Public Records Request

VIA Electronic Mail

February 25, 2024

Re: Election Officials and Poll Observers

Pursuant to Chapter 132 of the North Carolina General Statutes, I respectfully request the opportunity to inspect and obtain copies of the following public records:

1. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for early voting for the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
2. The lists of individuals appointed to serve as chief judges, judges, and assistants for early voting in the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
 1. Please include the current position of each individual as well as each individual's site assignment.
3. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for Election Day for the 2024 Primary Election as provided under NCGS § 163-41 and -42.
4. The lists of individuals appointed to serve as chief judges, judges, and assistants for Election Day in the 2024 Primary Election as provided under NCGS § 163-41 and -42.
 1. Please include the current position of each individual as well as each individual's site assignment.
5. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for early voting for the 2024 Primary Election as provided under NCGS § 163-45.1.

1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.
6. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for Election Day for the 2024 Primary Election as provided under NCGS § 163-45.1.
 1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.

I respectfully request that the production be made in electronic form, if possible. **Please provide these records to the following email address: electionintegrity@ncgop.org.** As records become available, please provide them on a rolling basis. If any record is withheld on any basis, please include that reason in your response. If you are not the custodian of any of the records described above, I respectfully ask that you promptly forward this request to the correct individual. If costs are going to be assessed against the requestor in excess of \$25, please let me know before proceeding.

The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect the copies or the ability to inspect the requested records.

Sincerely,

Philip R. Thomas

Subject: Appointment of Early Voting Judges
Date: Friday, January 12, 2024 4:23:11 PM
Attachments: [DEM proposed Judges.pdf](#)

Good Afternoon Michael,

Pursuant to Session Law 2023-140 (Sb 747), county board of elections are required to appoint precinct officials for each early voting site other than the county board of elections office, for each primary or elections. The session law further provides that county boards shall appoint qualified nominees from lists provided by the chair of each county political party if such recommendations are received "no later than the fifth business day preceding the date on which appointments are to be made."

This email is to notify you that the Catawba County Board of Elections is scheduled to meet on **February 6, 2024 at 5:00 p.m.** to appoint early voting officials for the upcoming elections. In accordance with Session Law 2023-140, the deadline for recommendations to be received by this office is 5 p.m. on, February 1, 2024.

The following are the qualifications for precinct officials pursuant to N.C.G.S. § 163-41 and -41.1:

- Must be a registered voter and resident of the county;
- Must be of good repute and have good moral character;
- Must be able to read and write;
- Must not hold any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof;
- Must not be a candidate for nomination or election;
- Must not hold any office in a state, congressional district, county, or precinct political party or political organization, or who is a manager or treasurer for any candidate or political party, provided however that the position of delegate to a political party convention shall not be considered an office for the purpose of this subsection; or
- Must not be the wife, husband, mother, father, son, daughter, brother or sister of any candidate for nomination or election if the candidate is on the ballot at the site in which the precinct official would serve.
- The following categories of relatives are prohibited from serving at the same voting site at the same time: spouse, child, spouse of a child, sister or brother. These individuals may serve at different voting sites at the same time or at the same voting site at different times.

Precinct officials are required by law to take an oath before serving, which pledges them to administer their duties "without fear or favor;" to "not in any manner request or seek to persuade or induce any voter to vote for or against any particular candidate or proposition;" and to "not keep or make any memorandum of anything occurring within a voting booth, unless [they are] called upon to testify in a judicial proceeding for a violation of the election laws of this State." N.C.G.S. § 163-41(e).

We request that when you consider making these recommendations that you keep in mind the special requirements for staffing early voting sites, including:

- Availability to assist with setup and breakdown of early voting locations
- Ability to use computers: laptops and printers for elections applications, entering data into election applications and using voter look-up tools, learning and executing opening and closing procedures for voting machines (tabulators and ballot marking devices)
- Ability to lift or assist in moving voting machines, supply boxes, and other materials needed to operate an early voting location. (If physically unable, the county will work to accommodate so the site is otherwise staffed with someone who is able to do these things.)
- Ability to work as part of team and take direction
- Availability to attend training
- Ability to work the shift assigned

Please note that working early voting is different from Election Day. The work is similar, but early voting involves some additional complexity. For example, at early voting, electronic pollbooks must be used at check-in station and the help station, same-day registration is permitted, and at the ballot table workers must record the application number and precinct on ballots as they must be retrievable. Additionally, early voting is multiple days, and the county board will need to ensure that every site is adequately staffed for every day of the early voting period.

Early voting begins on Thursday, February 15, 2024 at 8:00 AM and continues through Saturday, March 2, 2024 at 3:00 PM. We anticipate needing a total of workers to staff our early voting sites. If the party's recommendations are not received by **5 p.m. on February 1, 2024** or , if the party does not submit sufficient recommendations for each early voting site, the county board of elections may appoint to serve as chief judge, judge, and assistant registered voters in that county who were not recommended by the party chairs.

Please see the attached list for recommended Chief Judges/Judges for Early Voting. The staff has already contact all and the worker has agreed the position.

Greetings North Carolina Elections Team,

I hope this email finds you well. In an ongoing effort to keep everyone informed of upcoming election related events, the Elections Administration Team wanted to share several important updates and reminders. These updates are related to the various elections administration subject areas.

[Absentee by Mail Voting](#)

- [Absentee Board Meetings](#)- As a reminder county board of elections no longer must approve early voting applications at their Tuesday absentee board meetings.
- [Absentee Status](#)- As a reminder please do not use PHOTO ID CURABLE and PHOTO ID NONCOMPLIANT as a photo ID status. When there is a curable issue it should be checked in as **PENDING CURE**.

[Candidacy, Canvass, and Petitions \(Tiffany Holden, Candidacy and Canvass Program Specialist\)](#)

- [Canvass](#)-As a reminder canvass takes place on March 15th at 11:00 AM. All board members must attend but, if necessary, only a quorum of board members must be physically present at canvass (See [Numbered Memos 2022-08](#) and [2023-04](#)). Board members need to be able to review canvass documents and other materials. Once a quorum of members is physically present, it is permissible for the remaining board members to attend remotely. Board members participating remotely must be able to view all materials under review by the board.
- [Petitions](#)- Please ensure that once a petition is certified, to update the status in SEIMS (Petition Checking Module) from in progress to certified.
- [Reconciliation](#) – As a reminder reconciliation efforts should occur daily. ~~This will~~ help greatly with the overall reconciliation

process to prepare for the Canvass period. Reconciliation efforts include ensuring that the following items match: the number of ballots cast daily compared to voter history, the number of ballots cast daily compared to applications issued, and ballots issued at early voting locations. Please remind your early voting workers to write the application number (and precinct if you code by style) if a ballot needs to be retrieved for a challenge and to help with the 30-day sort.

- Voter History- As a reminder please ensure that your voter history is completed by canvass. Please note that if you need to unlock your voter history after it is finalized you will be asked to fill out a request form. This is to help the State Board comply with section 33 of [SB 747](#).

Extended Support Hours

- Below are the state board extended support hours for the upcoming week. Staff will be responding to help desk tickets during these times. If you need to reach someone after the extended support hours have ended, please contact your Field Support Technician.

Thursday	2/29/2024	7:00 AM-8:00 AM
Thursday	2/29/2024	5:00 PM-9:00 PM

Photo ID

- 60-Day Temporary Licensee- As a reminder a 60-day temporary paper license is **not a valid photo ID**. Chapter 20 expressly says the paper temporary license cannot be used for identification purposes, which would take it out of the types of IDs permitted for photo ID under NCGS 163-166.16(a).

In Person Voting (Allison Blackman, In Person Voting Program Specialist)

- Observers- As a reminder, a candidate who is on the ballot for November but not on the ballot for this primary can serve as an observer in this primary. Additionally, there is nothing in the statute or numbered memo that directly says an observer cannot speak to poll workers who are not the chief judge. Previously, the Administrative Code had all questions directed to the chief judge. Of course, you can still ask observers to direct their questions to the chief judge, to promote the best management of the voting site and to avoid disrupting tasks being performed by the other poll workers.
- Observer Name Tags- As a reminder, the [Administrative Code](#) requires that Observers wear identification badge with the name of the party, or the unaffiliated candidate that they are observing on behalf of. An administrative rule is a legal requirement. It was enacted pursuant to a statute that allows the State Board to require the use of the badge with the relevant information included. GS 163-45.1(d). This rule applies to all observers. The template identification badge can be found here:
Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Observer Materials.
- Same Day Registration- As a reminder, if an SDR's voter application does not have the drivers

license or the last four of their social security number on the application, or does not check the box stating that they have neither, they would still need to be sent an incomplete letter. You do not need to challenge or pull the ballot, unless the voters fail mail verification before canvass and do not cure.

- **Voter Assistance Log-** As you all are aware Section 24 of Senate Bill 747 requires that a list be kept of individuals who entered the voting place to provide assistance to a voter pursuant 163-166.8 but do not vote. This log does not need to be used for early voting workers or precinct workers, observers, runners, or minor children under the age of 18 who are in the care of a voter. Also, this log does not apply for those in the same vehicle as a curbside voter as they are not entering the voting place. The log template is now available on the ERC and FileZilla here: Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.

Voter Registration (Chance Mashburn, Voter Registration Specialist)

- **Ongoing List Maintenance-** Please remember to conduct your list maintenance tasks daily during the early voting period (ex. Deaths, duplicates, felony removals, out-of-state cancellations, etc...). Additionally, please make sure you are using the SEIMS Weekly Data Check Report. Please pay close attention to the number and names designation. This information may reveal confidential information such as a date of birth. As a reminder, list maintenance may not be conducted using lists supplied by third parties. These lists submitted by third parties may not have been generated in a nondiscriminatory and uniform way, as is required by law. See pg. 8 of the [List Maintenance Manual](#) and [52 USC 20507\(b\)\(1\) \(NVRA\)](#). This is especially important while you are actively conducting an election and after the regular voter registration deadline has passed.

If you have any questions related to the various areas discussed in the email, please submit a help desk ticket at helprequest.sboe@ncsbe.gov and one of the program specialists will respond. Please share this email with any and all staff. As always, thank you for all that you do for the voters of North Carolina!

Greetings North Carolina Elections Team,

I hope this email finds you well. In an ongoing effort to keep everyone informed of upcoming election related events, the Elections Administration Team wanted to share several important updates and reminders. These updates are related to the various elections administration subject areas.

[Absentee by Mail Voting \(Allison Blackman, Absentee by Mail Program Specialist\)](#)

- Cure Letter- The new cure letter is now in SEIMS. After printing you will need to **manually** mark the correct checkbox for the cure reason(s) prior to mailing. If it is a Photo ID cure be sure to include a copy of the Absentee Photo ID Exception Form with the letter.
- Reminder- Please review the check in procedures for absentee ballots. The documents can be found on Filezilla here:
Election_Administration\Election_Forms\Absentee\2023 Absentee Materials.

[Candidacy, Canvass, and Petitions \(Tiffany Holden, Candidacy and Canvass Program Specialist\)](#)

- Candidate Filing- The filing fee for NC House and NC Senate will be \$139.51, which is 1% of the annual salary (\$13,951) as set by statute. As a reminder to

prepare for the 2023 December Candidate Filing period, please confirm the base annual salary with the appropriate governing body to determine the filing fee for each contest that falls under the county board's jurisdiction (see NCGS 163-107(a) and 163-182.4(a)). The filing period begins at noon on Monday, December 4, 2023, and ends at noon on Friday, December 15, 2023. All December Candidate Filing materials including the 2024 Statewide Primary & General Guide will be emailed to the counties no later than Monday, November 13, 2023.

- Petitions-Please provide the petitioners with written confirmation of the signature sheets submitted to help with their record keeping as well as yours. Note: The confirmation should not give the impression that the signatures were approved. Additionally, as a reminder for new political party petitions, if the petition signature sheets are submitted timely, verification should be completed within two weeks from the date the signature sheets were presented.
- Reminder-Numbered Memo 2023-04 regarding provisional and canvass procedures was issued yesterday. Please see the email from General Counsel, Paul Cox.

In Person Voting

- Early Voting/One-Stop-As you all know early voting begins on Thursday, October 19th. Below are some reminders on early voting/one-stop:
 - While one-stop workers should and are instructed to simply turn off the tabulators daily, misunderstandings can happen. Should any one-stop site accidentally close the polls please ensure that results are not revealed, and the results tapes are secured. In addition, please record the accidental closing via an incident report. The incident report for November can be found on the ERC and on FileZilla here:
CountyUploads_SBE\2023\20231107\Incidents.
 - Reconciliation efforts should occur daily. This will help greatly with the overall reconciliation process to prepare for the Canvass period. Reconciliation efforts include ensuring that the following items match: the number of ballots cast daily compared to voter history, the number of ballots cast daily compared to applications issued, and ballots issued at early voting locations. Additionally, please remind your one-stop workers to write the application number (and precinct if you code by style) if a ballot needs to be retrieved for a challenge and to help with the 30-day sort. A sample reconciliation form for one-stop can be found on FileZilla here:
Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
 - You must process and mail verification and confirmation notices daily. When processing same day registrations in VoterScan, always "check for existing."
- Observers-The list of one-stop observers must be submitted by 10 am on the

fifth day prior to when the observer will observe during One-Stop. Please note that NCGS 103-5 extends any deadline that falls on a day when the office is closed until the next day the office is open. As a result, the actual deadline for submitting the list of one-stop observers for any observers to be able to serve on the first day of one-stop is 10:00 am on Monday October 16th. The Election Day deadline is 10:00 AM Thursday November 2nd. Below are some more reminders on observers.

- The observer list must have the party chair's hand-drawn signature, but it may be submitted by fax or email (i.e., scanned or photographed).
- G.S. 163-45 provides that the chair of each political party has the right to appoint observers "at each primary and election". There is no distinction between a partisan election versus a nonpartisan one.
- If a party chair already submits an at-large observer list in connection with one-stop, those identified observers may also observe on Election Day.
- A party chair may amend its observer list to substitute observers. For at-large observers, the list may be amended up until the day before Election Day. For one-stop and precinct observers, however, the list must be amended by 10:00 am five days before that substitution can become effective.
- An at-large observer may be replaced by another at-large observer, before four hours have elapsed.
- We recommend that counties provide the county party chairs, all observers, one-stop managers, and chief judges a copy of the observer guidance document. As a reminder it can be found on the ERC and on FileZilla here:

\Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents. We also recommend that one-stop site managers and chief judges physically hand this guidance out to every observer.

[Voter Registration \(Matt Stone, Voter Registration Program Specialist\)](#)

- Death Reports- While compiling data for a Public Records Request, we noticed that roughly 194 potentially deceased voters, remain on the voter rolls. Specifically, it looks like these, potentially deceased voters, appear on the DHHS State Matching Lists from 2022. Please take a moment to research the lists from 2022 to determine if any of the voters listed on those reports should be removed.
- Felony Removals/Objections/Challenges - If you have any questions or have any unusual circumstances related to a felony removal, please submit a Help Desk ticket.
- Ongoing List Maintenance- Please remember to conduct your monthly list maintenance tasks (ex. Deaths, duplicates felony removals, out-of-state cancellations, etc...) around the 15th of each month. Additionally, please make sure you are using the SEIMS Weekly Data Check Report. Please pay close attention to the number and names designation. This information may reveal confidential

information such as a date of birth.

- Voter Registration Deadline- The Voter Registration deadline for the November Municipal Elections is today (October 13, 2023). The time for receipt depends on the mode of submission. Please review [Numbered Memo 2022-04](#) for more information.

Please remember that most provisions of Senate Bill 747 do not go into effect until 2024. As was mentioned in the Huddle, the only item that goes into effect is the photo ID notice that will need to be placed on your website. We will provide the necessary language soon. If you have any questions related to the various areas discussed in the email, please submit a help desk ticket at helprequest.sboe@ncsbe.gov and one of the program specialists will respond.

Best Regards,

Parker Holland

- G.S. 163-45 provides that the chair of each political party has the right to appoint observers "at each primary and election". There is no distinction between a partisan election versus a nonpartisan one.
- If a party chair already submits an at-large observer list in connection with one-stop, those identified observers may also observe on Election Day.
- A party chair may amend its observer list to substitute observers. For at-large observers, the list may be amended up until the day before Election Day. For one-stop and precinct observers, however, the list must be amended by 10:00 am five days before that substitution can become effective.
- An at-large observer may be replaced by another at-large observer, before four hours have elapsed.
- We recommend that counties provide the county party chairs, all observers, one-stop managers, and chief judges a copy of the observer guidance document. As a reminder it can be found on the ERC and on FileZilla here:

\Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents. We also recommend that one-stop site managers and chief judges physically hand this guidance out to every observer.

[Voter Registration \(Matt Stone, Voter Registration Program Specialist\)](#)

- Death Reports- While compiling data for a Public Records Request, we noticed that roughly 194 potentially deceased voters, remain on the voter rolls. Specifically, it looks like these, potentially deceased voters, appear on the DHHS State Matching Lists from 2022. Please take a moment to research the lists from 2022 to determine if any of the voters listed on those reports should be removed.
- Felony Removals/Objections/Challenges - If you have any questions or have any unusual circumstances related to a felony removal, please submit a Help Desk ticket.
- Ongoing List Maintenance- Please remember to conduct your monthly list maintenance tasks (ex. Deaths, duplicates felony removals, out-of-state cancellations, etc...) around the 15th of each month. Additionally, please make sure you are using the SEIMS Weekly Data Check Report. Please pay close attention to the number and names designation. This information may reveal confidential

information such as a date of birth.

- Voter Registration Deadline- The Voter Registration deadline for the November Municipal Elections is today (October 13, 2023). The time for receipt depends on the mode of submission. Please review [Numbered Memo 2022-04](#) for more information.

Please remember that most provisions of Senate Bill 747 do not go into effect until 2024. As was mentioned in the Huddle, the only item that goes into effect is the photo ID notice that will need to be placed on your website. We will provide the necessary language soon. If you have any questions related to the various areas discussed in the email, please submit a help desk ticket at helprequest.sboe@ncsbe.gov and one of the program specialists will respond.

Directors of Elections (via BCC):

Please find attached the PDF version of the new law book. Please share this with your board members. With all the new law changes (shown on pages xiii – xv), you may find it easier to review the early voting and absentee statutes, in particular, in their final updated form, while we are conducting absentee meetings and preparing for early voting. The new early voting section of Chapter 163 starts on page 168. The absentee laws, as revised, start on page 222.

As I mentioned at the conference, the hard copy version of the law book should be ready for shipment in April.

Directors (via BCC):

Please find attached and at [this link](#) a numbered memo issued by Executive Director Brinson Bell concerning election observers.

The recently enacted SB 747 rewrites the prior observer statute, requiring new procedures for the appointment of, challenges to, and removal of observers. It also alters some existing law on permissible and impermissible conduct of observers. This memo is intended to comprehensively address the law governing observer issues. It includes a detailed section on the conduct of observers, to

clarify the various election laws that apply to anyone at the polls, including observers.

We strongly encourage you to use this guidance as a reference when creating training materials for poll workers or outreach materials for observers, and when conducting training with chief judges, in particular.

The State Board is currently conducting a public comment period on three temporary rules governing the processes for the county boards to hear challenges to observers and appeals from an observer's removal, and spelling out the ID badge requirement for observers. These items are alluded to in the memo, but the specific details of these requirements will need to await the conclusion of the rulemaking process, which is not expected to finish until sometime next month.

Please reach out if you have any questions.

Paul Cox

Hey,

I put your list into an excel spreadsheet and only kept the potential duplicates that were still on the 8/26/23 voter rolls. This isn't a complete list of potential duplicates since it's only Active voters, and I noticed each record contains a full middle name.

I added a couple of columns from the "Missing SSN/Missing DL#" personal identifying information data that was received this week in [Records Request #23-128](#). (By the way, as of recently, there are **427,785** NC voter records missing *both* a DL# and SSN-4, another **351,063** NC voter records missing just the DL#, and an add'l **223** voter records missing only the SSN-4.) The case #s that are highlighted are (potential) duplicate records *with the same registration date*.

This is the concern, of course: Every single voter record on the voter rolls in Active,

Inactive or Temporary status, whether it's an eligible voter or not, can be used to cast a ballot. Every ineligible ballot dilutes the votes of a legal voter.

I realize the NCSBE will not accept lists from 3rd parties, stating we must instead challenge errant voter records. However, **the leak needs to be fixed before cleaning up the flood waters.** In other words, the **sources** of the *constant, never ending supply of duplicate registrations being added to NC's voter rolls* need to be identified and corrected.

For those copied, citizen analysts find duplicates using these criteria. There must be a match on all 3 criteria in order to be considered a potential (very probable) duplicate.

1. Same Birth Year
2. Either the same/very similar* First and Middle Name (or) same/very similar* First and Last Name;
3. Either the same Residential Address, Mailing Address, or Phone #.

(*Very similar: off by 1-2 characters, such as Rachel/Rachol, or Ramey/Ramsey, or Bailey/Balley, or Rush/Brush). SQL Partial Match

Looking over the list, here are some questions/issues (using specific examples, which is why I'm copying BOE Directors from these counties):

1. When will the NCSBE correct the problem with more than one voter registration number being created for those who pre-register? (See birth year 2005).
2. When duplicates have the same registration date, why would one record have one or both the SSN-4/DL#, but the other one doesn't? Most of these appear to be a pre-registrations being made active when they turn 18. When duplicate registrations are merged, I'm wondering if the record *with* the personal identifying information is being kept **since that info is critical?**
 - a. BRUNSWICK
 - b. BURKE
 - c. CASWELL
 - d. CATAWBA
 - e. CURRITUCK
 - f. DAVIE
 - g. FORSYTH
 - h. MACON
 - i. MECKLENBURG
 - j. NEW HANOVER
3. NEW HANOVER/BRUNSWICK - How does one voter get registered on the same day in two different counties? (pre-registration?) DB358710/AK193328
4. The registration dates in red are those where the potential duplicates have been

on the system *since 2022 or before* – that’s more than half of this list. You’ll see most of these potential duplicates aren’t ending up on the NCSBE’s list (or the system doesn’t **prevent** dupl DMV records from being added) because:

- a. The names are slightly different, or
- b. One record has the personal identifying information (SSN/DL), but the other is missing that information.

I know of one, possibly two, groups in NC (not one I’m affiliated with) who are working on a lawsuit against the NCSBE for their many violations of the Help America Vote Act. This issue pertains to Sec 303, *“the list maintenance performed under subparagraph A shall be conducted in a manner that (iii) duplicate names are eliminated from the computerized list.”* Personally, I’d prefer the NCSBE not have to spend our tax dollars on attorneys to fight a lawsuit. I’d prefer public funds are spent to rectify these system problems. This seems this is a “pay me now or pay me later” situation.

Thanks for sending this revised list, Totes,

Carol Snow

Hey North Carolina,

Looking at your most recent voter roll export, does it seem like you have a few people who might be registered to vote more than once?

And does it seem like there are a few typos in the data like :

MCLDENDON vs MCLENDON
JOHNSTON vs JOHNSON
NEILSON vs NIELSON
AGUILAR-DIAZ vs AGUILAR-DIGZ
828-661-2670 vs 828-661-2690
828-829-2210 vs 828-827-2210

828-851-1074 vs 828-851-1674

A few examples of possible-excess regs in the current export, ACTIVE status only :

Amanda,

Please see our responses below and let us know if we can be of any further assistance. Thanks!

