EXTERNAL SENDER

Good afternoon,

Please see the attached letter, with enclosures and zipped folder containing responsive documents, in response to your request for information under Chapter 552 of the Texas Government Code.

The responsive documents contain email addresses of the general public. An email address of a member of the public is confidential under section 552.137 of the Texas Government Code. The attorney general authorized all governmental bodies to withhold an email address of a member of the public without first requesting an attorney general opinion in Open Records Decision No. 684 (2009). Thus, this information has been redacted.

The information you requested also contains information that relates to a motor vehicle operator's or driver's license or permit issued by an agency of this state or another state or country. This information is confidential under section 552.130 of the Texas Government Code. Section 552.130 allows us to withhold this specific information without requesting a ruling from the attorney general. You have the right to appeal our decision to withhold this information from you. Instructions for appeal are also attached. If you do not want to appeal, you do not need to do anything else.

The information you requested contains the home address, home telephone number, emergency contact information, social security number, and/or family member information of a public employee or official. As allowed by section 552.024 of the Texas Government Code, this public employee or official has chosen to make this personal information confidential. Section 552.024 allows us to withhold this specific information without requesting a ruling from the attorney general. You have the right to appeal our decision to withhold this information from you. Instructions for appeal are also attached. If you do not want to appeal, you do not need to do anything else.

As stated in the attached letter, we require more time to continue reviewing our records and produce additional responsive information. We will provide you additional responsive documents—to the extent such information is not excepted from disclosure under state or federal law—by 5:00 p.m. on June 28, 2024. *See* Tex. Gov't Code § 552.221(d).

Bitsy,

Please see the attached salary information for the state employees classified as Deputy Director and Government Relations Specialists. I have also attached the State Auditor's Office job descriptions for your review.

During our meeting this week Secretary Nelson had discussed salary possibilities for both positions. These schedules and job descriptions will help to analyze salaries of other agency personnel in those classifications.

If any questions or additional information is needed please let us know.

Thanks  
Vincent

DEPUTY DIRECTOR IV	1633	B36	\$189,046 - \$319,724

## GENERAL DESCRIPTION

Performs highly advanced (senior-level) policy administration and managerial work. Work involves strategic planning, state agency administration, and working closely with the executive director on the day-to-day operations of the agency and/or departments and/or divisions. Supervises the work of others including staff at the executive level and/or management level. Works under minimal supervision, with extensive latitude for the use of initiative and independent judgment.

## DISTINGUISHING CHARACTERISTICS

The Deputy Director job classification series typically embody greater scope and complexity than the Director job classification series and is intended for positions that typically either work directly with the executive director overseeing the operations of the agency or are responsible for oversight of major, complex, and functionally-related areas organized into multiple departments and/or divisions. Typically, employees would direct other executive, managerial, and professional staff and act with full authority of the executive director. The appropriate level within this job classification series will depend on the scope, complexity of duties and responsibilities, and/or the size or functions of the agency. It is possible for a high-level Director (such as Director V, VI, or VII) in a large organization to have a greater level of responsibility, scope of function, and impact than a Deputy Director for a smaller organization.

## EXAMPLES OF WORK PERFORMED

Directs the day-to-day operations of the agency, which may include the agency's financial and budget activities and other operational or programmatic activities; or oversees major, complex, and functionally-related areas organized into multiple departments and/or divisions.

Directs and approves the preparation of the budget; determines long-range budgetary plans agency wide or for several departments and/or divisions.

Oversees and/or prepares agency policies, procedures, reports, and studies.

Oversees and implements appropriate resources to ensure that the operations of the agency are appropriate.

Provides information, advice, and counsel to the executive director and other executives and management in the planning, development, and operation of agency services; and keeps the executive director informed on the status and progress of operations in major departments or divisions and/or across the agency.

Provides strategic direction and approves operational and staff resources for departments and/or divisions.

Provides information and advice to state agencies and the general public regarding agency activities and responsibilities.

Participates in the planning of strategic initiatives and development of policies; and manages and/or oversees projects and special initiatives.

Participates in activities related to the legislative process including conferring with the executive director to determine policy and legislative priorities; and oversees the implementation of legislative changes.

Represents the agency at meetings with legislators, legislative staff, and other legislative liaisons; and may provide testimony before legislative committees.

Reviews and analyzes agency operations to evaluate the performance of the agency and to identify areas of potential program modifications and improvements.

