**GARY STEIN, United States Magistrate Judge:**

On July 29, 2024 the Government renewed its motion for summary judgment. (Dkt. No. 69). The Government’s moving papers consist of its memorandum of law submitted on July 29, 2024 (Dkt. No. 70) in addition to the declarations and exhibits it submitted on May 3, 2024 in connection with its prior motion (Dkt. Nos. 50, 51). The Government also submitted a Certificate of Service representing its moving papers were served on Plaintiff along with a Local Rule 56.2 Notice, a copy of which is filed on the docket. (Dkt. Nos. 71, 72).

Accordingly, Plaintiff shall submit his opposition to the Government’s renewed motion for summary judgment by no later than **August 30, 2024**. Plaintiff, if he wishes, may rely on his previously-submitted brief (Dkt. No. 57) in opposition to the Government’s motion and in support of his cross-motion for summary judgment. If Plaintiff elects to do so, he shall inform the Court of his decision by the August 30 deadline. Plaintiff is of course at liberty to submit a new

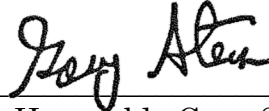

opposition brief in the alternative by that deadline.

The Government shall submit its reply in further support of its renewed motion for summary judgment by no later than **September 13, 2024**.

Lastly, pursuant to Plaintiff's July 18, 2024 letter (Dkt. No. 64), the Court confirms receipt of Plaintiff's reply in further support of his cross-motion for summary judgment, which has been filed at Docket No. 67.

**SO ORDERED.**

DATED: New York, New York