1. Do the ES&S ballots include a barcode?
*Barcodes exist on both hand-marked paper ballots and machine-marked paper ballots and those barcodes are used in the very same manner in both scenarios to count votes. All tabulation machines that count paper ballots use a barcode to properly and accurately count the vote. The security of each method of voting is confirmed by election officials during pre-election tests and in post-election audits. Along with the machine-readable barcode, ballots produced by the ExpressVote also print the voter's selections in human-readable text, so a voter can verify their selection before casting their ballot. All ExpressVote ballots are fully auditable.
Watch this video to learn more about how ballots are counted: <https://www.essvote.com/blog/video/video-how-are-ballots-counted/>*
2. Does the DS300 computerized voting machine include components on the motherboard made in China or the Philippines?
All ES&S tabulation software is developed and compiled exclusively in the USA. All final hardware configuration of ES&S voting machines is performed exclusively in the USA. Some components used in our voting machines are made in countries outside the USA. Components are tested and verified before being certified at the state level. These components are then used in the final assembly of the voting machines which occurs in the USA. Visit this web page to learn more about the ES&S manufacturing and supply chain: <https://www.essvote.com/faqs/supply-chain-manufacturing-faq/>
3. Are you aware of any ES&S machines shipped with undetected vulnerabilities or backdoors that allow tampering?
No. ES&S voting equipment has been proven accurate and secure through thousands of hours of testing and thousands of elections nationwide. ES&S voting machines are certified by the U.S. Elections Assistance Commission (EAC) and undergo robust testing by NIST-accredited Voting System Test Laboratories (VSTLs) for accuracy, reliability, usability and security. Many layers of security protect voting systems, including pre-election testing, locks, restricted access, tamper-resistant seals, chain-of-custody protocols, and voting machines which are locked down to ensure limited access, along with more advanced technology found in newer equipment. Watch this video to learn about the many layers of security protecting voting systems: <https://www.essvote.com/blog/video/video-layers-of-security/>
4. They advertise an "optional" modem and land line. What guarantees do we have that these devices does not ship with a modem already installed?
Modems are not present in any ES&S DS200 or DS300 machines in North Carolina. Modem components are not resident on the DS200/DS300 by default, but rather a separate board that is only installed in DS200s/DS300s in those jurisdictions where a State may permit their legal use. This modem component is not used, installed or certified, in North Carolina, and therefore not present in the machines. North Carolina counties are prohibited from purchasing equipment that is not certified in the state. The State Board also oversees acceptance testing for all counties that purchase new equipment. This ensures that the equipment delivered by the company is the certified equipment ordered by the county. Additionally, ES&S has compliance oversight procedures which prevent uncertified equipment from being shipped to states. Please see the attached facts about North Carolina and modems.
5. Can the ES&S DS300 be connected to the internet?
No. The DS300 is part of a hardened voting system environment. Please see the attached facts about North Carolina and modems.
6. What does this mean? "A DS300 configured for an early voting location does not support precinct level results reporting; however, an election summary report of tabulated vote totals is supported."
The DS300 fully supports precinct level results reporting at early voting and One Stop voting locations.
7. What is the total cost of the DS300 including early updates and yearly coding?

<i>DS300 Poll Place Scanner and Tabulator:</i>	
<i>DS300 (Includes Internal Backup Battery, Paper Roll and One (1) Standard 4GB Memory Device)</i>	\$5,995.00
<i>DS300 Ballot Box with Power Supply and AC Cord</i>	\$955.00

Also, please note you can find pricing information at any time at the NCSBE through the Uniform Pricing Sheet which is updated regularly.

Good Morning Commissioners Isenhower, Allran, Abernethy, Jr., Beatty and Setzer

We are emailing you today in regards to the "mandatory" voting system upgrade and/or replacement discussed at the October 3rd Catawba County Board of Election meeting.

Our member, Deby Thornburg attended the above mentioned meeting and after viewing three sales videos for various voting systems, it was clear that the intention was to upgrade our current DS200 voting machines to the newest DS300 model.

To be fair, we feel Executive Director, Amanda Duncan strives to maintain the highest level of professionalism and organization for our county election office. She has always been cordial and quick to answer any questions we have. We have been on almost every North Carolina county election board website and ours is by far the most informational one in the state.

We are not against technology; we feel that upgrading our election operating system from Windows 7 to Windows 10 would be a logical and prudent decision.

However, we were disappointed that not one election board member, Republican or Democrat, asked about the safety of the machines. While in-depth financial and accounting audits are a standard practice in the business world, audits of election agencies, procedures and systems are almost nonexistent in our public elections; except for very limited audits in limited circumstances. All computers can be hacked including all government computers. How is it possible that computer voting machines are the only ones that cannot be hacked?

Is anyone performing their due diligence? Are we to just trust the sales pitch from ES&S when we know they are involved in lawsuits in other states? <https://newjerseyglobe.com/state-government/n-j-attorney-general-to-probe-ess-vote-tabulation-errors-that-caused-some-22-election-results-to-be-double-counted/>

Recently, our group, Patriots United of NC collected 188 signatures of Catawba County voters who don't even want voting machines; much less a large amount of what we assume is tax payer dollars going to new machines. (We are sure if we put more effort we could have ten times, if not more the amount of signatures.) These constituents signed their names to support you in securing our elections in Catawba County by the powers set in General Statutes [163-165.7](#), [165.8](#), [165.9](#) and [165.9A](#).

Transparency in technology is vital. It is imperative we review all technology, software, machines, and other equipment, including auditing the technology oversight to ensure vendors are not running the technology and that there is oversight of all equipment by election officials and the public. Not taking the time to do these things cause distrust and disinterest in our county's voting process.

Finally, the officials making choices related to voting systems need to be educated about the strengths and weaknesses of potential systems, prior to those systems being purchased. Here are several questions that should be considered:

- <!--[if !supportLists]-->1. <!--[endif]-->Do the ES&S ballots include a barcode?
- <!--[if !supportLists]-->2. <!--[endif]-->Does the DS300 computerized voting machine include components on the motherboard made in China or the Philippines?
- <!--[if !supportLists]-->3. <!--[endif]-->Are you aware of any ES&S machines shipped with undetected vulnerabilities or backdoors that allow tampering?
- <!--[if !supportLists]-->4. <!--[endif]-->They advertise an "optional" modem and land line. What guarantees do we have that these devices does not ship with a modem already installed?
- <!--[if !supportLists]-->5. <!--[endif]-->Can the ES&S DS300 be connected to the internet?
- <!--[if !supportLists]-->6. <!--[endif]-->What does this mean? "A DS300 configured for an early voting location does not support precinct level results reporting; however, an election summary report of tabulated vote totals is supported."
- <!--[if !supportLists]-->7. <!--[endif]-->What is the total cost of the DS300 including early updates and yearly coding?

In short, we want to ensure that every eligible citizen is able to vote and that those votes are not diluted, voided, or stolen due to errors, mistakes, fraud, or other problems in the election system.

Respectfully,
Patriots United of North Carolina;
Deby Thornburg

Hey Amanda,

While I agree that this is a wonderful idea, NCGS § 163-166.3 (see below) would not allow for an observation as requested. The law does allow for simulated elections, but this does not appear to be the request. Students could view anything a member of the general public can view, like electioneering outside the polling place or view other elections related procedures. Additionally, if the are students will be at least 17 years old by election day they could always be student election assistants.

§ 163-166.3. Limited access to the voting enclosure.

(a) Persons Who May Enter Voting Enclosure. - During the time allowed for voting in the voting place, only the following persons may enter the voting enclosure:

- (1) An election official.
- (2) An observer appointed pursuant to G.S. 163-45.
- (3) A runner appointed pursuant to G.S. 163-45, but only to the extent necessary to announce that runner's presence and to receive the voter list as provided in

G.S. 163-45.

- (4) A person seeking to vote in that voting place on that day but only while in the process of voting or seeking to vote.
- (5) A voter in that precinct while entering or explaining a challenge pursuant to G.S. 163-87 or G.S. 163-88.
- (6) A person authorized under G.S. 163-166.8 to assist a voter but, except as provided in subdivision (7) of this section, only while assisting that voter.
- (7) Minor children of the voter under the age of 18, or minor children under the age of 18 in the care of the voter, but only while accompanying the voter and while under the control of the voter.
- (8) Persons conducting or participating in a simulated election within the voting place or voting enclosure, if that simulated election is approved by the county board of elections.
- (9) Any other person determined by election officials to have an urgent need to enter the voting enclosure but only to the extent necessary to address that need.

(b) Photographing Voters Prohibited. - No person shall photograph, videotape, or otherwise record the image of any voter within the voting enclosure, except with the permission of both the voter and the chief judge of the precinct. If the voter is a candidate, only the permission of the voter is required. This subsection shall also apply to one-stop sites under G.S. 163-227.2, 163-227.5, and 163-227.6. This subsection does not apply to cameras used as a regular part of the security of the facility that is a voting place or one-stop site.

(c) Photographing Voted Ballot Prohibited. - No person shall photograph, videotape, or otherwise record the image of a voted official ballot for any purpose not otherwise permitted under law. (2001-460, s.

3; 2005-428, s. 1(b); 2007-391, s. 23; 2008-187, s. 33(a); 2017-6, s. 3; 2018-144, s. 3.4(b); 2018-146, s. 3.1(a), (b).)

It would be a wonderful experience for the students to observe voting, but there are obvious logistical issues. What if they broke the students down into smaller groups...6 or so...and we took them in for brief (10 minutes or so), supervised tours? By "we," I mean perhaps a board member or an election official. Are there any state regulations to consider?

Good Afternoon Mrs. Duncan,

I am writing to inquire of the possibility for three classes of University Christian High School (UCHS) students to observe the upcoming election at the St. Andrews polling center.

My name is Kathy Bradham. As a member of the Collaboration Partnerships of the League of Women Voters of Catawba Valley (LWVCV), Betty Lohr, the Chair of this committee and I met with Mr. Jerry Willard, current Social Studies and Civics Education teacher (and former principal of UCHS) to discuss how our committee could support civics education and students' engagement. One of his requests was to determine the possibility that his three classes of Civics students, consisting of no more than eighteen (18) students (13, 15 and 18 students respectively) could observe voters during the upcoming municipal elections at the St. Andrews polling center.

If this is a possibility, what information can I share with Mr. Willard from you to confirm that his students can observe this unique experience, acknowledging that the students will not interfere with any voter's rights to cast his/her ballot. As a retired educator, and a strong supporter of civics education, I am hoping to work with you regarding this request.

I look forward to hearing from you in the near future. Thank you for considering this special request for our youth.

Sincerely,

Kathy Bradham

Dear Directors,

Please read this email carefully, as it pertains to a required notice about photo ID for your websites.

In order to comply with section 45.(a) of [Session Law 2023-140](#) (Senate Bill 747), you must either (1) include certain required language in a "notice" in a prominent place on your county board of elections website, OR (2) place an icon in a prominent place on your website that links to a "notice" with this required language.

Our recommendation would be to use the full notice below, unless you already have a thorough, prominent notification about the photo ID requirement on your website. If you do, then the "icon" described at the end of this email is another option.

Below is the language to use for the "notice." We recommend placing this notice, or the icon linking to this notice, on the homepage for your website if you have multiple pages on your website. We suggest including the additional language that is highlighted below. Although this highlighted language is not required by the session law, including this additional language will ensure voters get the full picture on the photo ID requirement, some of which may be missed in the initial language required by the session law.

This language does not need to replace any existing guidance on photo ID that you have on your website. This "notice" can be placed on the website as an

addition to your existing guidance.

Here is the language:

Voters will now be asked to present a valid photo identification when voting in person. If you do not have a valid photo ID card, you may obtain one from your county board of elections prior to the election, through the end of the early voting period.

If you do not have a valid photo ID card on Election Day, you may still vote and have your vote counted by signing an affidavit of reasonable impediment (or “Photo ID Exception Form”) as to why you have not presented a valid photo ID. The Exception Form can also be used if you have a religious objection to being photographed or are a victim of a recently declared natural disaster.

As an alternative, if you don’t have your ID when you vote, you can still vote and then bring your valid photo ID to your county board of elections by 5 p.m. on the ninth day after Election Day (or the sixth day after Election Day for September or October local elections).

If you vote by mail, then you must include a photocopy of a valid photo ID when returning your ballot. You may also complete the Absentee Photo ID Exception Form that is provided with your absentee ballot materials.

A list of all types of ID that can be used for voting is available on the State Board of Elections [Voter ID](#) webpage. For information on how to get a free ID, see [Get a Free Voter Photo ID](#).

If you wish to use the “icon” option instead, please embed the code (attached) in a prominent place on your website. The code will automatically link your website to the State Board’s [Voting](#) page, where the required notice is posted.

If you have questions, please contact me at this address. Thanks, and I hope you all are well!

Please find attached and at the link below a revised version of Numbered Memo 2020-25, issued by Executive Director Brison Bell, regarding the legal requirements and procedures pertaining to county board absentee meetings. Please review this latest version carefully. Significant revisions to this numbered memo were required to take into account photo ID implementation. Revisions were also made to remove outdated COVID-19 guidance and to improve the organization of the memo, among other reasons.

Subject: Statewide Observer Lists
Importance: High

Directors (via BCC):

Attached please find the list of statewide at-large observers appointed by the state Democratic and Republican Parties. Under the new observer law, copied below, these observers are entitled to be present in any voting place, including early voting, in the state, as long as no more than three observers from one party are present. These lists were submitted before noon today, which makes these observers eligible to serve starting tomorrow. **Please forward these lists to your early voting chief judges and election day chief judges.**

I've highlighted relevant sections of the new law below regarding how these observers are appointed and how you may confirm their identity, and their eligibility. **If you notice that any named observer from your county is a candidate, a poll worker, or county board member for the primary, please contact us immediately, as they are ineligible to be an observer.**

Best regards,

Paul Cox

GS § 163-45.1. Observers.

(a) For purposes of this section, “observer” is defined as an individual appointed pursuant to this section to observe the voting process at a voting place.

(b) Observers may be appointed in accordance with the following:

(1) The chair of each political party in the county may designate two registered voters of the county to serve as observers at each voting place in that county in which the political party has a candidate appearing on the ballot.

(2) The chair of each political party in the county may designate up to 10 registered voters of the county to serve at any voting place in the county in which the political party has a candidate appearing on the ballot.

(3) The chair of each political party in the State may designate up to 100 registered voters of the State to serve at any voting place in the State in which the political party has a candidate appearing on the ballot.

(4) An unaffiliated candidate or the unaffiliated candidate’s campaign manager may designate two observers to serve at each voting place in which that unaffiliated candidate appears on the ballot.

(c) The list of individuals appointed pursuant to this section shall be submitted electronically or in writing by noon on the business day before each observer is scheduled to serve. Individuals

appointed to serve at a particular voting place or countywide shall be submitted to the director of the county board of elections for that county. Individuals appointed to serve statewide shall be submitted to the Executive Director of the State Board, who shall submit a copy to each affected county board of elections. Before each voting place opens for voting, the county board of elections shall provide a copy of the list of appointed observers for each voting place to the chief judge for that respective voting place, including any countywide or statewide observers.

(d) The chief judge at each voting place may use reasonable methods to verify the identity of individuals appearing at the voting place to serve as an observer. The State Board may require an observer to wear an identification tag or badge to make voters and election officials aware of the observer’s role in the voting

place.

(e) No more than three observers from the same political party shall be in the voting enclosure at any time. Observers appointed to serve at a particular voting place may be relieved during the day after serving no less than four hours. Observers appointed to serve countywide or statewide may be relieved anytime throughout the day. Observers shall not appear on the ballot as a candidate or serve as an election official in the primary or election in which the observer is serving as an observer. Observers shall take no oath of office.

(f) The county board of elections or a chief judge of a voting place shall only challenge the appointment of an observer pursuant to this section for good cause, which shall include evidence that the observer could impact the conduct of the election.

(g) Election officials shall not prohibit an observer from doing any of the following, provided that the observer does not interfere with the privacy of any voter or the conduct of the election:

(1) Taking notes in the voting place, including using an electronic device to take notes.

(2) Listening to conversations between a voter and election official that take place in the voting place, provided the conversation is related to election administration.

(3) Moving about the voting place, including the designated area for curbside voting.

(4) Leaving and reentering the voting enclosure.

(5) Communicating via phone outside of the voting enclosure.

(6) Witnessing any opening and closing procedures at the voting place.

(h) Observers shall not do any of the following inside the voting place:

(1) Look at, photograph, videotape, or otherwise record the image of any voter's marked ballot.

(2) Impede the ingress or egress of any voter into the voting place.

(3) Inhibit or interfere with any election official in the performance of his or her duties, including interfering with the transport of sealed ballot boxes, election equipment, or election results to the county board of elections.

(4) Engage in electioneering.

- (5)** Make or receive phone calls while in the voting place.
- (i)** An observer may take photographs inside the voting place before the voting begins and after voting has concluded, provided that the taking of photographs does not impair any election official in executing opening and closing procedures or compromise the security of ballots, election equipment, or election results. The State Board shall adopt rules to implement this subsection.
- (j)** A chief judge may remove an observer who engages in prohibited behavior under this section. A chief judge may also remove an observer for good cause, which shall include evidence that the observer could impact the conduct of the election. Whenever possible, the chief judge shall first issue a verbal or written warning to the observer. The warning must include the time and nature of the offense, and the chief judge must provide the observer a reasonable opportunity to correct the behavior. If the chief judge determines the observer should be removed, the chief judge must immediately notify the director of the county board of elections. The director of the county board of elections must immediately notify the appointing authority so that a replacement observer can be appointed. Nothing in this section prohibits a chief judge from reporting an alleged violation of State or federal law to the appropriate authority.
- (k)** The State Board shall develop a uniform process for all county boards of elections and the State Board to implement for all of the following:
- (1)** The filing and hearing of challenges of the appointment of an observer pursuant to subsection (f) of this section.
- (2)** The hearing of appeals on challenges of the appointment of an observer.
- (3)** The hearing of appeals on the removal of an observer from the voting place pursuant to subsection (j) of this section.
- (l)** An observer may obtain copies of the list of persons who have voted at each voting place during the times the voting place is open for voting. Counties using an “authorization to vote document” instead of pollbooks to indicate which persons have voted are in compliance with this requirement if they allow observers to inspect election records so that the observer can create a list of who has voted at each voting place. The State Board shall determine the times at which these lists may be

obtained. However, observers must be able to obtain copies of the list at least three times each day with at least one hour between obtaining the copies.

Greetings North Carolina Elections Team,

Several of you have reached out regarding the upcoming updates to SOSA which is scheduled to be released on 01/29/24. The main changes to SOSA will be the application number, the OS application itself, and the help referral form. The OS application will now be called the early voting application and is available on the ERC and FileZilla. Please note the retrievable ballot identifier/application number assigned during Early Voting will now start with an "EV" instead of an "OS". This is all done in accordance with SB 747 which amends General Statute 163-165 and replaces "One Stop" with "Early Voting" as the term to define the casting of an in-person ballot prior to Election Day.

Although SOSA Voting will still be named SOSA Voting, all other references to "One-Stop" have been updated to "Early Voting". These are mainly in pop-up messages of warnings, validations, and errors. These changes take a significant amount of time given the number of reports and the age of the system in which is being updated. Other changes in SOSA include:

- The absentee history screen (located via the registration screen) is changed to voter history and will show absentees and early voting records the voter may have.
- The ExpressLink file has been updated to included application number.
- Pursuant to section 17 of Senate Bill 747 all parties are available for selection in primaries for UNA registered voters.
- Votes cast during early voting will now be assigned as "EARLYVOTE" instead of "ABS-1STOP", or "EV-CURB" instead of "ABS-CURB"
- Updated SOSA forms (now available on the ERC and FileZilla):
 - The *One-Stop Application* was renamed to "Early Voting"

Application”. – (only difference on the form is title and version #).

*Adding new scanned doc types for Early Voting Application.

- The Help Referral Form was updated (updated One-Stop language and moved site and worker info above form title)
- The One Stop Name/Address Change Form was renamed to “Early Voting name/Address Change Form” – (only difference on the form is title and version #). *Adding new scanned doc types for Early Voting Change Form.

There will be other changes to One-Stop System Manager (OSSM) which is now going to be called SOSA System Manager (SSM) that interact with SOSA adding to the time it takes to update the system.

I hope this helps you all as you are reviewing and updating your training materials. If you have any questions, please do not hesitate to reach out.

(NCGS § 163-45.1(b)(2)), and each observer's party affiliation.

I respectfully request that the production be made in electronic form, if possible. **Please provide these records to the following email address: electionintegrity@ncgop.org.** As records become available, please provide them on a rolling basis. If any record is withheld on any basis, please include that reason in your response. If you are not the custodian of any of the records described above, I respectfully ask that you promptly forward this request to the correct individual. If costs are going to be assessed against the requestor in excess of \$25, please let me know before proceeding.

The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect the copies or the ability to inspect the requested records.

FOR IMMEDIATE RELEASE

Patrick Gannon, Public Information
Director

[Email](#)

10 Tips for Election Day Voters -- 2024 Primary Election Edition

Raleigh, N.C. — The 2024 primary election in North Carolina is Tuesday, March 5. The following are 10 tips for Election Day voters:

1) **Know the rules for a primary election.** Primaries are elections used to determine each political party's nominees who will advance to the general

election in November. In a partisan primary, voters affiliated with a political party may only vote their party's ballot and may not vote in another party's primary. Unaffiliated voters may choose any one political party's ballot or a nonpartisan ballot, if available in their jurisdiction. There are Democratic, Republican, and Libertarian primaries in our state this year. An unaffiliated voter may choose to participate in one of these party primaries, while a voter who is registered as a Democrat, Republican, or Libertarian will receive their party's ballot. For more information, see [Upcoming Election](#).

2) **Go to your assigned polling place on Election Day.** Statewide, nearly 2,600 polling places will be open from 6:30 a.m. to 7:30 p.m. on Tuesday. Voters in line at 7:30 p.m. will be able to cast a ballot. To find your polling place, use the [Voter Search](#) tool on the State Board's website, [NCSBE.gov](#).

3) **Find your sample ballot.** Voters can use the State Board's [Voter Search](#) tool to locate their sample ballot. The ballot shows the contests that you'll be voting on. Using [Voter Search](#), pull up your voter record, then scroll down to the "Your Sample Ballot" section.

4) **Bring your photo ID.** You will be asked to show photo ID at your polling place when you check in to vote. Most voters will simply show their driver's license, but there are many other acceptable photo IDs. For more information, including the full list of acceptable IDs, visit [BringItNC.com](#). Voters who do not have photo ID when they vote can make sure their vote counts by either (1) filling out a form explaining why they are unable to show ID, or (2) showing their ID at their county board of elections office by 5 p.m. March 14, the ninth day after the election.

5) **Voters may not register on Election Day in North Carolina.** While that is the general rule, voters who become eligible after the regular voter registration deadline, either due to becoming a U.S. citizen or having their rights restored following a felony conviction, are still permitted to register on Election Day.

6) **If you need assistance, request it at your polling place.** [Curbside voting](#) is available for voters who are unable to enter the voting place without assistance due to age or disability. Once inside the polling place, voters who experience difficulties should request help from an election worker. For more information, see the [Help for Voters with Disabilities](#) page.

