**Subject:** Proposal for Collaboration: Rapid Manuscript Submission and Diversity Enhancement

Dear Editor in Chief of Revista Pesquisa em Fisioterapia,

I hope this email finds you well. My name is Ahmed Torad, and I am writing to introduce myself and explore the possibility of collaboration with Revista Pesquisa em Fisioterapia. I have great respect for the esteemed work carried out by Revista Pesquisa em Fisioterapia in advancing knowledge and research in Rehabilitation and physical therapy, and I am eager to contribute to its mission.

Allow me to provide a brief overview of my background and the proposal I would like to discuss:

About Me:

I hold a PHD in physical therapy from Cairo university, Egypt, with 13 years of experience in academic publishing, research coordination, ghostwriting and scientific writing. Over the years, I have had the privilege of working closely with researchers and authors within the Rehabilitation and physical therapy community.

Proposal:

I specialize in connecting researchers and authors with suitable journals for publication. My role involves assisting authors in navigating the publication process, ensuring compliance with submission guidelines, and fostering smooth communication between authors and journals. I believe that a collaboration between Revista Pesquisa em Fisioterapia and myself could be mutually beneficial. I can help bring high-quality manuscripts to your journal, while authors benefit from expert guidance through the publication journey.

Key Highlights of the Proposal:

**Promoting Diversity:** It's worth noting that my network of authors includes individuals from diverse backgrounds, including the Middle East, with a focus on Egypt. By bringing their research to Revista Pesquisa em Fisioterapia, we not only accelerate the publication process but also contribute to the enrichment of the journal's content through a broader spectrum of perspectives.

**Manuscript Submission and quality:** I will actively source and recommend high-quality manuscripts to Revista Pesquisa em Fisioterapia, ensuring that they align with your journal's scope and guidelines.

Rapid Acceptance: Understanding the time-sensitive nature of Master's and Ph.D. students' research, I propose a collaboration aimed at ensuring the fastest possible acceptance process. Specifically, I kindly request that Revista Pesquisa em Fisioterapia commits to sending the acceptance letter to authors within one week of manuscript submission (Fast acceptance tract). This expedited timeline is crucial to support the academic progress of Master's and Ph.D. students.

Commission Arrangement: In consideration of my services, I propose a commission of 30% (Negotiable) for each manuscript I successfully bring to Revista Pesquisa em Fisioterapia for publication. This commission will be calculated based on the publication fees generated by the manuscripts I submit.

I would greatly appreciate the opportunity to discuss this proposal further. If you are open to it, I would be delighted to schedule a brief call or meeting at your convenience to explore how we can work together effectively. Please let me know your availability, and I will arrange the meeting accordingly.

Thank you for considering this proposal. I look forward to the possibility of collaborating with Revista Pesquisa em Fisioterapia to further enhance its contributions to the field of Rehabilitation and physical therapy.

Warm regards,

**Ahmed Torad, PT, MS, PhD**
