Location: Delray Beach

Arrival Date/Time: 6/26/2020 11:44:00 AM

Complete Date/Time: 6/26/2020 12:09:00 PM

Report Narrative:

I responded to a call regarding a medium black dog kept inside an apartment tied up on a short leash to a door knob to the porch door.

Upon my arrival to the community I was let in by a maintenance man. No contact was made at the defendant's address 1165 Crystal Way apartment "O", Delray Beach, FL. 33444.

I saw a black/white cat through a window by the front door and I saw the black dog through the patio door in the back. It did appear tethered and possibly with a pinch collar.

I posted yellow notice on the front door to contact Animal Control.

Just after getting to my truck I was informed of an emergency holding. At this time a woman pulled up in a car and started talking to me and it turned out to be the defendant. Her name is Cindy Morgan 954-257-2341 and she would like us to call before an officer comes out to make sure she is home and also not on a conference call.

This is closed out with one report and one respond to scene.

Report Narrative:

Sequence 2 4:19pm 6-27-2020

I made contact by phone with Ms. Cindy Morgan regarding a complaint that was made. It was reported to Animal Control that Ms. Morgan had tethered her animal to a doorknob.

Once I was able to make contact I explained to Ms. Morgan that she was not allowed to do that. She explained to me that the only reason she took that action was due to her dog chewing on electrical cables in the residence.

I then issued her a verbal warning to not tether her animal at all and she understood. She also informed me that she was not sure if her dog had a current rabies vaccination. She assured that her vet would be in next week to verify if her animal was current. I thanked her for her time and I ended the call.