7) **State and federal laws forbid intimidation or interference with voters.** This includes hindering access to the voting place, whether inside or outside the voting site. It is also a crime to interfere with election officials carrying out their duties. Penalties for violations include prison time, a fine, or both. The State Board takes these incidents very seriously. When they occur, we will work with our law enforcement partners to respond. Voters who are harassed or intimidated should notify an election official immediately.

8) **Election results will be posted at the State Board's [Election Results Dashboard](#).** See also the [Election Night Reporting Timeline](#) for information on when the public can expect unofficial results on election night.

9) **If you still plan to vote an absentee ballot, act fast.** The deadline to have your ballot delivered to the [county board of elections](#) is 7:30 p.m. on Tuesday, Election Day. If you are unsure that the postal service or another delivery service will deliver your ballot by Tuesday, you can instead drop it off at your [county board of elections](#) office during business hours, or at an early voting site through 3 p.m. Saturday, when early voting ends. Or you can decide to vote in person on Election Day, and discard your absentee ballot.

10) **If you're participating in the election – as a voter, poll worker, observer, or campaigner – please treat others with dignity and respect.** We know the political climate in our country is tense. But let's make North Carolina a model for accessible, safe, secure, and accurate elections.

For more information about voting on Election Day, see [Vote in Person on Election Day](#).

Subject: Elections Administration Team Updates 09/01/2023

Greetings North Carolina Elections Team,
I hope this email finds you well. In an ongoing effort to keep everyone informed of the updates being made related to photo identification implementation, as well as other pertinent information, the Elections Administration Team wanted to share several important updates. These updates are related to the various elections administration subject areas.

In Person Voting

- 2023 Approved Photo IDs List- The 2023 Approved Photo ID List has been finalized. This file can be printed on one page (front and back) and is the list that, at minimum, each poll worker should have for checking in voters. We would suggest a copy of the list also be at the help station for use when voters are referred to the help station for photo ID reasons, as well as any other location it may be useful. As you will see, the list of institutions with approved student and/or government employee IDs is on the back page. This can be found on the ERC and here on FileZilla: Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
- 2023 Approved Photo ID List – Federal Recognized Tribes: This list would be 7 pages if printed front and back, so this file only needs to be readily accessible in the event a voter presents a tribal photo ID. Counties may choose to print a copy to have on hand or refer to it electronically. As you will see, this list includes previous names for tribes that have changed their name in recent years to further assist poll workers in identifying a federally recognized tribe. This can be found on the ERC and here on FileZilla:
Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
- Voter ID Poster- This poster has been slightly revised. The poster should be displayed at each voting site and must be posted in county offices to fulfill the requirement in SL 2018-144 that the public be educated by “posting information concerning changes contained in [the photo ID] legislation in a conspicuous location at each county board of elections.” If you by chance have already printed this, you do not need to reprint. It can be here on FileZilla: Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Posters and Signs and the updated version will be on the ERC soon.
- 2023 Station Guide- The Station Guide with information regarding photo IDs has been updated. It can be found on the ERC and on FileZilla here:
Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Guides. The guide is designed to fit in the flip books that have been previously distributed by the State Board of Elections. The guide is currently separated into three separate sections for the respective stations. Quick reference guides for the check in station, and curbside voting are being finalized.
- Early Voting Schedules- If you have not done so already, please enter your early voting schedule into One-Stop System Manager.

- Observer/Runner Guide- The Observer/Runner Guide has been updated for 2023. It has been posted to the ERC and can found on FileZilla here:
Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents. Please note that there will be significant changes to this document in 2024.
- Provisional Curbside Oath- As you all know voters who need to cast a curbside ballot provisionally are still required to fill out a curbside affidavit. In SOSA/OVRD precinct officials can indicate that a voter is voting curbside provisionally, however, the affidavit does not print. Counties will need to ensure they have blank copies of the affidavit for the voters to fill out. A template can be found on the ERC and on FileZilla here:
Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
- Provisional Instructions- A significant update was made to the provisional instructions, including the addition of language relevant to voters who did not show a photo ID but filled out the photo ID exception form. The new instructions can be found on the ERC and here on FileZilla:
Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents. An enhancement has been entered and should be in production by Thursday, September 7th.
- Other Voter ID Documents- The following documents have been created or updated as a result of photo ID:
 - The 7 Key Points On Photo ID
 - The 2023 Approved Photo ID List
 - The 2023 Approved Photo ID list-Federally Recognized Tribes,
 - The 2023-Common ID Flyer
 - The 2023 Station Guides
 - The Absentee Instructions
 - The Absentee Voting Photo ID Exception Form
 - The Civilian Absentee Ballot Container Envelope the (“the ballot envelope”)
 - The Incoming Civilian Envelope (“the return envelope”)
 - The College Voting Info Sheet
 - The Curbside Log,
 - The HAVA Poster,
 - The Help Referral Form
 - The In Person Photo ID Exception Form
 - The Notice to Same Day Registrants,
 - The Provisional Voting Envelopes (a label template is still being worked on)
 - The Provisional Voting Instructions,
 - The Photo ID Info Sheet,
 - The Voter Photo ID Card Request Form
 - The Voter Photo ID Card Creation Job Aid

Each of the above items can be found on the ERC ([Elections Resource Center - Home \(sharepoint.com\)](#)) and on FileZilla.
[Absentee by Mail Voting \(Allison Blackman, Absentee](#)

by Mail Program Specialist)

- Please see the email from Allison Blackman from August 28th related to absentee materials.
- The MAT Manual is now available and can be found on the ERC and here on FileZilla:

Absentee Materials\MAT Materials.

Candidacy, Canvass, and Petitions (Tiffany Holden, Candidacy and Canvass Program Specialist)

- December Candidate Filing- In order to prepare for the 2023 December Candidate Filing period, please confirm the base annual salary with the appropriate governing body to determine the filing fee for each contest which falls under the county board's jurisdiction (see NCGS 163-107 and 163-182.4). The filing period begins at noon on Monday, December 4, 2023, and ends at noon on Friday, December 15, 2023.
- Reminder- The NC Forward Party has requested that its chairperson's information be changed in the Petition Checking Module. Jessie Thomas is no longer serving as the chair. As of 08/03/2023, Myia Hall is serving in this capacity. Her contact information has been added in the database: Address: 2109 Solana Woods Drive, Durham NC 27703, Contact Number: 240-596-8345, Email address: mjhall223@gmail.com. NCGS 163-96(b) requires the signature sheet to have the name of the chair on it. The chair has changed during the signature gathering process, the following will apply to the signature sheets (this has been communicated to the party):
 - Signatures that were signed and dated before the chairperson changed can be accepted for verification, even if submitted to a county board for verification after the chair has changed. The important part is that the information on the signature sheet, which includes the chairperson's name, was correct at the time the voter signed.
 - Signatures that were signed and dated after the chairperson changed, but with the old chairperson's name on the sheet would need to be signed again. If there is a sheet with some signatures before and some after the date the chairperson changed, then only those after would need to be signed again on a new sheet with the correct chairperson's name on it.
 - Please ensure that you are mailing the verified original signature sheets to the address listed in the Petition Module and as a reminder please ensure that you have copies for your records.

Voter Registration (Matt Stone, Voter Registration Program Specialist)

- Felony Removals/Objections/Challenges - If you have any questions or have any unusual circumstances related to a felony

removal, please submit a Help Desk ticket.

- **Ongoing List Maintenance**- Please remember to conduct your monthly list maintenance tasks (ex. Deaths, felony removals, out-of-state cancellations, etc...) around the 15th of each month. Additionally, please make sure you are using the SEIMS weekly data check for list maintenance purposes, particularly the number in name description.

If you have any questions related to the various areas discussed in the email, please submit a help desk ticket at helprequest.sboe@ncsbe.gov and one of the program specialists will respond.

Dear Directors,

We understand that some of you have received public records requests from American Oversight like the one attached. We are offering the following guidance, but please reach out if you have questions.

- As always, you should consult your county attorney or whoever handles public records requests for your county.
- Put simply, American Oversight is looking for (1) any emails or other correspondence between directors and county board members and any of the “External Entities and Individuals” listed in the request, **and** (2) which include any of the 12 “Key Terms” listed in part 2.
- You could either consult with your county IT department or whoever is capable of conducting searches of your email system to create a query or queries to pull these records; or you could have the individuals from your office and your Board named in the request personally search their email accounts for correspondence with the individuals listed in the request (a through w), and for correspondence which include any of the key words and phrases listed in part 2 of the request. *If your county board members use personal email accounts for their county elections business, they must personally search those accounts and provide any email correspondence responsive to the request.*
- They are seeking records from June 1, 2023, to the present, so any searches can be limited to that time frame. They are also asking for attachments to any responsive emails.
- In the first part of the request, you’re just looking for emails between the director and specific board members and the outside persons/entities. In the second part of the request, you are specifically looking for emails **sent** by the director and the specific board members with key terms in the emails. If your IT or Legal teams are creating queries, they should be able to query only for emails **sent** by any of the individuals and which include those terms.
- Before producing any documents, you should review them to ensure they do not contain confidential information, such as criminal investigations records or confidential voter information.

- Please put in a HelpDesk ticket if you have questions.

Thanks,

Patrick Gannon

Subject: Appointment of Early Voting Judges

Good Afternoon Michael,

Pursuant to Session Law 2023-140 (Sb 747), county board of elections are required to appoint precinct officials for each early voting site other than the county board of elections office, for each primary or elections. The session law further provides that county boards shall appoint qualified nominees from lists provided by the chair of each county political party if such recommendations are received “no later than the fifth business day preceding the date on which appointments are to be

made.”

This email is to notify you that the Catawba County Board of Elections is scheduled to meet on **February 6, 2024 at 5:00 p.m.** to appoint early voting officials for the upcoming elections. In accordance with Session Law 2023-140, the deadline for recommendations to be received by this office is 5 p.m. on, February 1, 2024.

The following are the qualifications for precinct officials pursuant to N.C.G.S. § 163-41 and -41.1:

- Must be a registered voter and resident of the county;
- Must be of good repute and have good moral character;
- Must be able to read and write;
- Must not hold any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof;
- Must not be a candidate for nomination or election;
- Must not hold any office in a state, congressional district, county, or precinct political party or political organization, or who is a manager or treasurer for any candidate or political party, provided however that the position of delegate to a political party convention shall not be considered an office for the purpose of this subsection; or
- Must not be the wife, husband, mother, father, son, daughter, brother or sister of any candidate for nomination or election if the candidate is on the ballot at the site in which the precinct official would serve.
- The following categories of relatives are prohibited from serving at the same voting site at the same time: spouse, child, spouse of a child, sister or brother. These individuals may serve at different voting sites at the same time or at the same voting site at different times.

Precinct officials are required by law to take an oath before serving, which pledges them to administer their duties “without fear or favor;” to “not in any manner request or seek to persuade or induce any voter to vote for or against any particular candidate or proposition;” and to “not keep or make any memorandum of anything occurring within a voting booth, unless [they are] called upon to testify in a judicial proceeding for a violation of the election laws of this State.” N.C.G.S. § 163-41(e).

We request that when you consider making these recommendations that you keep in mind the special requirements for staffing early voting sites, including:

- Availability to assist with setup and breakdown of early voting locations
- Ability to use computers: laptops and printers for elections applications, entering data into election applications and using voter look-up tools, learning and executing opening and closing procedures for voting machines (tabulators and ballot marking devices)
- Ability to lift or assist in moving voting machines, supply boxes, and other materials needed to operate an early voting location. (If physically unable, the county will work to accommodate so the site is otherwise staffed with someone who is able to do these things.)
- Ability to work as part of team and take direction
- Availability to attend training
- Ability to work the shift assigned

Please note that working early voting is different from Election Day. The work is similar, but early

voting involves some additional complexity. For example, at early voting, electronic pollbooks must be used at check-in station and the help station, same-day registration is permitted, and at the ballot table workers must record the application number and precinct on ballots as they must be retrievable. Additionally, early voting is multiple days, and the county board will need to ensure that every site is adequately staffed for every day of the early voting period.

Early voting begins on Thursday, February 15, 2024 at 8:00 AM and continues through Saturday, March 2, 2024 at 3:00 PM. We anticipate needing a total of workers to staff our early voting sites. If the party's recommendations are not received by **5 p.m. on February 1, 2024** or , if the party does not submit sufficient recommendations for each early voting site, the county board of elections may appoint to serve as chief judge, judge, and assistant registered voters in that county who were not recommended by the party chairs.

Please see the attached list for recommended Chief Judges/Judges for Early Voting. The staff has already contact all and the worker has agreed the position.

Good afternoon Amanda,

I was contacted by Chairman Bill Shillito from the Catawba County Republican Party in regards to sending over a list of at-large poll observers.

I have attached a list of trained observers with at-large observers highlighted in bold. This process is new to me so please advise if this format is incorrect. Please assign the other observers listed to their regular precinct locations.

Will it be possible to change the at-large observers names as needed or is this what we have for all of early voting? My understanding is I have 24 hours to submit names for observers as needed.

It is also my understanding that any observer assigned for tomorrow will not be able to start duty until 10:15AM.

If there is anything else you need, please just let me know.
Once again, thank you for your assistance.

Dear County Elections Board Member,

I'm taking the liberty of sharing a couple items with those of you who I can reach via email before your board meeting on July 18.

First, you may have heard that 32 long-serving Republican and Democratic county elections board members sent a letter to legislative leaders on Wednesday expressing their concerns about pending legislation in Raleigh. A WRAL-TV news story about the letter is here: <https://www.wral.com/story/local-election-officials-say-proposed-nc-election-changes-would-be-disruptive/20954589/>

And the letter is here: <https://www.documentcloud.org/documents/23875784-eba-nc-2023bills-julyletter#document/p1>

Second, the Graham County Board of Elections used that letter as a basis to send their own letter to their local legislative delegation. That letter is attached.

At the end of the WRAL news story, **legislative leaders say they “welcome feedback from elections officials across the state.”** Your county board may want to consider adopting a letter at the meeting on July 18 or discuss other ways to express your concerns about pending legislation.

Some of you have already reached out to your legislators and it's having an impact. It's vitally

important for them to hear the perspective and concerns of elections officials like you.

Thank you,
Bob Hall

Greetings North Carolina Elections Team,

I hope this email finds you well. In an ongoing effort to keep everyone informed of upcoming election related events, the Elections Administration Team wanted to share several important updates and reminders. These updates are related to the various elections administration subject areas.

-

[Absentee by Mail Voting](#)

- Absentee Board Meeting Two-As you all know the second absentee board meeting will take place on 02/06/24. This falls on the same day that our winter conference ends. The conference is expected to end at 11am so everyone can return to their counties in advance of the absentee meetings at 5pm. If a county is concerned about being able to return in time from the conference and complete all the logistics needed for the absentee meeting, whether due to distance to travel, being a small office, etc, then the county has two options:
 1. The county board could change the time to be later in the evening (7pm for example) to provide additional time to return and prepare. This would trigger the notice requirement in 163-230.1(f).
 2. If that's not feasible, a county could open the meeting virtually at 5pm and then recess it until the following day. Even though this would not change the start time of the meeting, it should still conform to the notice requirement in 163-230.1(f) because the actual taking of action on the absentee applications and ballots would occur the next day. That way there would be no contention of lack of notice. If an example is needed in how to phrase the notice, the State Board's [notice for the November 28 meeting](#) would be helpful to track.
- Absentee Ballot Portal- The absentee ballot portal will reopen on 01/01/2024.
- Absentee Ballot Request Form- The absentee ballot request form should be released by 12/13/2023.

- Absentee Ballot Envelopes- The absentee ballot return (incoming) envelope is now available and can be found on Filezilla here:
 \Election_Administration\Election_Forms\Absentee\2024 Absentee Materials\Envelopes.
 This is the only envelope that has an update for the 2024 Primary.
- Ballot Availability- Pursuant to N.C.G.S. § 163-22(k) at its November 28th meeting the State Board of Elections moved the date by which absentee ballots are being distributed from 50 days to 45 days prior to the March 2024 statewide primary election. Based on holidays the new distribution date is 01/19/2024. The full resolution can be found here: [20231128 Resolution for 45-day absentee distribution.pdf](#).
- UOCAVA Notice- As a reminder you will need to update your UOCAVA notice after candidate filing is complete. The updated version will include all contests for the primary and will include the Green Party as a primary party ballot choice pursuant to changes made in SB 747.

Candidacy, Canvass, and Petitions (Tiffany Holden, Candidacy and Canvass Program Specialist)

- Candidate Filing- Pursuant to, NCGS 163-106.5, section 9 can be completed by the chair or director without the candidate in front of the chair or director because this attests to what the registration records show—not that the person in front of the signer is who they say they are—and nothing prevents an electronic copy of the chair’s or director’s signature for this portion of the form.

In Person Voting (Allison Blackman, In Person Voting Program Specialist)

- Early Voting Application- Backup early voting applications and name and address change forms can be found here on FileZilla:
 Elections_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
- Early Voting Worker Appointments- At its November 28th meeting the State Board of Elections adopted a resolution regarding the appointment of early voting workers. The resolution established that at least 21 days prior to the appointment date, the county board shall send an email or letter via U.S. mail to the chair of each political party organized in the county, notifying the chair of (1) the county board’s appointment date and (2) the party’s deadline to provide recommendations for qualified early voting officials, which shall be the fifth-business day before the appointment date. The full resolution can be found here: [20231128 Resolution for appointment of early voting officials.pdf](#). A template letter is being worked on for counties to notify their party chairs.
- Early Voting Plans- The State Board of Elections will approve all early voting plans at a virtual meeting on 12/19/23, and nonunanimous plans will be heard at this meeting. Directors of counties with nonunanimous plans should send an email to Thomas.holland@ncsbe.gov by 12/15/23 identifying the board members who will present their plan at the meeting. A board member can choose to permit someone to present on their behalf as well. To ensure the meeting runs smoothly, all board members, or their designees, who will present must do so from the county board office so that there is only one “caller” per county. Due to the number of county boards that are presenting during the meeting, each side’s presentation is expected to last no more than 3 minutes. Finally, if someone from the public inquires about

providing a comment on a plan, they may do so only in writing. A written comment can be submitted by filling out the following [form](#).

- Help Referral Form- The 2024 Help Referral Form can be found here on FileZilla: Elections_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
- Notice to Same Day Registrants- The notice to same day registrants that is to be given to voters who register and vote at early voting is undergoing a significant redesign. The redesign effort is corresponding with updates related to SB 747 and a new SDR numbered memo that is going to be issued soon. As soon as it is available, we will notify you all and place it on FileZilla and the Elections Resource Center.
- Unaffiliated Voters in a Primary- As you all know Section 17 of Senate Bill 747 removes the requirement for political parties to submit a resolution permitting unaffiliated voters to participate in their primary elections. As a result, the Green Party has been updated in SEIMS so any ballot style generated for the party will be an option for unaffiliated voters which are eligible for that ballot style based on geocode.

[Voter Registration \(Matt Stone, Voter Registration Program Specialist\)](#)

- Felony Removals/Objections/Challenges - If you have any questions or have any unusual circumstances related to a felony removal, please submit a help desk ticket.
- NCOA's- NCOA data will be available for processing on **01/08/2024**. Please ensure that you have sufficient card stock to complete this process.
- Ongoing List Maintenance- Please remember to conduct your weekly and monthly list maintenance tasks (ex. Deaths, duplicates, felony removals, out-of-state cancellations, etc...). Additionally, please make sure you are using the SEIMS Weekly Data Check Report. Please pay close attention to the number and names designation. This information may reveal confidential information such as a date of birth.
- New VR Form- As a heads up, a new VR form will be introduced in January; however, you will not need to replace your current stock of VR forms. The new form will coincide with an update to processing the VR forms. A huddle presentation and additional guidance will be forthcoming soon.

If you have any questions related to the various areas discussed in the email, please submit a help desk ticket at helprequest.sboe@ncsbe.gov and one of the program specialists will respond. Thank you for all that you do for the voters of North Carolina!

 1. The county board could change the time to be later in the evening (7pm for example) to provide additional time to return and prepare. This would trigger the notice requirement in 163-230.1(f).
 2. If that's not feasible, a county could open the meeting virtually at 5pm and then recess it until the following day. Even though this would not change the start time of the meeting, it should still conform to the notice requirement in 163-230.1(f) because the actual taking of action on the absentee applications and ballots would occur the next day. That way there would be no contention of lack of notice. If an example is needed in how to phrase the notice, the State Board's [notice for the November 28 meeting](#) would be helpful to track.
- Absentee Ballot Portal- The absentee ballot portal will reopen on 01/01/2024.
- Absentee Ballot Request Form- The absentee ballot request form should be released by 12/13/2023.
- Absentee Ballot Envelopes- The absentee ballot return (incoming) envelope is now available and can be found on Filezilla here:
[\Election_Administration\Election_Forms\Absentee\2024 Absentee Materials\Envelopes](#). This is the only envelope that has an update for the 2024 Primary.
- Ballot Availability- Pursuant to N.C.G.S. § 163-22(k) at its November 28th meeting the State Board of Elections moved the date by which absentee ballots are being distributed from 50 days to 45 days prior to the March 2024 statewide primary election. Based on holidays the new distribution date is 01/19/2024. The full resolution can be found here: [20231128 Resolution for 45-day absentee distribution.pdf](#).
- UOCAVA Notice- As a reminder you will need to update your UOCAVA notice after candidate filing is complete. The updated version will include all contests for the primary and will include the Green Party as a primary party ballot choice pursuant to changes made in SB 747.

[Candidacy, Canvass, and Petitions \(Tiffany Holden, Candidacy and Canvass Program Specialist\)](#)

- Candidate Filing- Pursuant to, NCGS 163-106.5, section 9 can be completed by the chair or director without the candidate in front of the chair or director because this attests to

what the registration records show—not that the person in front of the signer is who they say they are—and nothing prevents an electronic copy of the chair’s or director’s signature for this portion of the form.

In Person Voting (Allison Blackman, In Person Voting Program Specialist)

- Early Voting Application- Backup early voting applications and name and address change forms can be found here on FileZilla:
Elections_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
- Early Voting Worker Appointments- At its November 28th meeting the State Board of Elections adopted a resolution regarding the appointment of early voting workers. The resolution established that at least 21 days prior to the appointment date, the county board shall send an email or letter via U.S. mail to the chair of each political party organized in the county, notifying the chair of (1) the county board’s appointment date and (2) the party’s deadline to provide recommendations for qualified early voting officials, which shall be the fifth-business day before the appointment date. The full resolution can be found here: [20231128 Resolution for appointment of early voting officials.pdf](#). A template letter is being worked on for counties to notify their party chairs.
- Early Voting Plans- The State Board of Elections will approve all early voting plans at a virtual meeting on 12/19/23, and nonunanimous plans will be heard at this meeting. Directors of counties with nonunanimous plans should send an email to Thomas.holland@ncsbe.gov by 12/15/23 identifying the board members who will present their plan at the meeting. A board member can choose to permit someone to present on their behalf as well. To ensure the meeting runs smoothly, all board members, or their designees, who will present must do so from the county board office so that there is only one “caller” per county. Due to the number of county boards that are presenting during the meeting, each side’s presentation is expected to last no more than 3 minutes. Finally, if someone from the public inquires about providing a comment on a plan, they may do so only in writing. A written comment can be submitted by filling out the following [form](#).
- Help Referral Form- The 2024 Help Referral Form can be found here on FileZilla:
Elections_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
- Notice to Same Day Registrants- The notice to same day registrants that is to be given to voters who register and vote at early voting is undergoing a significant redesign. The redesign effort is corresponding with updates related to SB 747 and a new SDR numbered memo that is going to be issued soon. As soon as it is available, we will notify you all and place it on FileZilla and the Elections Resource Center.
- Unaffiliated Voters in a Primary- As you all know Section 17 of Senate Bill 747 removes the requirement for political parties to submit a resolution permitting unaffiliated voters to participate in their primary elections. As a result, the Green Party has been updated in SEIMS so any ballot style generated for the party will be an option for unaffiliated voters which are eligible for that ballot style based on geocode.

