Senator Colton Moore
322-B CLOB
Atlanta, GA 30334

Senator Moore,

On Thursday, January 16th, 2025, members of the General Assembly will gather in the House Chamber for Governor Brian Kemp's seventh State of the State Address.

As you will recall, on March 14th, 2024, following your vile, disparaging, and false comments in reference to the character of former Speaker David Ralston, because House Rules require me to uphold the decorum of the House and decency of speech, I subsequently ordered the doorkeeper of the House, Corey Mulkey, to prevent your entrance onto any property of the Georgia House of Representatives, especially the House Chamber.

This letter serves as a reminder that my order is still in effect and you are not allowed to enter the House Chamber. This includes joining your colleagues from the Senate for the State of the State Address unless you deliver a sincere apology to the family, extended family, and loved ones of former Speaker David Ralston from the floor of the Senate before January 16th, 2025.

Sincerely,

Speaker Jon Burns