Ensures that the agency adheres to agency goals, objectives, and strategies.

May assist in identifying and managing strategic risks.

May confer with board members, organization officials, and staff members to discuss issues, coordinate activities, and resolve problems.

May act as executive director in the absence of the executive director.

Supervises the work of others, including staff at the executive level and/or management level.

Performs related work as assigned.

## **GENERAL QUALIFICATION GUIDELINES**

### **EXPERIENCE AND EDUCATION**

Experience in policy administration and management work. Graduation from an accredited four-year college or university with major coursework in business or public administration or a related field is generally preferred. Experience and education may be substituted for one another.

## **KNOWLEDGE, SKILLS, AND ABILITIES**

Knowledge of local, state, and federal laws and regulations; business and management principles involved in strategic planning, resource allocation, and leadership techniques; accounting, budgeting and financial principles; and the principles and practices of public administration and management.

Skill in establishing plans and setting objectives and goals for operations of a large and/or complex state government organization; decision-making at an executive level, including assessing risk and using good judgment to inform decisions and recommendations to leadership; and conflict resolution and working quickly and collaboratively to solve problems.

Ability to plan, organize, and direct program activities and/or business functions; to establish program goals and objectives that support the strategic plan; to identify problems, evaluate alternatives, and implement effective solutions; to develop and implement agency policies and procedures; to prepare concise reports; to make presentations and testify at hearings; to communicate effectively; and to supervise the work of others.

## **REGISTRATION, CERTIFICATION, OR LICENSURE**

May require registration, certification, or licensure in a specialty area.

# Government Relations Specialist

CLASS TITLE	CLASS CODE	SALARY GROUP	SALARY RANGE
GOVERNMENT RELATIONS SPECIALIST I	1890	B23	\$58,184 - \$94,913
GOVERNMENT RELATIONS SPECIALIST II	1892	B25	\$66,259 - \$108,666
GOVERNMENT RELATIONS SPECIALIST III	1894	B27	\$80,174 - \$135,594

## GENERAL DESCRIPTION

Performs legislative and consultative work, serving as a liaison between a state agency and governmental and legislative entities.

## EXAMPLES OF WORK PERFORMED

Participates in agency activities related to the legislative session; attends legislative hearings and meetings with legislators, legislative staff, and other legislative liaisons.

Represents the agency before legislative committees and provides testimony.

Coordinates agency interaction and testimony before legislative committees.

Coordinates responses to legislative inquiries; reviews and edits legislative correspondence.

Coordinates communication with legislative support and executive agencies.

Monitors standing and interim committee schedules and agendas; communicates relevant information to agency management.

Prepares summaries of meetings and hearings.

Performs related work as assigned.

## DESCRIPTION OF LEVELS

*Examples of work and descriptions are meant to progress through the levels. For example, an employee at level III may also perform work listed within the previous levels.*

**Note:** *Employees at the journey level may independently perform the full range of work listed in the examples or may assist others in that work.*

**GOVERNMENT RELATIONS SPECIALST I:** Performs complex (journey-level) legislative and consultative work. Works under general supervision, with moderate latitude for the use of

initiative and independent judgment. Employees at this level may routinely assist others in performing work of greater complexity.

**Note:** Any senior-level employee (levels II-III) can serve as a team lead or supervisor. Senior-level employees may perform the full range of work listed in the examples above and may coordinate or oversee that work for others. Factors that may distinguish between senior levels include the scope of responsibility and oversight, the complexity of the work performed, and the employee's related experience, education, and certifications.

**GOVERNMENT RELATIONS SPECIALST II:** Performs advanced (senior-level) legislative and consultative work. Works under limited supervision, with considerable latitude for the use of initiative and independent judgment. Employees at this level may fully perform highly complex legislative and consultative work and may:

- Develop proper protocol and procedures for communicating with legislators and staff.
- Prepare reports on newly enacted laws and pending state and federal legislation.
- Identify needs for legislative training and develop, schedule, and conduct that training for employees within an agency.

**GOVERNMENT RELATIONS SPECIALST III:** Performs highly advanced (senior-level) legislative and consultative work. Works under minimal supervision, with extensive latitude for the use of initiative and independent judgment. Employees at this level may independently perform the most complex legislative and consultative work and may:

- Coordinate and participate in agency activities related to the legislative session; and attend legislative hearings and meetings with legislators, legislative staff, and other legislative liaisons.
- Review and prepare reports on newly enacted laws and pending state and federal legislation.
- Develop, conduct, and evaluate legislative training.
- Prepare and review report summaries of meetings and hearings.