Voter Registration (Matt Stone, Voter Registration Program Specialist)

- Felony Removals/Objections/Challenges - If you have any questions or have any unusual circumstances related to a felony removal, please submit a help desk ticket.
- NCOA’s- NCOA data will be available for processing on **01/08/2024**. Please ensure that you

have sufficient card stock to complete this process.

- Ongoing List Maintenance- Please remember to conduct your weekly and monthly list maintenance tasks (ex. Deaths, duplicates, felony removals, out-of-state cancellations, etc...). Additionally, please make sure you are using the SEIMS Weekly Data Check Report. Please pay close attention to the number and names designation. This information may reveal confidential information such as a date of birth.
- New VR Form- As a heads up, a new VR form will be introduced in January; however, you will not need to replace your current stock of VR forms. The new form will coincide with an update to processing the VR forms. A huddle presentation and additional guidance will be forthcoming soon.

If you have any questions related to the various areas discussed in the email, please submit a help desk ticket at helprequest.sboe@ncsbe.gov and one of the program specialists will respond. Thank you for all that you do for the voters of North Carolina!

Good afternoon NC Elections Team,

Great being with you for the Huddle this morning. As mentioned in my remarks and in the prior email, attached is the Situation Manual we will follow for the TTX on 1/24 for the statewide session

from 1 pm to 4 pm. Feel free to review in advance of the exercise. NCEM is providing this document to the local emergency management offices. The SitMan is TLP: Amber, which means “limited disclosure, restricted to participants’ organization and its clients.”

You should have received a calendar invitation on January 3rd following the email below. Just in case, I have included the Teams link below. This link will be used for you to participate statewide in the discussion and after action. You will co-locate with your local partners for discussion specific to your county. Please let Trena, your Elections Field Specialist, Neil Baddour, or me know if you have any questions.

Excited to be doing this TTX with all of you! Thank you for all you do! -- Karen

Subject: Elections & SERT Statewide TTX

Good afternoon NC Elections Team!

I’m excited to announce a tabletop exercise (TTX) between the State Board of Elections and the Department of Public Safety through North Carolina Emergency Management (NCEM) on Wednesday, January 24, 2024. The multi-media, discussion-based TTX includes the county boards of elections and local emergency professionals to help us prepare for the 2024 election year and further our coordinated efforts to serve the voters of our state. The exercise will begin at 1:00 p.m. and end by 4:00 p.m. This will be in lieu of our regularly scheduled Huddle on January 24th.

The goal of this exercise is to identify, measure, and discuss appropriate protection, mitigation, and

response issues.

Please join us during this time via Microsoft Teams. It is recommended that elections offices and emergency management officials come together in the same location for this exercise. You may also include other local partners such as county IT or law enforcement. County board members may participate as well, though you may need to consider noticing a meeting if there will be quorum. Information has been shared with local emergency management officials by NCEM.

The SBE and NCEM have worked very hard to put together a meaningful and productive experience, including developing a state-level exercise for the morning of January 24th to make sure our agencies are well prepared to support your efforts.

Mark your calendars and coordinate your attendees! A calendar invitation with the Teams link will be forwarded separately from this email. The Teams link is also included below.

Thank you for all you do,
Karen

Subject: March 5, 2024 Primary Observers

Good Morning,

It is that time to appointment observers to serve at our Early Voting locations and on Election Day. Please see the attached document and the link to the law pertaining to observers.

Pursuant to NCGS§ 163-45 the Chair of each political party in the county may, at their discretion, designate two observers per precinct on Election Day. The Chair of each political party may also designate 10 additional AT-LARGE observers that may attend any voting place in the county.

With that being said, should your party designate observers you are required to submit a list of these observers to this Board of Elections office, **no later than 8 a.m. on Monday , March 4, 2024** for the March 5, 2024 Primary.. If a party chair should decide to appoint observers for early voting, a list must be submitted to the Board of Elections office **no later than 8 a.m. on Wednesday, February 14, 2024.**

Requirements for this list are written within the attached guides and statutes. Please use the materials to assist you with training your observers

A copy of the observer list will be given to each Chief Judge for their particular precinct.

Please contact me with any questions.

Dear Directors:

SB747 changes the return time for absentee by mail ballots and removes the mail exception deadline. These changes, if they become law, will not go into effect until January 1, 2024. If you have opted to hold off on printing your return (incoming) envelopes for absentee, you may do so

now using the template with current law.

You should only print enough of these incoming envelopes for your municipal election(s).

Please find attached the PDF version of the new law book. Please share this with your board members. With all the new law changes (shown on pages xiii – xv), you may find it easier to review the early voting and absentee statutes, in particular, in their final updated form, while we are conducting absentee meetings and preparing for early voting. The new early voting section of Chapter 163 starts on page 168. The absentee laws, as revised, start on page 222.

As I mentioned at the conference, the hard copy version of the law book should be ready for shipment in April.

Please find attached and at [this link](#) a numbered memo from Executive Director Karen Brinson Bell, discussing the implementation of the new same-day registration provisions enacted by SB 747.

Please read this memo carefully, as certain aspects of same-day registration have changed in some important ways, including acceptable documentation of a voter's current residence and the procedures for denying the registration and discounting the ballot due to one mail verification being returned as undeliverable. **Due to this last change, it is critical that all poll workers assisting same-day registrants are trained, consistent with this memo (Sec. 5), to ensure an address where the voter can receive mail is properly listed on the voter's registration application.**

Please find attached and at [this link](#) a numbered memo issued by Executive Director Brinson Bell concerning election observers.

The recently enacted SB 747 rewrites the prior observer statute, requiring new procedures for the appointment of, challenges to, and removal of observers. It also alters some existing law on permissible and impermissible conduct of observers. This memo is intended to comprehensively address the law governing observer issues. It includes a detailed section on the conduct of observers, to clarify the various election laws that apply to anyone at the polls, including observers.

We strongly encourage you to use this guidance as a reference when creating training materials for poll workers or outreach materials for observers, and when conducting training with chief judges, in particular.

The State Board is currently conducting a public comment period on three temporary rules governing the processes for the county boards to hear challenges to observers and appeals from an observer's removal, and spelling out the ID badge requirement for observers. These items are alluded to in the memo, but the specific details of these requirements will need to await the conclusion of the rulemaking process, which is not expected to finish until sometime next month.

Please reach out if you have any questions.

Paul Cox

Please find attached and at [this link](#) a numbered memo from Executive Director Karen Brinson Bell regarding new requirements for the retention of certain election records (e.g., ballot applications, voted ballots, and results tapes). This resulted from the enactment of SB 747.

As the memo notes, these requirements became effective at the beginning of this year and apply to records now in the county board's possession, including records from last year's municipal elections. The memo also explains that once the State Board starts the new list maintenance procedures for people excused from jury service due to noncitizenship, additional record retention requirements will apply to those records.

Hi Michael,

This is a reminder.

Election Day observers list are due by **noon on Monday, March 4, 2024**.

"§ 163-45.1. Observers.

(a) For purposes of this section, "observer" is defined as an individual appointed pursuant to this section to observe the voting process at a voting place.

(b) Observers may be appointed in accordance with the following:

(1) The chair of each political party in the county may designate **two** registered voters of the county to serve as observers at **each voting place** in that county in which the political party has a candidate appearing on the ballot.

(2) The chair of each political party in the county may designate up to **10 registered voters** of the county to serve at any voting place in the county in which the political party has a candidate appearing on the ballot.

(3) The chair of each political party in the State may designate up to 100 registered voters of the State to serve at any voting place in the State in which the political party has a candidate appearing on the ballot.

(4) An unaffiliated candidate or the unaffiliated candidate's campaign manager may designate two observers to serve at each voting place in which that unaffiliated candidate appears on the ballot.

(c) The list of individuals appointed pursuant to this section shall be submitted electronically or in writing **by noon on the business day before each observer is scheduled to serve**. Individuals appointed to serve at a particular voting place or countywide shall be submitted to the director of the county board of elections for that county. Individuals appointed to serve statewide shall be submitted to the Executive Director of the State Board, who shall submit a copy to each affected county board of elections. Before each voting place opens for voting, the county board of elections shall provide a copy of the list of appointed observers for each voting place to the chief judge for that respective voting place, including any countywide or statewide observers.

Public Records Request

VIA Electronic Mail

February 25, 2024

Re: Election Officials and Poll Observers

Pursuant to Chapter 132 of the North Carolina General Statutes, I respectfully request the opportunity to inspect and obtain copies of the following public records:

1. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for early voting for the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
2. The lists of individuals appointed to serve as chief judges, judges, and assistants for early voting in the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
 1. Please include the current position of each individual as well as each individual's site assignment.
3. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for Election Day for the 2024 Primary Election as provided under NCGS § 163-41 and -42.
4. The lists of individuals appointed to serve as chief judges, judges, and assistants for Election Day in the 2024 Primary Election as provided under NCGS § 163-41 and -42.
 1. Please include the current position of each individual as well as each individual's site assignment.
5. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for early voting for the 2024 Primary Election as provided under NCGS § 163-45.1.
 1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.
6. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for Election Day for the 2024 Primary Election as provided under NCGS § 163-45.1.
 1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.

I respectfully request that the production be made in electronic form, if possible. **Please provide these records to the following email address: electionintegrity@ncgop.org.** As records become available, please provide them on a rolling basis. If any record is withheld on any basis, please include that reason in your response. If you are not the custodian of any of the records described above, I respectfully ask that you promptly forward this request to the correct individual. If costs are going to be assessed against the requestor in excess of \$25, please let me know before proceeding.

The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect the copies or the ability to inspect the requested records.

2. The lists of individuals appointed to serve as chief judges, judges, and assistants for early voting in the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
 1. Please include the current position of each individual as well as each individual's site assignment.
3. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for Election Day for the 2024 Primary Election as provided under NCGS § 163-41 and -42.

4. The lists of individuals appointed to serve as chief judges, judges, and assistants for Election Day in the 2024 Primary Election as provided under NCGS § 163-41 and -42.
 1. Please include the current position of each individual as well as each individual's site assignment.
5. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for early voting for the 2024 Primary Election as provided under NCGS § 163-45.1.
 1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.
6. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for Election Day for the 2024 Primary Election as provided under NCGS § 163-45.1.
 1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.

I respectfully request that the production be made in electronic form, if possible. **Please provide these records to the following email address: electionintegrity@ncgop.org.** As records become available, please provide them on a rolling basis. If any record is withheld on any basis, please include that reason in your response. If you are not the custodian of any of the records described above, I respectfully ask that you promptly forward this request to the correct individual. If costs are going to be assessed against the requestor in excess of \$25, please let me know before proceeding.

The law requires that you respond to and fulfill this request "as promptly as possible." If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect the copies or the ability to inspect the requested records.

Sincerely,

Philip R. Thomas

Can we get answers to these questions from BOE? I'd be interested to know who determines what equipment to purchase, and if local BOE has discretion to look at other vendors. Thanks Randy

Good Morning Commissioners Isenhower, Allran, Abernethy, Jr., Beatty and Setzer

We are emailing you today in regards to the “mandatory” voting system upgrade and/or replacement discussed at the October 3rd Catawba County Board of Election meeting.

Our member, Deby Thornburg attended the above mentioned meeting and after viewing three sales videos for various voting systems, it was clear that the intention was to upgrade our current DS200 voting machines to the newest DS300 model.

To be fair, we feel Executive Director, Amanda Duncan strives to maintain the highest level of professionalism and organization for our county election office. She has always been cordial and quick to answer any questions we have. We have been on almost every North Carolina county election board website and ours is by far the most informational one in the state.

We are not against technology; we feel that upgrading our election operating system from Windows 7 to Windows 10 would be a logical and prudent decision.

However, we were disappointed that not one election board member, Republican or Democrat, asked about the safety of the machines. While in-depth financial and accounting audits are a standard practice in the business world, audits of election agencies, procedures and systems are almost nonexistent in our public elections; except for very limited audits in limited circumstances. All computers can be hacked including all government computers. How is it possible that computer voting machines are the only ones that cannot be hacked?

Is anyone performing their due diligence? Are we to just trust the sales pitch from ES&S when we know they are involved in lawsuits in other states? <https://newjerseyglobe.com/state-government/n-j-attorney-general-to-probe-ess-vote-tabulation-errors-that-caused-some-22-election-results-to-be-double-counted/>

Recently, our group, Patriots United of NC collected 188 signatures of Catawba County voters who don't even want voting machines; much less a large amount of what we assume is tax payer dollars going to new machines. (We are

sure if we put more effort we could have ten times, if not more the amount of signatures.) These constituents signed their names to support you in securing our elections in Catawba County by the powers set in General Statutes [163-165.7](#), [-165.8](#), [-165.9](#) and [165.9A](#).

Transparency in technology is vital. It is imperative we review all technology, software, machines, and other equipment, including auditing the technology oversight to ensure vendors are not running the technology and that *there is oversight of all equipment by election officials and the public*. Not taking the time to do these things cause distrust and disinterest in our county's voting process.

Finally, the officials making choices related to voting systems need to be educated about the strengths and weaknesses of potential systems, prior to those systems being purchased. Here are several questions that should be considered:

1. Do the ES&S ballots include a barcode?
2. Does the DS300 computerized voting machine include components on the motherboard made in China or the Philippines?
3. Are you aware of any ES&S machines shipped with undetected vulnerabilities or backdoors that allow tampering?
4. They advertise an "optional" modem and land line. What guarantees do we have that these devices does not ship with a modem already installed?
5. Can the ES&S DS300 be connected to the internet?
6. What does this mean? "*A DS300 configured for an early voting location does not support precinct level results reporting; however, an election summary report of tabulated vote totals is supported.*"
7. What is the total cost of the DS300 including early updates and yearly coding?

In short, we want to ensure that every eligible citizen is able to vote and that those votes are not diluted, voided, or stolen due to errors, mistakes, fraud, or other problems in the election system.

Respectfully,
Patriots United of North Carolina;

Directors (via BCC):

A number of you have reached out about a request from the NCGOP for public records pertaining to poll workers and observers. A copy of that email is below.

Any records that exist that include the information sought are generally disclosable. If those records include confidential information, however, that information would need to be redacted.

For poll workers, we recently explained what can and cannot be provided in Numbered Memo [2023-07 Early Voting Official Appointment](#) (pg. 8-9). Please review this carefully to ensure you redact any records that may not be released because of personnel laws.

For observer lists, there is unlikely going to be any confidential information, unless for some reason the list included dates of birth or other PII, which is probably unlikely. Just please review the documents for any confidential info before producing those records.

Finally, we recognize that you are conducting an election right now and that must be your focus. For our general guidance on responding to public records requests, including guidance on balancing the core requirements of your jobs with the obligation to produce public records as you are able, please see Numbered Memo [2022-01 Protecting Certain Voter and Elections Security Information](#). Also recall that the Public Records Act does not require you to create new records, only to produce records which exist.

Public Records Request

VIA Electronic Mail February 25, 2024

Re: Election Officials and Poll Observers

Pursuant to Chapter 132 of the North Carolina General Statutes, I respectfully request the opportunity to inspect and obtain copies of the following public records:

1. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for early voting for the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
2. The lists of individuals appointed to serve as chief judges, judges, and assistants for early voting in the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
 1. Please include the current position of each individual as well as each individual's site assignment.

3. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for Election Day for the 2024 Primary Election as provided under NCGS § 163-41 and -42.

4. The lists of individuals appointed to serve as chief judges, judges, and assistants for Election Day in the 2024 Primary Election as provided under NCGS § 163-41 and -42.

1. Please include the current position of each individual as well as each individual's site assignment.

5. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for early voting for the 2024 Primary Election as provided under NCGS § 163-45.1.

1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.

6. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for Election Day for the 2024 Primary Election as provided under NCGS § 163-45.1.

1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.

I respectfully request that the production be made in electronic form, if possible. **Please provide these records to the following email address: electionintegrity@ncgop.org.** As records become available, please provide them on a rolling basis. FYI. Please see the email below from the state board. Catawba County has two contests that are pretty close with one being a tie. **TOWN OF MAIDEN COUNCILMEN (VOTE FOR 3)** third and fourth place winners and the **TOWN OF BROOKFORD ALDERMEN (VOTE FOR 2)** second place winners are tied. I need to point these out to you so that the board can consider whether a discretionary recount is warranted. This must be done before Canvass. Please let me know how to proceed.

Dear Directors,

The following is not a list of contests which must be recounted, nor is it a comprehensive list of all contests which meet the statutory requirements for mandatory recount. These are all just pretty close. If you crunch the numbers, you will find a few in which there are only one or two votes between the relevant candidates, and yet the spread is greater than

1%. No pressure, but please consider pointing these out to your Board so that they can consider whether a discretionary recount is warranted – for peace of mind at Canvass, if for no other reason. And, of course, several of these actually do fall within the 1% threshold . . .

Public Records Request

VIA Electronic Mail February 25, 2024

Re: Election Officials and Poll Observers

Pursuant to Chapter 132 of the North Carolina General Statutes, I respectfully request the opportunity to inspect and obtain copies of the following public records:

1. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for early voting for the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
2. The lists of individuals appointed to serve as chief judges, judges, and assistants for early voting in the 2024 Primary Election as provided under NCGS § 163-166.35(a1).
 1. Please include the current position of each individual as well as each individual's site assignment.
3. The lists of individuals recommended by all county parties within your county to serve as precinct officials (chief judges, judges, and assistants) for Election Day for the 2024 Primary Election as provided under NCGS § 163-41 and -42.
4. The lists of individuals appointed to serve as chief judges, judges, and assistants for Election Day in the 2024 Primary Election as provided under NCGS § 163-41 and -42.
 1. Please include the current position of each individual as well as each individual's site assignment.
5. The lists of individuals designated by all county parties and unaffiliated candidates within your county to serve as observers for early voting for the 2024 Primary Election as provided under NCGS § 163-45.1.
 1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is "at-large observer" (NCGS § 163-45.1(b)(2)), and each observer's party affiliation.
6. The lists of individuals designated by all county parties and unaffiliated candidates within

your county to serve as observers for Election Day for the 2024 Primary Election as provided under NCGS § 163-45.1.

1. Please include designations of which sites and times site specific observers are to serve, any designation of whether an observer is “at-large observer” (NCGS § 163-45.1(b)(2)), and each observer’s party affiliation.

I respectfully request that the production be made in electronic form, if possible. **Please provide these records to the following email address: electionintegrity@ncgop.org.** As records become available, please provide them on a rolling basis. If any record is withheld on any basis, please include that reason in your response. If you are not the custodian of any of the records described above, I respectfully ask that you promptly forward this request to the correct individual. If costs are going to be assessed against the requestor in excess of \$25, please let me know before proceeding.

The law requires that you respond to and fulfill this request “as promptly as possible.” If you expect a significant delay in responding to and fulfilling this request, please contact me with information about when I might expect the copies or the ability to inspect the requested records.

Sincerely,

Philip R. Thomas

Directors (via BCC):

Please find attached and at [this link](#) a revised numbered memo issued by Executive Director Karen Brinson Bell, concerning absentee envelope deficiencies and the procedures for addressing those deficiencies (i.e., “curing,” spoiling and reissuing, etc.).

This memo has been updated to reflect the changes in the law from Session Law 2023-140 (SB 747). The law codified in statute many of the processes we already had in place for addressing absentee envelope deficiencies. But the law made some important revisions, as reflected in this memo. The updated memo also addresses a number of questions that have been raised by county boards and members of the public since the last update of the memo. For your reference, I’ve also included a PDF showing the changes in this memo from the prior version.

Please read this memo carefully, since absentee voting is officially starting today, and you and your staff will need to address deficiencies in returned absentee ballots in accordance with this revised guidance on the requirements of the law.

The changes are to update guidance based on changes in the law (SB 747), and to address some questions that have come up since the last memo was issued—including how to address a reasonable impediment reason that does not actually prevent the voter from presenting ID. Please consult this memo, as needed, when questions arise from your poll workers, and as your board members are reviewing photo ID exception forms.

Directors (via BCC):

Please review this email and its attachments carefully.

A federal court last week issued an order requiring new same-day registration procedures when a registrant's mail verification card (VR card) is returned as undeliverable by the day before county canvass.

Under a new law enacted last year, SB 747, those registrations were to be denied and the ballot pulled from the official count. The State Board instructed the county boards to carry out that process through Numbered Memo 2023-05, issued last month. However, the court issued a preliminary injunction against this process. The court determined that the county boards could not remove such a ballot from the official count without notice and an opportunity for the voter to remedy the issue.

To comply with this court order, Executive Director Brinson Bell has issued [REVISED Numbered Memo 2023-05](#). The updates to this memo are primarily found in Section 4. **County boards should follow these procedures to promptly notify any same-day registrants whose mail verification cards return as undeliverable before the second day before canvass.** The Notice to provide these registrants is included at the end of the memo and is attached in Word copy to this email.

Section 4 also outlines procedures for registrants to cure the address verification failure, either by sending in a new "HAVA document" by the day before canvass or appearing before the county board to speak under oath at canvass.

Although this is a new administrative process to manage during the early voting and canvass period, please bear in mind that these address verification failures are relatively rare. In recent presidential elections, the number of same-day registrants whose mail verification was

returned as undeliverable was around 2,000 statewide. So the number of notices and cures that any single county will handle is likely to be fairly small. Additionally, that number should be reduced by the requirements in Numbered Memo 2023-05 for early voting workers to ensure the voter includes on their VR form an address that can receive mail. Please reiterate that instruction to your early voting officials to help avoid verification failures, as well as the instruction to recommend voters include an email address or phone number on the VR form so that they may be quickly contacted.

The Notice to provide the voter is also available on the ERC under “In-Person Voting” and on Filezilla: Election_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents\2024 Documents.

Also for your reference, I’ve attached a copy of the Numbered Memo showing the CHANGES from the last issuance.

Attached please find the list of statewide at-large observers appointed by the state Democratic

and Republican Parties. Under the new observer law, copied below, these observers are entitled to be present in any voting place, including early voting, in the state, as long as no more than three observers from one party are present. These lists were submitted before noon today, which makes these observers eligible to serve starting tomorrow. **Please forward these lists to your early voting chief judges and election day chief judges.**

I've highlighted relevant sections of the new law below regarding how these observers are appointed and how you may confirm their identity, and their eligibility. **If you notice that any named observer from your county is a candidate, a poll worker, or county board member for the primary, please contact us immediately, as they are ineligible to be an observer.**

GS § 163-45.1. Observers.

