## CORNER DETAINEE'S ON HUNGER STRIKE

We first of all want to thank you for all your effort, and we also want to thank you for sending our voice out to the world.

1. We all are still on the hunger strike.
2. ICE; treating some of us, so they stopped.
3. ICE; said if we don't stop they will take us to segregation, so many of us felt that is a threat so many withdrew of the strike.
4. ICE,, is denying all that is going on in this house or detention, but we are still on it.
5. According to the law of immigration asylum seeker should not stand over 180 days in custody.
6. We feel that we have been discriminated by the ICE, and judges.
7. ICE,, said africans should be detained for a long time. Then they give us big bond that we can't afford.
8. We will not eat until we see our freedom.
9. We left our country because of one problem or the other, but we know know America is father for every body, that fight justice for all.
10. We can't buy our freedom with a bond of 50,000\$ or 45,000\$ thousand dollars, mean while they are given cheaper bond to those with crime's and charges like 2,000\$ or 15,00\$.

We come United State with so many people with different country of origin. They have release so many of them, living the africans and the asians in custody.

Thank you  
appreciated. all african's -
