 1, subd. (a)(5).)

12 The CDCR data confirms that these biases exist in Santa Clara County. There are 20
13 offenders convicted of seven or more robberies, but sentenced to a determinate term of less
14 than 44 years. (Exhibit A, at p. 4.) Of these offenders, 40% were Latinx, who composed
15 only 30.6% of Santa Clara County; 20% were Black, who compose 2.8% of the County;
16 20% were White, who make up 39% of the County. (*Id.*, at pp. 4-5.)

17 Mr. Hayes will be the only Native American in this pool of similarly situated
18 offenders after resentencing. Four white offenders received sentences of less than 44 years
19 (on average they were sentenced to approximately 27 years). (Exhibit A, at p. 4.) Yet, for
20 Mr. Hayes, the prosecution seeks nearly *double the average sentence imposed on similarly*
21 *situated White Offenders.*

22 Separate analysis of available case files for the offenders identified in the data
23 demonstrates that the prosecution’s sentence is extreme. (Exhibit A, at p. 6.) On average,
24 the sentences were lower (for example, the average sentence for 7 robberies was 20.97
25 years compared to 22.46 years in the data). (*Ibid.*) Table 6 proves the injustice of
26 sentencing Hayes to far more time than similarly situated offenders:

27
28

BK4815	24	10
G09084	32.33	11
BE2414	21.66	12

Only two offenders were sentenced to more than 30 years: **(1)** GO9084, who had 11 robbery convictions; and **(2)** F10306 who had 14 total convictions including 2 assaults on police officers (PC245), kidnaping (PC207) and false imprisonment (PC236). Some offenders with a higher number of robberies, like BK4815 who had 10 robberies, received a much lower sentence (24 years). There are several offenders with double digit numbers of robbery counts who received a relatively shorter sentence, including: **(1)** AW9459 who received five years for 10 robberies; **(2)** BF9641 who received 10 years for 10 robberies and shooting into a dwelling (PC 246); and **(3)** BK9657 who received 11 years for 12 robberies (many while personally using a gun). Additionally, AS9753 and F10306 appear to have received higher sentences for personal use of a firearm enhancements. Even those convicted of gang offenses (PC 186.22) were sentenced to substantially less than 44 years,

1 like BB5794 (23 years, 8 months), BK4815 (24 years), BK9657 (11 years) and G09084 (32
2 years, 4 months).

3 A term of 44 years, 4 months is substantially higher than sentences imposed in
4 similar cases, even those with more than double the amount of convictions than in Mr.
5 Hayes' case. Comparatively, similarly situated White offenders in Santa Clara County
6 were sentenced to an average of less than 27 years. The disparities violate the RJA, which
7 does not impose "unattainable burdens of proof in order to deny and avoid claims of racial
8 discrimination under the Equal Protection Clause." (David Baldus, George Woodworth,
9 John Charles Boger & Charles A. Pulaski (John H. Blume & Jordan M. Steiker eds., 2009)
10 *McClesky v. Kemp: Denial, Avoidance, and the Legitimization of Racial Discrimination in*
11 *the Administration of the Death Penalty*, in DEATH PENALTY STORIES 229, 263.) The
12 rights of minorities to sentencing in par with their White counterparts must be enforced to
13 vitiate these invidious disparities. (See Pamela Karlan (1998) *Race, Rights, and Remedies*
14 *in Criminal Adjudication*, 96 Mich. L. Rev. 2001.)

15 **V. THE APPROPRIATE REMEDY IS TO SENTENCE HAYES TO TIME**
16 **SERVED, WHICH IS ALSO THE AVERAGE SENTENCE FOR SIMILARLY**
17 **SITUATED WHITE OFFENDERS AND NECESSARY TO AVOID**
18 **VIOLATIONS OF DUE PROCESS, EX POST FACTO, DOUBLE JEOPARDY**
19 **AND RACIAL JUSTICE ACT PROTECTIONS.**

20 The Legislature has declared that it is not enough to recognize that racial bias in the
21 criminal justice system is "widely acknowledged as intolerable," because "courts generally
22 only address racial bias in its most extreme and blatant forms." (Stats. 2020, ch. 317, § 2,
23 subd. (c).) The Legislature catalogued the numerous ways in which we recognize that
24 racism impacts criminal proceedings, but goes unredressed, then provided a means for
25 remedying these structural problems. (*Id.* § 2, subd. (c)-(g).) The evidence presented here
26 proves out the Legislature's concerns in passing Penal Code section 745, subdivisions
27 (a)(3) and (4).