-
- (a) For purposes of this section, “observer” is defined as an individual appointed pursuant to this section to observe the voting process at a voting place.
- (b) Observers may be appointed in accordance with the following:
- (1) The chair of each political party in the county may designate two registered voters of the county to serve as observers at each voting place in that county in which the political party has a candidate appearing on the ballot.
 - (2) The chair of each political party in the county may designate up to 10 registered voters of the county to serve at any voting place in the county in which the political party has a candidate appearing on the ballot.
 - (3) **The chair of each political party in the State may designate up to 100 registered voters of the State to serve at any voting place in the State in which the political party has a candidate appearing on the ballot.**
 - (4) An unaffiliated candidate or the unaffiliated candidate’s campaign manager may designate two observers to serve at each voting place in which that unaffiliated candidate appears on the ballot.
- (c) **The list of individuals appointed pursuant to this section shall be submitted electronically or in writing by noon on the business day before each observer is scheduled to serve.** Individuals appointed to serve at a particular voting place or countywide shall be submitted to the director of the county board of elections for that county. Individuals appointed to serve statewide shall be submitted to the Executive Director of the State Board, who shall submit a copy to each affected county board of elections. Before each voting place opens for voting, the county

board of elections shall provide a copy of the list of appointed observers for each voting place to the chief judge for that respective voting place, including any countywide or statewide observers.

(d) The chief judge at each voting place may use reasonable methods to verify the identity of individuals appearing at the voting place to serve as an observer. The State Board may require an observer to wear an identification tag or badge to make voters and election officials aware of the observer's role in the voting place.

(e) No more than three observers from the same political party shall be in the voting enclosure at any time. Observers appointed to serve at a particular voting place may be relieved during the day after serving no less than four hours. Observers appointed to serve countywide or statewide may be relieved anytime throughout the day. Observers shall not appear on the ballot as a candidate or serve as an election official in the primary or election in which the observer is serving as an observer. Observers shall take no oath of office.

(f) The county board of elections or a chief judge of a voting place shall only challenge the appointment of an observer pursuant to this section for good cause, which shall include evidence that the observer could impact the conduct of the election.

(g) Election officials shall not prohibit an observer from doing any of the following, provided that the observer does not interfere with the privacy of any voter or the conduct of the election:

(1) Taking notes in the voting place, including using an electronic device to take notes.

(2) Listening to conversations between a voter and election official that take place in the voting place, provided the conversation is related to election administration.

(3) Moving about the voting place, including the designated area for curbside voting.

(4) Leaving and reentering the voting enclosure.

(5) Communicating via phone outside of the voting enclosure.

(6) Witnessing any opening and closing procedures at the voting place.

(h) Observers shall not do any of the following inside the voting place:

(1) Look at, photograph, videotape, or otherwise record the image of any voter's marked ballot.

(2) Impede the ingress or egress of any voter into the voting place.

(3) Inhibit or interfere with any election official in the performance of his or her duties, including interfering with the transport of sealed ballot boxes, election equipment, or election results to the county board of elections.

(4) Engage in electioneering.

(5) Make or receive phone calls while in the voting place.

(i) An observer may take photographs inside the voting place before the voting begins and after voting has concluded, provided that the taking of photographs does not impair any election official in executing opening and closing procedures or compromise the security of ballots, election equipment, or election results. The

State Board shall adopt rules to implement this subsection.

(j) A chief judge may remove an observer who engages in prohibited behavior under this section. A chief judge may also remove an observer for good cause, which shall include evidence that the observer could impact the conduct of the election. Whenever possible, the chief judge shall first issue a verbal or written warning to the observer. The warning must include the time and nature of the offense, and the chief judge must provide the observer a reasonable opportunity to correct the behavior. If the chief judge determines the observer should be removed, the chief judge must immediately notify the director of the county board of elections. The director of the county board of elections must immediately notify the appointing authority so that a replacement observer can be appointed. Nothing in this section prohibits a chief judge from reporting an alleged violation of State or federal law to the appropriate authority.

(k) The State Board shall develop a uniform process for all county boards of elections and the State Board to implement for all of the following:

(1) The filing and hearing of challenges of the appointment of an observer pursuant to subsection (f) of this section.

(2) The hearing of appeals on challenges of the appointment of an observer.

(3) The hearing of appeals on the removal of an observer from the voting place pursuant to subsection (j) of this section.

(l) An observer may obtain copies of the list of persons who have voted at each voting place during the times the voting place is open for voting. Counties using an “authorization to vote document” instead of pollbooks to indicate which persons have voted are in compliance with this requirement if they allow observers to inspect election records so that the observer can create a list of who has voted at each voting place. The State Board shall determine the times at which these lists may be obtained. However, observers must be able to obtain copies of the list at least three times each day with at least one hour between obtaining the copies.

There is one update to the political party statewide observer lists. The Libertarian Party has named one statewide observer: **Jay Norman Delancy, registered in Lee County**. He is eligible to attend any early voting site starting tomorrow and any precinct on Election Day.

We have posted all [statewide observer lists here](#), for reference. We will keep the lists at this link updated and will alert you if there are any changes before the deadline for any changes prior to Election Day of Monday at noon.

§ 163-45. Observers; appointment.

(a) The chair of each political party in the county shall have the right to designate two observers to attend each voting place at each primary and election and such observers may, at the option of the designating party chair, be relieved during the day of the primary or election after serving no less than four hours and provided the list required by this section to be filed by each chair contains the names of all persons authorized to represent such chair's political party. The chair of each political party in the county shall have the right to designate 10 additional at-large observers who are residents of that county who may attend any voting place in that county. **The chair of each political party in the State shall have the right to designate up to 100 additional at-large observers who are residents of the State who may attend any voting place in the State.** The list submitted by the chair of the political party may be amended between the one-stop period under G.S. 163-227.2, 163-227.5, and 163-227.6 and general election day to substitute one or all at-large observers for election day. Not more than two observers from the same political party shall be permitted in the voting enclosure at any time, except that in addition one of the at-large observers from each party may also be in the voting enclosure. This right shall not extend to the chair of a political party during a primary unless that party is participating in the primary. In any election in which an unaffiliated candidate is named on the ballot, the candidate or the candidate's campaign manager shall have the right to appoint two observers for each voting place consistent with the provisions specified herein. Persons appointed as observers by the chair of a county political party must be registered voters of the county for which appointed and must have good moral character. **Persons appointed as observers by the chair of a State political party must be registered voters of the State and must have good moral character.** No person who is a candidate on the ballot in a primary or election may serve as an observer or runner in that primary or election. Observers shall take no oath of office.

(b) Individuals authorized to appoint observers must submit in writing to the chief judge of each precinct a signed list of the observers appointed for that precinct, except that the list of at-large observers authorized in subsection (a) of this section shall be submitted to the county director of elections. Individuals

authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to any primary or general election, submit in writing to the chair of the county board of elections two signed copies of a list of observers appointed by them, designating the precinct or at-large status for which each observer is appointed. **Before the opening of the voting place on the day of a primary or general election, the chair shall deliver one copy of the list to the chief judge for each affected precinct, except that the list of at-large observers shall be provided by the county director of elections to the chief judge.** The chair shall retain the other copy. The chair, or the chief judge and judges for each affected precinct, may for good cause reject any appointee and require that another be appointed. The names of any persons appointed in place of those persons rejected shall be furnished in writing to the chief judge of each affected precinct no later than the time for opening the voting place on the day of any primary or general election, either by the chair of the county board of elections or the person making the substitute appointment.

If party chairs appoint observers at one-stop sites under G.S. 163-227.2, 163-227.5, and 163-227.6, those party chairs shall provide a list of the observers appointed before 10:00 A.M. on the fifth day before the observer is to observe. At-large observers may serve at any one-stop site.

(c) An observer shall do no electioneering at the voting place, and shall in no manner impede the voting process or interfere or communicate with or observe any voter in casting a ballot, but, subject to these restrictions, the chief judge and judges of elections shall permit the observer to make such observation and take such notes as the observer may desire.

(d) Whether or not the observer attends to the polls for the requisite time provided by this section, each observer shall be entitled to obtain at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart, a list of the persons who have voted in the precinct so far in that election day. Counties that use an "authorization to vote document" instead of poll books may comply with the requirement in the previous sentence by permitting each observer to inspect election records so that the observer may create a list of persons who have voted in the precinct so far that election day; each observer shall be entitled to make the inspection at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart.

Instead of having an observer receive the voting list, the county party chair may

send a runner to do so, even if an observer has not been appointed for that precinct. The runner may be the precinct party chair or any person named by the county party chair. Each county party chair using runners in an election shall provide to the county board of elections before 10:00 A.M. on the fifth day before election day a list of the runners to be used. That party chair must notify the chair of the county board of elections or the board chair's designee of the names of all runners to be used in each precinct before the runner goes to the precinct. The runner may receive a voter list from the precinct on the same schedule as an observer. Whether obtained by observer or runner, each party is entitled to only one voter list at each of the scheduled times. No runner may enter the voting enclosure except when necessary to announce that runner's presence and to receive the list. The runner must leave immediately after being provided with the list.

08 NCAC 20 .0101 ELECTION OBSERVERS

(a) Observer Lists. The chair of each political party in a county may designate two precinct-specific observers to attend each voting place on Election Day and each one-stop site during a primary or general election in accordance with this Rule. The precinct-specific observer list may include up to eight names and shall include the times that each observer shall serve. The county party chair may designate 10 additional at-large observers who may attend any voting place in the county. The list of observers for one-stop must designate the names of the observers who will be present on each day of early voting and, for precinct-specific observers, at each one-stop site. At-large observers may serve at any one-stop site. **The chair of each State political party may designate up to 100 additional at-large observers who are residents of the State who may attend any voting place in the State.**

(b) Submission of Lists. The county party chair shall submit a written, signed list of county at-large observers to the county director of elections, with two copies provided to the chair of the county board of elections, prior to 10:00 a.m. on the fifth day prior to Election Day. The county party chair shall submit a written, signed list of the observers appointed for each precinct to the chief judge of each precinct, with two copies provided to the chair of the county board of elections, prior to 10:00 a.m. on the fifth day prior to Election Day; the list may be delivered in care of the county director of elections. The county party chair shall submit the list of observers for one-stop before 10:00 a.m. on the fifth day before the observer is to observe. The list of at-large observers to serve on Election Day may be amended prior to Election Day to substitute one or all of the at-large observers. **The list of at-large observers who serve during early voting may not be amended after 10:00 a.m. on the fifth day before the at-large observer is to observe.** The list of precinct-specific observers to serve on

Election Day may not be amended after 10:00 a.m. on the fifth day prior to Election Day. The State party chair shall submit the written, signed list of State at-large observers by 10:00 a.m. on the fifth day prior to Election Day to the State Board, which shall disseminate the list to the county boards of elections. The list shall include the full name of each at-large observer and the county in which the observer is registered. The State Board shall confirm that each State at-large observer is a registered voter of the State. Party chairs may provide the lists by facsimile or email provided the letters are signed. Scanned signatures are permissible.

(c) Observers at Voting Place. No more than two precinct-specific observers from each political party may be in the voting enclosure at any time. Only one at-large observer from each political party may be in the voting enclosure at any time, even if no precinct-specific observers are present. All observers, whether precinct-specific or at-large, may be relieved after serving no less than four hours; however, the total number of observers from each party cannot exceed three total observers in the voting enclosure at one time: two precinct-specific observers and one county or State at-large observer. An observer may leave the voting place without having served for four hours, but the observer cannot be replaced by a new observer until at least four hours have passed since the first observer began serving. An observer who leaves the voting place for any reason may be prohibited by the chief judge from returning if the observer's return would cause a disruption in the voting enclosure.

(d) Observer Conduct. Observers who engage in prohibited conduct after receiving a warning may be required by the chief judge to leave the voting enclosure. Prohibited activities by observers include:

- (1) Wearing or distributing campaign material or electioneering;
- (2) Impeding or disrupting the voting process or speaking with voters or election assistants;
- (3) Interfering with the privacy of the voter, including positioning themselves in such a way that they can view confidential voter information on poll books or laptops or standing in such a way that they can view the contents of ballots inserted into a tabulator;
- (4) Using an electronic device to film or take photographs inside the voting enclosure;
- (5) Taking photographs, videos, or recording a voter without the consent of the voter and the chief judge;
- (6) Entering the voting booth area or attempting to view voted ballots;
- (7) Boarding a vehicle containing curbside voters; and
- (8) Providing voter assistance.

(e) Eligibility. No person who is a candidate on the ballot in a primary or general election may

serve as an observer or runner in that primary or that general election. No person who serves as an observer or runner in a primary or general election may serve as a precinct official or one-stop election official in that primary or that general election.

(f) Observers for unaffiliated candidates. An unaffiliated candidate or the candidate's campaign manager may appoint two observers at each voting place as set forth in this Rule.

(g) The use of the term "chief judge" includes one-stop site managers.

Subject: Statewide Observers for November Election in Your County

Directors in Johnston, Wake, Durham, Nash, Harnett, Gaston, Mecklenburg, Union, Catawba, and Vance Counties:

Attached is a list of statewide at-large election observers that we received from the state GOP this morning prior to 10 a.m. We have confirmed that these are registered voters. According to the statute and rule below, these at-large observers are eligible to begin observing at any one-stop site starting next Tuesday and may also observe at any Election Day sites. The list identifies specific counties where these observers plan to observe, which include your counties. Please review this list and inform your site leads accordingly.

§ 163-45. Observers; appointment.

(a) The chair of each political party in the county shall have the right to designate two observers to attend each voting place at each primary and election and such observers may, at the option of the designating party chair, be relieved during the day of the primary or election after serving no less than four hours and

provided the list required by this section to be filed by each chair contains the names of all persons authorized to represent such chair's political party. The chair of each political party in the county shall have the right to designate 10 additional at-large observers who are residents of that county who may attend any voting place in that county. **The chair of each political party in the State shall have the right to designate up to 100 additional at-large observers who are residents of the State who may attend any voting place in the State.** The list submitted by the chair of the political party may be amended between the one-stop period under G.S. 163-227.2, 163-227.5, and 163-227.6 and general election day to substitute one or all at-large observers for election day. Not more than two observers from the same political party shall be permitted in the voting enclosure at any time, except that in addition one of the at-large observers from each party may also be in the voting enclosure. This right shall not extend to the chair of a political party during a primary unless that party is participating in the primary. In any election in which an unaffiliated candidate is named on the ballot, the candidate or the candidate's campaign manager shall have the right to appoint two observers for each voting place consistent with the provisions specified herein. Persons appointed as observers by the chair of a county political party must be registered voters of the county for which appointed and must have good moral character. **Persons appointed as observers by the chair of a State political party must be registered voters of the State and must have good moral character.** No person who is a candidate on the ballot in a primary or election may serve as an observer or runner in that primary or election. Observers shall take no oath of office.

(b) Individuals authorized to appoint observers must submit in writing to the chief judge of each precinct a signed list of the observers appointed for that precinct, except that the list of at-large observers authorized in subsection (a) of this section shall be submitted to the county director of elections. Individuals authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to any primary or general election, submit in writing to the chair of the county board of elections two signed copies of a list of observers appointed by them, designating the precinct or at-large status for which each observer is appointed. **Before the opening of the voting place on the day of a primary or general election, the chair shall deliver one copy of the list to the chief judge for each affected precinct, except that the list of at-large observers shall be provided by the county director of elections to the chief judge.** The chair shall retain the other copy. The chair, or the

chief judge and judges for each affected precinct, may for good cause reject any appointee and require that another be appointed. The names of any persons appointed in place of those persons rejected shall be furnished in writing to the chief judge of each affected precinct no later than the time for opening the voting place on the day of any primary or general election, either by the chair of the county board of elections or the person making the substitute appointment.

If party chairs appoint observers at one-stop sites under G.S. 163-227.2, 163-227.5, and 163-227.6, those party chairs shall provide a list of the observers appointed before 10:00 A.M. on the fifth day before the observer is to observe. At-large observers may serve at any one-stop site.

(c) An observer shall do no electioneering at the voting place, and shall in no manner impede the voting process or interfere or communicate with or observe any voter in casting a ballot, but, subject to these restrictions, the chief judge and judges of elections shall permit the observer to make such observation and take such notes as the observer may desire.

(d) Whether or not the observer attends to the polls for the requisite time provided by this section, each observer shall be entitled to obtain at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart, a list of the persons who have voted in the precinct so far in that election day. Counties that use an "authorization to vote document" instead of poll books may comply with the requirement in the previous sentence by permitting each observer to inspect election records so that the observer may create a list of persons who have voted in the precinct so far that election day; each observer shall be entitled to make the inspection at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart.

Instead of having an observer receive the voting list, the county party chair may send a runner to do so, even if an observer has not been appointed for that precinct. The runner may be the precinct party chair or any person named by the county party chair. Each county party chair using runners in an election shall provide to the county board of elections before 10:00 A.M. on the fifth day before election day a list of the runners to be used. That party chair must notify the chair of the county board of elections or the board chair's designee of the names of all runners to be used in each precinct before the runner goes to the precinct. The runner may receive a voter list from the precinct on the same schedule as an

observer. Whether obtained by observer or runner, each party is entitled to only one voter list at each of the scheduled times. No runner may enter the voting enclosure except when necessary to announce that runner's presence and to receive the list. The runner must leave immediately after being provided with the list.

08 NCAC 20 .0101 ELECTION OBSERVERS

(a) Observer Lists. The chair of each political party in a county may designate two precinct-specific observers to attend each voting place on Election Day and each one-stop site during a primary or general election in accordance with this Rule. The precinct-specific observer list may include up to eight names and shall include the times that each observer shall serve. The county party chair may designate 10 additional at-large observers who may attend any voting place in the county. The list of observers for one-stop must designate the names of the observers who will be present on each day of early voting and, for precinct-specific observers, at each one-stop site. At-large observers may serve at any one-stop site. **The chair of each State political party may designate up to 100 additional at-large observers who are residents of the State who may attend any voting place in the State.**

(b) Submission of Lists. The county party chair shall submit a written, signed list of county at-large observers to the county director of elections, with two copies provided to the chair of the county board of elections, prior to 10:00 a.m. on the fifth day prior to Election Day. The county party chair shall submit a written, signed list of the observers appointed for each precinct to the chief judge of each precinct, with two copies provided to the chair of the county board of elections, prior to 10:00 a.m. on the fifth day prior to Election Day; the list may be delivered in care of the county director of elections. The county party chair shall submit the list of observers for one-stop before 10:00 a.m. on the fifth day before the observer is to observe. The list of at-large observers to serve on Election Day may be amended prior to Election Day to substitute one or all of the at-large observers. **The list of at-large observers who serve during early voting may not be amended after 10:00 a.m. on the fifth day before the at-large observer is to observe.** The list of precinct-specific observers to serve on Election Day may not be amended after 10:00 a.m. on the fifth day prior to Election Day. **The State party chair shall submit the written, signed list of State at-large observers by 10:00 a.m. on the fifth day prior to Election Day to the State Board, which shall disseminate the list to the county boards of elections. The list shall include the full name of each at-large observer and the county in which the observer is registered. The State Board shall confirm that each State at-large observer is a registered voter of the State. Party chairs may provide the lists by facsimile or email provided the letters are signed. Scanned signatures are permissible.**

(c) Observers at Voting Place. No more than two precinct-specific observers from each political party may be in the voting enclosure at any time. Only one at-large observer from each political party may be in the voting enclosure at any time, even if no precinct-specific

observers are present. All observers, whether precinct-specific or at-large, may be relieved after serving no less than four hours; however, the total number of observers from each party cannot exceed three total observers in the voting enclosure at one time: two precinct-specific observers and one county or State at-large observer. An observer may leave the voting place without having served for four hours, but the observer cannot be replaced by a new observer until at least four hours have passed since the first observer began serving. An observer who leaves the voting place for any reason may be prohibited by the chief judge from returning if the observer's return would cause a disruption in the voting enclosure.

(d) Observer Conduct. Observers who engage in prohibited conduct after receiving a warning may be required by the chief judge to leave the voting enclosure. Prohibited activities by observers include:

- (1) Wearing or distributing campaign material or electioneering;
- (2) Impeding or disrupting the voting process or speaking with voters or election assistants;
- (3) Interfering with the privacy of the voter, including positioning themselves in such a way that they can view confidential voter information on poll books or laptops or standing in such a way that they can view the contents of ballots inserted into a tabulator;
- (4) Using an electronic device to film or take photographs inside the voting enclosure;
- (5) Taking photographs, videos, or recording a voter without the consent of the voter and the chief judge;
- (6) Entering the voting booth area or attempting to view voted ballots;
- (7) Boarding a vehicle containing curbside voters; and
- (8) Providing voter assistance.

(e) Eligibility. No person who is a candidate on the ballot in a primary or general election may serve as an observer or runner in that primary or that general election. No person who serves as an observer or runner in a primary or general election may serve as a precinct official or one-stop election official in that primary or that general election.

(f) Observers for unaffiliated candidates. An unaffiliated candidate or the candidate's campaign manager may appoint two observers at each voting place as set forth in this Rule.

(g) The use of the term "chief judge" includes one-stop site managers.

Observers shall take no oath of office.

(b) Individuals authorized to appoint observers must submit in writing to the chief judge of each precinct a signed list of the observers appointed for that precinct, except that **the list of at-large observers authorized in subsection (a) of this section shall be submitted to the county director of elections.** Individuals authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to

any primary or general election, submit in writing to the chair of the county board of elections two signed copies of a list of observers appointed by them, designating the precinct or at-large status for which each observer is appointed. **Before the opening of the voting place on the day of a primary or general election, the chair shall deliver one copy of the list to the chief judge for each affected precinct, except that the list of at-large observers shall be provided by the county director of elections to the chief judge.** The chair shall retain the other copy. Instead of having an observer receive the voting list, the county party chair may send a runner to do so, even if an observer has not been appointed for that

precinct. The runner may be the precinct party chair or any person named by the county party chair. Each county party chair using runners in an election shall provide to the county board of elections before 10:00 A.M. on the fifth day before election day a list of the runners to be used. That party chair must notify the chair of the county board of elections or the board chair's designee of the names of all runners to be used in each precinct before the runner goes to the precinct. The runner may receive a voter list from the precinct on the same schedule as an observer. Whether obtained by observer or runner, each party is entitled to only one voter list at each of the scheduled times. No runner may enter the voting enclosure except when necessary to announce that runner's presence and to receive the list. The runner must leave immediately after being provided with the list.

08 NCAC 20 .0101 ELECTION OBSERVERS

(a) Observer Lists. The chair of each political party in a county may designate two precinct-specific observers to attend each voting place on Election Day and each one-stop site during a primary or general election in accordance with this Rule. The precinct-specific observer list may include up to eight names and shall include the times that each observer shall serve. The county party chair may designate 10 additional at-large observers who may attend any voting place in the county. The list of observers for one-stop must designate the names of the observers who will be present on each day of early voting and, for precinct-specific observers, at each one-stop site. At-large observers may serve at any one-stop site. **The chair of each State political party may designate up to 100 additional at-large observers who are residents of the State who may attend any voting place in the State.**

(b) Submission of Lists. The county party chair shall submit a written, signed list of county at-large observers to the county director of elections, with two copies provided to the chair of the county board of elections, prior to 10:00 a.m. on the fifth day prior to Election Day. The county party chair shall submit a written, signed list of the observers appointed for each precinct to the chief judge of each precinct, with two copies provided to the chair of the county board of elections, prior to 10:00 a.m. on the fifth day prior to Election Day; the list may be delivered in care of the county director of elections. The county party chair shall submit the list of observers for one-stop before 10:00 a.m. on the fifth day before the observer is to observe. The list of at-large observers to serve on Election Day may be amended prior to Election Day to substitute one or all of the at-large observers. The list of at-large observers who serve during early voting may not be amended after 10:00 a.m. on the fifth day before the at-large observer is to observe. The list of precinct-specific observers to serve on Election Day may not be amended after 10:00 a.m. on the fifth day prior to Election Day. **The State party chair shall submit the written, signed list of State at-large observers by 10:00 a.m.**

on the fifth day prior to Election Day to the State Board, which shall disseminate the list to the county boards of elections. The list shall include the full name of each at-large observer and the county in which the observer is registered. The State Board shall confirm that each State at-large observer is a registered voter of the State. Party chairs may provide the lists by facsimile or email provided the letters are signed. Scanned signatures are permissible.

