Hello, I am shocked to see that you have made the decision to flag the Palestinian flag on Friday. This decision should of been left up to the new city council as this was already discussed at city council.

This is going to cause division in our city, violence as there will be protests and increase the hatred towards Jews. This decision shows a lack of wisdom on your part. I ask that this decision be put off until the next city council.

Your willingness to make this decision shows a lack of information that you have received. This goes against Canada's official stance of not recognizing Palestine as a state. 28(1)

Israel has taken more efforts to protect the civilians in Gaza than what Hamas has. Israel uses their rockets to protect people and Hamas uses their people to protect their rockets.