28 If the prosecution's sentence is imposed, there is "a substantial likelihood that a
violation of subdivision (a) [will] occur[.]" (§ 745, subd. (h)(2).) The evidence establishes
that violation by "more than a mere possibility, but less than a standard of more likely than

1 not.” (*Ibid.*) Based on the *prima facie* showing submitted here, the Court “shall hold a
2 hearing.” (§ 745, subd. (c); see also *Evans v. Paye* (1995) 32 Cal.App.4th 265, 280 n. 13
3 [“*Prima facie* evidence . . . may be slight evidence which creates a reasonable inference of
4 fact sought to be established but need not eliminate all contrary inferences.”].)

5 The Court has broad discretion to impose remedy “specific to the violation.” (Pen.
6 Code, § 745, subd. (e).) So the Court may consider how violations of the RJA supports
7 mitigated based offense, striking, staying, or reducing the gang enhancements, and
8 imposing a lawful sentence commensurate with time served as demonstrated in
9 contemporaneously filed pleadings. Nor is the Court limited in its discretion to the
10 statutorily enumerated remedies, because “[t]he remedies available under this section do
11 not foreclose any other remedies available under the United States Constitution, the
12 California Constitution, or any other law.” (*Id.* at subd. (e)(4).) The evidence suggests
13 that imposing a sentence no more severe than actual time served (27 years) would result in
14 a sentence more comparable to the sentence that would be imposed on a similarly situated
15 White defendant. The sentence aligns with the Court’s “fundamental task” when
16 interpreting the RJA, which “is to ascertain the aim and goal of the lawmakers to effectuate
17 the purpose of the statute.” (*Sacks v. City of Oakland* (2010) 190 Cal.App.4th 1070).

18 **VI. SUMMATION.**

19 A *prima facie* violation of the RJA exists if Hayes is sentenced to more than time
20 served. If such a sentence is imposed, a further hearing should be ordered for taking of
21 evidence on the RJA violations. Hayes will also move for discovery of evidence in the
22 District Attorney’s case file pursuant to section 745, subdivision (d).

EXHIBIT A

Multiple Robbery Convictions in Santa Clara County, California

Author: Kat Albrecht, JD/PhD

For: People v. Hayes, Santa Clara County Case No. 190129/193343

Date: December 15, 2021

This report provides a snapshot of descriptive statistics for sentences in Santa Clara County and the State of California in cases involving robbery, attempted robbery, and carjacking (collectively referred to as “robbery charges” herein). Specifically, the report provides information pertinent to disparities facing Hispanic and Native American offenders. The curriculum vita for the Author is provided as Attachment A.

The Data

The Author of this report is, for the most part, limited to the data as prepared and sent by the CPRA. This data was provided in its original form by the California Department of Corrections and Rehabilitation via California Public Records Requests by the Law Office of B.C. McComas, LLP. This report considers data concerning ALL persons presently committed to the CDCR. The data was cleaned and analyzed by the Author.

The data elements provided by CDCR include active Offense, active CDCR Number, Race, Date of Sentencing, County of Sentence, Maximum Prison term, Sentence Length, Offense Relationship, Current Age, Case Number, Offense Date, and Life Offense. The CDCR self-excluded data concerning offenders under the age of 18 and those in which CDCR determined that release of their information may pose a safety and security issue to themselves or to CDCR.

In total, CDCR provided more than 300,000 rows of data. There are more than 1,000,000 individual points of data. Analysis of the data has required comparison of those points, as well as reduction to protect against double-counting, taking well in excess of 100 hours, let alone the hours contributed by McComas Legal. McComas Legal maintains CDCR Source Data in the native formatting it was received.

