Subject: Words of Support

Hello Mrs. Scott

I wanted to send words of support. I am sorry for the stress and pressure to have had to bear these past few weeks and wanted you to know I feel you and the T have done a great job under circumstances. I feel it is unfair for the news to report "unprecedented snow fall" "treacherous conditions" in one story and then accuse the T for not operating at normal capacity in the next. I realize this is not news to you but wanted you to know some of us recognize how hard you and the T are working and the enormity of the situation.

Keep it up, this will pass.

Trevor