(c) Observers at Voting Place. No more than two precinct-specific observers from each political party may be in the voting enclosure at any time. Only one at-large observer from each political party may be in the voting enclosure at any time, even if no precinct-specific observers are present. All observers, whether precinct-specific or at-large, may be relieved after serving no less than four hours; however, the total number of observers from each party cannot exceed three total observers in the voting enclosure at one time: two precinct-specific observers and one county or State at-large observer. An observer may leave the voting place without having served for four hours, but the observer cannot be replaced by a new observer until at least four hours have passed since the first observer began serving. An observer who leaves the voting place for any reason may be prohibited by the chief judge from returning if the observer's return would cause a disruption in the voting enclosure.

(d) Observer Conduct. Observers who engage in prohibited conduct after receiving a warning may be required by the chief judge to leave the voting enclosure. Prohibited activities by observers include:

- (1) Wearing or distributing campaign material or electioneering;
- (2) Impeding or disrupting the voting process or speaking with voters or election assistants;
- (3) Interfering with the privacy of the voter, including positioning themselves in such a way that they can view confidential voter information on poll books or laptops or standing in such a way that they can view the contents of ballots inserted into a tabulator;
- (4) Using an electronic device to film or take photographs inside the voting enclosure;
- (5) Taking photographs, videos, or recording a voter without the consent of the voter and the chief judge;
- (6) Entering the voting booth area or attempting to view voted ballots;
- (7) Boarding a vehicle containing curbside voters; and
- (8) Providing voter assistance.

(e) Eligibility. No person who is a candidate on the ballot in a primary or general election may serve as an observer or runner in that primary or that general election. No person who serves as an observer or runner in a primary or general election may serve as a precinct official or

one-stop election official in that primary or that general election.

(f) Observers for unaffiliated candidates. An unaffiliated candidate or the candidate's campaign manager may appoint two observers at each voting place as set forth in this Rule.

(g) The use of the term "chief judge" includes one-stop site managers.

The State Board has updated the Voter Challenge Procedures Guide at [this link](#) and attached. This is a directive distributed to the county boards pursuant to the Executive Director's delegated authority, similar to a numbered memo.

This updated guide includes many important revisions based on law changes and clarifications to ensure challenges are carried out according to the law. As with other legal procedure guides (e.g., protests, candidate challenges, etc.), this guide can be found on the following State Board webpage:

[NCSBE | Challenge, Protest, Appeal and Complaint Forms](#)

SB 747 made various changes concerning voter challenges. Since early voting is no longer absentee voting, registered voters in the county may now challenge early voting ballots only at the polls when the voter presents to vote, just like for Election Day challenges. However, the county board, by majority vote, may challenge early voting ballots during the canvass period, under its authority to pass on the legality of disputed ballots as part of its canvass authority. These county board-initiated challenges are addressed in the updated Numbered Memo 2022-05, sent out last Friday.

Absentee ballots, on the other hand, may be challenged now by registered voters in the county up until 5 pm on the 5th business day after Election Day—typically the next Tuesday.

This shift places an important responsibility on county boards to ensure that any voters challenged during the canvass period are informed as soon as possible and are given notice of the hearing at canvass, as set forth in the guide.

The updated guide also includes a new section addressing state law on residency, which can be somewhat complex.

Finally, the guide includes a number of additional instructions dealing with various aspects of voter and ballot challenges which reflect frequent questions that we receive from county boards.

The State Board of Elections on Sunday voted to recognize the No Labels Party as an official political party in North Carolina.

FOR IMMEDIATE RELEASE

State Board Recognizes No Labels as a Political Party

Concord, N.C. – The State Board of Elections on Sunday voted to recognize the No

Labels Party as an official political party in North Carolina.

Recognition of No Labels means voters now have another choice of party affiliation when registering to vote or updating their registration. Voters may register with the Democratic, Green, Libertarian, No Labels, or Republican parties, or they can register as unaffiliated.

The State Board found that No Labels received 14,837 valid signatures from registered N.C. voters, 932 over the required 13,865 signatures, on its petition to become a political party. The signatures were verified by the county boards of elections of the counties in which they were collected. No Labels also received at least 200 signatures from three different congressional districts, a requirement of [N.C.G.S. § 163-96\(a\)\(2\)](#).

The State Board meeting was held Sunday in Concord, as part of the Summer 2023 Elections Conference. This conference – required under [N.C.G.S. § 163-82.24](#) – brings together State Board staff, county election directors and staff, and hundreds of county boards of elections members for training on important election administration issues.

Voters currently registered with a different political party or as unaffiliated may switch their affiliation to No Labels if they wish. For information on how to do that, see [Updating Registration](#).

The State Board is updating voter registration forms to include the No Labels option. Until then, voters may register with No Labels by checking the “Other” box and writing “No Labels” on the line in the “Political Party Affiliation” section of the voter registration application. Updates to party affiliation options available through the Division of Motor Vehicles' online registration portal will be made as soon as possible.

State Board voter data will be updated to include No Labels registrants as soon as possible.

Revision to Photo ID Exception Form for In-person Voting

The State Board also voted unanimously to revise the [Photo ID Exception Form](#) by removing the reason, “I did not know photo ID was required for voting,” from the form. Voters can fill out the Photo ID Exception Form when they have a permitted exception to the photo ID requirements. Exceptions permitted by law include, among other things, that something prevents a voter from showing a photo ID when they vote, such as lack of transportation, disability or illness, work schedule, family responsibilities, lack of documents to obtain a photo ID, the photo ID was lost or stolen, or the photo ID has not yet been received. Voters unable to present a photo ID may also explain their reason in an “Other” option on the form.

Voters will be asked to show photo ID when voting in North Carolina, starting with the municipal elections this fall.

All voters will be able to vote with or without an ID. If a voter casting a ballot at the voting site does not provide an acceptable ID, the voter may fill out a Photo ID Exception Form and vote a provisional ballot, or vote a provisional ballot and bring an acceptable ID to the county board of elections office by the day before the county canvass (which is typically 10 days after elections in even-numbered years and seven

days after elections in odd-numbered years).

Voters who vote by mail will be asked to include a photocopy of an acceptable ID with their ballot, or complete a [Photo ID Exception Form for Absentee Voting](#). The photocopy will be mailed in a special envelope to protect the voter's personal information on their ID.

For more information on the photo ID requirement and a list of acceptable photo IDs, see [Voter ID](#).

County Board Member Appointments

Also on Sunday, the State Board made the following appointments to county boards of elections:

Democrats

- William Cutler to the Henderson County Board of Elections
- Jenifer Ann Montsinger to the Jackson County Board of Elections
- Keisha Manson to the Martin County Board of Elections
- Bruce Douglas to the Vance County Board of Elections

Republicans

- Julie Tiley Docteur to the Hertford County Board of Elections

The bipartisan State Board of Elections on Tuesday voted unanimously to finalize the list of 2024 presidential primary candidates.

FOR IMMEDIATE RELEASE

Tuesday, January 2, 2024

Patrick Gannon, Public Information
Director

[Email](#)

**State Board Finalizes Presidential Primary Candidates,
Selects 10 Counties for Signature Matching Pilot
Program**

Raleigh, N.C. — The bipartisan State Board of Elections on Tuesday voted unanimously to finalize the list of presidential preference primary candidates for 2024, deferring to the lists of candidates provided by the state’s political parties for their respective primary ballots. No candidates were added beyond what the parties requested for their primaries.

During the presidential preference primary, eligible voters choose their preferred candidate for president. The results of the presidential preference primary determine how each party’s delegates will be allocated at the party’s national nominating convention next summer.

At its Dec. 19 meeting, the State Board approved candidates for the Democratic, Libertarian, and Republican parties’ presidential preference primaries that were submitted by the political parties. The Green Party did not submit a list of presidential primary candidates and will therefore defer its delegate allocation to the national nominating convention. The No Labels Party will select its presidential primary candidate by convention and without a primary, per state law, because the 2024 general election is the first election after the party was recognized in North Carolina.

For the list of names to be included on primary ballots, see press release: “[State Board Approves Presidential Primary Candidates.](#)”

State law permits a candidate to be included on a party’s primary ballot by gathering sufficient petition signatures from North Carolina voters, but no such petitions were received by the State Board. Several additional candidates wrote to the State Board asking to add them to a party’s primary ballot, but the Board voted 5-0 to include only the names provided by the state’s recognized parties.

The primary election is March 5. Ballots are being designed, coded, and proofed in the coming days. Primary ballots will be sent to voters who requested them beginning January 19, 2024.

[Full video of this meeting is available at the State Board’s [meeting folder.](#)]

Signature Matching Pilot Program

The State Board also selected 10 counties to participate in a signature matching pilot program following the March primary election. The pilot program is required by [Session Law 2023-140](#), approved by the General Assembly in 2023. The counties were determined using a system of random selection, based on rankings for population size, racial diversity, and regional location. Rankings of counties’ economic well-being and median age were also taken into account.

The 10 counties, listed below, will use signature verification software to compare the signatures on mail-in absentee ballot applications and envelopes against voters’ signatures on file with the elections offices. This is for experimental purposes only. It will not affect the counting of any voter’s ballot in the primary election. All counties, including the 10 pilot counties, will accept absentee by mail ballots from registered North Carolina voters who meet the current criteria of properly requesting a ballot,

marking it, signing it, having it witnessed, and providing a copy of an acceptable photo ID or an ID exception form before returning it to the county board of elections,

The counties participating in the pilot are: Bertie, Cherokee, Durham, Halifax, Henderson, Jones, Montgomery, Pamlico, Rowan, and Wilkes.

State Board staff will work with these counties to ensure they have access to and are trained on the matching software. The State Board will report findings of the pilot program and any recommendations to the General Assembly by May 1, 2024.

For more information on how to request and vote an absentee by mail ballot visit ncsbe.gov/voting/vote-mail.

Temporary Election Observer Rules

The Board also unanimously approved temporary administrative rules regarding procedures related to election observers appointed by political parties or candidates to observe elections inside early voting sites and Election Day polling places. Brief descriptions of the rules, which now go to the Rules Review Commission for consideration, are listed below, with links to the approved rules.

- [08 NCAC 20 .0101](#) deals with procedures for challenging the appointment of an observer. A challenge may be entered by the county board or the chief judge, and the decision is appealable to the State Board.
- [08 NCAC 20 .0102](#) deals with the procedures for appealing the chief judge's removal of an observer. This decision may be appealed to the county board of elections.
- [08 NCAC 20 .0103](#) deals with identification tags observers are required to wear to identify themselves when on duty at a voting site.

Other business

- State Board staff has updated 2024 primary candidate lists to reflect only contests and candidates, including presidential preference primary candidates, that will appear on March 5 primary election ballots. Also, the general election candidate lists now include those candidates who will appear on Nov. 5 general election ballots because they do not have primary opponents. All primary and general lists are available at [Candidate Lists](#). Anyone with questions about the lists should email patrick.gannon@ncsbe.gov.
- The Board unanimously approved an early voting plan for Lincoln County for the 2024 primary. The approved plan, the "majority plan," includes an additional voting site at the Lentz Gym in Lincolnton.

Good Morning,

It is that time to appointment observers to serve at our Early Voting locations and on Election Day. Please see the attached document and the link to the law pertaining to observers.

Pursuant to NCGS§ 163-45 the Chair of each political party in the county may, at their discretion, designate two observers per precinct on Election Day. The Chair of each political party may also designate 10 additional AT-LARGE observers that may attend any voting place in the county.

With that being said, should your party designate observers you are required to submit a list of these observers to this Board of Elections office, **no later than 8 a.m. on Monday , March 4, 2024** for the March 5, 2024 Primary.. If a party chair should decide to appoint observers for early voting, a list must be submitted to the Board of Elections office **no later than 8 a.m. on Wednesday, February 14, 2024.**

Requirements for this list are written within the attached guides and statutes. Please use the materials to assist you with training your observers

A copy of the observer list will be given to each Chief Judge for their particular precinct.

Please contact me with any questions.

Hi Michael,

This is a reminder.

Election Day observers list are due by **noon on Monday, March 4, 2024**.

"§ 163-45.1. Observers.

(a) For purposes of this section, "observer" is defined as an individual appointed pursuant to this section to observe the voting process at a voting place.

(b) Observers may be appointed in accordance with the following:

(1) The chair of each political party in the county may designate **two** registered voters of the county to serve as observers at **each voting place** in that county in which the political party has a candidate appearing on the ballot.

(2) The chair of each political party in the county may designate up to **10 registered voters** of the county to serve at any voting place in the county in which the political party has a candidate appearing on the ballot.

(3) The chair of each political party in the State may designate up to 100 registered voters of the State to serve at any voting place in the State in which the political party has a candidate appearing on the ballot.

(4) An unaffiliated candidate or the unaffiliated candidate's campaign manager may designate two observers to serve at each voting place in which that unaffiliated candidate appears on the ballot.

(c) The list of individuals appointed pursuant to this section shall be submitted electronically or in writing **by noon on the business day before each observer is scheduled to serve**. Individuals appointed to serve at a particular voting place or countywide shall be submitted to the director of the county board of elections for that county. Individuals appointed to serve statewide shall be submitted to the Executive Director of the State Board, who shall submit a copy to each affected county board of elections. Before each voting place opens for voting, the county board of elections shall provide a copy of the list of appointed observers for each voting place to the chief judge for that respective voting place, including any countywide or statewide observers.

Good Morning,

This is a reminder for Early Voting Observers. A list must be submitted **no later than 10 a.m. on Wednesday, April 24, 2024**. There will only be one site opened at the Newton Library.

Pursuant to NCGS§ 163-45.1(c) the Chair of each political party in the county may, at their discretion, designate two observers per precinct on the Election Day. The Chair of each political party may also designate 10 additional AT-LARGE observers that may attend any voting place in the county.

With that being said, should your party designate observers you are required to submit a list of these observers to this Board of Elections office, **no later than 10 a.m. on Monday, May 13, 2024** for Election Day. If a party chair should decide to appoint observers for early voting sites, under 08 NCAC 20.0101 , a list must be submitted to the Board of Elections office **no later than 10 a.m. on Wednesday, April 24, 2024**.

Requirements for this list are written within the attached guides and statutes. Please use the materials to assist you with training your observers

A copy of the observer list will be given to each Chief Judge for their particular precinct.

Please contact me with any questions.

Good Morning,

Hope all is well!

1. The cost of absentee ballots mailing will go up. The post office is going up on the rates on January 21st. We will know then what the cost will be.
2. The deadline to return mail in ballots, see SB747 law below. The ballot must be in our office by 7:30 pm on Election Day.

(b) Transmitting Executed Absentee Ballots to County Board of Elections. – The sealed container-return envelope in which executed absentee ballots have been placed shall be transmitted to the county board of elections who issued those ballots as follows:

- (1) All ballots issued under the provisions of this Article and Article 21A of this Chapter shall be transmitted by mail by one of the following means:
 - a. Mail or by commercial courier service, at the voter's expense, or delivered and received by the county board not later than 7:30 P.M. on the day of the statewide primary or general election or county bond election.
 - b. Delivered in person, or by the voter or the voter's near relative or verifiable legal guardian and received by guardian, to the county board not later than 5:00 p.m. 7:30 P.M. on the day of the statewide primary or general election or county bond election.

Happy New Year! I hope you and your family are doing well. I have 2 simple questions for you (we want to ensure ALL voting info we have on our LWVCV website is correct!).

1. Do you still think \$1.59 will be sufficient postage for folks returning an absentee by mail ballot?
2. The new deadline to return these is by 5pm on Tuesday March 5th....whether returning in person or by mail? The NCSBOE website still has postmarked by election day but received at BOE office within 3 days of 3/5.

1. Request a Ballot 2. Complete a Ballot 3. Return a Ballot

Two Ways to Return Your Ballot

1. Mail your ballot:

- Include correct postage on your ballot return envelope. Your ballot must be postmarked by Election Day, and received no later than three days after the election. See [Absentee Ballot Return Deadline: Numbered Memo 2022-09 \(PDF\)](#).
- We strongly recommend you mail your ballot well before Election Day, to help ensure it arrives in time. If you place your ballot in a USPS drop box on Election Day it may not be postmarked until the day after, depending on pickup time for that box.

2. Return your ballot in person:

- You can return your ballot to your [county board of elections](#) office or to a [one-stop early voting site](#) in your county.
- If returned to your [county board of elections](#) office on Election Day, it must be

Good Afternoon Bill,

Pursuant to Session Law 2023-140 (Sb 747), county board of elections are required to appoint precinct officials for each early voting site other than the county board of elections office, for each primary or elections. The session law further provides that county boards shall appoint qualified nominees from lists provided by the chair of each county political party if such recommendations are received “no later than the fifth business day preceding the date on which appointments are to be made.”

This email is to notify you that the Catawba County Board of Elections is scheduled to meet on **February 6, 2024 at 5:00 p.m.** to appoint early voting officials for the upcoming elections. In accordance with Session Law 2023-140, the deadline for recommendations to be received by this office is 5 p.m. on, February 1, 2024.

The following are the qualifications for precinct officials pursuant to N.C.G.S. § 163-41 and -41.1:

1. Must be a registered voter and resident of the county;
2. Must be of good repute and have good moral character;
3. Must be able to read and write;
4. Must not hold any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof;
5. Must not be a candidate for nomination or election;
6. Must not hold any office in a state, congressional district, county, or precinct political party or political organization, or who is a manager or treasurer for any candidate or political party, provided however that the position of delegate to a political party convention shall not be considered an office for the purpose of this subsection; or
7. Must not be the wife, husband, mother, father, son, daughter, brother or sister of any candidate for nomination or election if the candidate is on the ballot at the site in which the precinct official would serve.
8. The following categories of relatives are prohibited from serving at the same voting site at the same time: spouse, child, spouse of a child, sister or brother. These individuals may serve at different voting sites at the same

time or at the same voting site at different times.

Precinct officials are required by law to take an oath before serving, which pledges them to administer their duties “without fear or favor;” to “not in any manner request or seek to persuade or induce any voter to vote for or against any particular candidate or proposition;” and to “not keep or make any memorandum of anything occurring within a voting booth, unless [they are] called upon to testify in a judicial proceeding for a violation of the election laws of this State.” N.C.G.S. § 163-41(e).

We request that when you consider making these recommendations that you keep in mind the special requirements for staffing early voting sites, including:

1. Availability to assist with setup and breakdown of early voting locations
2. Ability to use computers: laptops and printers for elections applications, entering data into election applications and using voter look-up tools, learning and executing opening and closing procedures for voting machines (tabulators and ballot marking devices)
3. Ability to lift or assist in moving voting machines, supply boxes, and other materials needed to operate an early voting location. (If physically unable, the county will work to accommodate so the site is otherwise staffed with someone who is able to do these things.)
4. Ability to work as part of team and take direction
5. Availability to attend training
6. Ability to work the shift assigned

Please note that working early voting is different from Election Day. The work is similar, but early voting involves some additional complexity. For example, at early voting, electronic pollbooks must be used at check-in station and the help station, same-day registration is permitted, and at the ballot table workers must record the application number and precinct on ballots as they must be retrievable. Additionally, early voting is multiple days, and the county board will need to ensure that every site is adequately staffed for every day of the early voting period.

Early voting begins on Thursday, February 15, 2024 at 8:00 AM and continues through Saturday, March 2, 2024 at 3:00 PM. We anticipate needing a total of workers to staff our early voting sites.

If the party’s recommendations are not received by **5 p.m. on February 1, 2024** or , if the party does not submit sufficient recommendations for each early voting site, the county board of elections may appoint to serve as chief judge, judge, and assistant registered voters in that county who were not recommended by the party chairs.

Please see the attached list for recommended Judges for Early Voting. The staff has already contact all and the worker has agreed the position.

Good afternoon Amanda,

I was contacted by Chairman Bill Shillito from the Catawba County Republican Party in regards to sending over a list of at-large poll observers.

I have attached a list of trained observers with at-large observers highlighted in bold. This process is new to me so please advise if this format is incorrect. Please assign the other observers listed to their regular precinct locations.

Will it be possible to change the at-large observers names as needed or is this what we have for all of early voting? My understanding is I have 24 hours to submit names for observers as needed.

It is also my understanding that any observer assigned for tomorrow will not be able to start duty until 10:15AM.

Good Morning,

Hope all is well. I have attached the list of candidates that have filed through yesterday. Also, just wanted to let you know that the next NC State Board meeting will be held in Concord on February 4 – 6. Please let me know if you are available to attend. I have reserved a room for everyone but can cancel anytime. Also on February 6, 2024 is a scheduled board meeting. Please see email below per guidance from the state board. Do we need to change that board meeting only to 5:00pm? Please let me know your input.

Happy Thursday!

Greetings North Carolina Elections Team,

I hope this email finds you well. In an ongoing effort to keep everyone informed of upcoming election related events, the Elections Administration Team wanted to share several important updates and reminders. These updates are related to the various elections administration subject areas.

Absentee by Mail Voting

- Absentee Board Meeting Two- As you all know the second absentee board meeting will take place on 02/06/24. This falls on the same day that our winter conference ends. The conference is expected to end at 11am so

everyone can return to their counties in advance of the absentee meetings at 5pm. If a county is concerned about being able to return in time from the conference and complete all the logistics needed for the absentee meeting, whether due to distance to travel, being a small office, etc, then the county has two options:

1. The county board could change the time to be later in the evening (7pm for example) to provide additional time to return and prepare. This would trigger the notice requirement in 163-230.1(f).
 2. If that's not feasible, a county could open the meeting virtually at 5pm and then recess it until the following day. Even though this would not change the start time of the meeting, it should still conform to the notice requirement in 163-230.1(f) because the actual taking of action on the absentee applications and ballots would occur the next day. That way there would be no contention of lack of notice. If an example is needed in how to phrase the notice, the State Board's [notice for the November 28 meeting](#) would be helpful to track.
- [Absentee Ballot Portal](#)- The absentee ballot portal will reopen on 01/01/2024.
 - [Absentee Ballot Request Form](#)- The absentee ballot request form should be released by 12/13/2023.
 - [Absentee Ballot Envelopes](#)- The absentee ballot return (incoming) envelope is now available and can be found on Filezilla here: [\Election_Administration\Election_Forms\Absentee\2024 Absentee Materials\Envelopes](#). This is the only envelope that has an update for the 2024 Primary.
 - [Ballot Availability](#)- Pursuant to N.C.G.S. § 163-22(k) at its November 28th meeting the State Board of Elections moved the date by which absentee ballots are being distributed from 50 days to 45 days prior to the March 2024 statewide primary election. Based on holidays the new distribution date is 01/19/2024. The full resolution can be found here: [20231128 Resolution for 45-day absentee distribution.pdf](#).
 - [UOCAVA Notice](#)- As a reminder you will need to update your UOCAVA notice after candidate filing is complete. The updated version will include all contests for the primary and will include the Green Party as a primary party ballot choice pursuant to changes made in SB 747.