## GENERAL QUALIFICATION GUIDELINES

### EXPERIENCE AND EDUCATION

Experience working with the state legislature, the U.S. Congress, legislative staff, or research services. Graduation from an accredited four-year college or university with major coursework in a field relevant to the assignment is generally preferred. Experience and education may be substituted for one another.

### KNOWLEDGE, SKILLS, AND ABILITIES

#### For all levels

- Knowledge of state and federal legislative processes and state government administration.

- Skill in compiling, evaluating, and presenting legislative information; in problem solving and negotiating; in policy analysis and research; and in the use of a computer and applicable software.
- Ability to analyze issues, to work under pressure and meet close deadlines, and to communicate effectively.

**Additional for Government Relations Specialist II - III levels**

- Ability to oversee and/or supervise the work of others.

Good morning,

Would just like to follow up on this. Please let me know if this is something that you can give your opinion on. I would really like for this matter to not be something that is escalated to that extreme but if the Harris County Registrar to blatantly ignoring Mr. Ely's complaints and there is not much jurisdiction for the Secretary of State to intervene, I am not sure what other option there is.

If you have any suggestions that can be done to address this matter, please let me know.

Good morning,

Thank you so much for the clarification on this. I apologize for not responding sooner, my computer hasn't been working for a couple days so I finally got that all fixed.

Once final thing I wanted to pick your brain on if this could be consider a reoccurring pattern as described in SB 1933 (88R). Essentially, I wanted to get your opinion on if the Harris County Country Registrar's actions could be considered as a reoccurring pattern of a failure to conduct maintenance activities on the lists of registered voters? If you need any more context on this I am happy to explain further.

You are exactly right. The state doesn't have legal authority to handle a voter registration challenge because we are not the voter registrar for the state. Voter Registration is handled locally and the laws put all that authority on the local voter registrar. You are also correct that the SOS doesn't have access to all the local records.

If the registrar chooses not to address the challenge, I think the only recourse would be to take the voter registrar to court. There is no other remedy provided for. There was some controversy over this issue in 2018 in Harris County. We were asked to opine on a few issues and you can read about our interpretations with the law [here](#).

Additionally, Harris County is what we call and "offline" county which means they have their own local voter registration system that they use to manage voter registration activities within the county. They send us data every night so that our systems are synced, but since this use this third party vendor, we have even less insight as to what they do with their voter registration records. We can't validate the actions they take or see how they handle individual records or challenges.

Hope this helps.

Thanks,

Christina

Hello,

Thank you for finding times to talk with me but unfortunately I don't think I'll have time till later in the afternoon.

I did a bit of my own research, please correct me if I'm wrong, the SOS does not handle issues such as the one that Mr. Ely submitted because [Chapter 13.074](#) of the Election Code outlines that the responsibility of challenging applicant complaints is that of the county registrar. Since the county register is the office that keeps the books for voter registration and the SOS office does not have any record of that information, is this why it is handled this way?

If so, then the questions from my previous email are essentially addressed. What I didn't see addressed anywhere in the code is what happened if the registrar chooses not to address the complaint? I emailed with Mr. Ely yesterday and he said that the Harris County Registrar has not addressed his complaints.

Let me know your thoughts on that and if you need anymore information from my correspondence with Mr. Ely, I'm more than happy to provide that. Thank you for your help.

Hello Christina,

I apologize for any inconvenience this might pose, particularly considering your current workload demands. Dr. Oliverson is under a significant amount of pressure from this constituent, who believes that despite this this matter being a local issue and falling outside of the purview of the Secretary of State's office, there are no available avenues available within Harris County's local government to address these concerns.

With Mr. Ely having sent in numerous complaints, I want to first confirm that these have all been determined as local eligibility issues. If so, Dr. Oliverson will likely want to pursue a legislative change to address this constituent's concerns. Would you be able to provide me with the section of code that specifies that this is a county-level issue and not one that could be addressed by the Secretary of State? Essentially, Dr. Oliverson wants to know why the Secretary of State's office is unable to initiate or take action on voter registration challenges.

Again, I apologize for the inconvenience this causes, but we would greatly appreciate a quick turn around if at all possible.

*Thanks & Gig 'Em!*

He hasn't given us any new information that would change our response. We can't initiate or take action on voter registration challenges. That all has to be done locally. We don't have those local files nor can we see what the county has done.

