Subject: Your news conference

Hi Bev-

I heard your news conference yesterday and I wanted to say - you go girl! You are an inspiration to young girls as they see a strong woman in action!

You've been dealing with an impossible situation and for that I'm sorry for you and for all the folks who are impacted by this - both the T employees as well as the public. I hope the silver lining in all of this is that the T gets the funding that is needed to get the system what it needs, and that you get the appropriate recognition you deserve for holding together the system as well as you have.

Stay strong!