*Robbery, Attempted Robbery, and Carjacking Cases
With Seven+ Convictions*

The Author used the CDCR data to construct a list of all offenders with seven or more robbery, attempted robbery, and/or carjacking convictions. 339 offenders met these criteria, with combined total of 4,237 total charges (inclusive of their non-robbery related charges). The Author determined it would be necessary to separate these 339 offenders into three distinct classes to maintain the relevance and integrity of the statistical analysis.

First, the Author constructed a class of indeterminate sentence holders, so defined by “life offense’: 3rd, Death, LWOP, LIFE, LIFE2.” 95 offenders out of the 339 had a life offense. These offenders were separated for statistical analysis because quantitative comparison between indeterminate and determinate sentences is difficult.

Second, the Author constructed two classes as relevant to the legal proceeding at issue: One class comprised of offenders with 7 or more robbery charges that received sentences of 44 years or less and a second class of offenders with 7 or more robbery charges that received sentences of 45 or more years. Only 20 such offenders were sentenced to determinate terms of more than 44 years, with the number of robbery convictions ranging from 7-30 per offender. Remaining were 224 offenders who received 44 years or less, with the number of convictions ranging from 7-24.

Offender Race

The Author examined descriptive statistics for racial identification for each of the three assembled classes and briefly describes them below:

Table 1: Race of Defendants with 7+ Robbery Charges, Indeterminate Class

	Number of Offenders	Percentage (%) of Class
Black	60	63.16
Hispanic or Mexican	25	26.31
White	7	7.37
American Indian/Alaskan native	1	1.05
Other	2	2.11

N=95

As seen in Table 1, a majority of individuals in the indeterminate sentence class were Black or African American (63.16%). The next most common racial group was Hispanic or Mexican (26.31%), followed by white (7.37%) and then other races (a total of 3.16%).

Table 2: Race of Defendants with 7+ Robbery Charges, More than 44 Years

	Number of Offenders	Percentage (%) of Class
Black	7	35
Hispanic or Mexican	6	30
White	4	20
American Indian/Alaskan native	1	5
Other	2	10

N=20

In the case of offenders sentenced with determinate terms of more than 44 years, again, the most common racial group was Black or African American (35%), followed by Hispanic or Mexican (30%), white (20%), and then all other races (15%). Notably, the number of cases in this class is much smaller, so is more sensitive to variation.

Table 3: Race of Defendants with 7+ Robbery Charges, 44 Years or Less

	Number of Offenders	Percentage (%) of Class
Black	85	37.95
Hispanic or Mexican	90	40.18
White	32	14.29
American Indian/Alaskan native	2	0.89
Asian or Pacific Islander	3	1.34
Other	12	5.36

N=224

The final class is provided in the spreadsheet in Attachment B. In this class, the racial groups vary slightly from the order of the other two. The largest racial group was Hispanic or Latino (40.18%), closely followed by Black or African American (37.95%). In order the next categories were white (14.29%) and all other

racers (a combined 7.59%). In addition, this group has more white offenders than the group sentenced to indeterminate terms, which may suggest a higher degree of compromised sentences for white offenders than given to other groups.

The demographics of these classes are all inconsistent with the demographics of the population of California. According to the US Census California is comprised of races in very different proportions from those reported in these charts. The Census Quickfacts reports that California is 36.5% Hispanic or Latino, 36.5% white, 15.5% Asian, 6.5% Black or African American, 1.6% American Indian or Alaskan Native, and 4.5% other.¹ Yet, in each of the classes identified above, the proportion of minority offenders is over-represented compared to white offenders.

Santa Clara County Specific Analysis

The Author also analyzed the most relevant class (offenders with 7+ robberies and sentences of 44 years or less) as limited to Santa Clara County. This class of offenders is provided in the spreadsheet in Attachment C. Table 4 displays the racial breakdown of such offenders in Santa Clara County:

Table 4: Race of Defendants with 7+ Robbery Charges, 44 Years or Less

	Number of Offenders	Percentage (%) of Class
Black	4	20
Hispanic or Mexican	8	40
White	4	20
American Indian/Alaskan native	0	0
Asian or Pacific Islander	1	5
Other	3	15

N=20

¹ This information is available at: <https://www.census.gov/quickfacts/CA#qf-headnote-a>

40% of offenders were Hispanic or Mexican, 20% were Black or African American, 20% were white, and a combined 20% were some other race. Although these numbers can fluctuate because they are small, they are dissimilar to the population demographics of Santa Clara County, which is 30.6% Hispanic or Latino, 25% white, 39% Asian, 2.8% Black or African American, 1.2% American Indian or Alaskan Native and 4.7% other.² Notably, across both determinate classes (44 or less and 45 or more) no white offenders in Santa Clara County have received sentences of more than 44 years.