Tom, here is the recent complaint I filed with the SOS, and have not received even an acknowledgement. The second issue I talked with you about, e.g., EA working with the Notice of Change of Address database every 30 days, it appears HC may have something for me. So, I will keep you posted as that unfolds. I sincerely appreciate anything you can do to move forward with the above complaint.

Subject: Election Complaint to Texas Secretary of State (Voter Registered Address Challenges)

To: Elections Internet <[elections@sos.texas.gov](mailto:elections@sos.texas.gov)>

Office of the Texas Secretary of State,

More than 15 months after receiving voter registration residency challenges, the Respondent has not mailed the notification letters required by law (TEC 15.051(a)). Please see attachment W for a full chronological summary of facts. Those are summarized below:

- Per TEC 15.051(a) Respondent is required to send to the challenged voters a notice letter instructing them to verify their residential address and, if needed, provide the proof of residence documents required by SB 1111.
- From May 2022 through July 2022 approximately seventy volunteers canvassed approximately 2,500 homes covering approximately 14,400 voter registrations whereby residents voluntarily provided information validating voter registrations at their address. In conclusion, 70% of the addresses having a participating resident, determined that 5,024 (of 10,012) registered voters did not live at that address.
- Between July 23, 2022 and August 9, 2022, 136 affidavits were delivered via USPS Certified Mail / Signature Required, challenging 5,024 voter registrations on the grounds that the person registered does not reside at the address on their voter registration record (two examples are attached).
- On October 16, 2022, I filed an open records request per the Texas Public Information Act (attached), asking for electronic versions of 500 (of 5,024) notification letters sent by the Respondent. Eventually the Respondent replied indicating to records found.
- On October 17, 2022 I filed a complaint with the Texas Secretary of State, which was acknowledged by the Texas Secretary of State on October 19, 2022.
- On March 1, 2023, I received a reply from the Texas Secretary of State (attached). They found no criminal matters, and cited timing constraints of 75 (state) and 90 (federal) indicating the Respondent had no time to send the address notification confirmation. The Texas Secretary of State concluded that "Whether or not the county sends the voter the Notice of Address Confirmation after the election which is based on a challenge filed prior to the election is something the county needs to consider in consultation with their county attorney."
- From June 25, 2023 through October 30, 2023, I filed another affidavit, sought public information for compliance and finally received notification that no records were found.

My Election Complaint is attached, along with documents identified in Section V. Listing of documents and other materials.

You are exactly right. The state doesn't have legal authority to handle a voter registration challenge because we are not the voter registrar for the state. If the registrar chooses not to address the challenge, I think the only recourse would be to take the voter registrar to court. There is no other remedy provided for. There was some controversy over this issue in 2018 in Harris County. We were asked to opine on a few issues and you can read about our interpretations with the law [here](#).

Additionally, Harris County is what we call and "offline" county which means they have their own local voter registration system that they use to manage voter registration activities within the county. They send us data every night so that our systems are synced, but since this use this third party vendor, we have even less insight as to what they do with their voter registration records. We can't validate the actions they take or see how they handle individual records or challenges.

Hope this helps.

Thanks,

Christina

Hello,

Thank you for finding times to talk with me but unfortunately I don't think I'll have time till later in the afternoon.

I did a bit of my own research, please correct me if I'm wrong, the SOS does not handle issues such as the one that Mr. Ely submitted because [Chapter 13.074](#) of the Election Code outlines that the responsibility of challenging applicant complaints is that of the county registrar. Since the county register is the office that keeps the books for voter registration and the SOS office does not have any record of that information, is this why it is handled this way?

If so, then the questions from my previous email are essentially addressed. What I didn't see addressed anywhere in the code is what happened if the registrar chooses not to address the complaint? I emailed with Mr. Ely yesterday and he said that the Harris County Registrar has not addressed his complaints.

Let me know your thoughts on that and if you need anymore information from my correspondence with Mr. Ely, I'm more than happy to provide that. Thank you for your help.

Hello Christina,

I apologize for any inconvenience this might pose, particularly considering your current workload demands. Dr. Oliverson is under a significant amount of pressure from this constituent, who believes that despite this this matter being a local issue and falling outside of the purview of the Secretary of State's office, there are no available avenues available within Harris County's local government to address these concerns.