Candidacy, Canvass, and Petitions (Tiffany Holden, Candidacy and Canvass Program Specialist)

- [Candidate Filing](#)- Pursuant to, NCGS 163-106.5, section 9 can be completed by the chair or director without the candidate in front of the chair or director because this attests to what the registration records show—not that the person in front of the signer is who they say they are—and nothing prevents an electronic copy of the chair's or director's signature for this portion of the form.

In Person Voting (Allison Blackman, In Person Voting Program Specialist)

- [Early Voting Application](#)- Backup early voting applications and name and address change forms can be found here on FileZilla:

Elections_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.

- Early Voting Worker Appointments- At its November 28th meeting the State Board of Elections adopted a resolution regarding the appointment of early voting workers. The resolution established that at least 21 days prior to the appointment date, the county board shall send an email or letter via U.S. mail to the chair of each political party organized in the county, notifying the chair of (1) the county board's appointment date and (2) the party's deadline to provide recommendations for qualified early voting officials, which shall be the fifth-business day before the appointment date. The full resolution can be found here: [20231128 Resolution for appointment of early voting officials.pdf](#). A template letter is being worked on for counties to notify their party chairs.
- Early Voting Plans- The State Board of Elections will approve all early voting plans at a virtual meeting on 12/19/23, and nonunanimous plans will be heard at this meeting. Directors of counties with nonunanimous plans should send an email to Thomas.holland@ncsbe.gov by 12/15/23 identifying the board members who will present their plan at the meeting. A board member can choose to permit someone to present on their behalf as well. To ensure the meeting runs smoothly, all board members, or their designees, who will present must do so from the county board office so that there is only one "caller" per county. Due to the number of county boards that are presenting during the meeting, each side's presentation is expected to last no more than 3 minutes. Finally, if someone from the public inquires about providing a comment on a plan, they may do so only in writing. A written comment can be submitted by filling out the following [form](#).
- Help Referral Form- The 2024 Help Referral Form can be found here on FileZilla:
Elections_Administration\Election_Forms\Voting_Site_Management\Polling Place Materials\Documents.
- Notice to Same Day Registrants- The notice to same day registrants that is to be given to voters who register and vote at early voting is undergoing a significant redesign. The redesign effort is corresponding with updates related to SB 747 and a new SDR numbered memo that is going to be issued soon. As soon as it is available, we will notify you all and place it on FileZilla and the Elections Resource Center.
- Unaffiliated Voters in a Primary- As you all know Section 17 of Senate Bill 747 removes the requirement for political parties to submit a resolution permitting unaffiliated voters to participate in their primary elections. As a result, the Green Party has been updated in SEIMS so any ballot style generated for the party will be an option for unaffiliated voters which are eligible for that ballot style based on geocode.

Voter Registration (Matt Stone, Voter Registration Program Specialist)

- Felony Removals/Objections/Challenges - If you have any questions or have any unusual circumstances related to a felony removal, please submit a help desk ticket.
- NCOA's- NCOA data will be available for processing on **01/08/2024**. Please ensure that you have sufficient card stock to complete this process.

- Ongoing List Maintenance- Please remember to conduct your weekly and monthly list maintenance tasks (ex. Deaths, duplicates, felony removals, out-of-state cancellations, etc...). Additionally, please make sure you are using the SEIMS Weekly Data Check Report. Please pay close attention to the number and names designation. This information may reveal confidential information such as a date of birth.
- New VR Form- As a heads up, a new VR form will be introduced in January; however, you will not need to replace your current stock of VR forms. The new form will coincide with an update to processing the VR forms. A huddle presentation and additional guidance will be forthcoming soon.

If you have any questions related to the various areas discussed in the email, please submit a help desk ticket at helprequest.sboe@ncsbe.gov and one of the program specialists will respond. Thank you for all that you do for the voters of North Carolina!

Best Regards,

Parker Holland, CERA

Subject: Appointment of Early Voting Judges

Good Afternoon Michael,

Pursuant to Session Law 2023-140 (Sb 747), county board of elections are required to appoint precinct officials for each early voting site other than the county board of elections office, for each primary or elections. The session law further provides that county boards shall appoint qualified nominees from lists provided by the chair of each county political party if such recommendations are received “no later than the fifth business day preceding the date on which appointments are to be made.”

This email is to notify you that the Catawba County Board of Elections is scheduled to meet on **February 6, 2024 at 5:00 p.m.** to appoint early voting officials for the upcoming elections. In accordance with Session Law 2023-140, the deadline for recommendations to be received by this office is 5 p.m. on, February 1, 2024.

The following are the qualifications for precinct officials pursuant to N.C.G.S. § 163-41 and -41.1:

- Must be a registered voter and resident of the county;
- Must be of good repute and have good moral character;

- Must be able to read and write;
- Must not hold any elective office under the government of the United States, or of the State of North Carolina or any political subdivision thereof;
- Must not be a candidate for nomination or election;
- Must not hold any office in a state, congressional district, county, or precinct political party or political organization, or who is a manager or treasurer for any candidate or political party, provided however that the position of delegate to a political party convention shall not be considered an office for the purpose of this subsection; or
- Must not be the wife, husband, mother, father, son, daughter, brother or sister of any candidate for nomination or election if the candidate is on the ballot at the site in which the precinct official would serve.
- The following categories of relatives are prohibited from serving at the same voting site at the same time: spouse, child, spouse of a child, sister or brother. These individuals may serve at different voting sites at the same time or at the same voting site at different times.

Precinct officials are required by law to take an oath before serving, which pledges them to administer their duties “without fear or favor;” to “not in any manner request or seek to persuade or induce any voter to vote for or against any particular candidate or proposition;” and to “not keep or make any memorandum of anything occurring within a voting booth, unless [they are] called upon to testify in a judicial proceeding for a violation of the election laws of this State.” N.C.G.S. § 163-41(e).

We request that when you consider making these recommendations that you keep in mind the special requirements for staffing early voting sites, including:

- Availability to assist with setup and breakdown of early voting locations
- Ability to use computers: laptops and printers for elections applications, entering data into election applications and using voter look-up tools, learning and executing opening and closing procedures for voting machines (tabulators and ballot marking devices)
- Ability to lift or assist in moving voting machines, supply boxes, and other materials needed to operate an early voting location. (If physically unable, the county will work to accommodate so the site is otherwise staffed with someone who is able to do these things.)
- Ability to work as part of team and take direction
- Availability to attend training

- Ability to work the shift assigned

Please note that working early voting is different from Election Day. The work is similar, but early voting involves some additional complexity. For example, at early voting, electronic pollbooks must be used at check-in station and the help station, same-day registration is permitted, and at the ballot table workers must record the application number and precinct on ballots as they must be retrievable. Additionally, early voting is multiple days, and the county board will need to ensure that every site is adequately staffed for every day of the early voting period.

Early voting begins on Thursday, February 15, 2024 at 8:00 AM and continues through Saturday, March 2, 2024 at 3:00 PM. We anticipate needing a total of workers to staff our early voting sites.

If the party's recommendations are not received by **5 p.m. on February 1, 2024** or, if the party does not submit sufficient recommendations for each early voting site, the county board of elections may appoint to serve as chief judge, judge, and assistant registered voters in that county who were not recommended by the party chairs.

Please see the attached list for recommended Chief Judges/Judges for Early Voting. The staff has already contact all and the worker has agreed the position.

Good Morning Commissioners Isenhower, Allran, Abernethy, Jr., Beatty and Setzer

We are emailing you today in regards to the “mandatory” voting system upgrade and/or replacement discussed at the October 3rd Catawba County Board of Election meeting. Our member, Deby Thornburg attended the above mentioned meeting and after viewing three sales videos for various voting systems, it was clear that the intention was to upgrade our current DS200 voting machines to the newest DS300 model.

To be fair, we feel Executive Director, Amanda Duncan strives to maintain the highest level of professionalism and organization for our county election office. She has always been cordial and quick to answer any questions we have. We have been on almost every North Carolina county election board website and ours is by far the most informational one in the state.

We are not against technology; we feel that upgrading our election operating system from Windows 7 to Windows 10 would be a logical and prudent decision.

However, we were disappointed that not one election board member, Republican or Democrat, asked about the safety of the machines. While in-depth financial and accounting audits are a standard practice in the business world, audits of election agencies, procedures and systems are almost nonexistent in our public elections; except for very limited

audits in limited circumstances. All computers can be hacked including all government computers. How is it possible that computer voting machines are the only ones that cannot be hacked?

Is anyone performing their due diligence? Are we to just trust the sales pitch from ES&S when we know they are involved in lawsuits in other states? <https://newjerseyglobe.com/state-government/n-j-attorney-general-to-probe-ess-vote-tabulation-errors-that-caused-some-22-election-results-to-be-double-counted/>

Recently, our group, Patriots United of NC collected 188 signatures of Catawba County voters who don't even want voting machines; much less a large amount of what we assume is tax payer dollars going to new machines. (We are sure if we put more effort we could have ten times, if not more the amount of signatures.) These constituents signed their names to support you in securing our elections in Catawba County by the powers set in General Statutes [163-165.7](#), [-165.8](#), [-165.9](#) and [165.9A](#).

Transparency in technology is vital. It is imperative we review all technology, software, machines, and other equipment, including auditing the technology oversight to ensure vendors are not running the technology and that *there is oversight of all equipment by election officials and the public*. Not taking the time to do these things cause distrust and disinterest in our county's voting process.

Finally, the officials making choices related to voting systems need to be educated about the strengths and weaknesses of potential systems, prior to those systems being purchased. Here are several questions that should be considered:

1. Do the ES&S ballots include a barcode?
2. Does the DS300 computerized voting machine include components on the motherboard made in China or the Philippines?
3. Are you aware of any ES&S machines shipped with undetected vulnerabilities or backdoors that allow tampering?
4. They advertise an "optional" modem and land line. What guarantees do we have that these devices does not ship with a modem already installed?
5. Can the ES&S DS300 be connected to the internet?
6. What does this mean? "*A DS300 configured for an early voting location does not support precinct level results reporting; however, an election summary report of tabulated vote totals is supported.*"

7. What is the total cost of the DS300 including early updates and yearly coding?

In short, we want to ensure that every eligible citizen is able to vote and that those votes are not diluted, voided, or stolen due to errors, mistakes, fraud, or other problems in the election system.

Respectfully,

Patriots United of North Carolina;

Deby Thornburg

Good afternoon Amanda

Could you please share the contact information for the gentleman that gave the voter ID training on Monday? His slides were very informing. Thank you for hosting that event.

I would also like to request a copy of the scanned poll tapes for each precinct for the March 5th Primary Election.

Just an FYI, Brenda Rembert was the poll observer on duty in Precinct 20 - Maiden on Election night. She requested a copy of the poll tape multiple times from Opal Fisher, the chief judge and she was refused. Perhaps Opal misunderstood that this is public information? Just letting you know for clarification for November.

Someone sent me the photo below photo this morning asking why this gentleman was registered twice. Both registrations shows the same address however one is a UNA and one is a REP. He voted this past election under the UNA registration even though he registered as a Republican in January?? I told the person I would ask you, as you probably have some additional background information that I do not have.

Thank you for your assistance.

Deby

Dear Directors:

SB747 changes the return time for absentee by mail ballots and removes the mail exception deadline. These changes, if they become law, will not go into effect until January 1, 2024. If you have opted to hold off on printing your return (incoming) envelopes for absentee, you may do so now using the template with current law.

\\Election_Administration\Election_Forms\Absentee\2023 Absentee Materials\2023 Absentee Envelopes

The file is called: 2023_Incoming_Envelope_CurrentLaw_July2023

You should only print enough of these incoming envelopes for your municipal election(s).

Thank you,

Allison

(3) The chair of each political party in the State may designate up to 100 registered voters of the State to serve at any voting place in the State in which the political party has a candidate appearing on the ballot.

(4) An unaffiliated candidate or the unaffiliated candidate's campaign manager may designate two observers to serve at each voting place in which that unaffiliated candidate appears on the ballot.

(c) The list of individuals appointed pursuant to this section shall be submitted electronically or in writing by noon on the business day before each observer is scheduled to serve. Individuals appointed to serve at a particular voting place or countywide shall be submitted to the director of the county board of elections for that county. Individuals appointed to serve statewide shall be submitted to the Executive Director of the State Board, who shall submit a copy to each affected county board of elections. Before each voting place opens for voting, the county board of elections shall provide a copy of the list of appointed observers for each voting place to the chief judge for that respective voting place, including any countywide or statewide observers.

Good Morning Deby,

Thank you for asking but unfortunately, I still have the boot! My next appointment is October 17th, and hoping the next step to recovery is therapy (with a smaller boot)!

I have attached the Guide for Observers that the state provides. Anyone that is a registered voter can be a poll observer. There is no restrictions such as party chair, precinct chair, etc. When the office receives the list, staff verifies that the person is a registered voter in the county.

Hope your foot is doing well!

Good afternoon Amanda

I hope you are out of the crazy boot! It was horrible.

I have a poll observer question I could use your help with...

Can an officer in a Party be a Poll Observer? Like the Secretary or a precinct chair?

I've looked at the NCSBE website here <https://www.ncsbe.gov/about-elections/election-security/tips-monitoring-or-observing-election-polling-sites> and I looked at the general statute **§ 163-45. Observers; appointment** and I am unclear of the state board's interpretation of "*Observers shall take no oath of office*"

How do you interpret that? Can a precinct chair or Party board member be a poll observer?

Respectfully,
Deby Thornburg

Subject: Questions regarding purchase of DS300 by Catawba County

Good morning!

What follows is a good news/bad news situation-- hopefully not a problem to get a response before 3 pm today. I imagine ES&S has fielded these same questions many times in the last few years-- I have seen them myself so they are likely coming from a single source. I have copied Printelect sales leadership on this email as well as the customer, Amanda Duncan.

Tonight the county manager is presenting the proposal to replace all DS200 with DS300s. (This would be our first DS300 county in North Carolina, so we are all very excited about this prospect.) It's being presented without a public demo in a county manager request, Amanda will not be present for the meeting. In light of this informal request to purchase format, a "Patriots" group has submitted the following email to the county. We felt these questions were best answered by the manufacturer since it's likely you have seen them before and can answer them most succinctly.

For reference, Catawba already uses ExpressVotes, so they've been voting with a "barcode" system. (Question 1)

Also Question 6 says a DS300 configured for early voting location does not support precinct level results reporting-- I'm not sure where this came from, but Catawba codes by precinct, so their early voting locations would tabulate the results from early voting locations by precinct, correct?

In question 7 I'm not sure what "early updates" are and "coding" is a Printelect function that the county should have numbers on-- also to note that coding is not billed annually but per election event.

Since the customer is included in this email thread, any information to assist her should be sent as a "reply all" to this email.

Below is the email request for information:

Good Morning Commissioners Isenhower, Allran, Abernethy, Jr., Beatty and Setzer

We are emailing you today in regards to the “mandatory  voting system upgrade and/or replacement discussed at the October 3rd Catawba County Board of Election meeting.

Our member, Deby Thornburg attended the above mentioned meeting and after viewing three sales videos for various voting systems, it was clear that the intention was to upgrade our current DS200 voting machines to the newest DS300 model.

To be fair, we feel Executive Director, Amanda Duncan strives to maintain the

highest level of professionalism and organization for our county election office. She has always been cordial and quick to answer any questions we have. We have been on almost every North Carolina county election board website and ours is by far the most informational one in the state.

We are not against technology; we feel that upgrading our election operating system from Windows 7 to Windows 10 would be a logical and prudent decision.

However, we were disappointed that not one election board member, Republican or Democrat, asked about the safety of the machines. While in-depth financial and accounting audits are a standard practice in the business world, audits of election agencies, procedures and systems are almost nonexistent in our public elections; except for very limited audits in limited circumstances. All computers can be hacked including all government computers. How is it possible that computer voting machines are the only ones that cannot be hacked?

Is anyone performing their due diligence? Are we to just trust the sales pitch from ES&S when we know they are involved in lawsuits in other states? <https://newjerseyglobe.com/state-government/n-j-attorney-general-to-probe-ess-vote-tabulation-errors-that-caused-some-22-election-results-to-be-double-counted/>

Recently, our group, Patriots United of NC collected 188 signatures of Catawba County voters who don't even want voting machines; much less a large amount of what we assume is tax payer dollars going to new machines. (We are sure if we put more effort we could have ten times, if not more the amount of signatures.) These constituents signed their names to support you in securing our elections in Catawba County by the powers set in General Statutes [163-165.7](#), [-165.8](#), [-165.9](#) and [165.9A](#).

Transparency in technology is vital. It is imperative we review all technology, software, machines, and other equipment, including auditing the technology oversight to ensure vendors are not running the technology and that *there is oversight of all equipment by election officials and the public*. Not taking the time to do these things cause distrust and disinterest in our county's voting process.

Finally, the officials making choices related to voting systems need to be educated about the strengths and weaknesses of potential systems, prior to those systems being purchased. Here are several questions that should be considered:

1. Do the ES&S ballots include a barcode?
2. Does the DS300 computerized voting machine include components on the motherboard made in China or the Philippines?
3. Are you aware of any ES&S machines shipped with undetected vulnerabilities or backdoors that allow tampering?
4. They advertise an “optional  modem and land line. What

guarantees do we have that these devices does not ship with a modem already installed?

5. Can the ES&S DS300 be connected to the internet?
6. What does this mean? "*A DS300 configured for an early voting location does not support precinct level results reporting; however, an election summary report of tabulated vote totals is supported.*"
7. What is the total cost of the DS300 including early updates and yearly coding?

In short, we want to ensure that every eligible citizen is able to vote and that those votes are not diluted, voided, or stolen due to errors, mistakes, fraud, or other problems in the election system.

Patriots United of North Carolina;

- Do the ES&S ballots include a barcode?**
*Barcodes exist on both hand-marked paper ballots and machine-marked paper ballots and those barcodes are used in the very same manner in both scenarios to count votes. All tabulation machines that count paper ballots use a barcode to properly and accurately count the vote. The security of each method of voting is confirmed by election officials during pre-election tests and in post-election audits. Along with the machine-readable barcode, ballots produced by the ExpressVote also print the voter's selections in human-readable text, so a voter can verify their selection before casting their ballot. All ExpressVote ballots are fully auditable.
Watch this video to learn more about how ballots are counted: <https://www.essvote.com/blog/video/video-how-are-ballots-counted/>*
- Does the DS300 computerized voting machine include components on the motherboard made in China or the Philippines?**
All ES&S tabulation software is developed and compiled exclusively in the USA. All final hardware configuration of ES&S voting machines is performed exclusively in the USA. Some components used in our voting machines are made in countries outside the USA. Components are tested and verified before being certified at the state level. These components are then used in the final assembly of the voting machines which occurs in the USA. Visit this web page to learn more about the ES&S manufacturing and supply chain: <https://www.essvote.com/faqs/supply-chain-manufacturing-faq/>
- Are you aware of any ES&S machines shipped with undetected vulnerabilities or backdoors that allow tampering?**
No. ES&S voting equipment has been proven accurate and secure through thousands of hours of testing and thousands of elections nationwide. ES&S voting machines are certified by the U.S. Elections Assistance Commission (EAC) and undergo robust testing by NIST-accredited Voting System Test Laboratories (VSTLs) for accuracy, reliability, usability and security. Many layers of security protect voting systems, including pre-election testing, locks, restricted access, tamper-resistant seals, chain-of-custody protocols, and voting machines which are locked down to ensure limited access, along with more advanced technology found in newer equipment. Watch this video to learn about the many layers of security protecting voting systems: <https://essvote.com/blog/video/video-layers-of-security/>
- They advertise an "optional" modem and land line. What guarantees do we have that these devices does not ship with a modem already installed?**
Modems are not present in any ES&S DS200 or DS300 machines in North Carolina. Modem components are not resident on the DS200/DS300 by default, but rather a separate board that is only installed in DS200s/DS300s in those jurisdictions where a State may permit their legal use. This modem component is not used, installed or certified, in North Carolina, and therefore not present in the machines. North Carolina counties are prohibited from purchasing equipment that is not certified in the state. The State Board also oversees acceptance testing for all counties that purchase new equipment. This ensures that the equipment delivered by the company is the certified equipment ordered by the county. Additionally, ES&S has compliance oversight procedures which prevent uncertified equipment from being shipped to states. Please see the attached facts about North Carolina and modems.
- Can the ES&S DS300 be connected to the internet?**
No. The DS300 is part of a hardened voting system environment. Please see the attached facts about North Carolina and modems.
- What does this mean? "A DS300 configured for an early voting location does not support precinct level results reporting; however, an election summary report of tabulated vote totals is supported."**
The DS300 fully supports precinct level results reporting at early voting and One Stop voting locations.
- What is the total cost of the DS300 including early updates and yearly coding?**

<i>DS300 Poll Place Scanner and Tabulator:</i>	
<i>DS300 (Includes Internal Backup Battery, Paper Roll and One (1) Standard 4GB Memory Device)</i>	\$5,995.00
<i>DS300 Ballot Box with Power Supply and AC Cord</i>	\$955.00

Also, please note you can find pricing information at any time at the NCSBE through the Uniform Pricing Sheet which is updated regularly.

Hi Mary,

Please see the answers below.

1. First and foremost does the public know that one of the machines being used in our local election is on loan and “being tested” during an election?
 - a. It is not in statute or a requirement to give public notice. It will be announced in the October 24, 2023 board meeting and placed in the minutes.
2. Has this machine gone through the L&A test phase?
 - a. No, the county board staff will be conducting the L & A Test in the Board of Elections Training room on Thursday, October 26, 2023 at 9:00 am which is open to the public.
3. Do watching three videos, as done on October 3rd satisfy the state requirement for L&A testing?
 - a. The County Board of Elections Board Members watched 4 videos on Tuesday, October 3, 2023. This meets the requirement STEP 1: DEMONSTATION. The county board must witness a demonstration of the recommend voting system plus at least one other certified voting system not currently used in the county.

Thanks,

Good Morning Cole

Thank you for getting back to me so quickly. I have forwarded the answers provided to my machine and technology resource for further vetting. A few other questions come to mind based on these answers.

1. First and foremost does the public know that one of the machines being used in our local election is on loan and “being tested” during an election?
2. Has this machine gone through the L&A test phase?
3. Do watching three videos, as done on October 3rd satisfy the state requirement for L&A testing? I can assure you no machine was brought to the floor or inspected during that meeting as I was present.

It is my understanding that all voting machines need to go through and L & A

(logic and accuracy) testing before being used. Please see [the 08 NCAC 04.0307 TESTING OF VOTING MACHINES BEFORE USE IN AN ELECTION](#) . This process also needs to be open the public as *“Any interested person may observe the testing of the voting system but shall not interfere with or impede the process.”*

I find it interesting that question number 6 came back as “incorrect” since it was taken from the [DS300 information page](#). It’s also interesting that the statement has since been removed.