The Author also looked specifically at the number of robberies and the length of sentences in Santa Clara County. Table 5 shows the results of this work for all 20 included offenders.³

³ 3 offenders were excluded from this analysis because not all of their 7+ robberies were sentenced in Santa Clara County. Their CDCR Numbers are: BB9858, G47265, and P94793.

This data shows that all Santa Clara County offenders were sentenced to much less than 44 years in this class.⁴ In fact, only two offenders were sentenced to more than 30 years. AS9753, who had 11 total charges including 3 assault (PC245) related convictions, and F10306 who had 11 total convictions including 2 assaults on police officers (PC245), kidnapping (PC207) and false imprisonment (PC236). The data suggests that it is more common for offenders in Santa Clara with 7 robberies to receive between 16.33 and 22 years. Some offenders with higher numbers of robberies, like BK4815 who had 10 robberies, received a much lower sentence (14 years).

So as not to rely exclusively on CDCR data, the 20 relevant cases from Santa Clara County were also queried by reviewing case files. Two case files could not be located (AB0690 and BB6100). Using these data, the Author constructed comparison Table 6.

Table 6: Offenders in Santa Clara with 44 Years or Less, Hardcopy Data

⁴ 4 offenders in Santa Clara County were in the other determinate class (determinate sentences of 45 years or more). They were BC6412 (8 robbery, 48.67 years), BF5218 (9 robbery, 45.83 years), BG2633 (11 robbery, 50.33 years), and F03160 (7 robbery, 56.67 years). The Author did not include these in the Santa Clara analysis because the most relevant class to Mr. Hayes at this time is the class receiving sentences of 44 years or less and because this group is quite small.

Some of these numbers were different from the numbers reported in the CDCR data, but on average the sentences were lower (for example, the average sentence for 7 robberies was 20.97 years compared to 22.46 years in the CDCR data). The data confirms that offenders received substantially less than 44 years for all numbers of robbery charges. There are several offenders with double digit numbers of robbery charges who received a relatively shorter sentence. This includes AW9459 who received only 5 years for 10 robberies, BF9641 who received 10 years for 10 robberies, and BK9657 who received 11 years for 12 robberies. Additionally, AS9753 and F10306 appear to have received higher sentences because of personal use of a firearm enhancements. Even those convicted of gang offenses (PC 186.22) were sentenced to substantially less than 44 years, like BB5794 (23 years, 8 months), BK4815 (24 years), BK9657 (11 years) and G09084 (32 years, 4 months). No white offender in Santa Clara County in any determinate sentencing class (AU8789, BE2414, F10306, and T30827) was sentenced to 44 years, 4 months.

Summation

Robbery offenders are disproportionately Black and Hispanic relative to the population size of such minority groups across California, and in Santa Clara County in particular. White offenders with 7 or more robberies are also substantially less represented in the more punitive categories.

Mr. Hayes would be the only Native American in the class of similarly situated Santa Clara County offenders. 44 years would be the highest sentence of any offender in the class, although he does not present as many convictions as others who have received shorter sentences in the same class. Comparatively, similarly situated White offenders in Santa Clara County were sentenced to an average of ~27 years (using the manually checked data).

The data is demonstrative of the discretionary assignment of similarly situated persons to different categories of punishment for crimes that disproportionately affect minority and less resourced defendants. Some offenders with higher numbers of robbery charges receiver shorter sentences than other offenders in Santa Clara County who have fewer robbery charges. And White offenders are underrepresented in the most punitive class.

Theoretically, the District Attorney's for Santa Clara County holds the charging information necessary to complete further analysis on these cases. The Author is informed and believes that the data has been requested but denied by the District

Attorney, thereby necessitating CPRA litigation. The Author stands ready to continue work in this matter once the data is received.