With Mr. Ely having sent in numerous complaints, I want to first confirm that these have all been determined as local eligibility issues. If so, Dr. Oliverson will likely want to pursue a legislative change to address this constituent's concerns. Would you be able to provide me with the section of code that specifies that this is a county-level issue and not one that could be addressed by the Secretary of State? Essentially, Dr. Oliverson wants to know why the Secretary of State's office is unable to initiate or take action on voter registration challenges.

Again, I apologize for the inconvenience this causes, but we would greatly appreciate a quick turn around if at all possible.

*Thanks & Gig 'Em!*

Brittany – do you have some time today to chat about this? Things have slowed down a bit today but will pick back up tonight. I have a call at 11 that will run until about 11:30ish. I do have a window to chat after that if you have time.

Let me know what you think.

Christina

Hello Christina,

I apologize for any inconvenience this might pose, particularly considering your current workload demands. Dr. Oliverson is under a significant amount of pressure from this constituent, who believes that despite this this matter being a local issue and falling outside of the purview of the Secretary of State's office, there are no available avenues available within Harris County's local government to address these concerns.

With Mr. Ely having sent in numerous complaints, I want to first confirm that these have all been determined as local eligibility issues. If so, Dr. Oliverson will likely want to pursue a legislative change to address this constituent's concerns. Would you be able to provide me with the section of code that specifies that this is a county-level issue and not one that could be addressed by the Secretary of State? Essentially, Dr. Oliverson wants to know why the Secretary of State's office is unable to initiate or take action on voter registration challenges.

Again, I apologize for the inconvenience this causes, but we would greatly appreciate a quick turn around if at all possible.

*Thanks & Gig 'Em!*

Hi Brittany,

Is this something that can wait until after Tuesday? We are in Primary mode and with the wildfires in the panhandle, we have quite a bit to manage between now and Tuesday.

Let me know what you think.

I'm sorry I didn't follow up with you all. From what I recall, we responded and provided information to Mr. Ely, but he wasn't very satisfied with our response. He hasn't given us any new information that would change our response. We can't initiate or take action on voter registration challenges. That all has to be done locally. We don't have those local files nor can we see what the county has done.

Let me double check with my team to confirm, and I'll let you know.

Tom, here is the recent complaint I filed with the SOS, and have not received even an acknowledgement. The second issue I talked with you about, e.g., EA working with the Notice of Change of Address database every 30 days, it appears HC may have something for me. So, I will keep you posted as that unfolds. I sincerely appreciate anything you can do to move forward with the above complaint.

Office of the Texas Secretary of State,

More than 15 months after receiving voter registration residency challenges, the Respondent has not mailed the notification letters required by law (TEC 15.051(a)). Please see attachment W for a full chronological summary of facts. Those are summarized below:

- Per TEC 15.051(a) Respondent is required to send to the challenged voters a notice letter instructing them to verify their residential address and, if needed, provide the proof of residence documents required by SB 1111.
- From May 2022 through July 2022 approximately seventy volunteers canvassed approximately 2,500 homes covering approximately 14,400 voter registrations whereby residents voluntarily provided information validating voter registrations at their address. In conclusion, 70% of the addresses having a participating resident, determined that 5,024 (of 10,012) registered voters did not live at that address.
- Between July 23, 2022 and August 9, 2022, 136 affidavits were delivered via USPS Certified Mail / Signature Required, challenging 5,024 voter registrations on the grounds that the person registered does not reside at the address on their voter registration record (two examples are attached).

- On October 16, 2022, I filed an open records request per the Texas Public Information Act (attached), asking for electronic versions of 500 (of 5,024) notification letters sent by the Respondent. Eventually the Respondent replied indicating to records found.

- On October 17, 2022 I filed a complaint with the Texas Secretary of State, which was acknowledged by the Texas Secretary of State on October 19, 2022.

- On March 1, 2023, I received a reply from the Texas Secretary of State (attached). They found no criminal matters, and cited timing constraints of 75 (state) and 90 (federal) indicating the Respondent had no time to send the address notification confirmation. The Texas Secretary of State concluded that "Whether or not the county sends the voter the Notice of Address Confirmation after the election which is based on a challenge filed prior to the election is something the county needs to consider in consultation with their county attorney."

- From June 25, 2023 through October 30, 2023, I filed another affidavit, sought public information for compliance and finally received notification that no records were found.

My Election Complaint is attached, along with documents identified in Section V. Listing of documents and other materials.

William Ely