I have attached the NC Election Systems Certification Program manual to this email. Of course, with [SB749](#) recently being voted into law the NCSBE will be transferred administratively to the Secretary of State. The SOS will be in charge of the budget and Rule Making with the assistance of a full time coordinator coming out of the State Board and the State Board will be appointed by the NCGA. Things could change dramatically in January when the new laws kick in.

Thank you for being open to an on-going conversation on this matter. It is my opinion that the decision regarding what machines are used in our Catawba County elections should be of the utmost importance and all rocks need to be looked under before committing financial assistance.

Respectfully,

Deby Thornburg

Also as I understand the test will occur this election at Precinct 10 (east Newton) with one machine. The process will follow a format prescribed by the state.

Subject: FW: Questions regarding voting machine upgrades

Commissioners,

In response to Randy's questions below, the BOC's role, pursuant to State law, in selecting voting equipment is to consider the local Board of Elections' recommendation regarding which equipment to purchase. If the BOC adopts the local Board of Elections' recommendation, the BOC then appropriates funds to make the purchase. If the BOC declines to adopt the BOE's recommendation, the BOC cannot adopt and acquire a voting system independently. The equipment must be approved by the local BOE and the State Board of Elections. Only voting systems certified by the State Board may be used in North Carolina; the local board does not have discretion to look at other systems.

The process to purchase voting systems in NC is as follows:

- Local BOE must witness a demonstration of at least two potential voting systems. (This occurred on October 3, 2023.)
- Local BOE makes a preliminary recommendation to the BOC as to which product to purchase. (This step was completed at the October 16th BOC meeting.)
- Local Elections staff must test the equipment in one precinct during an election or in a simulated election. This test will occur during the November municipal election. The precinct where equipment is tested is also hand-tallied to validate the electronic voting results compiled by the voting system.
- Local BOE must get State Board approval for the recommended system.
- Local BOE makes a final recommendation to the BOC. The BOC must adopt the recommendation and acquire the equipment or decline to adopt the recommendation.

The information below is from Elections staff regarding the questions posed in Ms. Thornburg's email.

1. Do the ES&S ballots include a barcode?

Yes, there are barcodes on both hand-marked paper ballots and machine-marked paper ballots, and they're both used in the same way to count votes. Along with the machine-readable barcode, ballots produced by the ExpressVote also print the voter's selections in human-readable text, so a voter can verify their selection before casting their ballot.

2. Does the DS300 computerized voting machine include components on the motherboard made in China or the Philippines?

All ES&S tabulation software is developed and compiled exclusively in the USA. All final hardware configuration of ES&S voting machines is performed exclusively in

the USA. Some components used in the voting machines are made in countries outside the USA. Components are tested and verified before being certified at the state level. These components are then used in the final assembly of the voting machines, which occurs in the USA.

3. Are you aware of any ES&S machines shipped with undetected vulnerabilities or backdoors that allow tampering?

No.

4. They advertise an “optional” modem and land line. What guarantees do we have that these devices does not ship with a modem already installed?

Modem components are not part of the equipment by default; they are separate boards only installed in equipment in jurisdictions where a State permits their legal use. This modem component is not used, installed or certified, in North Carolina, and therefore not present in the machines.

The State Board also oversees acceptance testing for all counties that purchase new equipment. This ensures that the equipment delivered by the company is the certified equipment ordered by the county. Additionally, ES&S has compliance oversight procedures which prevent uncertified equipment from being shipped to states.

5. Can the ES&S DS300 be connected to the internet?

No.

6. What does this mean? “A DS300 configured for an early voting location does not support precinct level results reporting; however, an election summary report of tabulated vote totals is supported.”

The statement above is incorrect. The DS300 fully supports precinct level results reporting at early voting and One Stop voting locations.

7. What is the total cost of the DS300 including early updates and yearly coding?

- *See attached quote for additional information*
- *DS300 (Includes Internal Back-up Battery, Paper Roll, and 1 Standard 4GB Memory Device) - \$5,995.00*
- *DS300 Ballot Box with Power Supply and AC Cord - \$955.00*

Please call me if you have additional questions.

Thank you,

Jodi H. Stewart

Good Morning Commissioners
Isenhower, Allran, Abernethy, Jr.,
Beatty and Setzer

We are emailing you today in regards to the “mandatory” voting system upgrade and/or replacement discussed at the October 3rd Catawba County Board of Election meeting.

Our member, Deby Thornburg attended the above mentioned meeting and after viewing three sales videos for various voting systems, it was clear that the intention was to upgrade our current DS200 voting machines to the newest DS300 model.

To be fair, we feel Executive Director, Amanda Duncan strives to maintain the highest level of professionalism and organization for our county election office. She has always been cordial and quick to answer any questions we have. We have been on almost every North Carolina county election board website and ours is by far the most informational one in the state.

We are not against technology; we feel that upgrading our election operating system from Windows 7 to Windows 10 would be a logical and prudent decision.

However, we were disappointed that not one election board member, Republican or Democrat, asked about the safety of the machines. While in-depth financial and accounting audits are a standard practice in the business world, audits of election agencies, procedures and systems are almost

nonexistent in our public elections; except for very limited audits in limited circumstances. All computers can be hacked including all government computers. How is it possible that computer voting machines are the only ones that cannot be hacked?

Is anyone performing their due diligence? Are we to just trust the sales pitch from ES&S when we know they are involved in lawsuits in other states? <https://newjerseyglobe.com/state-government/n-j-attorney-general-to-probe-ess-vote-tabulation-errors-that-caused-some-22-election-results-to-be-double-counted/>

Recently, our group, Patriots United of NC collected 188 signatures of Catawba County voters who don't even want voting machines; much less a large amount of what we assume is tax payer dollars going to new machines. (We are sure if we put more effort we could have ten times, if not more the amount of signatures.) These constituents signed their names to support you in securing our elections in Catawba County by the powers set in General Statutes [163-165.7](#), [-165.8](#), [-165.9](#) and [165.9A](#).

Transparency in technology is vital. It is imperative we review all technology, software, machines, and other equipment, including auditing the technology oversight to ensure vendors are not running the technology and that *there is oversight of all equipment by election officials and the public*. Not taking the time to do these things cause distrust and disinterest in our county's voting process.

Finally, the officials making choices related to voting systems need to be educated about the strengths and weaknesses of potential systems, prior to those systems being purchased. Here are several questions that should be considered:

1. Do the ES&S ballots include a barcode?
2. Does the DS300 computerized voting machine include components on the motherboard made in China or the Philippines?
3. Are you aware of any ES&S machines shipped with undetected vulnerabilities or backdoors that allow tampering?
4. They advertise an “optional” modem and land line. What guarantees do we have that these devices does not ship with a modem already installed?
5. Can the ES&S DS300 be connected to the internet?
6. What does this mean? *“A DS300 configured for an early voting location does not support precinct level results reporting; however, an election summary report of tabulated vote totals is supported.”*
7. What is the total cost of the DS300 including early updates and yearly coding?

In short, we want to ensure that every eligible citizen is able to vote and that those votes are not diluted, voided, or stolen due to errors, mistakes, fraud, or other problems in the election system.

Respectfully,

Patriots United of North Carolina;

If you have an address attached to the name that would be great. The office must verify that they are a registered voter in the county. Some names has 8 different people listed.

I can answer the at large right away. That is for early voting and election day. I will have to go back into the schedule and get the other.

Thanks

Hi Bob,

Please see below the sites that are not opened this election.

Early Voting Locations not opened - Conover Station, Brookford? (Never had a One-Stop location)

Election Day – Sherrills Ford, Oxford, Springs (Transferred to Conover West) , Balls Creek, East Maiden (Transferred to Maiden) , Mtn. View 1 (Transferred to Brookford) , Mtn. View 2 (Transferred to Brookford)

Also, Early Voting, you may assign two observers per day, so I need a day assigned to the name, Or 10 at Large. There is more than 10 names for Early Voting locations. Election Day is fine. The At Large Column, is this just for Election Day?

Let me know.

What does this mean, an “unattended petition”?

On Feb 22, 2024, at 8:27 PM, Michael McLamb <michaelmclamb1@gmail.com> wrote:

Hi Sarah,

Lynn Dorfman relayed a question you asked concerning Roger Young and the Catawba County Democratic Party. As chair of the Catawba County Democratic Party, I feel a need to respond directly. This is a response to the subject in question and is provided candidly. The issue at hand needs no ambiguity.

There are a number of individuals copied on this email. They include all officers of the Catawba County Democratic Party, Amanda Duncan, Director of Elections, and Barry Cheney, Chair of the Catawba County Board of Elections.

Facts as I know them are listed below:

- On February 21, 2024 I was informed Roger Young had an unattended petition available to the public. I received pictures of the petition in question.
- After receiving the notice, I informed the Catawba County Board of Elections. I understand action was taken by the Board of Elections concerning the unattended petition.
- On February 22, 2024 I was informed of another unattended petition for Roger Young. Again, I received a picture of the petition.
- After receiving the second notice I went to the Board of Elections and spoke with Amanda Duncan. Amanda expressed that the NC State of Elections (NCSBE) is the primary regulatory body that is best equipped to handle the issue of unattended petitions. I then contacted the NCSBE regarding the unattended petitions. As of this writing I am awaiting a response from the NCSBE.

Given the above, I feel there are a few things which need clarification as I am unsure of who may have contacted you regarding the issue.

- The Catawba County Democratic Party **is not** protesting the petition for Roger Young. I am pursuing the issue in my personal capacity. Election integrity is critically important and all applicable laws and regulations need to be followed by all political candidates.
- Without commenting on, or trying to interpret, laws or regulations regarding petitions, an unattended petition is sloppy and unbecoming of an individual seeking public office. Everyone who signed the unattended petition has(d) their personal information - name, address, date of birth, and signature - on display for an undetermined amount of time for anyone to see and use at will. Recognize, we may never know how many signatures were gathered on an unattended petition. Further, an unattended petition appears to go against the spirit of gathering signatures from the public in order to appear on the ballot.

I recognize this may be a sensitive issue and one of interest to the public. I hope my response is helpful and clear. Please do not hesitate to contact me regarding this or anything else. This is my primary email and my cell phone number is (910) 520-4682.

Also, how are counties going to implement Chief Judges and Judges at Early Voting locations. We will not be able to find workers to work those long hours! Catawba County will be opened everyday during this time. Thank you for keeping me in the loop!

Better than the original, not as good as what we worked on. The "business day before they serve" deadline is going to cause chaos, but, considering the alternative version this could have been, I'll take it.

Directors in Wake, Durham, Johnston, Nash, Harnett, Gason, Mecklenburg, Union, Catawba, and Vance:

The NCGOP has provided the State Board a list of statewide at-large election observers for the October municipal election. We have confirmed that these are registered voters. These observers are eligible to serve on Election Day only, at any voting site. The list identifies specific counties where these observers plan to observe, which include your counties. Please review this list and inform your site leads accordingly. I've copied the relevant statutes and rules below.

Best regards,

Paul Cox

General Counsel

NORTH CAROLINA STATE BOARD OF ELECTIONS

RALEIGH, NC 27611

www.ncsbe.gov

§ 163-45. Observers; appointment.

(a) The chair of each political party in the county shall have the right to designate two observers to attend each voting place at each primary and election and such observers may, at the option of the designating party chair, be relieved during the day of the primary or election after serving no less than four hours and provided the list required by this section to be filed by each chair contains the names of all persons authorized to represent such chair's political party. The chair of each political party in the county shall have the right to designate 10 additional at-large observers who are residents of that county who may attend any voting place in that county. **The chair of each political party in the State shall have the right to designate up to 100 additional at-large observers who are residents of the State who may attend any voting place in the State.** The list submitted by the chair of the political party may be amended between the one-stop period under G.S. 163-227.2,

163-227.5, and 163-227.6 and general election day to substitute one or all at-large observers for election day. Not more than two observers from the same political party shall be permitted in the voting enclosure at any time, except that in addition one of the at-large observers from each party may also be in the voting enclosure. This right shall not extend to the chair of a political party during a primary unless that party is participating in the primary. In any election in which an unaffiliated candidate is named on the ballot, the candidate or the candidate's campaign manager shall have the right to appoint two observers for each voting place consistent with the provisions specified herein. Persons appointed as observers by the chair of a county political party must be registered voters of the county for which appointed and must have good moral character. **Persons appointed as observers by the chair of a State political party must be registered voters of the State and must have good moral character.** No person who is a candidate on the ballot in a primary or election may serve as an observer or runner in that primary or election. Observers shall take no oath of office.

(b) Individuals authorized to appoint observers must submit in writing to the chief judge of each precinct a signed list of the observers appointed for that precinct, except that **the list of at-large observers authorized in subsection (a) of this section shall be submitted to the county director of elections.** Individuals authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to any primary or general election, submit in writing to the chair of the county board of elections two signed copies of a list of observers appointed by them, designating the precinct or at-large status for which each observer is appointed. **Before the opening of the voting place on the day of a primary or general election, the chair shall deliver one copy of the list to the chief judge for each affected precinct, except that the list of at-large observers shall be provided by the county director of elections to the chief judge.** The chair shall retain the other copy. The chair, or the chief judge and judges for each affected precinct, may for good cause reject any appointee and require that another be appointed. The names of any persons appointed in place of those persons rejected shall be furnished in writing to the chief judge of each affected precinct no later than the time for opening the voting place on the day of any primary or general election, either by the chair of the county board of elections or the person making the substitute appointment.

If party chairs appoint observers at one-stop sites under G.S. 163-227.2, 163-227.5, and 163-227.6, those party chairs shall provide a list of the observers

appointed before 10:00 A.M. on the fifth day before the observer is to observe. At-large observers may serve at any one-stop site.

(c) An observer shall do no electioneering at the voting place, and shall in no manner impede the voting process or interfere or communicate with or observe any voter in casting a ballot, but, subject to these restrictions, the chief judge and judges of elections shall permit the observer to make such observation and take such notes as the observer may desire.

(d) Whether or not the observer attends to the polls for the requisite time provided by this section, each observer shall be entitled to obtain at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart, a list of the persons who have voted in the precinct so far in that election day. Counties that use an "authorization to vote document" instead of poll books may comply with the requirement in the previous sentence by permitting each observer to inspect election records so that the observer may create a list of persons who have voted in the precinct so far that election day; each observer shall be entitled to make the inspection at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart.

Instead of having an observer receive the voting list, the county party chair may send a runner to do so, even if an observer has not been appointed for that precinct. The runner may be the precinct party chair or any person named by the county party chair. Each county party chair using runners in an election shall provide to the county board of elections before 10:00 A.M. on the fifth day before election day a list of the runners to be used. That party chair must notify the chair of the county board of elections or the board chair's designee of the names of all runners to be used in each precinct before the runner goes to the precinct. The runner may receive a voter list from the precinct on the same schedule as an observer. Whether obtained by observer or runner, each party is entitled to only one voter list at each of the scheduled times. No runner may enter the voting enclosure except when necessary to announce that runner's presence and to receive the list. The runner must leave immediately after being provided with the list.

(a) Observer Lists. The chair of each political party in a county may designate two precinct-specific observers to attend each voting place on Election Day and each one-stop site during a primary or general election in accordance with this Rule. The precinct-specific observer list may include up to eight names and shall include the times that each observer shall serve. The county party chair may designate 10 additional at-large observers who may attend any voting place in the county. The list of observers for one-stop must designate the names of the observers who will be present on each day of early voting and, for precinct-specific observers, at each one-stop site. At-large observers may serve at any one-stop site. **The chair of each State political party may designate up to 100 additional at-large observers who are residents of the State who may attend any voting place in the State.**

(b) Submission of Lists. The county party chair shall submit a written, signed list of county at-large observers to the county director of elections, with two copies provided to the chair of the county board of elections, prior to 10:00 a.m. on the fifth day prior to Election Day. The county party chair shall submit a written, signed list of the observers appointed for each precinct to the chief judge of each precinct, with two copies provided to the chair of the county board of elections, prior to 10:00 a.m. on the fifth day prior to Election Day; the list may be delivered in care of the county director of elections. The county party chair shall submit the list of observers for one-stop before 10:00 a.m. on the fifth day before the observer is to observe. The list of at-large observers to serve on Election Day may be amended prior to Election Day to substitute one or all of the at-large observers. The list of at-large observers who serve during early voting may not be amended after 10:00 a.m. on the fifth day before the at-large observer is to observe. The list of precinct-specific observers to serve on Election Day may not be amended after 10:00 a.m. on the fifth day prior to Election Day. **The State party chair shall submit the written, signed list of State at-large observers by 10:00 a.m. on the fifth day prior to Election Day to the State Board, which shall disseminate the list to the county boards of elections. The list shall include the full name of each at-large observer and the county in which the observer is registered. The State Board shall confirm that each State at-large observer is a registered voter of the State. Party chairs may provide the lists by facsimile or email provided the letters are signed. Scanned signatures are permissible.**

(c) Observers at Voting Place. No more than two precinct-specific observers from each political party may be in the voting enclosure at any time. Only one at-large observer from each political party may be in the voting enclosure at any time, even if no precinct-specific observers are present. All observers, whether precinct-specific or at-large, may be relieved after serving no less than four hours; however, the total number of observers from each party cannot exceed three total observers in the voting enclosure at one time: two precinct-specific observers and one county or State at-large observer. An observer may leave the voting place without having served for four hours, but the observer cannot be replaced by a new observer until at least four hours have passed since the first observer began serving. An observer who leaves the voting place for any reason may be prohibited by the chief judge from returning if the observer's return would cause a disruption in the voting enclosure.

(d) Observer Conduct. Observers who engage in prohibited conduct after receiving a warning

may be required by the chief judge to leave the voting enclosure. Prohibited activities by observers include:

- (1) Wearing or distributing campaign material or electioneering;
- (2) Impeding or disrupting the voting process or speaking with voters or election assistants;
- (3) Interfering with the privacy of the voter, including positioning themselves in such a way that they can view confidential voter information on poll books or laptops or standing in such a way that they can view the contents of ballots inserted into a tabulator;
- (4) Using an electronic device to film or take photographs inside the voting enclosure;
- (5) Taking photographs, videos, or recording a voter without the consent of the voter and the chief judge;
- (6) Entering the voting booth area or attempting to view voted ballots;
- (7) Boarding a vehicle containing curbside voters; and
- (8) Providing voter assistance.

(e) Eligibility. No person who is a candidate on the ballot in a primary or general election may serve as an observer or runner in that primary or that general election. No person who serves as an observer or runner in a primary or general election may serve as a precinct official or one-stop election official in that primary or that general election.

(f) Observers for unaffiliated candidates. An unaffiliated candidate or the candidate's campaign manager may appoint two observers at each voting place as set forth in this Rule.

(g) The use of the term "chief judge" includes one-stop site managers.

Directors in Wake, Durham, Johnston, Nash, Harnett, Gason, Mecklenburg, Union, Catawba, and Vance:

The NCGOP has provided the State Board a list of statewide at-large election observers for the October municipal election. We have confirmed that these are registered voters. These observers are eligible to serve on Election Day only, at any voting site. The list identifies specific counties where these observers plan to observe, which include your counties. Please review this list and inform your site leads accordingly. I've copied the relevant statutes and rules below.

Best regards,

Paul Cox

§ 163-45. Observers; appointment.

(a) The chair of each political party in the county shall have the right to designate two observers to attend each voting place at each primary and election and such observers may, at the option of the designating party chair, be relieved during the day of the primary or election after serving no less than four hours and provided the list required by this section to be filed by each chair contains the names of all persons authorized to represent such chair's political party. The chair of each political party in the county shall have the right to designate 10 additional at-large observers who are residents of that county who may attend any voting place in that county. **The chair of each political party in the State shall have the right to designate up to 100 additional at-large observers who are residents of the State who may attend any voting place in the State.** The list submitted by the chair of the

political party may be amended between the one-stop period under G.S. 163-227.2, 163-227.5, and 163-227.6 and general election day to substitute one or all at-large observers for election day. Not more than two observers from the same political party shall be permitted in the voting enclosure at any time, except that in addition one of the at-large observers from each party may also be in the voting enclosure. This right shall not extend to the chair of a political party during a primary unless that party is participating in the primary. In any election in which an unaffiliated candidate is named on the ballot, the candidate or the candidate's campaign manager shall have the right to appoint two observers for each voting place consistent with the provisions specified herein. Persons appointed as observers by the chair of a county political party must be registered voters of the county for which appointed and must have good moral character. **Persons appointed as observers by the chair of a State political party must be registered voters of the State and must have good moral character.** No person who is a candidate on the ballot in a primary or election may serve as an observer or runner in that primary or election. Observers shall take no oath of office.

(b) Individuals authorized to appoint observers must submit in writing to the chief judge of each precinct a signed list of the observers appointed for that precinct, except that **the list of at-large observers authorized in subsection (a) of this section shall be submitted to the county director of elections.** Individuals authorized to appoint observers must, prior to 10:00 A.M. on the fifth day prior to any primary or general election, submit in writing to the chair of the county board of elections two signed copies of a list of observers appointed by them, designating the precinct or at-large status for which each observer is appointed. **Before the opening of the voting place on the day of a primary or general election, the chair shall deliver one copy of the list to the chief judge for each affected precinct, except that the list of at-large observers shall be provided by the county director of elections to the chief judge.** The chair shall retain the other copy. The chair, or the chief judge and judges for each affected precinct, may for good cause reject any appointee and require that another be appointed. The names of any persons appointed in place of those persons rejected shall be furnished in writing to the chief judge of each affected precinct no later than the time for opening the voting place on the day of any primary or general election, either by the chair of the county board of elections or the person making the substitute appointment.

If party chairs appoint observers at one-stop sites under G.S. 163-227.2, 163-

227.5, and 163-227.6, those party chairs shall provide a list of the observers appointed before 10:00 A.M. on the fifth day before the observer is to observe. At-large observers may serve at any one-stop site.

(c) An observer shall do no electioneering at the voting place, and shall in no manner impede the voting process or interfere or communicate with or observe any voter in casting a ballot, but, subject to these restrictions, the chief judge and judges of elections shall permit the observer to make such observation and take such notes as the observer may desire.

(d) Whether or not the observer attends to the polls for the requisite time provided by this section, each observer shall be entitled to obtain at times specified by the State Board of Elections, but not less than three times during election day with the spacing not less than one hour apart, a list of the persons who have voted in the precinct so far in that election day. Instead of having an observer receive the voting list, the county party chair may send a runner to do so, even if an observer has not been appointed for that precinct. The runner may be the precinct party chair or any person named by the county party chair. Each county party chair using runners in an election shall provide to the county board of elections before 10:00 A.M. on the fifth day before election day a list of the runners to be used. That party chair must notify the chair of the county board of elections or the board chair's designee of the names of all runners to be used in each precinct before the runner goes to the precinct. The runner may receive a voter list from the precinct on the same schedule as an observer. Whether obtained by observer or runner, each party is entitled to only one voter list at each of the scheduled times. No runner may enter the voting enclosure except when necessary to announce that runner's presence and to receive the list. The runner must leave immediately after being provided with the list.

08 NCAC 20 .0101 ELECTION OBSERVERS

(a) Observer Lists. The chair of each political party in a county may designate two precinct-specific observers to attend each voting place on Election Day and each one-stop site during a primary or general election in accordance with this Rule. The precinct-specific observer list may include up to eight names and shall include the times that each observer shall serve.
